INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Turn On Products, Inc. Profit Sharing Plan
48 West 37th Street,
New York, NY 10018

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Turn On Products, Inc. Profit Sharing Plan, an employee benefit plan, subject to the Employer Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 (in liquidation) and the related statement of changes in net assets available for benefits (in liquidation) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Turn On Products, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not to extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 250.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution)

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section-

- The amounts and disclosures in the financial statements referred to above, other those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Turn On Products, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 7 to the financial statements, the governing body of Turn On Products, Inc. Profit Sharing Plan approved a plan of liquidation on October 17, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting its previous financial statements to the liquidation basis used in presenting the 2024 and 2023 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Turn On Products, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; determining the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statement

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Turn On Products, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Turn On Products, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - Supplemental Schedule Required by ERISA

The supplemental schedule on page 16 is presented for purposes of additional analysis and is a not required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from certain investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TURN ON PRODUCTS, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

Note 1 - Description of Plan

The following description of the Turn On Products, Inc. Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

a) General

The Plan is a qualified defined contribution plan covering substantially all eligible employees of Turn On Products, Inc. (the “Company”) who have completed one year of service. Eligibility employees exclude union employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) Participant Contributions

Each participant in the Plan can elect to contribute up to 100% of their compensation provided such amount will not cause the Plan to exceed certain limitations prescribed by Internal Revenue Code (“IRC”). Participants age 50 or older who are making contributions to the Plan are eligible to make catch-up contributions as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These amounts are credited to each participant’s elective contribution account or rollover account, respectively.

c) Employer Contributions

The Company has elected the Safe Harbor Matching provisions permitted under the Pension Protection Act of 2006, whereby the Company contributes a non-elective contribution to the Plan equal to 3% of participants’ compensation. The Company can also make additional discretionary non-elective contributions to one or more employee groups, as defined in the plan agreement, in any given year. A participant shall be eligible to receive the additional contribution for such plan year if he/she is an active employee on the last business day of the plan year. During 2024 the Company elected not to make these contributions to the Plan.

d) Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s Safe Harbor Matching contribution, and an allocation of a) the Company’s non-elective contribution, b) Plan earnings (losses), c) and d) charged with allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

Note 1 - Description of Plan (continued)

e) Vesting

Participants are immediately vested in their voluntary contributions, rollover accounts and the employer's Safe Harbor Matching contributions, plus actual earnings thereon. Participants become vested in the employer discretionary non-elective contributions according to the following schedule:

| <u>Years of Service</u> | <u>Percentage</u> |
|-----------------------------------|-------------------|
| Less than 2 years | 0% |
| At least 2 years, but less than 3 | 20% |
| At least 3 years, but less than 4 | 40% |
| At least 4 years, but less than 5 | 60% |
| At least 5 years, but less than 6 | 80% |
| 6 years or more | 100% |

f) Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% or their vested account balance. The term of the loan is not to exceed five years unless the loan is used to buy a participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of the interest as determined by the administrator of the Plan. Principal and interest are paid ratably through payroll deductions.

g) Payment of Benefits

In the event of a participant's death, disability or retirement, the participants or their beneficiary shall be entitled to receive the participant's entire accrued benefit. On termination of service for any other reason, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the vested interest \$5,000 or less. If the participant's vested interest is over \$5,000, the participant may elect to receive payment in a lump-sum amount or installments paid over a certain number of years selected by the participant.

h) Investment Options

Upon enrollment in the Plan, a participant may direct their elective and employer contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate investment accounts as investment options for participants. Participants may change their investment options daily.

Note 1 - Description of Plan (continued)

i) Forfeitures

Forfeitures of the non-vested portion of the participant's account occur upon termination of employment and after the vested portion of such account has been distributed to the participant. Forfeitures may be used to reduce employer contributions. There were no forfeitures at December 31, 2024.

Note 2 - Summary of Accounting Policies

a) Subsequent Events

Management has evaluated subsequent events and transactions occurring through October 8, 2025, the date which the financial statements were available to be issued.

b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a qualified defined contribution plan are required to be reported at fair value.

d) Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2024.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

Note 2 - Summary of Accounting Policies (continued)

e) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements. Securities traded on the national securities exchange are valued at the last reported sales price on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the cash basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

f) Payment of Benefits

Benefits are recorded when paid.

h) Operating Expenses

In accordance with the Plan, all administrative expenses may be paid out of the Plan unless paid by the Company. During 2024, certain administrative expenses were paid by the Company and not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation

TURN ON PRODUCTS, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 - Fair Value Measurements (continued)

techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds, common stock, corporate bonds and U.S. Government securities are based on quoted market prices.

Level 2 Fair Value Measurements

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly

Level 3 Fair Value Measurements

For those assets with fair value measured using Level 3 inputs, the plan administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair market value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024.

Note 5 - Related Party Transaction

One America is the trustee as defined by the Plan and certain investments are shares of mutual funds which it manages. As such these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were \$15,030 for the year ended December 31, 2024.

Note 6 - Unaudited Information

The custodian of the Plan is One America. The custodian holds the investment assets and execute transactions. Financial information relating to the investments and changes thereto included in the accompanying financial statements and supplemental schedules are based on information provided and certified as complete and accurate by the custodian. Such information has not been audited by the auditors.

TURN ON PRODUCTS, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

Note 7 - Plan Termination

The governing body of Turn On Products, Inc. Profit Sharing Plan approved a plan of liquidation on October 17, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting its previous financial statements to the liquidation basis used in presenting the 2024 and 2023 financial statements. All participants were appropriately notified of this termination and the applicable documents necessary to request either a distribution of their account balances or a rollover to another qualified plan or IRA were remitted to them.

Note 8 - Income Tax Status

The Company has adopted a volume submitter profit sharing plan sponsored by Improved Funding Techniques Inc., who has received a letter dated March 31, 2002 from Internal Revenue Service that the Plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter: however, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax position taken by the Plan and recognize a tax liability (or assets) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authority. The Plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
