Independent Auditors' Report

To the Plan Administrator of
Coalition on Homelessness and Housing in Ohio 403(b) Plan
Columbus, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Coalition on Homelessness and Housing in Ohio 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Coalition on Homelessness and Housing in Ohio 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in the Certified Investment Information footnote to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Coalition on Homelessness and Housing in Ohio 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Coalition on Homelessness and Housing in Ohio 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coalition on Homelessness and Housing in Ohio 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coalition on Homelessness and Housing in Ohio 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), Schedule H, Line 4a – Schedule of Delinquent Contributions, and Multiple-Employer Plan Participating Employer Information are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of Coalition on Homelessness and Housing in Ohio (the "Employer") 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted July 1, 2021, and is sponsored by the Employer for the benefit of adopting participating employers who are members of the coalition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is defined as a multiple employer contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 403(b). The Plan is offered to eligible employees of participating employers who may elect their own requirements to participate in the Plan.

As of December 31, 2024, Employers include Excel Development Co., Inc., Tender Mercies, Inc., Alliance of Children and Families, Inc., Community Action Commission of Fayette County, Journey Center for Safety and Healing, Inc., Jefferson County Community Action Council, Inc., Miami Valley Fair Housing Center, Inc., Daybreak, Inc., Threshold Residential Services, Inc., and Coalition on Homelessness and Housing In Ohio, Inc. During 2024, Daybreak, Inc. and Threshold Residential Services, Inc. joined the Plan and approximately \$2,200,000 of assets were transferred to the Plan.

Contributions

Participating employees may defer 403(b) contributions up to 100% of their pre-tax annual compensation, as defined in the Plan. Roth deferrals are also permitted. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants can change the investment options previously elected at any time.

The Employer may make safe harbor matching contributions, discretionary employer contributions, and non-elective discretionary employer contributions equal to a discretionary percentage to be determined by the Employer. Employees are eligible to receive discretionary matching contributions between six months of service and one year of service. Employees may receive non-elective employer contributions after one year of service.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Plan earnings and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2024 and 2023

Plan Description (continued)

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Vesting

Participants are 100% vested in their contributions and Employer safe harbor matching contributions. Vesting in the discretionary Employer matching contributions and net earnings is based on continuous service and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loans must be repaid within 5 years unless the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate that approximates the prime rate plus 1%. Principal and interest are paid through bi-weekly payroll deductions.

Payment of Benefits

A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account upon termination of service due to separation of service, death, disability, retirement, or other reasons. Upon termination of service, any balance under \$5,000 is automatically paid out as soon as administratively possible.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements

December 31, 2024 and 2023

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value footnote for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the participant, as provided by the Plan agreement.

Fair Value Measurements

ASC 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Pooled separate accounts are held in investment contracts with the custodian and are invested according to the stated objectives of the various accounts. The principal is not guaranteed. The pooled separate accounts are valued at the net asset value (NAV), which is based on the market value of its underlying investments. Participant transactions (purchases and sales) may occur daily. The investment objectives of the accounts include the preservation of capital, to attain certain growth or income, or to balance performance levels based on different tolerance levels of risk. The separate accounts are not restricted in regard to distributions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

COALITION ON HOMELESSNESS AND HOUSING IN OHIO 403(B) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Investments at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,993,987	\$ -	\$ -	\$ 8,993,987
Pooled Separate Accounts (A)	-	-	-	44,954
Total Investments	\$ 8,993,987	\$ -	\$ -	\$ 9,038,941

	Investments at fair value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 5,575,049	\$ -	\$ -	\$ 5,575,049
Pooled Separate Accounts (A)	-	-	-	40,439
Total Investments	\$ 5,575,049	\$ -	\$ -	\$ 5,615,488

(A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits. There were no unfunded commitments or liquidity or redemption restrictions related to the Pooled Separate Accounts.

There were no significant transfers between Level 1 and Level 2 investments during the years ended December 31, 2024 and 2023.

Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, Lincoln Life Insurance Company, and Voya Retirement Insurance and Annuity Company, qualified institutions, have certified the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments, cash, and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments and dividends and interest as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2024.

Notes to Financial Statements

December 31, 2024 and 2023

Certified Investment Information (continued)

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information included in the financial statements and ERISA-required supplemental schedule.

Guaranteed Interest Account

The Plan participates in traditional fully benefit-responsive investment contracts with Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan. Voya maintains the contributions in general accounts. The accounts are credited with earnings, based on the daily balance and the interest rate in effect, and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and specified interest rates of 3% and 4% during the year ended December 31, 2024 that are guaranteed to the Plan. The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Investments in Insurance Contracts

In 2003, the Plan entered into a benefit-responsive guaranteed investment contract with Lincoln Financial Group (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings of the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Lincoln uses the net asset value (NAV) of the contract to calculate contract value.

Notes to Financial Statements

December 31, 2024 and 2023

Investments in Insurance Contracts (continued)

The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at NAV which is a practical expedient to estimate fair value. Therefore, there is no adjustment needed in arriving at net assets available for benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract was \$554,966 and \$782,891 as of December 31, 2024 and 2023, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1.5%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule's maturity date.

<u>Average Yields:</u>	<u>2024</u>	<u>2023</u>
Based on actual earnings	4.1%	3.3%
Interest rate credited to participants	4.1%	3.3%

Related Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$27,867 of administrative fees to the recordkeeper and Custodian for the year ended December 31, 2024. The Employer provides certain administrative services at no cost to the Plan. If revenue received by the Custodian from mutual fund service providers under revenue sharing arrangement, the Custodian remits to the Plan on a quarterly basis. Such amounts are used to reduce Plan administrative expenses.

Notes to Financial Statements

December 31, 2024 and 2023

Tax Status

The Employer adopted a prototype standardized profit-sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2017 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions and terminate the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

Operational Issue

During 2024 and 2023, the Employers did not remit contributions in a timely manner as defined by the Plan. The Employer believes that the matters identified for remediation would not cause the Plan to be disqualified by the IRS; therefore, no provision for income taxes has been included in the Plan's financial statements.

During 2023, the Employer determined certain employers did not use the correct definition of compensation for participant withholdings and matching contributions as defined by the Plan document. Additionally, the Employer determined eligible participants were not properly enrolled into the Plan according to the Plan document. The Employer recorded a contribution receivables in the amount of \$42,839 as of December 31, 2023, to self-correct the various operational issues.

Independent Auditors' Report

To the Plan Administrator of
Coalition on Homelessness and Housing in Ohio 403(b) Plan
Columbus, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Coalition on Homelessness and Housing in Ohio 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Coalition on Homelessness and Housing in Ohio 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in the Certified Investment Information footnote to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Coalition on Homelessness and Housing in Ohio 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Coalition on Homelessness and Housing in Ohio 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coalition on Homelessness and Housing in Ohio 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coalition on Homelessness and Housing in Ohio 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), Schedule H, Line 4a – Schedule of Delinquent Contributions, and Multiple-Employer Plan Participating Employer Information are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of Coalition on Homelessness and Housing in Ohio (the "Employer") 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted July 1, 2021, and is sponsored by the Employer for the benefit of adopting participating employers who are members of the coalition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is defined as a multiple employer contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 403(b). The Plan is offered to eligible employees of participating employers who may elect their own requirements to participate in the Plan.

As of December 31, 2024, Employers include Excel Development Co., Inc., Tender Mercies, Inc., Alliance of Children and Families, Inc., Community Action Commission of Fayette County, Journey Center for Safety and Healing, Inc., Jefferson County Community Action Council, Inc., Miami Valley Fair Housing Center, Inc., Daybreak, Inc., Threshold Residential Services, Inc., and Coalition on Homelessness and Housing In Ohio, Inc. During 2024, Daybreak, Inc. and Threshold Residential Services, Inc. joined the Plan and approximately \$2,200,000 of assets were transferred to the Plan.

Contributions

Participating employees may defer 403(b) contributions up to 100% of their pre-tax annual compensation, as defined in the Plan. Roth deferrals are also permitted. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants can change the investment options previously elected at any time.

The Employer may make safe harbor matching contributions, discretionary employer contributions, and non-elective discretionary employer contributions equal to a discretionary percentage to be determined by the Employer. Employees are eligible to receive discretionary matching contributions between six months of service and one year of service. Employees may receive non-elective employer contributions after one year of service.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Plan earnings and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2024 and 2023

Plan Description (continued)

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Vesting

Participants are 100% vested in their contributions and Employer safe harbor matching contributions. Vesting in the discretionary Employer matching contributions and net earnings is based on continuous service and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loans must be repaid within 5 years unless the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate that approximates the prime rate plus 1%. Principal and interest are paid through bi-weekly payroll deductions.

Payment of Benefits

A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account upon termination of service due to separation of service, death, disability, retirement, or other reasons. Upon termination of service, any balance under \$5,000 is automatically paid out as soon as administratively possible.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements

December 31, 2024 and 2023

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value footnote for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the participant, as provided by the Plan agreement.

Fair Value Measurements

ASC 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Pooled separate accounts are held in investment contracts with the custodian and are invested according to the stated objectives of the various accounts. The principal is not guaranteed. The pooled separate accounts are valued at the net asset value (NAV), which is based on the market value of its underlying investments. Participant transactions (purchases and sales) may occur daily. The investment objectives of the accounts include the preservation of capital, to attain certain growth or income, or to balance performance levels based on different tolerance levels of risk. The separate accounts are not restricted in regard to distributions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Investments at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,993,987	\$ -	\$ -	\$ 8,993,987
Pooled Separate Accounts (A)	-	-	-	44,954
Total Investments	\$ 8,993,987	\$ -	\$ -	\$ 9,038,941

	Investments at fair value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 5,575,049	\$ -	\$ -	\$ 5,575,049
Pooled Separate Accounts (A)	-	-	-	40,439
Total Investments	\$ 5,575,049	\$ -	\$ -	\$ 5,615,488

(A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits. There were no unfunded commitments or liquidity or redemption restrictions related to the Pooled Separate Accounts.

There were no significant transfers between Level 1 and Level 2 investments during the years ended December 31, 2024 and 2023.

Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, Lincoln Life Insurance Company, and Voya Retirement Insurance and Annuity Company, qualified institutions, have certified the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments, cash, and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments and dividends and interest as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2024.

Notes to Financial Statements

Certified Investment Information (continued)

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information included in the financial statements and ERISA-required supplemental schedule.

Guaranteed Interest Account

The Plan participates in traditional fully benefit-responsive investment contracts with Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan. Voya maintains the contributions in general accounts. The accounts are credited with earnings, based on the daily balance and the interest rate in effect, and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and specified interest rates of 3% and 4% during the year ended December 31, 2024 that are guaranteed to the Plan. The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Investments in Insurance Contracts

In 2003, the Plan entered into a benefit-responsive guaranteed investment contract with Lincoln Financial Group (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings of the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Lincoln uses the net asset value (NAV) of the contract to calculate contract value.

Notes to Financial Statements

December 31, 2024 and 2023

Investments in Insurance Contracts (continued)

The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at NAV which is a practical expedient to estimate fair value. Therefore, there is no adjustment needed in arriving at net assets available for benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract was \$554,966 and \$782,891 as of December 31, 2024 and 2023, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1.5%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule's maturity date.

<u>Average Yields:</u>	<u>2024</u>	<u>2023</u>
Based on actual earnings	4.1%	3.3%
Interest rate credited to participants	4.1%	3.3%

Related Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$27,867 of administrative fees to the recordkeeper and Custodian for the year ended December 31, 2024. The Employer provides certain administrative services at no cost to the Plan. If revenue received by the Custodian from mutual fund service providers under revenue sharing arrangement, the Custodian remits to the Plan on a quarterly basis. Such amounts are used to reduce Plan administrative expenses.

Notes to Financial Statements

December 31, 2024 and 2023

Tax Status

The Employer adopted a prototype standardized profit-sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2017 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions and terminate the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

Operational Issue

During 2024 and 2023, the Employers did not remit contributions in a timely manner as defined by the Plan. The Employer believes that the matters identified for remediation would not cause the Plan to be disqualified by the IRS; therefore, no provision for income taxes has been included in the Plan's financial statements.

During 2023, the Employer determined certain employers did not use the correct definition of compensation for participant withholdings and matching contributions as defined by the Plan document. Additionally, the Employer determined eligible participants were not properly enrolled into the Plan according to the Plan document. The Employer recorded a contribution receivables in the amount of \$42,839 as of December 31, 2023, to self-correct the various operational issues.
