Urban League of Metropolitan
St. Louis 403(b) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Urban League of Metropolitan St. Louis 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2024 and delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**URBAN LEAGUE OF METROPOLITAN
ST. LOUIS 403(b) PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 And 2023**

1. Description Of The Plan

The following description of the Urban League of Metropolitan St. Louis 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement savings plan sponsored by the Urban League of Metropolitan St. Louis, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Substantially all employees of the Employer are immediately eligible to make deferral contributions upon hire. Participants are eligible for Employer contributions on the earliest quarterly date following 12 months from hire, provided they have worked at least 1,000 hours. Employees who are participants in the Urban League of Metropolitan St. Louis, Inc. Pension Plan are not eligible for Employer contributions.

Contributions

Participants may make deferral contributions to the Plan subject to certain Internal Revenue Service (IRS) limitations. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make contributions representing distributions from other qualified plans (rollover).

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

The Plan provides for an Employer matching contribution. The matching contribution is a percentage of the participant's eligible compensation depending on the participant's hire date and years of service. After achieving one year of service, the Employer match is equal to 3% of the participant's eligible compensation. This matching percentage escalates by 1% after each additional year of service, with a maximum match of 5% after three years of service.

URBAN LEAGUE OF METROPOLITAN ST. LOUIS 403(b) PLAN

Notes To Financial Statements (*Continued*)

The Plan provides for a discretionary Employer contribution. During the years ended December 31, 2024 and 2023, the discretionary contribution was 3% of the participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions and an allocation of earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Participants become fully vested in Employer contributions after three years of service. Nonvested amounts are forfeited if an employee terminates prior to fully vesting. In the event of attaining normal retirement age, death, or disability of a participant, the participant will automatically become fully vested.

Forfeitures

Forfeitures of nonvested participant balances can be used to reduce Employer matching contributions or pay administrative expenses of the Plan. Forfeitures available for use amounted to \$102,592 and \$67,924 as of December 31, 2024 and 2023, respectively. During the Plan years ended December 31, 2024 and 2023, \$25,088 and \$11,830, respectively, in forfeited funds were used to pay administrative expenses. During the Plan year ended December 31, 2023, \$9,898 was used to offset Employer contributions. There were no forfeited funds used to offset employer contributions during the Plan year ended 2024.

**URBAN LEAGUE OF METROPOLITAN
ST. LOUIS 403(b) PLAN**

Notes To Financial Statements (*Continued*)

Payment Of Benefits

Participant's account and earnings thereon are distributed upon retirement, death, or other termination of employment. Participants with account balances less than \$5,000 will automatically be distributed out of the Plan. Benefit payments are only distributed in a lump sum.

In-Service Withdrawals

Active participants who reach age 59-½ may withdraw all or part of their vested account resulting from all contributions. Participants who experience a qualifying financial hardship may withdraw all or part of their vested account resulting from their deferral contributions and related earnings. Hardship withdrawals will be approved only if they conform to the Plan provisions and established Internal Revenue Code (the Code) safe harbor withdrawal provisions.

Administrative Expenses

Certain administrative functions are performed by officers or employees for the Employer. No such officer or employee receives compensation from the Plan. A significant portion of the administrative expenses of the Plan are paid by the Employer. Other administrative expenses, primarily transaction and administrative fees are paid by participants.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

**URBAN LEAGUE OF METROPOLITAN
ST. LOUIS 403(b) PLAN**

Notes To Financial Statements (*Continued*)

Investment Valuation And Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments in the accompanying statement of changes in net assets available for benefits includes realized gains and losses and unrealized appreciation and depreciation.

Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions, and, when appropriate, reasonable and supportable forecasts.

The Plan has concluded that no allowance for current expected credit losses was necessary at December 31, 2024 or 2023.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the years then ended, included throughout the Plan's financial statements, that was prepared by or derived from information certified by Principal Trust Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Principal Trust Company that the information provided to the Plan Administrator related to the following information is complete and accurate.

4. Fair Value Measurements

The Plan utilizes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; |

**URBAN LEAGUE OF METROPOLITAN
ST. LOUIS 403(b) PLAN**

Notes To Financial Statements (*Continued*)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes To Financial Statements (*Continued*)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 2,272,016	\$ —	\$ —	\$ 2,272,016

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 1,835,346	\$ —	\$ —	\$ 1,835,346

There have been no changes in the valuation methodology used at December 31, 2024 or 2023.

5. Income Tax Status

The Plan utilizes a volume submitter 403(b) plan document that has received a favorable opinion letter from the IRS dated March 31, 2017, in which the IRS stated that the volume submitter 403(b) plan document was in compliance with Section 403(b) of the Code. The Plan and the volume submitter document have been amended since the date of the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified and was tax exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During the year ended December 31, 2022, management determined there were estimated missed Employer contributions of \$37,189 related to the calculation of employee and employer contributions. This balance has been included in employer contributions receivable as of December 31, 2024 and 2023. Management is working to determine the extent of this error and make all necessary corrections.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Party In Interest Transactions

Certain Plan investments are registered investment companies managed by an affiliate of Principal Trust Company. These transactions are considered party in interest transactions allowable under ERISA.

8. Risks And Uncertainties

The Plan invests in various investment securities, which in general are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

9. Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024 and 2023 to the Form 5500:

	<u>December 31,</u>	
	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 2,309,205	\$ 1,893,619
Estimated corrective employer contribution	37,189	37,189
Net assets available for benefits per Form 5500	\$ 2,272,016	\$ 1,856,430
