## Independent Auditor's Report

To the Plan Administrator and Participants  
4G Clinical, LLC 401(k) Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the accompanying financial statements of 4G Clinical, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 4G Clinical, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 4G Clinical, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 4G Clinical, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 4G Clinical, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 4G Clinical, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information,

including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**4G CLINICAL, LLC 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**1. Description of Plan**

The following description of the 4G Clinical, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution savings and profit-sharing plan established February 15, 2016 by 4G Clinical, LLC (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

John Hancock Life Insurance Company (“John Hancock”) is the recordkeeper and trustee of the Plan.

b. Eligibility

Employees of the Company are eligible to participate in the Plan upon employment (except leased employees, employees covered by a collective bargaining agreement, and non-resident aliens who received no income from within the US). There is a minimum age requirement of 18 years old and no service requirements to participate in the Plan.

c. Participant Contributions

Participants that make their contribution election may defer up to 100% of their eligible compensation, limited by requirements of the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

d. Employer Contributions

The Company makes a safe harbor employer contribution equal to 3% of eligible compensation. The Company may also make additional contributions to the Plan at the discretion of the Company's board of directors, subject to the limits of the IRC. No additional discretionary contributions were made during 2024 and 2023.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by John Hancock. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant’s vested account.

f. Vesting

Participants are fully vested at all times in the portion of their accounts attributable to their own contributions, the Company's safe harbor contribution, and earnings thereon. Participants vest in the portion of their accounts attributable to Company matching and discretionary contributions and earnings thereon at a rate of 25% for each year of service. A participant is fully vested after four years of credited service or in the event a participant becomes disabled or dies.

g. Payment of Benefits

Upon reaching retirement age, termination of service or death, a participant or beneficiary may be paid a lump-sum amount equal to the participant's vested account balance. Account balances less than \$5,000 but greater than \$1,000, may be distributed in the form of a direct rollover to an individual retirement account designated by the Plan administrator. This limit was increased to \$7,000 in 2024. Account balances less than \$1,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their elective deferrals as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

i. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to a \$1,000 minimum and certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be for a period of twenty years. Participants may have a maximum of two outstanding loans at any time. The interest rate on participant loans is the Wall Street Journal Prime Rate plus 1% and is fixed at the inception of the loan. The interest rate on outstanding loans at December 31, 2024 ranged from 4.25% to 9.50% and the loans mature through 2041.

j. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses of the Plan or to reduce future Company contributions. For the years ended December 31, 2024 and 2023, there were no forfeitures utilized or available to reduce employer matching contributions.

**2. Summary of Significant Accounting Policies**

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

d. Contribution Receivable

Contribution receivables are contributions earned during the year but not received until the subsequent period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at cost and due to its nature, the Plan does not establish an allowance for credit losses for contribution receivables.

e. Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. The Plan does not establish an allowance for credit losses on note receivables since the receivables are fully secured by the participants' contributions to the Plan. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

f. Payment of Benefits

Benefits are recorded when paid.

g. Expenses

Administrative costs, including trustee, recordkeeping, legal and accounting fees, are paid by the Company. Direct expenses totaling approximately \$60,000 and \$55,000 were paid by the Plan during 2024 and 2023, respectively, representing transactional fees incurred and allocated to specific participants. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

**3. Investments**

Plan investment assets are held by John Hancock. Participants can direct their accounts among various separate accounts and a common collective trust.

The John Hancock Stable Value Guaranteed Income Fund is a common collective trust investing primarily in corporate bonds, mortgaged-backed securities, U.S. government securities and private placements, that seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The fund is a stable value

product that guarantees principal and accumulated interest. Guarantees are provided through a rider on a group annuity contract issued by John Hancock Life Insurance Company. Earnings from the investment in the collective common trust are included in the net appreciation in fair value of investments on the accompanying statements of changes in net assets available for benefits.

#### 4. Fair Value Measurements

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. As of December 31, 2024 and 2023, all of the Plan’s investments are measured using the NAV as a practical expedient and, therefore, leveling in accordance with ASC 820 does not apply.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

*Separate accounts:* The Plan’s interest in separate accounts is valued at the net asset value (“NAV”) of each separate account’s underlying investments as based on the information reported by the custodian using the daily reported NAV practical expedient of the separate account at year end. Participant transactions can occur daily.

*Common collective trust:* The Plan invests in a stable value common collective trust which is valued at the NAV of the underlying investments. Participant transactions can occur daily.

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value at December 31:

	<u>Fair Value</u>	<u>Fair Value</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>2024</u>	<u>2023</u>	<u>Frequency</u>	<u>Notice</u>
				<u>Period</u>
Separate pooled funds	\$ 16,164,533	\$ 13,358,632	Daily	1-2 days
Common collective trust	34,022	13,780	Daily	1-2 days
	<u>\$ 16,198,555</u>	<u>\$ 13,372,412</u>		

There were no unfunded commitments as of December 31, 2024 and 2023.

#### 5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near

term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

## **6. Information Certified by the Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, John Hancock, as of and for the years ended December 31, 2024 and 2023, respectively, as complete and accurate.

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest on participant notes receivable
- Schedule of assets (held at end of year)

## **7. Party-in-interest Transactions**

Certain Plan investments are managed by John Hancock. John Hancock is the custodian as defined by the Plan. Certain investment fees are paid by the custodian and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Additionally, the Plan sponsor, 4G Clinical, LLC, is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

## **8. Tax Status**

The Company adopted the MandMarblestone Group ("MMG") Non-Standardized Pre-Approved Profit-Sharing Plan Document ("4G Clinical, LLC Plan Document") effective February 15, 2016. MMG received an advisory letter from the Internal Revenue Service ("IRS") on June 30, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter, however management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax exempt as of December 31, 2024 and 2023 and for the years then ended.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

## 9. Non-exempt Transactions

Certain participant contributions that occurred in 2024 were identified that were not remitted to the Plan by the Company within the time period required by the Department of Labor. These late remittances constitute prohibited transactions as defined by ERISA. Management has included these amounts on the accompanying schedule of delinquent participant contributions. The contributions, along with the lost earnings thereon, were remitted to the plan in 2025.

## 10. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

## 11. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through October 9, 2025, the date the financial statements are available to be issued and determined that the following should be disclosed.

Beginning in 2025, participants aged 60-63 may make super catch-up contributions to the Plan, subject to the limitations as set by the IRS.

## 12. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits reported on the financial statements	\$ 16,507,521	\$ 13,575,813
Contribution receivables	<u>(2,312)</u>	<u>(2,208)</u>
