(11) Other expenses	2i(11)	45101
(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)	233337
j Total expenses. Add all expense amounts in column (b) and enter total	2j	46563205

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k	-5575610
l Transfers of assets:		
(1) To this plan	2l(1)	0
(2) From this plan	2l(2)	0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BLAZESKA BENEFIT PLAN SERVICES,P.C.**

(2) EIN: **99-0643952**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	X		49
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?	X		845
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) Yes No Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110 2024 This Form is Open to Public Inspection.
--	---	--

For calendar plan year 2024 or fiscal plan year beginning 01/01/2024 and ending 12/31/2024

A Name of plan <u>TRUE VALUE COMPANY, L.L.C. SAVINGS AND COMPENSATION DEFERRAL PLAN</u>	B Three-digit plan number (PN) ▶	<u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>TRUE VALUE COMPANY</u>	D Employer Identification Number (EIN) <u>36-2099896</u>	

Part I	Distributions
---------------	----------------------

All references to distributions relate only to payments of benefits during the plan year.

1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions..... 1

2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits):
 EIN(s): 04-6568107

Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.

3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year..... 3

Part II	Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)
----------------	---

4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)?..... Yes No N/A
If the plan is a defined benefit plan, go to line 8.

5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. **Date:** Month _____ Day _____ Year _____
If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.

6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived)	6a	
b Enter the amount contributed by the employer to the plan for this plan year	6b	
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....	6c	

If you completed line 6c, skip lines 8 and 9.

7 Will the minimum funding amount reported on line 6c be met by the funding deadline?..... Yes No N/A

8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change?..... Yes No N/A

Part III	Amendments
-----------------	-------------------

9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box..... Increase Decrease Both No

Part IV	ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.
----------------	---

10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?..... Yes No

11 a Does the ESOP hold any preferred stock?..... Yes No

b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.)..... Yes No

12 Does the ESOP hold any stock that is not readily tradable on an established securities market?..... Yes No

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that (1) contributed more than 5% of total contributions to the plan during the plan year or (2) was one of the top-ten highest contributors (measured in dollars). See instructions. Complete as many entries as needed to report all applicable employers.

a Name of contributing employer _____

b EIN _____ **c** Dollar amount contributed by employer _____

d Date collective bargaining agreement expires (If employer contributes under more than one collective bargaining agreement, check box and see instructions regarding required attachment. Otherwise, enter the applicable date.) Month _____ Day _____ Year _____

e Contribution rate information (If more than one rate applies, check this box and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)

(1) Contribution rate (in dollars and cents) _____

(2) Base unit measure: Hourly Weekly Unit of production Other (specify): _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: <input type="checkbox"/> last contributing employer <input type="checkbox"/> alternative <input type="checkbox"/> reasonable approximation (see instructions for required attachment).....	14a	
b The plan year immediately preceding the current plan year. <input type="checkbox"/> Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....	14b	
c The second preceding plan year. <input type="checkbox"/> Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....	14c	

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	15a	
b The corresponding number for the second preceding plan year	15b	

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	16a	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers.....	16b	

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:
 Public Equity: _____% Private Equity: _____% Investment-Grade Debt and Interest Rate Hedging Assets: _____%
 High-Yield Debt: _____% Real Assets: _____% Cash or Cash Equivalents: _____% Other: _____%

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:
 0-5 years 5-10 years 10-15 years 15 years or more

20 PBGC missed contribution reporting requirements. If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? Yes No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:
 Yes.
 No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.
 No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.
 No. Other. Provide explanation: _____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? Yes No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).
 Design-based safe harbor method
 "Prior year" ADP test
 "Current year" ADP test
 N/A

INDEPENDENT AUDITOR'S REPORT

Plan Participants and Retirement Committee
True Value Company Savings and Compensation Deferral Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of True Value Company Savings and Compensation Deferral Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Basis of Accounting

As described in Notes 1 and 2, the Plan was terminated effective December 31, 2024. As a result of the Plan's termination, the liquidation basis of accounting is being used for the year ended December 31, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of True Value Company Savings and Compensation Deferral Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated December 5, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meet the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

TRUE VALUE COMPANY
SAVINGS AND COMPENSATION DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The True Value Company Savings and Compensation Deferral Plan (the "Plan"), is a defined-contribution retirement plan established for regular full-time and part-time employees of True Value Company and its participating subsidiaries and affiliated corporations (the "Company" or "Plan sponsor"). Union employees are not participants in the Plan unless participation is specifically provided for in the collective bargaining agreement. Effective January 1, 1998, the Cotter Plan and the ServiStar Plan (previously known as the ServiStar/Coast to Coast Profit Sharing and Savings Plan or "legacy Coast-to-Coast") was merged into the Plan. The Plan is administered by the Retirement Committee, which is appointed by the Company from among its employees. The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"), as amended. Participation in the Plan is voluntary after completion of ninety days of service, at which time participants are allowed to make Pre-Tax and/or Roth (401k) contributions (Roth effective April 1, 2021) to their accounts from 1% to 50% of their eligible compensation, as defined in the Plan. Eligible associates who are turning 50 or are over the age of 50 during the plan year are eligible to make Pre-Tax and/or Roth (401k) "catch-up" contributions. Participants may allocate their investment options of their contributions into various investment funds offered by the Plan, at any time during the year. If no investment allocation is made by the participant, funds will be allocated to a default target date fund closest to the year based on participant's date of birth.

The Plan includes an auto-enrollment provision whereby all new hired eligible participants are automatically enrolled in the Plan with a Pre-Tax contribution of 5% of their eligible compensation. The contribution is directed into the default target date fund closest to the year based on participant's date of birth, unless otherwise designated by the participant. Participants have the option of not electing to participate, prior to the auto-enrollment start date.

Under the Plan, participants may perform a direct rollover from a qualified plan in which they previously participated in. All participant direct rollover amounts are fully vested. Rollovers are not eligible for company matching contributions.

Participant pre-tax contributions are deducted from participant's pay before income tax is withheld and allows for a potential tax break by reducing participant's current taxable income; contributions and any earnings will be subject to income tax upon distribution. Participant Roth contributions are deducted from participant's pay with after-tax dollars; and contributions and any earnings are tax-free when the participant takes a qualified distribution. Company contributions are always pre-tax dollars; match contributions and any earnings will be subject to income tax upon distribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

This is a "safe harbor" plan. Under the "safe harbor" plan design: 1) prior to January 1, 2020, enrolled associates were provided a dollar for dollar Company match up to five percent (5%) of their contributions. As of January 1, 2020, enrolled associates will be provided a dollar for dollar Company match up to four percent (4%) of their contributions; enrolled associates covered by the collective bargaining agreement for UL633 (Manchester Union) continue to receive a dollar for dollar Company match up to five percent (5%) of their contributions; 2) the Company match was made for each pay period prior to January 1, 2024. Effective January 1, 2024, the company's 401(k) matching contribution became an annual one-time match paid within the first quarter following the end of the calendar year; 3) the Company match portion is 100% vested for associates hired prior to January 1, 2020, and for associates hired on or after January 1, 2020, the company match portion is 100% vested after completing two years after completing two years of vesting service. The Company, in its discretion, may make a discretionary profit-sharing contribution to be allocated on annual basis, to the accounts of participants who are actively employed on the last day of the plan year. Allocations are based on eligible compensation. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Participants are always 100% vested in their own contributions, rollover contributions, and Discretionary Profit-Sharing contributions, including any earnings on these contributions.

Participants may borrow from their account balance (excluding Company Contributions, legacy Coast-to-Coast Account and Discretionary Profit-Sharing Account) a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance in the preceding 12 months) or 50 percent of

their account balance, limited to one loan at a time. The loans are secured by the balance in the participant's account. A reasonable interest rate is charged on the loan and is determined at the time of the loan application. Currently, the rate under the Plan is the prevailing prime rate as published in The Wall Street Journal on the first day of the calendar month containing the date of the loan application, plus one percent (1%). Principal and interest are paid ratably through payroll deductions.

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the participant, and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon death, disability or retirement, the full vested value of each participant's account becomes payable to the participant or his or her beneficiary in either:

- A lump sum, or
- In the case of a participant (or beneficiary) with an account balance on January 1, 1989, by payment in a series of quarterly installments over a period of fifteen years (or, if less, the life expectancy of the participant and his designated beneficiary; provided that, if such beneficiary is not the participant's spouse and is more than ten years younger than the participant, the installments shall be paid over a period not exceeding the joint life expectancy of the participant and a beneficiary ten years younger than the participant).

A participant, whose employment with the Company is terminated, except as described above, is entitled to the vested portion of their account balance. The distribution can be based on the above methods or can be rolled over to an eligible retirement plan or, if the vested balance exceeds \$5,000, the funds can be left in the Plan until normal retirement age.

A participant may withdraw from specific eligible sources from the Plan while continuing in service with the Company. Any withdrawal can only be taken in the following order: first, any after-tax contributions rolled into the Plan from the prior Cotter Plan or Servistar Plan; second, if age 59 ½ or older, income deferral contributions and earnings; and third, for an eligible financial hardship only, income deferral contributions (but not earnings on those contributions).

The Plan sponsor filed for bankruptcy and as a result, effective December 31, 2024, the Plan was terminated.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the liquidation basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3 – Fair Value Measurements for additional information). The Retirement Committee determines the Plan's valuation policies, utilizing information provided by the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value on investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events occurring through October 8, 2025, the date that the financial statements were available to be issued.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, "Fair Value Measurements and Disclosures" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10-35 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds and Retirement Money Market Fund:

Shares of mutual funds and retirement money market fund are valued based on quoted net asset value (“NAV”) of the fund in active markets and classified within Level 1 of the fair value hierarchy. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust:

The collective trust is valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

Investments at Fair Value at December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$203,740,718	-	-	\$203,740,718
Retirement Money Market Fund	69,601	-	-	69,601
	-----	-----	-----	-----
Total assets in the fair value hierarchy	<u>\$203,810,319</u>	<u>\$ -</u>	<u>\$ -</u>	203,810,319
Investments measured at net asset value (a)				16,325,970

Total investments at fair value				<u>\$220,136,289</u>

Investments at Fair Value at December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$207,347,153	-	-	\$207,347,153
Retirement Money Market Fund	72,641	-	-	72,641
	-----	-----	-----	-----
Total assets in the fair value hierarchy	<u>\$207,419,794</u>	<u>\$ -</u>	<u>\$ -</u>	207,419,794
Investments measured at net asset value (a)				18,372,540

Total investments at fair value				<u>\$225,792,334</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

<u>Investment</u>	<u>2024 Fair Value</u>	<u>2023 Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Galliard Stable Return Fund	\$16,325,970	\$18,372,540	None	Daily	None for Participants, 12- month period for Plan withdrawal

4. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends and notes receivable from participants, for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

6. Forfeited Accounts

As of December 31, 2024 and December 31, 2023 forfeited non-vested accounts totaled \$451,500 and \$98,935, respectively. These accounts may be used to reduce Company contributions and pay Plan expenses. In 2024, forfeitures of \$210,830 were used to reduce Company contributions.

7. Income Tax Status

The IRS has determined and informed the Company by a letter dated February 14, 2018, that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is not subject to tax under present income tax law. Although the Plan has been amended since receiving the determination letter, the Retirement Committee believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

Certain Plan investments are shares of mutual funds and notes receivable from participants managed by Fidelity Investments, an affiliated Company of the trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for management services are party-in-interest transactions under ERISA and are reflected in the statement of changes in net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as December 31, 2024 and 2023, per the financial statements to the Form 5500:

	<u>2024</u>		<u>2023</u>
Net assets available for benefits per the financial statements	\$ 227,693,887	\$	228,779,352
Company contributions receivable	\$ (4,567,239)		-
Notes receivable from participants	-		(2,987,018)
Participant Loans	-		2,909,924
Net assets available for benefits per the Form 5500	<u>\$223,126,648</u>		<u>\$228,702,258</u>

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2024, per the financial statements to Form 5500:

Changes in net assets available for benefits per the financial statements	\$ (1,085,465)
Company contributions receivable	\$ (4,567,239)
Change in notes receivable from participants	\$ 77,094
Change in net assets available for benefits per Form 5500	<u>\$ (5,575,610)</u>

INDEPENDENT AUDITOR'S REPORT

Plan Participants and Retirement Committee
True Value Company Savings and Compensation Deferral Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of True Value Company Savings and Compensation Deferral Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Basis of Accounting

As described in Notes 1 and 2, the Plan was terminated effective December 31, 2024. As a result of the Plan's termination, the liquidation basis of accounting is being used for the year ended December 31, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of True Value Company Savings and Compensation Deferral Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated December 5, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meet the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

TRUE VALUE COMPANY
SAVINGS AND COMPENSATION DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The True Value Company Savings and Compensation Deferral Plan (the "Plan"), is a defined-contribution retirement plan established for regular full-time and part-time employees of True Value Company and its participating subsidiaries and affiliated corporations (the "Company" or "Plan sponsor"). Union employees are not participants in the Plan unless participation is specifically provided for in the collective bargaining agreement. Effective January 1, 1998, the Cotter Plan and the ServiStar Plan (previously known as the ServiStar/Coast to Coast Profit Sharing and Savings Plan or "legacy Coast-to-Coast") was merged into the Plan. The Plan is administered by the Retirement Committee, which is appointed by the Company from among its employees. The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"), as amended. Participation in the Plan is voluntary after completion of ninety days of service, at which time participants are allowed to make Pre-Tax and/or Roth (401k) contributions (Roth effective April 1, 2021) to their accounts from 1% to 50% of their eligible compensation, as defined in the Plan. Eligible associates who are turning 50 or are over the age of 50 during the plan year are eligible to make Pre-Tax and/or Roth (401k) "catch-up" contributions. Participants may allocate their investment options of their contributions into various investment funds offered by the Plan, at any time during the year. If no investment allocation is made by the participant, funds will be allocated to a default target date fund closest to the year based on participant's date of birth.

The Plan includes an auto-enrollment provision whereby all new hired eligible participants are automatically enrolled in the Plan with a Pre-Tax contribution of 5% of their eligible compensation. The contribution is directed into the default target date fund closest to the year based on participant's date of birth, unless otherwise designated by the participant. Participants have the option of not electing to participate, prior to the auto-enrollment start date.

Under the Plan, participants may perform a direct rollover from a qualified plan in which they previously participated in. All participant direct rollover amounts are fully vested. Rollovers are not eligible for company matching contributions.

Participant pre-tax contributions are deducted from participant's pay before income tax is withheld and allows for a potential tax break by reducing participant's current taxable income; contributions and any earnings will be subject to income tax upon distribution. Participant Roth contributions are deducted from participant's pay with after-tax dollars; and contributions and any earnings are tax-free when the participant takes a qualified distribution. Company contributions are always pre-tax dollars; match contributions and any earnings will be subject to income tax upon distribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

This is a "safe harbor" plan. Under the "safe harbor" plan design: 1) prior to January 1, 2020, enrolled associates were provided a dollar for dollar Company match up to five percent (5%) of their contributions. As of January 1, 2020, enrolled associates will be provided a dollar for dollar Company match up to four percent (4%) of their contributions; enrolled associates covered by the collective bargaining agreement for UL633 (Manchester Union) continue to receive a dollar for dollar Company match up to five percent (5%) of their contributions; 2) the Company match was made for each pay period prior to January 1, 2024. Effective January 1, 2024, the company's 401(k) matching contribution became an annual one-time match paid within the first quarter following the end of the calendar year; 3) the Company match portion is 100% vested for associates hired prior to January 1, 2020, and for associates hired on or after January 1, 2020, the company match portion is 100% vested after completing two years after completing two years of vesting service. The Company, in its discretion, may make a discretionary profit-sharing contribution to be allocated on annual basis, to the accounts of participants who are actively employed on the last day of the plan year. Allocations are based on eligible compensation. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Participants are always 100% vested in their own contributions, rollover contributions, and Discretionary Profit-Sharing contributions, including any earnings on these contributions.

Participants may borrow from their account balance (excluding Company Contributions, legacy Coast-to-Coast Account and Discretionary Profit-Sharing Account) a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance in the preceding 12 months) or 50 percent of

their account balance, limited to one loan at a time. The loans are secured by the balance in the participant's account. A reasonable interest rate is charged on the loan and is determined at the time of the loan application. Currently, the rate under the Plan is the prevailing prime rate as published in The Wall Street Journal on the first day of the calendar month containing the date of the loan application, plus one percent (1%). Principal and interest are paid ratably through payroll deductions.

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the participant, and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon death, disability or retirement, the full vested value of each participant's account becomes payable to the participant or his or her beneficiary in either:

- A lump sum, or
- In the case of a participant (or beneficiary) with an account balance on January 1, 1989, by payment in a series of quarterly installments over a period of fifteen years (or, if less, the life expectancy of the participant and his designated beneficiary; provided that, if such beneficiary is not the participant's spouse and is more than ten years younger than the participant, the installments shall be paid over a period not exceeding the joint life expectancy of the participant and a beneficiary ten years younger than the participant).

A participant, whose employment with the Company is terminated, except as described above, is entitled to the vested portion of their account balance. The distribution can be based on the above methods or can be rolled over to an eligible retirement plan or, if the vested balance exceeds \$5,000, the funds can be left in the Plan until normal retirement age.

A participant may withdraw from specific eligible sources from the Plan while continuing in service with the Company. Any withdrawal can only be taken in the following order: first, any after-tax contributions rolled into the Plan from the prior Cotter Plan or Servistar Plan; second, if age 59 ½ or older, income deferral contributions and earnings; and third, for an eligible financial hardship only, income deferral contributions (but not earnings on those contributions).

The Plan sponsor filed for bankruptcy and as a result, effective December 31, 2024, the Plan was terminated.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the liquidation basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3 – Fair Value Measurements for additional information). The Retirement Committee determines the Plan's valuation policies, utilizing information provided by the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value on investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events occurring through October 8, 2025, the date that the financial statements were available to be issued.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, "Fair Value Measurements and Disclosures" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10-35 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds and Retirement Money Market Fund:

Shares of mutual funds and retirement money market fund are valued based on quoted net asset value (“NAV”) of the fund in active markets and classified within Level 1 of the fair value hierarchy. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust:

The collective trust is valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

Investments at Fair Value at December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$203,740,718	-	-	\$203,740,718
Retirement Money Market Fund	69,601	-	-	69,601
	-----	-----	-----	-----
Total assets in the fair value hierarchy	<u>\$203,810,319</u>	<u>\$ -</u>	<u>\$ -</u>	203,810,319
Investments measured at net asset value (a)				16,325,970

Total investments at fair value				<u>\$220,136,289</u>

Investments at Fair Value at December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$207,347,153	-	-	\$207,347,153
Retirement Money Market Fund	72,641	-	-	72,641
	-----	-----	-----	-----
Total assets in the fair value hierarchy	<u>\$207,419,794</u>	<u>\$ -</u>	<u>\$ -</u>	207,419,794
Investments measured at net asset value (a)				18,372,540

Total investments at fair value				<u>\$225,792,334</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

<u>Investment</u>	<u>2024 Fair Value</u>	<u>2023 Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Galliard Stable Return Fund	\$16,325,970	\$18,372,540	None	Daily	None for Participants, 12- month period for Plan withdrawal

4. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends and notes receivable from participants, for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

6. Forfeited Accounts

As of December 31, 2024 and December 31, 2023 forfeited non-vested accounts totaled \$451,500 and \$98,935, respectively. These accounts may be used to reduce Company contributions and pay Plan expenses. In 2024, forfeitures of \$210,830 were used to reduce Company contributions.

7. Income Tax Status

The IRS has determined and informed the Company by a letter dated February 14, 2018, that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is not subject to tax under present income tax law. Although the Plan has been amended since receiving the determination letter, the Retirement Committee believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

Certain Plan investments are shares of mutual funds and notes receivable from participants managed by Fidelity Investments, an affiliated Company of the trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for management services are party-in-interest transactions under ERISA and are reflected in the statement of changes in net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as December 31, 2024 and 2023, per the financial statements to the Form 5500:

	<u>2024</u>		<u>2023</u>
Net assets available for benefits per the financial statements	\$ 227,693,887	\$	228,779,352
Company contributions receivable	\$ (4,567,239)		-
Notes receivable from participants	-		(2,987,018)
Participant Loans	-		2,909,924
Net assets available for benefits per the Form 5500	<u>\$223,126,648</u>		<u>\$228,702,258</u>

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2024, per the financial statements to Form 5500:

Changes in net assets available for benefits per the financial statements	\$ (1,085,465)
Company contributions receivable	\$ (4,567,239)
Change in notes receivable from participants	\$ 77,094
Change in net assets available for benefits per Form 5500	<u>\$ (5,575,610)</u>

INDEPENDENT AUDITOR'S REPORT

Plan Participants and Retirement Committee
True Value Company Savings and Compensation Deferral Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of True Value Company Savings and Compensation Deferral Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Basis of Accounting

As described in Notes 1 and 2, the Plan was terminated effective December 31, 2024. As a result of the Plan's termination, the liquidation basis of accounting is being used for the year ended December 31, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of True Value Company Savings and Compensation Deferral Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated December 5, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meet the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

TRUE VALUE COMPANY
SAVINGS AND COMPENSATION DEFERRAL PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The True Value Company Savings and Compensation Deferral Plan (the "Plan"), is a defined-contribution retirement plan established for regular full-time and part-time employees of True Value Company and its participating subsidiaries and affiliated corporations (the "Company" or "Plan sponsor"). Union employees are not participants in the Plan unless participation is specifically provided for in the collective bargaining agreement. Effective January 1, 1998, the Cotter Plan and the ServiStar Plan (previously known as the ServiStar/Coast to Coast Profit Sharing and Savings Plan or "legacy Coast-to-Coast") was merged into the Plan. The Plan is administered by the Retirement Committee, which is appointed by the Company from among its employees. The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"), as amended. Participation in the Plan is voluntary after completion of ninety days of service, at which time participants are allowed to make Pre-Tax and/or Roth (401k) contributions (Roth effective April 1, 2021) to their accounts from 1% to 50% of their eligible compensation, as defined in the Plan. Eligible associates who are turning 50 or are over the age of 50 during the plan year are eligible to make Pre-Tax and/or Roth (401k) "catch-up" contributions. Participants may allocate their investment options of their contributions into various investment funds offered by the Plan, at any time during the year. If no investment allocation is made by the participant, funds will be allocated to a default target date fund closest to the year based on participant's date of birth.

The Plan includes an auto-enrollment provision whereby all new hired eligible participants are automatically enrolled in the Plan with a Pre-Tax contribution of 5% of their eligible compensation. The contribution is directed into the default target date fund closest to the year based on participant's date of birth, unless otherwise designated by the participant. Participants have the option of not electing to participate, prior to the auto-enrollment start date.

Under the Plan, participants may perform a direct rollover from a qualified plan in which they previously participated in. All participant direct rollover amounts are fully vested. Rollovers are not eligible for company matching contributions.

Participant pre-tax contributions are deducted from participant's pay before income tax is withheld and allows for a potential tax break by reducing participant's current taxable income; contributions and any earnings will be subject to income tax upon distribution. Participant Roth contributions are deducted from participant's pay with after-tax dollars; and contributions and any earnings are tax-free when the participant takes a qualified distribution. Company contributions are always pre-tax dollars; match contributions and any earnings will be subject to income tax upon distribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

This is a "safe harbor" plan. Under the "safe harbor" plan design: 1) prior to January 1, 2020, enrolled associates were provided a dollar for dollar Company match up to five percent (5%) of their contributions. As of January 1, 2020, enrolled associates will be provided a dollar for dollar Company match up to four percent (4%) of their contributions; enrolled associates covered by the collective bargaining agreement for UL633 (Manchester Union) continue to receive a dollar for dollar Company match up to five percent (5%) of their contributions; 2) the Company match was made for each pay period prior to January 1, 2024. Effective January 1, 2024, the company's 401(k) matching contribution became an annual one-time match paid within the first quarter following the end of the calendar year; 3) the Company match portion is 100% vested for associates hired prior to January 1, 2020, and for associates hired on or after January 1, 2020, the company match portion is 100% vested after completing two years after completing two years of vesting service. The Company, in its discretion, may make a discretionary profit-sharing contribution to be allocated on annual basis, to the accounts of participants who are actively employed on the last day of the plan year. Allocations are based on eligible compensation. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Participants are always 100% vested in their own contributions, rollover contributions, and Discretionary Profit-Sharing contributions, including any earnings on these contributions.

Participants may borrow from their account balance (excluding Company Contributions, legacy Coast-to-Coast Account and Discretionary Profit-Sharing Account) a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance in the preceding 12 months) or 50 percent of

their account balance, limited to one loan at a time. The loans are secured by the balance in the participant's account. A reasonable interest rate is charged on the loan and is determined at the time of the loan application. Currently, the rate under the Plan is the prevailing prime rate as published in The Wall Street Journal on the first day of the calendar month containing the date of the loan application, plus one percent (1%). Principal and interest are paid ratably through payroll deductions.

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the participant, and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon death, disability or retirement, the full vested value of each participant's account becomes payable to the participant or his or her beneficiary in either:

- A lump sum, or
- In the case of a participant (or beneficiary) with an account balance on January 1, 1989, by payment in a series of quarterly installments over a period of fifteen years (or, if less, the life expectancy of the participant and his designated beneficiary; provided that, if such beneficiary is not the participant's spouse and is more than ten years younger than the participant, the installments shall be paid over a period not exceeding the joint life expectancy of the participant and a beneficiary ten years younger than the participant).

A participant, whose employment with the Company is terminated, except as described above, is entitled to the vested portion of their account balance. The distribution can be based on the above methods or can be rolled over to an eligible retirement plan or, if the vested balance exceeds \$5,000, the funds can be left in the Plan until normal retirement age.

A participant may withdraw from specific eligible sources from the Plan while continuing in service with the Company. Any withdrawal can only be taken in the following order: first, any after-tax contributions rolled into the Plan from the prior Cotter Plan or Servistar Plan; second, if age 59 ½ or older, income deferral contributions and earnings; and third, for an eligible financial hardship only, income deferral contributions (but not earnings on those contributions).

The Plan sponsor filed for bankruptcy and as a result, effective December 31, 2024, the Plan was terminated.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the liquidation basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3 – Fair Value Measurements for additional information). The Retirement Committee determines the Plan's valuation policies, utilizing information provided by the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value on investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events occurring through October 8, 2025, the date that the financial statements were available to be issued.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, "Fair Value Measurements and Disclosures" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10-35 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds and Retirement Money Market Fund:

Shares of mutual funds and retirement money market fund are valued based on quoted net asset value (“NAV”) of the fund in active markets and classified within Level 1 of the fair value hierarchy. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust:

The collective trust is valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

Investments at Fair Value at December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$203,740,718	-	-	\$203,740,718
Retirement Money Market Fund	69,601	-	-	69,601
	-----	-----	-----	-----
Total assets in the fair value hierarchy	<u>\$203,810,319</u>	<u>\$ -</u>	<u>\$ -</u>	203,810,319
Investments measured at net asset value (a)				16,325,970

Total investments at fair value				<u>\$220,136,289</u>

Investments at Fair Value at December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$207,347,153	-	-	\$207,347,153
Retirement Money Market Fund	72,641	-	-	72,641
	-----	-----	-----	-----
Total assets in the fair value hierarchy	<u>\$207,419,794</u>	<u>\$ -</u>	<u>\$ -</u>	207,419,794
Investments measured at net asset value (a)				18,372,540

Total investments at fair value				<u>\$225,792,334</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

<u>Investment</u>	<u>2024 Fair Value</u>	<u>2023 Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Galliard Stable Return Fund	\$16,325,970	\$18,372,540	None	Daily	None for Participants, 12- month period for Plan withdrawal

4. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends and notes receivable from participants, for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

6. Forfeited Accounts

As of December 31, 2024 and December 31, 2023 forfeited non-vested accounts totaled \$451,500 and \$98,935, respectively. These accounts may be used to reduce Company contributions and pay Plan expenses. In 2024, forfeitures of \$210,830 were used to reduce Company contributions.

7. Income Tax Status

The IRS has determined and informed the Company by a letter dated February 14, 2018, that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is not subject to tax under present income tax law. Although the Plan has been amended since receiving the determination letter, the Retirement Committee believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

Certain Plan investments are shares of mutual funds and notes receivable from participants managed by Fidelity Investments, an affiliated Company of the trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for management services are party-in-interest transactions under ERISA and are reflected in the statement of changes in net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as December 31, 2024 and 2023, per the financial statements to the Form 5500:

	<u>2024</u>		<u>2023</u>
Net assets available for benefits per the financial statements	\$ 227,693,887	\$	228,779,352
Company contributions receivable	\$ (4,567,239)		-
Notes receivable from participants	-		(2,987,018)
Participant Loans	-		2,909,924
Net assets available for benefits per the Form 5500	<u>\$223,126,648</u>		<u>\$228,702,258</u>

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2024, per the financial statements to Form 5500:

Changes in net assets available for benefits per the financial statements	\$ (1,085,465)
Company contributions receivable	\$ (4,567,239)
Change in notes receivable from participants	\$ 77,094
Change in net assets available for benefits per Form 5500	<u>\$ (5,575,610)</u>
