## Independent Auditor's Report

To the Board of Trustees  
GMP Member Death Benefit Plan

### Opinion

We have audited the financial statements of the GMP Member Death Benefit Plan (Plan), an employee benefit plan subject to the Employee Retirement Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits (in liquidation) for the years ended December 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan administrator approved a plan of liquidation on May 28, 2021, and Plan management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting to the liquidation basis of accounting used in presenting the 2024 and 2023 financial statements. Our opinion is not modified with respect to this matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) in liquidation as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**GMP MEMBER DEATH BENEFIT PLAN**  
Notes to Financial Statements (Liquidation Basis)  
December 31, 2024 and 2023

**(1) Description of Plan**

The following description of the GMP Member Death Benefit Plan (Plan) is provided for general information purpose only. Participants should refer to the Plan document for complete information.

Prior to January 1, 2018, the Glass, Molders, Pottery, Plastics & Allied Workers International Union (GMP) provided death benefits to certain members through its Death Beneficiary Department. In 2016, GMP merged with the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO, CLC (USW). As a result of the merger, GMP and USW agreed to terminate the Death Beneficiary Department and to fund and administer the death benefits previously provided by the Death Beneficiary Department through a separate trust fund.

Accordingly, the Trustees established the GMP Member Death Benefit Fund (the Fund) to fund and administer this Plan effective January 1, 2018. The Plan is funded by assets attributable or payable to the Death Beneficiary Department prior to December 31, 2017, and by member contributions of \$2.00 per month collected from union dues or contributed directly by members to the Fund beginning on January 1, 2018.

Pursuant to the USW/GMP Merger Agreement, the Plan may terminate after January 1, 2021 if it is determined that it is not feasible to continue the Plan. Effective May 2021, the Trustees decided to terminate the Plan as of January 1, 2022 and distribute all of the assets to Plan participants. The process will be completed in three steps: the Plan was frozen as of July 1, 2021; the Plan was terminated as of January 1, 2022; and the assets began to be distributed in 2022. The liquidation of the Plan has been extended as the Plan sponsor is making every reasonable effort to locate each participant.

**(a) General**

The Plan is a welfare benefit plan that provides death benefits to members of the GMP who satisfy the Plan's participation requirements. A member shall be (i) an individual who maintains membership in good standing and in the payment of all financial obligations to the GMP prior to January 1, 2018 when the same become due and owing and, if applicable, such member continues to maintain membership in good standing and in the payment of all financial obligations to USW on or after January 1, 2018 when the same becomes due and owing; and (ii) an individual who, on or after January 1, 2018, becomes employed by an Employer as defined below and who maintains membership in the USW in good standing and in the payment of all financial obligations to the USW when the same shall become due and owing.

A member begins participating in the Plan automatically in the first month in which the member works for an Employer and pays union dues. An Employer shall be any Entity that has entered into a collective bargaining agreement with GMP before January 1, 2018, and, if applicable, maintains a collective bargaining agreement with USW on or after January 1, 2018. A member may continue participating in the Plan for as long as they continue to pay union dues or otherwise make member contributions as may be permitted by the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

As of July 1, 2021, the Plan was closed to new participants.

**GMP MEMBER DEATH BENEFIT PLAN**  
Notes to Financial Statements (Liquidation Basis)  
December 31, 2024 and 2023

**(1) Description of Plan, Continued**

***(b) Member Contributions***

A contribution of \$2.00 per month per member is required for eligibility in the Plan. Member contributions are made through automatic deduction from union dues, except in circumstances in which union dues are not payable and the Plan permits direct contributions by members to the Plan. Effective July 1, 2021, the Plan was amended to discontinue member contributions in conjunction with the Plan freeze. The Plan receives and recognizes dues from members upon receipt and processing. Dues received after July 1, 2021 pertained to months prior to that date.

***(c) Benefit Payments and Distributions***

Under the Plan, participants who maintain membership in good standing and in the payment of all financial obligations to USW are entitled for their beneficiary to receive the death benefit upon the death of the member. Benefits will be paid to a designated beneficiary. If a beneficiary is not designated, benefits will be paid to a lawful spouse, equally between surviving children or the executor of the members' estate, in the order that is applicable to the situation.

Death benefit is computed based on the date of participation and the years of credited service. If the participation date is on or after January 1, 1993, and the member dies when they are retired or are no longer employed by an employer, his/her beneficiary will be entitled to payment based on the following schedule:

Years of Service	Beneficiary Payment
Less than five years	\$ 500
Five but less than 10 years	1,000
10 but less than 15 years	1,500
15 years or more	2,000

If the participation date is on or after January 1, 1993, and the member dies while actively employed by an employer, or if the participation date is before January 1, 1993, his/her beneficiary will be entitled to \$2,000.

As part of the Plan termination described in Note 1, as of January 1, 2022, death benefits will be paid for all deaths that occurred before January 1, 2022, so long as the claim is made no later than final Plan termination. If an eligible member dies on or after January 1, 2022, death benefits will be paid in accordance with the Summary Plan Description as long as the distribution has not already been made to the member.

Eligible Plan participants will receive distribution checks as long as their membership is in good standing as determined in accordance with the USW International Constitution and they are current in the payment of all financial obligations determined as of July 1, 2021. Plan assets will be distributed to all eligible participants based upon their age and years of participation in the Plan. During the years ended December 31, 2024 and 2023, approximately \$1,129,000 and \$21,068,000, respectively, was paid out to eligible members as part of the Plan termination. As of July 1, 2021, no further service will be counted for purposes of determining any death benefit paid from the Plan, or any distribution payable, as a result of Plan termination.

**GMP MEMBER DEATH BENEFIT PLAN**  
Notes to Financial Statements (Liquidation Basis)  
December 31, 2024 and 2023

**(2) Summary of Significant Accounting Policies**

The following are the significant accounting policies consistently followed by the Plan:

**(a) Basis of Accounting**

The financial statements of the Plan have been prepared on the liquidation basis of accounting. (See Note 1 for discussion of Plan termination).

**(b) Income Recognition**

Interest income is recorded on the accrual basis. Other income reflects the impact of gains resulting from exchange rate fluctuations on transactions denominated in currencies other than the U.S. dollar.

**(c) Payment of Benefits**

Benefit payments to beneficiaries are recorded upon distribution.

**(d) Administrative Expenses**

The Plan's expenses are paid either by the Plan or USW, as provided by the Plan document. Expenses that are paid directly by USW, unless reimbursed, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan (and paid by the Plan) consist of professional fees for certain internal and external administrative services and the impact of translating assets denominated in other than U.S. dollars and are recorded as deductions in the accompanying statements of changes in net assets available for benefits (in liquidation). In accordance with the liquidation basis of accounting, fees expected to be incurred subsequent to year-end are included in accrued expenses at December 31, 2024 and 2023 on the statements of net assets available for benefits (in liquidation). Additional expenses were accrued in 2024 as a result of the extended termination process.

**(e) Use of Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of fund obligations. Actual results could differ from those estimates.

**(f) Related-Party Transactions**

Amounts due to Plan sponsor result from transactions with related entities during the year. These expenses are for reimbursements of certain payroll and administrative expenses incurred on behalf of the Plan during the liquidation process.

**(g) Subsequent Events**

Subsequent events are events or transactions that occur after the statement of net assets date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 9, 2025, the date on which the financial statements were available to be issued.

**GMP MEMBER DEATH BENEFIT PLAN**  
Notes to Financial Statements (Liquidation Basis)  
December 31, 2024 and 2023

**(3) Tax Status**

The Plan administrator believes that the Plan and related Fund are being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

**(4) Benefit Obligations**

The Segal Company, a consulting actuary, performed the Plan's January 1, 2020 actuarial study. Significant actuarial assumptions used in the valuation dated January 1, 2020 are principally as follows: a) assumed rate of return on investments of 5.00%; b) mortality rates based on Pri-2012 Employee Blue Collar Headcount-Weighted Mortality Table and Pri-2012 Healthy Retiree Blue Collar Headcount-Weighted Mortality Table, both projected generationally with Scale MP-2019; and c) mortality rates for post-commencement disabled participants based on Pri-2012 Disabled Retiree Headcount-Weighted Mortality Table projected generationally with Scale MP-2019. The actuarially computed present value of fund obligations as of January 1, 2020 was approximately \$33,979,532 and based on the presumption that the Plan will continue. Effective May 2021, the USW decided to terminate the Plan, which impacts certain assumptions and other factors that are applicable to determining the present value of accumulated benefits. The Plan reviewed cash payment scenarios to all remaining members in good standing; and began making payments to participants during the year ended December 31, 2022 and continued making payments during the years ended December 31, 2024 and 2023. The Plan has sufficient assets as of December 31, 2024 to make the intended distributions of approximately \$7,100,000.

The present value of fund obligations is reported based on certain assumptions pertaining to discount rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions could be material to the financial statements.
