Report of Independent Auditors

To the Participants and Members of the
Board of Trustees of the Ullico Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ullico Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting

and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ullico Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. Plan Description

The following description of the Ullico Inc. (“the Company or Employer”) 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution savings plan covering employees of the Ullico Group (as defined in the Plan document) and companies within the Ullico Group that participate in the Plan are referred to as Sponsoring Employers. The Plan covers all Eligible Employees, as defined by the Plan. In general, these employees are regular full-time or part-time employees and do not include temporary, contracted or leased workers or any other person not identified as an employee according to the definition in the Plan of Eligible Employees. An Eligible Employee can begin contributing to the Plan on the first of the calendar quarter following the completion of 90 days of continuous service. The Plan is administered by the Employee Benefit Plans Administrative Committee (the “Committee” or “Plan Administrator”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Contributions

Participants may make a combination pre-tax and/or Roth contributions to the Plan up to the fullest extent permitted by law, which were \$23,000 and \$22,500 for 2024 and 2023, respectively. The Plan allows rollover contributions from other plans qualified in accordance with Internal Revenue Code Section 401(a). Participants who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to, the requirements of the Internal Revenue Code. The maximum catch-up contribution an eligible participant could make were \$7,500 for 2024 and 2023.

The amount of the Employer matching contribution is equal to the participant’s basic contributions and Roth contributions made from compensation for services for the Sponsoring Employers, but not exceeding three percent (3%) of such compensation, including discretionary bonuses and commissions, to the extent required to honor the terms of existing collective-bargaining agreements.

Each participant’s account is credited with the participant’s contributions, Employer matching and profit-sharing contributions, and allocations of the Plan’s earnings or losses. There were no profit-sharing contributions in 2024 or 2023. Plan earnings are allocated based on the participant’s share of the net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Plan Description (continued)

Investment Options

Participants may direct both their contributions and Employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, two collective investment funds and a self-directed brokerage account (“SDBA”) as investment options for participants. SDBA consists of mutual funds. Participants may change their investment selections at any time.

Vesting

Participants are fully vested in their contributions and earnings thereon at all times. Vesting in the Employer and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. Employer contributions and profit sharing vest as follows:

	<u>Vested Percentage</u>
Year(s) of Service:	
Less than One	0%
One	20%
Two	40%
Three	60%
Four	80%
Five	100%

Upon normal retirement, which generally is age 65, death while an employee, or disability while an employee, participants immediately become fully vested in their Employer contributions.

Notes Receivable from Participants

The provisions of the Plan permit loans to participants’ subject to certain restrictions with regard to the amount and frequency. Subject to Plan provisions, participants may borrow up to the lesser of \$50,000 or 50% of their vested account balances. The unpaid principal balance plus accrued but unpaid interest, of a defaulted loan is treated as a distribution and is reported to the Internal Revenue Service (“IRS”). Interest is charged at a rate commensurate with interest rates charged by commercial lending institutions. Repayments of loan principal and interest, made through payroll deductions, are credited to the participant’s account balance. Participant loans are repaid over a five-year term, unless the loan is for a primary residence, in which case the repayment term may be up to but not to exceed 30 years.

Payment of Benefits

Upon death, total disability, retirement, or separation from service, vested balances may be distributed in the form of a lump-sum payment. A terminated participant may defer distributions

until their normal retirement date, unless their vested balance does not exceed \$5,000. Even if a participant remains actively employed at or after age 72, distributions need not commence until the participant leaves active employment (unless the participant is a 5% owner, as defined in Internal Revenue Code Section 416(i)(1)(B)(i)). Participants can elect distributions of their employee contributions while still employed under certain circumstances, including hardship and upon reaching age 59½. Rollover and employee contributions generally may be withdrawn at any time. However, participants who have not been credited with five or more years of service may only withdraw their Employer matching and profit-sharing contribution accounts, to the extent they are vested and have been credited for their accounts for at least two Plan years.

Forfeitures

Non-vested balances are forfeited upon termination from employment and are used to reduce future Employer contributions. At December 31, 2024, there were total unallocated forfeitures of \$1,816, which are to be used to reduce future Employer contributions. At December 31, 2023, there were no total unallocated forfeitures. The forfeitures applied to reduce Employer contributions were \$13,857 and \$24,571 during 2024 and 2023, respectively.

Administrative Expenses

Administrative expenses charged to participant accounts in 2024 and 2023 amounted to \$52,224 and \$47,016, respectively. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

Plan Termination

The authority to manage, control, construe, and interpret the Plan is vested in the Committee. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the Internal Revenue Code. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. For 2024 and 2023, the custodian was Advisor Trust, Inc. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment management expenses are netted against investment income. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded. Employee loans deemed as distributions totaled \$38,007 and \$37,118 for 2024 and 2023, respectively.

ASC 820, Fair Value Measurements and Disclosures

ASC 820 specifies that a hierarchy of valuation techniques be determined for each asset based on whether the inputs to the valuation technique for those assets are observable or unobservable. Observable inputs reflect market data corroborated by independent sources while unobservable inputs reflect assumptions that are not observable in an active market or are developed internally. These two types of inputs create three valuation hierarchy levels:

- Level 1 valuations reflect quoted market or exchange prices for the actual or identical assets or liabilities in active markets.
- Level 2 valuations reflect inputs other than quoted prices in Level 1, which are observable. The inputs can include some or all of the following into a valuation model:
 - Quoted prices of similar assets in active markets
 - Quoted prices of actual assets that are not active
 - Inputs other than quoted prices, such as yield curves, volatilities, and prepayment speeds
 - Inputs derived from market data

Notes to the Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

- Level 3 valuations reflect valuations in which one or more of the significant valuation inputs is not observable in an active market; there is limited, if any, market activity; or they are based on management inputs to a valuation model.

The Plan maintains policies and procedures to value instruments using the best and most relevant data available. In addition, the Plan has an investment management team that reviews valuation, including independent price validation for certain instruments. Further, in most instances, the Plan retains independent pricing vendors to provide valuations of the assets and instruments held in the Plan.

The following section describes the valuation techniques and inputs used to measure the financial instruments at fair value. There were no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded and are included in Level 1.

Collective Investment Funds

The Federated Capital Preservation Fund and the Ullico J for Jobs Collective Investment Fund are collective investment fund investments which are subject to the guidance in Accounting Standards Codification (“ASC”) 946-210-45, *Reporting of Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*. The fair value for the collective investment funds have been estimated using the net asset value (“NAV”). The NAV is used as practical expedient to estimate fair value.

The Federated Capital Preservation Fund is a closed-end fund that has a limited market as it is available only to qualified retirement plan investors. The investment objective of the fund is stability of principal and high current income, and the underlying securities held in the fund are comprised of guaranteed investment contracts (“GICs”) and synthetic GICs. There are no restrictions on withdrawals from the fund for the purpose of funding benefit payments, making participant loans, honoring employee-directed transfers to another investment election, or paying custodial fees. The Plan may make withdrawals from the fund for other purposes generally only upon 12 months advance written notice to the fund’s custodian.

The Ullico J for Jobs Collective Investment Fund is a daily valued fund that invests in the strategy of Ullico Investment Advisors, Inc., which serves as sub-adviser to the fund. The investment

objective of the fund is to obtain consistent fixed income returns through active management of a well-diversified portfolio of first mortgages on commercial properties. The fund has a limited market as it is only offered to qualified institutional and accredited investors. Full Participating Fund liquidations require a pre-notification of sixty days from the month end prior to the transaction date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and the supplemental schedule. Actual results could differ from those estimates.

Contingent Liabilities

Amounts related to contingent liabilities are accrued if it is probable that a liability has been incurred and an amount is reasonably estimable. There were no such accruals as of December 31, 2024 and 2023.

3. Fair Value Measurements

The following tables present the Plan's assets reported at fair value on a recurring basis.

Assets at Fair Value as of December 31, 2024

Notes to the Financial Statements (continued)

3. Fair Value Measurements (continued)

*The fair value amounts presented in these tables are intended to facilitate the reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Investments and Information Certified by the Custodian

All investment information (excluding notes receivable from participants and interest from notes receivable from participants for 2024 and 2023) disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and the net appreciation/(depreciation) in the fair value of investments and dividends for the years ended December 31, 2024 and 2023, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Advisor Trust, Inc. for 2024 and 2023.

5. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. Tax Status

The Plan has received a determination letter from the IRS dated March 14, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation. Subsequent to the receipt of the determination letter, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements (continued)

7. Transactions with Parties-in-Interest

The Plan's investments in mutual funds, the SDBA and units in the two collective investment fund are considered to be party-in-interest transactions. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

Events or transactions that occur after the Statement of Net Assets Available for Benefits date but before the financial statements are issued are categorized as recognized or non-recognized for financial statement purposes. The Plan has evaluated subsequent events through July 31, 2025, the date the financial statements were available to be issued and has determined there were no events that required disclosure.
