Independent Auditor's Report

To the Plan Administrator  
Fairleigh Dickinson University Defined Contribution Plan

*Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Fairleigh Dickinson University Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

*Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

*Supplemental Schedule Required by ERISA*

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Fairleigh Dickinson University Defined Contribution Plan

### Notes to Financial Statements December 31, 2024 and 2023

#### Note 1 - Description of Plan

The following description of the Fairleigh Dickinson University (the "University") Defined Contribution Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan covering all employees of the University, except for student and adjunct employees. Employees are eligible to become participants and make deferral contributions to the Plan as soon as administratively possible after their hire date. Nonunion full-time employees become eligible for an employer match after attaining the age of 21 and completing two years of service. Nonunion part-time employees become eligible for an employer match after attaining the age of 21 and working a minimum of 1,000 hours in two calendar years. Union full-time employees become eligible for the employer match after attaining the age of 21 and completing one year of service. Union part-time employees become eligible for an employer match after attaining the age of 21 and working a minimum of 1,000 hours in one calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code"). The Board of Trustees is responsible for oversight of the Plan. The Investment Oversight Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

##### **Contributions**

Each year, participants may contribute a portion of their pretax annual compensation, as defined by the Plan, up to an annual limit determined by Internal Revenue Service ("IRS") limitations (\$23,000 for 2024 and \$22,500 for 2023). This limitation includes contributions to all eligible plans administered by the University. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$7,500 in 2024 and 2023. Participants who have been employed for at least 15 years may also make special 403(b) catch-up contributions not to exceed \$3,000 per annum or \$15,000 in a lifetime. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The University will match an amount equal to 8% of total compensation for participants with less than eight years of service, and 11% of total compensation for participants with eight or more years of service, provided that the participant makes an elective deferral to the Plan of at least 3%.

Participants direct the investment of all of the contributions into various investment options offered by the Plan.

Contributions are subject to certain IRS limitations.

##### **Participant accounts**

Each participant's account is credited with the participant's contributions and the University's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting**

Participants are immediately vested in their contributions, including salary deferral and rollover contributions plus actual earnings thereon. Participants are also immediately vested in the University's contributions.

## Fairleigh Dickinson University Defined Contribution Plan

### Notes to Financial Statements December 31, 2024 and 2023

#### Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participants cannot have more than three loans outstanding at a time. The loans are secured by the balance in the participant's account. The loan interest rate is based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid by the participant directly to the Plan.

Prior to 2021, participants were able to borrow from Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equity Fund ("CREF") using the assets in the participant accounts as collateral. Under this arrangement, TIAA and CREF have the right to collect the collateral in the event of a default. At December 31, 2024 and 2023, notes receivable from participants totaling \$654,865 and \$766,645, respectively, were outstanding under this arrangement, of which \$580,394 and \$570,354, respectively, have been defaulted.

#### Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in the form of an annuity contract. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

### Note 2 - Summary of accounting policies

#### Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Investments

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### Contributions

Contributions from Plan participants and the matching contributions from the University are recorded in the year in which the employee contributions are withheld from compensation.

## Fairleigh Dickinson University Defined Contribution Plan

### Notes to Financial Statements December 31, 2024 and 2023

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

#### Payment of benefits

Benefits are recorded when paid.

#### Operating expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the University. Expenses that are paid by the University are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

#### Subsequent events

The Plan has evaluated subsequent events through October 7, 2025, which is the date the financial statements were available to be issued.

### Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## Fairleigh Dickinson University Defined Contribution Plan

### Notes to Financial Statements December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

#### **Fixed annuity contract**

Valued based on the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The annuities are not available for sale or transfer on any securities exchange.

#### **Mutual funds**

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

#### **Pooled separate account**

Valued at the unit value reported by the account. The unit value is listed on the National Association of Securities Dealers Automated Quotations ("NASDAQ") website and updated overnight for each day that NASDAQ is open. The pooled separate account held by the Plan is deemed to be actively traded.

#### **Variable annuity contracts**

The Plan invests in variable annuity contracts with CREF. The CREF accounts are valued at the unit value as reported by the account. The unit values are listed on the NASDAQ website and updated overnight for each day that the NASDAQ is open. The accounts held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Fixed annuity contract	\$ -	\$ -	\$ 136,823,827	\$ 136,823,827
Mutual funds	148,022,865	-	-	148,022,865
Pooled separate account	12,827,055	-	-	12,827,055
Variable annuity contracts	88,219,993	-	-	88,219,993
	<u>\$ 249,069,913</u>	<u>\$ -</u>	<u>\$ 136,823,827</u>	<u>\$ 385,893,740</u>
	2023			
	Level 1	Level 2	Level 3	Total
Fixed annuity contract	\$ -	\$ -	\$ 138,551,240	\$ 138,551,240
Mutual funds	129,231,848	-	-	129,231,848
Pooled separate account	13,684,074	-	-	13,684,074
Variable annuity contracts	90,350,521	-	-	90,350,521
	<u>\$ 233,266,443</u>	<u>\$ -</u>	<u>\$ 138,551,240</u>	<u>\$ 371,817,683</u>

For the years ended December 31, 2024 and 2023, there were purchases of \$15,901,721 and \$15,781,040, respectively, of Level 3 assets. There were no transfers into or out of Level 3 during 2024 or 2023.

## Fairleigh Dickinson University Defined Contribution Plan

### Notes to Financial Statements December 31, 2024 and 2023

#### Quantitative information regarding Level 3 fair value measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure fair value of those financial instruments and the significant unobservable inputs and ranges of values for those inputs:

Instrument	2024 fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity	\$ 136,823,827	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.65% - 6.50%

Instrument	2023 fair value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Annuity	\$ 138,551,240	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	4.00% - 6.75%

#### Note 4 - Fully benefit-responsive investment contracts

One of the TIAA Traditional Annuity contracts held by the Plan meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and may not be less than 1% - 3%. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on a year-by-year basis. The contracts cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code.
2. Premature termination of the contracts.

## Fairleigh Dickinson University Defined Contribution Plan

### Notes to Financial Statements December 31, 2024 and 2023

3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions.
5. Bankruptcy of the University or other University events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

#### **Note 5 - Related party transactions and party-in-interest transactions**

Certain Plan investments are managed by TIAA and CREF. TIAA and CREF are the insurance entities holding certain investments and also the recordkeeper as agent for TIAA, FSB and TIAA Trust N.A., therefore, these transactions qualify as party-in-interest transactions, as defined by the Plan.

TIAA and CREF provide certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the University and TIAA and CREF. TIAA and CREF receive revenue from mutual fund providers for services TIAA and CREF provide to the funds. This revenue is used to offset certain amounts owed to TIAA and CREF for their administrative services to the Plan.

If the revenue received by TIAA and CREF from such mutual fund service providers exceeds the amount owed under the MSA, TIAA and CREF remit the excess to the Plan on a semi-annual basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. In December 31, 2024 and 2023, there was an excess of \$369,178 and \$351,876, respectively, which is included in other income on the statements of changes in net assets available for benefits. The Plan or University may make a payment to TIAA and CREF for administrative expenses not covered by revenue sharing.

### Notes to Financial Statements December 31, 2024 and 2023

#### **Note 6 - Certified investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2024 and 2023, and investment income and interest income on notes receivable from participants for the years then ended, that are disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by TIAA and CREF.

#### **Note 7 - Plan termination**

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### **Note 8 - Tax status**

The University has adopted a pre-approved plan document that has received an opinion letter from the IRS dated August 7, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Code. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 9 - Risks and uncertainties**

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
