b	Expected plan-related expenses	6b	698787	
c	Target normal cost	6c	3568009	

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)		
(B) Participants	2a(1)(B)		
(C) Others (including rollovers)	2a(1)(C)		
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)		0
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)	93369	
(B) U.S. Government securities	2b(1)(B)	236448	
(C) Corporate debt instruments	2b(1)(C)	2241089	
(D) Loans (other than to participants)	2b(1)(D)		
(E) Participant loans	2b(1)(E)		
(F) Other	2b(1)(F)	450806	
(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)		3021712
(2) Dividends:			
(A) Preferred stock	2b(2)(A)		
(B) Common stock	2b(2)(B)		
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)	7209423	
(D) Total dividends. Add lines 2b(2)(A) , (B) , and (C)	2b(2)(D)		7209423
(3) Rents	2b(3)		
(4) Net gain (loss) on sale of assets:			
(A) Aggregate proceeds	2b(4)(A)	1253572302	
(B) Aggregate carrying amount (see instructions)	2b(4)(B)	1259079507	
(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)		-5507205
(5) Unrealized appreciation (depreciation) of assets:			
(A) Real estate	2b(5)(A)		
(B) Other	2b(5)(B)	-852506	
(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)		

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)		
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		
(9) Net investment gain (loss) from 103-12 investment entities	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		-1569212
c Other income	2c		
d Total income. Add all income amounts in column (b) and enter total	2d		2302212

Expenses

e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	20207653	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		20207653
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions)	2g		
h Interest expense	2h		
i Administrative expenses:			
(1) Salaries and allowances	2i(1)		
(2) Contract administrator fees	2i(2)	562667	
(3) Recordkeeping fees	2i(3)	7232	
(4) IQPA audit fees	2i(4)	37135	
(5) Investment advisory and investment management fees	2i(5)	686906	
(6) Bank or trust company trustee/custodial fees	2i(6)		
(7) Actuarial fees	2i(7)	90163	
(8) Legal fees	2i(8)		
(9) Valuation/appraisal fees	2i(9)		
(10) Other trustee fees and expenses	2i(10)		
(11) Other expenses	2i(11)	235403	
(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)		1619506
j Total expenses. Add all expense amounts in column (b) and enter total	2j		21827159

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		-19524947
l Transfers of assets:			
(1) To this plan	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **RSM US LLP**

(2) EIN: **42-0714325**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 555837.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500. (2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify): _____

a Name of contributing employer

b EIN

c Dollar amount contributed by employer

d Date collective bargaining agreement expires (If employer contributes under more than one collective bargaining agreement, check box ☐ and see instructions regarding required attachment. Otherwise, enter the applicable date.) Month _____ Day _____ Year _____

e Contribution rate information (If more than one rate applies, check this box ☐ and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)

(1) Contribution rate (in dollars and cents) _____

(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify): _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: ☐ last contributing employer ☐ alternative ☐ reasonable approximation (see instructions for required attachment).....

14a

b The plan year immediately preceding the current plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....

14b

c The second preceding plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....

14c

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year.....

15a

b The corresponding number for the second preceding plan year.....

15b

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year.....

16a

b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers.....

16b

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:

Public Equity: 58.0 % Private Equity: _____ % Investment-Grade Debt and Interest Rate Hedging Assets: 42.0 %

High-Yield Debt: _____ % Real Assets: _____ % Cash or Cash Equivalents: _____ % Other: _____ %

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:

☐ 0-5 years ☐ 5-10 years ☐ 10-15 years ☒ 15 years or more

20 PBGC missed contribution reporting requirements. If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☒ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation: _____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? ☐ Yes ☒ No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).

☐ Design-based safe harbor method

☐ "Prior year" ADP test

☐ "Current year" ADP test

☒ N/A

22 If the plan sponsor is an adopter of a pre-approved plan that received a favorable IRS Opinion Letter, enter the date of the Opinion Letter ___/___/___ (MM/DD/YYYY) and the Opinion Letter serial number _____.

Independent Auditor's Report

Plan Administrator
Solvay US Companies Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Solvay US Companies Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year ended December 31, 2024 and period from November 1, 2023 to December 31, 2023, the statement of accumulated plan benefits as of December 31, 2023, the related statement of changes in accumulated plan benefits for the period November 1, 2023 to December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 31, 2024 and 2023, for the year ended December 31, 2024 and period from November 1, 2023 to December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Audit of the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at year end), as of December 31, 2024, and Schedule H, line 4j—schedule of reportable transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Solvay US Companies Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined benefit pension plan which covers certain employees of Essential Holding America, LLC (the Company or Plan Sponsor) and certain of its participating subsidiaries who work in the United States. The Plan became effective on November 1, 2023 when it was adopted by the Company. Also effective November 1, 2023, there was a transfer of liabilities and assets from the Solvay and the Cytec Companies Pension Plan made pursuant to the demerger agreement associated with the reorganization of the subsidiaries and affiliates of Solvay SA in the United States. Participation in the Plan is determined by the plan document and the terms of the local union contracts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and plan benefits: The Plan is comprised of the following four portions, Part I through IV, as follows:

Part I sets forth the benefits for participants who were participants in Solvay America Companies' Pension Plan (renamed Solvay Pension Plan) on December 31, 2015 (prior to reflecting the merger of Solvay USA Inc. Pension Equity Plan (PEP)) and other eligible employees who become covered under the cash balance formula under Solvay Pension Plan or a successor plan as described above (on or after January 1, 2019, Part I of this Plan) and were not participants in the PEP as of December 31, 2015.

Part II sets forth the benefits for eligible employees who were participants in the PEP as of December 31, 2015 and who on or after January 1, 2016 accrue benefits under the cash balance formula under Solvay Pension Plan or a successor plan as described above (on or after January 1, 2019, Part I of this Plan).

Part III sets forth the benefits for participants in the PEP as of December 31, 2015 who elected through a one-time choice window to remain covered under the pension equity formula on or after January 1, 2016.

Part IV sets forth the benefits for participants who were participants in former Solvay USA Hourly Pension Plan as of December 31, 2018 (prior to reflecting the merger of Solvay Pension Plan into Solvay USA Hourly Pension Plan).

Reclassification: Certain 2023 amounts have been reclassified to conform to the current year presentation

Note 2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Benefit payments: Benefit payments to participants are recorded when paid. Reimbursements are netted with benefit payments in the period when the corresponding benefits were paid.

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Funding policy: Contributions from the Company are recognized based upon amounts required to be funded under provisions of ERISA or, if greater, amounts actually contributed for the year. The Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to plan members. No contributions were made or required to meet the minimum funding requirements of ERISA for 2023 and 2024.

The Pension Protection Act of 2006 (PPA) as amended by the Worker, Retiree and Employer Recovery Act of 2008 (WRERA) imposes certain benefit restrictions for qualified defined benefit plans that do not meet certain funding thresholds. The At-Risk status is referred to as the Funding Target Attainment Percentage (the FTAP). A plan's funded percentage is referred to as the Adjusted Funding Target Attainment Percentage (the AFTAP). The 2024 AFTAP for the Plan is 85.6%. Since the 2024 eligibility ratio is greater than or equal to 80%, the Plan Sponsor may elect to apply the funding standard carryover balance or prefunding balance to the 2024 minimum required contribution.

Investment valuation: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion on fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor's management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the actuarial present value of accumulated plan benefits as of the benefit information date, the changes in net assets available for benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on the number of credited service years ending on the date as of which the benefit information is presented (the valuation date) and the corresponding monthly benefit amount does include future plan increases. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via plan contracts, excluded from plan assets, are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Consulting actuaries estimate the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability or withdrawal) between the valuation date and the expected date of payment.

The significant actuarial assumptions underlying the actuarial computations of the present value of the accumulated plan benefits as of December 31, 2023, the valuation date, are as follows:

Assumed long-term return on assets:	4.90%
Mortality basis:	Pri-2012
Retirement age:	Graded rates of retirement based on age between ages 55 and 70
Actuarial cost method:	Traditional unit credit

- (a) The mortality assumption is the Pri-2012 employee, retiree and contingent survivor mortality rates tables. The mortality rates are projected generationally from 2012 using Scale MP-2020.

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and or disclosure through October 7, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by The Bank of New York Mellon/BNY Mellon, N.A. (the Trustee)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by The Bank of New York Mellon/BNY Mellon, N.A., (the Trustee) for the Plan, as of December 31, 2024 and 2023 and for the year ended December 31, 2024 and for the period from November 1, 2023 to December 31, 2023, except for comparing such information certified by the trustee to the information included in the Plan's financial statements.

The Plan's Trustee also certified the completeness and accuracy to the best of their knowledge and belief of \$245,489,752 of investments at fair value, \$3,192,096 of cash, \$1,526,131 of accrued interest and other receivables, \$9,640,877 of foreign currency contracts receivable, \$33,226,655 of payables for investments purchased, \$9,640,877 of foreign currency contracts payable, \$1,233,325 of other investment liabilities as of December 31, 2024. The Plan recorded net (depreciation) appreciation in fair value of investments of \$(7,928,922) and \$10,231,135 of interest, dividend and other income for the year ended December 31, 2024.

The Plan's Trustee also certified the completeness and accuracy to the best of their knowledge and belief of \$215,713,171 of investments at fair value, \$1,380,000 of cash, \$402,338 of accrued interest and other receivables, \$2,254,082 of payables for investments purchased, \$867,457 of other investment liabilities, \$28,274,633 of net (depreciation) appreciation in fair value of investments, \$3,548,362 of interest and dividend and other income for the period from November 1, 2023 to December 31, 2023.

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 (ASC 820), Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments that use the practical expedient are not classified within the fair value hierarchy.

The Plan assesses the levels of investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's agreement regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2024 and 2023, there were no transfers among Levels 1, 2 and 3 investments.

Following are descriptions of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes by the Plan in the methodologies used for the year ended December 31, 2024.

Mutual funds: Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted price of the fund, which represents the net asset value (NAV) of the shares held by the Plan at year-end.

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Collective trusts: Valued based on the NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments compromising the trust, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Regulated investment companies: Valued based on the NAV of units of the investment company. The NAV, as provided by the investee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments compromising the investment company, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Derivative instruments: Listed derivatives that are actively traded are valued based on quoted prices from the exchange and are categorized in Level 1 of the fair value hierarchy.

Over-the-counter (OTC) derivative contracts include forward, swap and option contracts related to interest rates, foreign currencies, credit standing of reference entities, equity prices or commodity prices. Depending on the product and the terms of the transaction, the fair value of the OTC derivative products can be modeled taking into account the counterparties' creditworthiness and using a series of techniques, including simulation models. Many pricing models do not entail material subjectivity because the methodologies employed do not necessitate significant judgments and the pricing inputs are observed from actively quoted markets, as is the case of interest rate swap and option contracts.

A substantial majority of OTC derivative products valued by the Plan using pricing models fall into this category and are categorized within Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

All investments in the statements of net assets available for benefits are reported at fair value. The closing prices reported in the active markets in which the securities are traded, are used to value the investments.

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Investment at Fair Value as of December 31, 2024				
	Quotes Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Assets:				
Corporate bonds	\$ -	\$ 49,566,409	\$ -	\$ 49,566,409
Credit default swaps	-	137,607	-	137,607
Futures contracts	-	49,570	-	49,570
Government securities	34,079,687	1,819,549	-	35,899,236
Interest rate swaps	-	282,350	-	282,350
Mutual funds	24,045,545	-	-	24,045,545
Total investments in the fair value hierarchy	58,125,232	51,855,485	-	109,980,717
Investments measured at NAV (a)	-	-	-	135,509,035
Total investments, at fair value	<u>\$ 58,125,232</u>	<u>\$ 51,855,485</u>	<u>\$ -</u>	<u>\$ 245,489,752</u>

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- (a) In accordance with the Fair Value Measurement Topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.
- (b) Forward foreign currencies and credit default swaps are included in the other investment liabilities in the statements of net assets available for benefits.

Note 5. Plan Investments That Calculate NAV Per Share

The following table summarizes the Plan investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2024 and 2023.

Investment	Fair Value December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Collective trust:					
Fidelity Investments Money Market Treasury Fund (a)	\$ 16,133,788	\$ 6,317,650	\$ -	Immediate	None
Regulated investment companies:					
Pimco Short-Term Floating NAV Portfolio II (b)	536,094	118,250,960	-	Immediate	None
Pimco Long Duration Credit Bond Portfolio (c)	61,935,047	206,731	-	Immediate	None
Pimco Sector Fund Series I (d)	56,904,106	40,858,296	-	Immediate	None
	<u>\$ 135,509,035</u>	<u>\$ 165,633,637</u>			

- (a) The investment objective of the fund is to seek as high a level of current income as is consistent with the preservation of capital and the maintenance of liquidity.
- (b) The investment objective of the fund is to seek maximum total return, consistent with prudent investment management and investments a majority of its assets in fixed income instruments.
- (c) The investment objective of the funds is to seek maximum current income, consistent with preservation of capital and daily liquidity and investments a majority of assets in fixed income instruments.
- (d) The investment objective of the fund is to maximize total return, by investing under normal circumstances at least 65% of its total assets in a portfolio of investment grade investments with varying maturities, which may be represented by forwards or derivatives.

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 6. Derivative Instruments

In the normal course of business, the Plan utilizes derivative instruments to manage exposure to fluctuations in interest and currency rates. Certain investments utilize options and futures contracts to hedge interest rate and/or securities price risk and forward foreign exchange contracts to hedge currency risk.

These financial instruments are recorded at fair value as derivative receivables and payables in the Plan's statements of net assets available for benefits. As of December 31, 2024, there were no derivative contracts accounted for as hedging instruments under ASC 815-10-50 in the Plan. Although the contract or notional amount of these instruments is not recorded within the Plan's investments, these instruments are recognized as either a receivable or liability, depending on the rights or obligations of the contract measured at fair value.

The table below represent the fair value of derivative instruments by risk in the Plan's statement of net assets available for benefits at December 31, 2024:

Risk	Plan's Statement of Net Assets Available for Benefits Location	Derivative Assets	Derivative Liabilities
Credit exposure	Investments at fair value	\$ 137,607	\$ -
Interest rate exposure	Investments at fair value	282,350	-
Currency exposure	Investments at fair value	49,570	-
Credit exposure	Other investment liabilities	-	1,639
Interest rate exposure	Other investment liabilities	-	712,364
Currency exposure	Other investment liabilities	-	13,014
Currency exposure	Foreign currency contracts receivable	9,640,877	-
Currency exposure	Foreign currency contracts payable	-	9,640,877
		<u>\$ 10,110,404</u>	<u>\$ 10,367,894</u>

The table below represent the fair value of derivative instruments by risk in the Plan's statement of net assets available for benefits at December 31, 2023:

Risk	Plan's Statement of Net Assets Available for Benefits Location	Derivative Assets	Derivative Liabilities
Credit exposure	Investments at fair value	\$ 3,161,008	\$ -
Credit exposure	Other investment liabilities	-	815,625
Interest rate exposure	Other investment liabilities	-	47,625
		<u>\$ 3,161,008</u>	<u>\$ 863,250</u>

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 6. Derivative Instruments (Continued)

The table below represents the effect of derivative instruments on the Plan's statement of changes in investment income for the year ended December 31, 2024:

Risk	Amount of Realized Gain (Loss) of Derivatives	Change in Unrealized Appreciation (Depreciation) of Derivatives	Total
Currency exposure	\$ (2,882,772)	\$ (662,794)	\$ (3,545,566)
Interest rate exposure	223,892	478,309	702,201
	<u>\$ (2,658,880)</u>	<u>\$ (184,485)</u>	<u>\$ (2,843,365)</u>

The table below represents the effect of derivative instruments on the Plan's statement of changes in investment income for the year ended December 31, 2023:

Risk	Amount of Realized Gain (Loss) of Derivatives	Change in Unrealized Appreciation (Depreciation) of Derivatives	Total
Currency exposure	\$ (285,339)	\$ 2,345,383	\$ 2,060,044
Interest rate exposure	7,730	(30,878)	(23,148)
	<u>\$ (277,609)</u>	<u>\$ 2,314,505</u>	<u>\$ 2,036,896</u>

The table below represents the average volume of derivative instruments by risk in the Plan at December 31, 2024:

Risk	Contract Type	Long Notional Value	Short Notional Value
Currency exposure	Futures	\$ 31,866	\$ (163,880)
Credit exposure	Swaps	18,331,450	14,063
Interest rate exposure	Options	-	-

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 6. Derivative Instruments (Continued)

The table below represents the average volume of derivative instruments by risk in the Plan at December 31, 2023:

Risk	Contract Type	Long Notional Value	Short Notional Value
Currency exposure	Futures	\$ 66,072	\$ (9,619)
Interest rate exposure	Options	-	(242,800)
Interest rate exposure	Swaps	-	(2,925,730)
		<u>\$ 66,072</u>	<u>\$ (3,178,149)</u>

Options and futures contracts: By writing options, the Plan receive a premium and become obligated during the term of the option to purchase or sell a specified instrument at a set price if the option is exercised. With purchasing options, the Plan pays a premium to own the right to buy or sell a specified instrument at a set price during the term of the option.

Futures contracts are contracts for delayed settlement of specified instruments in which the seller agrees to make delivery on a future date of a specific instrument, at a specified price or yield. Upon entering into an options or futures contract, the Plan is required to deposit either cash or securities in an amount equal to a certain percentage of the contract value (i.e., initial margin). As these contracts are marked-to-market on a daily basis, subsequent payments (i.e., variation margin) are made or received by the Plan each day.

The Plan is subject to option price volatility (risk) and the risk that futures contracts may not correlate with the prices of the portfolio securities. The Plan's activities in these contracts are conducted through regulated exchanges, which minimize counterparty credit risk since the exchanges assume the default risk of the counterparty, and generally require margin deposits of cash or securities as collateral to minimize potential credit risk. Liquidity risk may arise if there is insufficient trading activity on the options or futures exchange.

Swaps and swaptions: Swap agreements are valued daily and changes in value, including periodic interest to be paid or received on swaps, are recorded as unrealized appreciation (depreciation) of investments, derivative contracts and foreign currency. Realized gains or losses are recorded upon receipt or payment of a periodic settlement (reset) or termination of swap agreements. The risk of entering into swap agreements includes the possible lack of liquidity and failure of the counterparty to meet its obligations in the underlying investments and instruments.

A credit default swap is a contract between a protection buyer and a protection seller whereby the buyer pays a periodic fee in return for a contingent payment by the seller based on a default or a liquidity event. Credit default swaps are designed to cover many risks, including: defaults, bankruptcy and credit rating downgrades. For the years ended December 31, 2024 and 2023, the Plan was both a buyer and a seller of protection using credit default swaps. Risk arises in swap contracts from potential counterparty nonperformance and from changes in the market values of underlying instruments. Credit risk associated with these contracts is limited to amounts recorded in the statements of net assets available for benefits.

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 6. Derivative Instruments (Continued)

Forward foreign currency contracts: In order to mitigate foreign currency exchange rate risks or for investment purposes, the investment managers of the Plan may buy or sell forward foreign currency contracts. Investments in forward foreign currency contracts obligate one party to purchase and the other party to sell a specific currency at a set price on a future date. Forward foreign currency contracts are valued monthly based on forward market rates, with the resulting adjustment being recorded as unrealized gains (losses), which is included on the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Note 7. Tax Status

The Plan Sponsor intends to file with the Internal Revenue Service a request for a determination letter as to the tax qualified status of the Plan and related trust under Internal Revenue Code (IRC) Section 401(a). The Plan Administrator believes that the Plan is currently designed and being operated in all material respects in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements as of and for the year ended December 31, 2024. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Administrative Expenses

Administrative expenses and fees (investment advisory fees, actuarial fees, service fees, insurance premiums, consulting fees, tax fees and audit fees) are paid out of assets of the Plan. All other expenses are paid by the Company.

Note 9. Related Party and Party-in-Interest Transactions

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services for the Plan at no cost.

BNY Mellon is the Plan's trustee and the Plan invests in short-term investment funds managed by BNY Mellon. In addition, as disclosed in Notes 1, 3, 4, 5 and 6, the Plan has several other arrangements with Solvay and service providers related to plan operations. These transactions are considered exempt party-in-interest transactions under ERISA.

Note 10. Plan Termination

Although the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to provisions of ERISA. In the event of termination, partial termination or discontinuance of the Plan, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Benefits attributable to employee contributions, taking into account those paid out before termination.

Solvay US Companies Pension Plan

Notes to Financial Statements

Note 10. Plan Termination (Continued)

- (b) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- (c) Other vested benefits insured by the Pension Benefit Guaranty Corporation (the PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- (d) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (e) All nonvested benefits.

Benefits to be provided via contracts under which the Company is obligated to pay the benefits would be excluded for allocation purposes.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported and based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month lookback (as of September 2023), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor under ARPA
1st Segment Rate	4.75%
2nd Segment Rate	4.87%
3rd Segment Rate	5.59%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month lookback (as of September 2023), without regard to interest rate stabilization.
1st Segment Rate	3.62%
2nd Segment Rate	4.46%
3rd Segment Rate	4.52%
Salary Increases	See Table 1
Cash Balance Interest Crediting Rate	3.50% for 2024.
Inflation	2.25% per year
Social Security Wage Base Increases	Future wage indices are assumed to be Inflation plus 1.00%.
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000 and the IRC section 401(a)(17) compensation limit of \$345,000.
Retirement Age	
Active Participants	See Table 2
Terminated Vested Participants	See Optional Payment Form section
Mortality Rates	2024 generational mortality tables for annuitants and non-annuitants per §1.430(h)(3)-1(b).
Withdrawal Rates	See Table 3
Disability Rates	See Table 4

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 85% of males and 55% of females have an eligible spouse, and that males are two years older than their spouses.
Optional Payment Form Election	
Legacy PEP TVs (pre-1/1/1998 terms)	100% commence at age 65 as follows: Single Participants: Single life annuity Married Participants: 25% elect a single life annuity and 75% elect the 50% J&S payment form
Other PEP and Cash Balance	Single Participants: 15% take single life annuity and 85% take a lump sum. Married Participants: 5% take a single life annuity, 10% elect the 50% J&S payment form, and 85% take a lump sum. Of the 85% who take a lump sum, 25% commence immediately, 25% commence in one year, and 50% at age 55.
Current and Future TVs — Traditional	30% commence at age 60 and 70% at age 65 as follows: Single Participants: Single life annuity Married Participants: 25% elect a single life annuity and 75% elect the 50% J&S payment form
Future Retirees — Traditional	100% commence upon retirement as follows: Single Participants: Single life annuity Married Participants: 25% elect a single life annuity and 75% elect the 50% J&S payment form
Optional Payment Form Conversion Interest Rate	Annuities are converted to lump sums and PEP balances are converted to annuities using the underlying liability interest rates.
Optional Payment Form Conversion Mortality	Published IRC section 417(e) table for lump sums

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Current and Future TVs — Hourly

100% commence at age 65 as follows:

Single Participants: 5-Year Certain and Life for A&W,
Single life annuity for all others

Married Participants: 25% elect a single life annuity
(5-Year Certain and Life for A&W) and 75% elect the
50% J&S payment form

Future Retirees — Hourly

100% commence upon retirement as follows:

Single Participants: 5-Year Certain and Life for A&W,
Single life annuity for all others

Married Participants: 25% elect a single life annuity
(5-Year Certain and Life for A&W) and 75% elect the
50% J&S payment form

Valuation Compensation

2023 pensionable earnings rolled forward one year with
the salary increase assumption.

Valuation of Plan Assets

Smoothed fair market value of assets over the current
and prior two years, adjusted for contributions, benefit
payments, administrative expenses, and expected
earnings. The average value of assets calculated in this
manner is further limited to not less than 90% nor more
than 110% of fair market value.

A characteristic of this method is that the expected
distribution of the value of plan assets is skewed toward
understatement relative to the corresponding market
values for expected long-term rates of return in excess of
the third segment rate under IRC section 430(h)(2)(C)(iii).

At November 1, 2023, the assets for the Solvay US
Companies Pension Plan were spun off from the Syensqo
USA Pension Plan in accordance with ERISA Section
4044. As a result of the spin-off, the plan is using a
phase-in for the asset method as approved by the IRS in
their approval dated February 21, 2025. At January 1,
2024, the valuation of plan assets is equal to the market
value of assets at January 1, 2024. In 2025, the valuation
of plan assets is equal to an average of the January 1,
2025 fair market value of assets and the January 1, 2024
fair market value of assets, adjusted for contributions,
benefit payments, administrative expenses, and
expected earnings during the 2024 plan year. The
valuation of plan assets will be fully phased in to the
current method at January 1, 2026.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Expected Return on Assets

2024 Plan Year 4.90%

Trust Expenses Included in Target Normal Cost

\$698,787 (based on prior year's administrative expenses less prior year's PBGC premiums plus current year's PBGC premiums.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 15 — Reconciliation of Differences
Between Valuation Results and Amounts Used to Calculate
AFTAP

The AFTAP for the Plan was originally issued September 26, 2024. The final valuation results reflect a change in the value of plan assets based on the final audited assets, including an additional true-up to finalize the initial asset transfer due to plan spinoff, issued after the AFTAP was originally issued. Since the AFTAP was at least 100% before and after this change, the AFTAP was not reissued.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month lookback (as of September 2023), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor under ARPA
1st Segment Rate	4.75%
2nd Segment Rate	4.87%
3rd Segment Rate	5.59%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month lookback (as of September 2023), without regard to interest rate stabilization.
1st Segment Rate	3.62%
2nd Segment Rate	4.46%
3rd Segment Rate	4.52%
Salary Increases	See Table 1
Cash Balance Interest Crediting Rate	3.50% for 2024.
Inflation	2.25% per year
Social Security Wage Base Increases	Future wage indices are assumed to be Inflation plus 1.00%.
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000 and the IRC section 401(a)(17) compensation limit of \$345,000.
Retirement Age	
Active Participants	See Table 2
Terminated Vested Participants	See Optional Payment Form section
Mortality Rates	2024 generational mortality tables for annuitants and non-annuitants per §1.430(h)(3)-1(b).
Withdrawal Rates	See Table 3
Disability Rates	See Table 4

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 85% of males and 55% of females have an eligible spouse, and that males are two years older than their spouses.
Optional Payment Form Election	
Legacy PEP TVs (pre-1/1/1998 terms)	100% commence at age 65 as follows: Single Participants: Single life annuity Married Participants: 25% elect a single life annuity and 75% elect the 50% J&S payment form
Other PEP and Cash Balance	Single Participants: 15% take single life annuity and 85% take a lump sum. Married Participants: 5% take a single life annuity, 10% elect the 50% J&S payment form, and 85% take a lump sum. Of the 85% who take a lump sum, 25% commence immediately, 25% commence in one year, and 50% at age 55.
Current and Future TVs — Traditional	30% commence at age 60 and 70% at age 65 as follows: Single Participants: Single life annuity Married Participants: 25% elect a single life annuity and 75% elect the 50% J&S payment form
Future Retirees — Traditional	100% commence upon retirement as follows: Single Participants: Single life annuity Married Participants: 25% elect a single life annuity and 75% elect the 50% J&S payment form
Optional Payment Form Conversion Interest Rate	Annuities are converted to lump sums and PEP balances are converted to annuities using the underlying liability interest rates.
Optional Payment Form Conversion Mortality	Published IRC section 417(e) table for lump sums

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Current and Future TVs — Hourly

100% commence at age 65 as follows:

Single Participants: 5-Year Certain and Life for A&W,
Single life annuity for all others

Married Participants: 25% elect a single life annuity
(5-Year Certain and Life for A&W) and 75% elect the
50% J&S payment form

Future Retirees — Hourly

100% commence upon retirement as follows:

Single Participants: 5-Year Certain and Life for A&W,
Single life annuity for all others

Married Participants: 25% elect a single life annuity
(5-Year Certain and Life for A&W) and 75% elect the
50% J&S payment form

Valuation Compensation

2023 pensionable earnings rolled forward one year with
the salary increase assumption.

Valuation of Plan Assets

Smoothed fair market value of assets over the current
and prior two years, adjusted for contributions, benefit
payments, administrative expenses, and expected
earnings. The average value of assets calculated in this
manner is further limited to not less than 90% nor more
than 110% of fair market value.

A characteristic of this method is that the expected
distribution of the value of plan assets is skewed toward
understatement relative to the corresponding market
values for expected long-term rates of return in excess of
the third segment rate under IRC section 430(h)(2)(C)(iii).

At November 1, 2023, the assets for the Solvay US
Companies Pension Plan were spun off from the Syensqo
USA Pension Plan in accordance with ERISA Section
4044. As a result of the spin-off, the plan is using a
phase-in for the asset method as approved by the IRS in
their approval dated February 21, 2025. At January 1,
2024, the valuation of plan assets is equal to the market
value of assets at January 1, 2024. In 2025, the valuation
of plan assets is equal to an average of the January 1,
2025 fair market value of assets and the January 1, 2024
fair market value of assets, adjusted for contributions,
benefit payments, administrative expenses, and
expected earnings during the 2024 plan year. The
valuation of plan assets will be fully phased in to the
current method at January 1, 2026.

Schedule SB, Part V — Summary of Plan Provisions

Effective December 31, 2022, the Solvay Consolidated Pension Plan ("SCPP") merged into the Cytec Retirement Plan ("CRP") and the Cytec Retirement Plan was renamed the Solvay & Cytec Companies Pension Plan ("S&CCPP"). The Solvay US Companies Pension Plan ("SUSCPP") spun off from the S&CCPP effective November 1, 2023.

These provisions apply to participants who were part of the Solvay Pension Plan upon merger in the Legacy Solvay Consolidated Pension Plan on December 31, 2018.

Effective Date

January 1, 1989. Amended and restated effective January 1, 2016. As of December 31, 2015, the Solvay USA Inc. Pension Equity Plan ("PEP") was merged into the Solvay America Companies' Pension Plan. Effective January 1, 2016, the plan is restated and renamed to Solvay Pension Plan.

Eligibility for Participation

The pension plan has different eligibility rules depending on the date of hire and the participating company for which the employee work.

The plan is frozen to new hires effective January 1, 2016.

Cash Balance Formula

Effective Date

January 1, 1989. Amended and restated effective January 1, 2016.

Eligibility for Participation

An active non-union employee who was either not a participant in the Hourly plan or the PEP or was participant in the Hourly plan or the PEP and made a choice window election to be covered under the cash balance formula.

An active union employee on the day before the union harmonization dates given below who was either not a participant in the Hourly plan or made a choice window election to be covered under the cash balance formula.

Collective Bargaining Location	Union Harmonization Date
Baton Rouge, LA	January 1, 2016
Cincinnati, OH	January 1, 2016
Baltimore, MD	June 1, 2016
University Park, IL	November 7, 2016
Charleston, SC	January 1, 2017
Chicago Heights, IL	January 1, 2017
Blue Island, IL	April 1, 2017

The plan is frozen to new hires effective January 1, 2016.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Pensionable Earnings

The earnings include base pay, short term incentive plan bonuses, overtime and premium pay, safety bonuses, sales incentives, green river SIP and team incentive plan payments, lumpsum merit payments and unused vacation pay. It does not include severance pay, imputed income from life insurance premiums, auto mobile allowances, moving expenses, Clothing allowances, hiring bonuses, relocation allowances, presidential awards, profit sharing awards, global performance Sharing Plan amounts, new employee finder's fees, production incentive pay, health enhancement amounts, sign-on bonuses, tuition reimbursements, miscellaneous bonuses, non-taxable separation pay, perfect attendance awards, expatriate and inpatriate allowances, tools, MBA housing allowances, taxable fringe benefits, holiday bonuses, service awards, and vested illness credits.

Pension Credits

The sum of interest credits and pay credits.

Interest Credits

Interest credits are determined by multiplying the account balance at the beginning of the year by the prior three-month average of the 30-year Treasury rate. The rate shall not be less than 3.00%.

Pay Credits

Pay credits are credited to the account on the last day of each quarter. Pay credits are a percentage of the compensation for that quarter, based on the points. The chart below shows the applicable pay credits for each corresponding level of points:

Points (Age Plus Years of Benefit Service as of 12/31)	Credit applied to All Compensation	Additional Credit Applied to Compensation in Excess of the Social Security Wage Base
Less than 40	2.50%	1.25%
40 to 59	3.00%	1.50%
60 to 79	4.00%	2.00%
80 or More	5.00%	2.50%

Normal Retirement

Eligibility

Age 65.

Benefit

A monthly amount equal to the greater of (1) or (2):

- (1) A monthly pension equal to the actuarial equivalent of the participant's retirement account balance

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

projected to normal retirement age, using the interest credit rate in effect on the determination date.

(2) The accrued benefit as of December 31, 2004.

Early Retirement

Eligibility

Age 55.

Benefit

If the participant elects an immediate lump sum distribution, then the distribution will be based on the PEP lump sum amount. If the participant elects the benefit as an annuity, then the annuity payments will be actuarially adjusted to reflect the commencement of benefits prior to normal retirement age.

Late Retirement

Eligibility

Retirement after normal retirement age.

Benefit

The greater of the accrued benefit as of the late retirement date and the accrued benefit as of the normal retirement date actuarially increased to the late retirement date.

Vested Termination

Eligibility

Three years of vesting service or age 55.

Benefit

If the participant elects an immediate lump sum distribution, then the distribution will be based on the PEP lump sum amount. If the participant elects the benefit as an annuity, then the annuity payments will be actuarially adjusted to reflect the commencement of benefits prior to normal retirement age.

Disability

Eligibility

Totally and permanently disabled with three years of vesting service.

Benefit

A totally and permanently disabled participant will continue to earn pay credits and compensation for those based on the greater of the amount of compensation received in the last full calendar year prior to becoming disabled or the rate of compensation at the time of disability. The employee will continue to earn the pay credits until the date of first payment or recovery.

Surviving Spouse

Eligibility

Three years of vesting service or age 55.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Benefit	A monthly benefit payable to the beneficiary equal to 100% of participant's account balance. If the lump sum value of the exceeds \$5,000, the beneficiary may elect to receive either a lump sum payment of account balance or an actuarially equivalent life annuity.
Normal Form of Annuity	
Without Spouse	Single life annuity.
With Spouse	50% Joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.
Optional Forms of Annuity	Single life annuity 10-year certain and life annuity 15-year certain and life annuity 100% joint and survivor annuity 75% joint and survivor annuity 50% joint and survivor annuity Lump sum Automatic lump sum if benefit is \$5,000 or less
Actuarial Equivalence	For lump sum distribution — The applicable interest rate is the average of the interest rates determined in accordance with the code section 417(e)(3) for the month of August, September and October of the year preceding the plan year that includes the distribution or determination date. The applicable mortality table is the mortality table described in code section 417(e)(3)(B). For all other distributions — Unisex Pension 1984 Mortality Table without age set back and 8% interest rate.
Benefit Service	A full year of benefit service is earned for each year of continuous employment with the company starting from the date of participation. All periods of employment before covered under the cash balance formula also recognized as benefit service.
Vesting Service	A full year of vesting service is earned for each year of continuous employment with the company starting from the date of hire.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

PEP Formula

Effective Date

January 1, 1989. Amended and restated effective January 1, 2016.

Eligibility for Participation

An active participant in PEP on December 31, 2015 and who made a choice window election to remain covered under PEP. All other salaried employees hired prior to July 1, 2003 eligible to participate in the plan if they scheduled to work at least 20 hours in a week or when they have worked at least 1,000 hours during a 12-month period.

Normal Retirement

Eligibility

Age 65.

Benefit

A lump sum amount equal to the sum of credit percentage based on age, service and final average pay.

The credit percentages are determined by the table below:

Age	PEP Base Credit Percentages For Final Average Pay	PEP Excess Credit Percentages for Final Average Pay Above Social Security Covered Compensation
Through 24	2.50%	0.00%
25 to 29	3.00%	0.00%
30 to 34	4.00%	0.50%
35 to 39	6.00%	1.00%
40 to 44	7.00%	1.00%
45 to 49	9.00%	2.00%
50 to 54	11.50%	3.00%
55 or more	12.50%	4.50%

Early Retirement

Eligibility

Age 55.

Benefit

If the participant elects an immediate lump sum distribution, then the distribution will be based on the PEP lump sum amount. If the participant elects the benefit as an annuity, then the annuity payments will be actuarially adjusted to reflect the commencement of benefits prior to normal retirement age.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Late Retirement

Eligibility	Retirement after normal retirement age.
Benefit	The greater of the accrued benefit as of the late retirement date and the accrued benefit as of the normal retirement date actuarially increased to the late retirement date.

Vested Termination

Eligibility	Three years of vesting service or age 55.
Benefit	If the participant elects an immediate lump sum distribution, then the distribution will be based on the PEP lump sum amount. If the participant elects the benefit as an annuity, then the annuity payments will be actuarially adjusted to reflect the commencement of benefits prior to normal retirement age.

Disability

Eligibility	Totally and permanently disabled with three years of vesting service.
Benefit	A totally and permanently disabled participant will continue to earn benefits under the PEP formula using the final average pay calculated as of the date the employee received the last paycheck and the credited service. The employee will continue to earn the credited service until the date of first payment or recovery.

Surviving Spouse

Eligibility	Three years of vesting service or age 55.
Benefit	If an active employee dies, the spouse will be entitled to receive the pre-retirement death benefit equal to 100% of PEP lumpsum amount. If the lump sum value of the benefit exceeds \$5,000, the spouse may elect to receive either a lump sum payment of PEP lump sum amount or a life annuity. If a deferred participant dies, a monthly benefit payable to the surviving spouse beginning at the employee's earliest retirement age equal to 50% of the amount payable if the participant had retired early with a 50% joint and survivor benefit.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Normal Form of Annuity

Without Spouse

Single life annuity.

With Spouse

50% Joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Forms of Annuity

Single life annuity
5-year certain and life annuity
10-year certain and life annuity
15-year certain and life annuity
20-year certain and life annuity
100% joint and survivor annuity
75% joint and survivor annuity
50% joint and survivor annuity
25% joint and survivor annuity
Social security level income annuity
Lump sum
Automatic lump sum if benefit is \$5,000 or less

Actuarial Equivalence

For lump sum distribution — The applicable interest rate is the average of the interest rates determined in accordance with the code section 417(e)(3) for the month of August, September and October of the year preceding the plan year that includes the distribution or determination date. The applicable mortality table is the mortality table described in code section 417(e)(3)(B).

For all other distributions — Unisex Pension 1984 Mortality Table without age set back and 8% interest rate.

Definitions

Final Average Pay

The final average pay is the greater of average annual pay in the highest 60 consecutive months out of last 120 months of employment or average annual pay during the five highest consecutive or non-consecutive complete calendar years in the last 10 years of employment.

Credited Service

On and after January 1, 1998, credited service is earned for each month the employee work at least one-hour service.

Vesting Service

The vesting service is earned for each month in which an hour of service is credited.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Traditional Formula

Effective Date

January 1, 1989. Amended and restated effective January 1, 2016.

Eligibility for Participation

Any employees hired prior to January 1, 2005 and had 10 years of service and were age 50 as of January 1, 2005 and did not elect to move to cash balance formula plan effective January 1, 2005.

Normal Retirement

Eligibility

Age 65.

Benefit

A monthly amount equal to the sum of (1) and (2):

- (1) 1.1% of highest average compensation multiplied by benefit service limited to 35.
- (2) 0.6% of highest average compensation in excess of the covered compensation multiplied by benefit service limited to 35.

If the participant was a member of a predecessor plan, the pension benefit will be never less than the benefit earned under the predecessor plan as of December 31, 1988. However, if the employee worked for certain employers acquired by the company and participated in a qualified retirement plan sponsored by one of these employers, all or portion of the benefit may be subject to reduction due to the benefit accrued under the other retirement plan.

Early Retirement

Eligibility

Age 55.

Benefit

A monthly benefit equal to the normal retirement benefit reduced by 3% for each year the early retirement precedes the normal retirement. There is no reduction if the sum of the age and service is equal to or greater than 85.

The benefit earned after December 31, 2003 will be actuarially reduced from age 65 to early retirement age for the highly compensated employees.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Late Retirement

Eligibility	Retirement after normal retirement age.
Benefit	The greater of the accrued benefit as of the late retirement date and the accrued benefit as of the normal retirement date actuarially increased to the late retirement date.

Vested Termination

Eligibility	Three years of vesting service or age 55.
Benefit	A monthly benefit equal to the normal retirement benefit reduced by 4% for each year the early retirement precedes the normal retirement.

Disability

Eligibility	Totally and permanently disabled with three years of vesting service.
Benefit	A totally and permanently disabled participant will continue to earn pay credits and compensation for those based on the greater of the amount of compensation received in the last full calendar year prior to becoming disabled or the rate of compensation at the time of disability. The employee will continue to earn the pay credits until the date of first payment or recovery.

Surviving Spouse

Eligibility	Three years of vesting service or age 55.
Benefit	A monthly benefit payable to the surviving spouse beginning at the employee's earliest retirement age equal to 50% of the amount payable if the participant had retired early with a 50% joint and survivor benefit. If the value of spouse's benefit is less than or equal to \$5,000, it will be automatically paid out in an immediate lump sum distribution.

Legacy Solvay Hourly Plan Formula

Effective Date

January 1, 1988. Amended and restated effective December 31, 2016.

Eligibility for Participation

An Hourly Union or Hourly Non-Union employee in a covered group (or location) shall become participant in this plan if he or she completes one year of service.

The plan is frozen to new hires in all locations after the freeze date shown below:

Covered Group/Location	Freeze Date
Hourly Non-Union	December 1, 2003
Baton Rouge, LA	November 1, 2003
Baytown, TX; Portland, OR; or Martinez, CA	July 1, 2003
Charleston, SC	September 1, 2007
Chicago Heights, IL	January 16, 2005
Houston, TX	March 1, 2005

Normal Retirement**Eligibility**

Age 65.

Benefit

A monthly amount equal to 1% of Monthly Plan Compensation not in excess of \$9,600, plus 1.25% of the part of such compensation in excess of \$9,600, multiplied by credited service.

A monthly amount equal to 1.35% of Monthly Plan Compensation multiplied by credited service.

The effective date for each location is as follows:

Location	Effective Date
Baton Rouge, LA	November 1, 2000
Baytown, TX	September 1, 2001
Chicago Heights, IL	February 1, 2002
Houston, TX	April 1, 2002
Martinez, CA	September 1, 2001
Portland, OR	September 1, 2001

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

For the employees at Charleston, SC location (A&W), a monthly amount equal to the sum of (1) and (2):

- (1) 1.2% of Monthly Plan Compensation up to the Social Security Wage Base multiplied by credited service,
- (2) 1.25% of Monthly Plan Compensation in excess of the Social Security Wage Base multiplied by credited service.

The benefit calculated above is subject to a minimum annual benefit of \$90 multiplied by credited service and a maximum annual benefit of \$40,000.

On February 7, 2018, Solvay completed the divestiture of Charleston, South Carolina site and associated business to the German specialty chemicals company, Lanxess.

Early Retirement

Eligibility

Age 55 and five years of vesting service.

For the Charleston, SC location, age 55 and 15 years of credited service.

Benefit

A monthly benefit equal to the normal retirement benefit reduced by 5% for each year the early retirement precedes the normal retirement.

For Charleston, SC location, monthly benefit equal to the normal retirement benefit reduced by the factors shown below:

Age	Reduction Factor
55	56%
56	59%
57	62%
58	66%
59	70%
60	75%
61	80%
62	85%
63	90%
64	96%
65	100%

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Late Retirement

Eligibility	Retirement after normal retirement age.
Benefit	The accrued benefit as of the late retirement date.

Vested Termination

Eligibility	Five years of vesting service.
Benefit	The accrued benefit at the date of termination. The benefit will be reduced for early commencement by 5/9 of 1% for each month for the first 60 months and an additional 5/18 of 1% for each month in excess of 60 months the early retirement precedes age 65. The employees at Charleston, SC location reduced payments may begin any time after eligibility for early retirement based on the same reductions as early retirement from active status.

Disability

Eligibility	Age 50 and 15 years of vesting service. Age 40 and 10 years of credited service for employees at Baton Rouge — LA , Baytown — TX, Martinez — CA and Houston — TX locations. Age 45 and 10 years of vesting service for employees at Portland — OR location. Age 40 and 15 years of vesting service for employees at Chicago Heights — IL location.
Benefit	The accrued benefit at the date of disability plus a supplementary benefit payable to age 65, equal to 1/4 of 1% of the participant's average final compensation not in excess of \$9,600 multiplied by the years of credited service. For employees at Baton Rouge — LA location, the final average compensation is calculated using highest seven consecutive calendar years out of last 10 years. If the participant is receiving benefits under the long-term disability plan, then the participant continues to be an active participant of the plan and continues to accrue benefits at the rate of compensation in effect as of the date of long-term disability.

Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Surviving Spouse

Eligibility

Married and five years of vesting service.

Benefit

A monthly benefit payable to the surviving spouse beginning at the employee's earliest retirement age equal to 50% of the amount payable if the participant had retired early with a 50% joint and survivor benefit.

Normal Form of Annuity

Without Spouse

Single life annuity.

For employees at Charleston, SC location, normal form of payment is 5-year certain and life annuity.

With Spouse

50% Joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Forms of Annuity

Single life annuity

10-year certain and life annuity

100% joint and survivor annuity

75% joint and survivor annuity

50% joint and survivor annuity

Automatic lump sum if benefit is \$5,000 or less

For employees at Charleston, SC location, the following optional forms are available:

5-year certain and life annuity

100% joint and survivor annuity

75% joint and survivor annuity

50% joint and survivor annuity

25% joint and survivor annuity

Social Security Level Income annuity

Automatic lump sum if benefit is \$5,000 or less

Actuarial Equivalence

Mortality rates as provided in Appendix B in the plan document and 8% interest rate.

Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Definitions

Monthly Plan Compensation

Average compensation of the highest five consecutive calendar years out of the last 10 years immediately preceding the retirement or termination date.

For employees at Charleston, SC location, 1/3 of the sum of annual compensation on the date of retirement or termination of employment and annual compensation on the same date in each of the two calendar years immediately preceding the retirement or termination.

Benefit Service

Credited service is the period of employment which is covered by the plan.

Vesting Service

A full year of vesting service is earned if the employee works 1,000 or more hours in one plan year.

Plan Changes Since the Prior Year

The funding valuation does not reflect any plan changes since the prior valuation.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected rate of return on assets from 5.70 percent to 4.90 percent.
- A change in the assumed interest crediting rate for cash balance accounts from 3.75 percent to 3.50 percent.
- The assumed rate of inflation has been updated from 2.50 percent to 2.25 percent.
- The assumed salary increase rates have been updated to the rates shown in Table 1.
- The assumed retirement rates have been updated to the rates shown in Table 2.
- The assumed termination rates have been updated to the rates shown in Table 3.
- The assumed disability incidence rates have been updated to the rates shown in Table 4.
- The percent married and spousal age difference assumptions have been updated from assuming that 80 percent of males and females are married and that males are three years older than female to assuming that 85 percent of males and 55 percent of females are married and that males are two years older than females.
- For legacy PEP TVs (termed prior to January 1, 1998) the assumed optional form election at commencement has been updated from assuming all single participants elect a single life annuity and all married participants elect a 50 percent joint and survivor annuity to assuming that all single participants and 25 percent of married participant elect a single life annuity and 75 percent of married participants elect a 50 percent joint and survivor annuity.
- For other PEP and Cash Balance participants the assumed optional form election at commencement has been updated from a 100 percent lump sum assumption varying by years from termination and age at termination to assuming that 15 percent of single and 5 percent of married participants elect a single life annuity; 10 percent of married participants elect a 50 percent joint and survivor annuity and 85 percent of single and married participants elect a lump sum payment form. Of the 85 percent assumed to elect a lump sum 25 percent are assumed to commence immediately, 25 percent are assumed to commence in one year and the remaining 50 percent are assumed to commence at age 55.
- For current and future Traditional deferred vested participants, the commencement timing assumption has been updated from assuming that 50 percent commence at age 60 and 50 percent at age 65 to assuming 30 percent commence at age 60 and 70 percent at age 65. For these same participants, the assumed optional form elections at commencement have been updated from assuming that all married participants elect a 50 percent joint and survivor annuity to assuming that 25 percent of married participants elect a single life annuity and the remaining 75 percent elect a 50 percent joint and survivor annuity.
- For future Traditional retirees, the assumed optional form elections at commencement have been updated from assuming that all married participants elect a 50 percent joint and survivor annuity to assuming that 25 percent of married participants elect a single life annuity and the remaining 75 percent elect a 50 percent joint and survivor annuity.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

- For current and future Hourly deferred vested participants, the assumed optional form elections at commencement have been updated from assuming that all married participants elect a 50 percent joint and survivor annuity to assuming that 25 percent of married participants elect a single life annuity (or 5-year certain and life annuity for A&W participants) and the remaining 75 percent elect a 50 percent joint and survivor annuity.
- For future Hourly retirees, the assumed optional form elections at commencement have been updated from assuming that all married participants elect a 50 percent joint and survivor annuity to assuming that 25 percent of married participants elect a single life annuity (or 5-year certain and life annuity for A&W participants) and the remaining 75 percent elect a 50 percent joint and survivor annuity.

These changes were made to better reflect the anticipated plan experience. These assumption changes did not reduce the funding shortfall; as such, approval of the Commissioner is not required.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Schedule SB, line 25 — Change in Method

Solvay Chemicals requested Internal Revenue Service (IRS) approval of the funding method change due to the November 1, 2023 spinoff of the group of participants from the Solvay & Cytex Companies Pension Plan that created the Solvay US Companies Pension Plan effective November 1, 2023. This request was submitted to the IRS on March 12, 2024, and approval from the IRS was received on February 21, 2025.

With the allocation of assets that occurred between the Syensqo USA Pension Plan and the Solvay U.S. Companies Pension Plan on November 1, 2023, the valuation of plan assets will continue to use the same asset method as was used by the plan prior to the spinoff. However, beginning with the plan year following the spinoff (i.e., 2024 plan year), the plan will apply the phase-in approach as outlined in Section 3.01(3) of Revenue Procedure 2017-56. In particular, the value of plan assets at January 1, 2024 is equal to the market value of assets at January 1, 2024. In 2025, the value of plan assets is equal to an average of the January 1, 2025 fair market value of assets and the January 1, 2024 fair market value of assets, adjusted for contributions, benefit payments, administrative expenses, and expected earnings during the 2024 plan year. The valuation of plan assets will be fully phased in to the current method at January 1, 2026. This method was approved by the Internal Revenue Service (IRS) in their letter dated February 21, 2025.

Schedule SB, line 15 — Reconciliation of Differences
Between Valuation Results and Amounts Used to Calculate
AFTAP

The AFTAP for the Plan was originally issued September 26, 2024. The final valuation results reflect a change in the value of plan assets based on the final audited assets, including an additional true-up to finalize the initial asset transfer due to plan spinoff, issued after the AFTAP was originally issued. Since the AFTAP was at least 100% before and after this change, the AFTAP was not reissued.

Schedule SB, Part V — Summary of Plan Provisions

Effective December 31, 2022, the Solvay Consolidated Pension Plan ("SCPP") merged into the Cytec Retirement Plan ("CRP") and the Cytec Retirement Plan was renamed the Solvay & Cytec Companies Pension Plan ("S&CCPP"). The Solvay US Companies Pension Plan ("SUSCPP") spun off from the S&CCPP effective November 1, 2023.

These provisions apply to participants who were part of the Solvay Pension Plan upon merger in the Legacy Solvay Consolidated Pension Plan on December 31, 2018.

Effective Date

January 1, 1989. Amended and restated effective January 1, 2016. As of December 31, 2015, the Solvay USA Inc. Pension Equity Plan ("PEP") was merged into the Solvay America Companies' Pension Plan. Effective January 1, 2016, the plan is restated and renamed to Solvay Pension Plan.

Eligibility for Participation

The pension plan has different eligibility rules depending on the date of hire and the participating company for which the employee work.

The plan is frozen to new hires effective January 1, 2016.

Cash Balance Formula

Effective Date

January 1, 1989. Amended and restated effective January 1, 2016.

Eligibility for Participation

An active non-union employee who was either not a participant in the Hourly plan or the PEP or was participant in the Hourly plan or the PEP and made a choice window election to be covered under the cash balance formula.

An active union employee on the day before the union harmonization dates given below who was either not a participant in the Hourly plan or made a choice window election to be covered under the cash balance formula.

Collective Bargaining Location	Union Harmonization Date
Baton Rouge, LA	January 1, 2016
Cincinnati, OH	January 1, 2016
Baltimore, MD	June 1, 2016
University Park, IL	November 7, 2016
Charleston, SC	January 1, 2017
Chicago Heights, IL	January 1, 2017
Blue Island, IL	April 1, 2017

The plan is frozen to new hires effective January 1, 2016.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Pensionable Earnings

The earnings include base pay, short term incentive plan bonuses, overtime and premium pay, safety bonuses, sales incentives, green river SIP and team incentive plan payments, lumpsum merit payments and unused vacation pay. It does not include severance pay, imputed income from life insurance premiums, auto mobile allowances, moving expenses, Clothing allowances, hiring bonuses, relocation allowances, presidential awards, profit sharing awards, global performance Sharing Plan amounts, new employee finder's fees, production incentive pay, health enhancement amounts, sign-on bonuses, tuition reimbursements, miscellaneous bonuses, non-taxable separation pay, perfect attendance awards, expatriate and inpatriate allowances, tools, MBA housing allowances, taxable fringe benefits, holiday bonuses, service awards, and vested illness credits.

Pension Credits

The sum of interest credits and pay credits.

Interest Credits

Interest credits are determined by multiplying the account balance at the beginning of the year by the prior three-month average of the 30-year Treasury rate. The rate shall not be less than 3.00%.

Pay Credits

Pay credits are credited to the account on the last day of each quarter. Pay credits are a percentage of the compensation for that quarter, based on the points. The chart below shows the applicable pay credits for each corresponding level of points:

Points (Age Plus Years of Benefit Service as of 12/31)	Credit applied to All Compensation	Additional Credit Applied to Compensation in Excess of the Social Security Wage Base
Less than 40	2.50%	1.25%
40 to 59	3.00%	1.50%
60 to 79	4.00%	2.00%
80 or More	5.00%	2.50%

Normal Retirement

Eligibility

Age 65.

Benefit

A monthly amount equal to the greater of (1) or (2):

- (1) A monthly pension equal to the actuarial equivalent of the participant's retirement account balance

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

projected to normal retirement age, using the interest credit rate in effect on the determination date.

(2) The accrued benefit as of December 31, 2004.

Early Retirement

Eligibility

Age 55.

Benefit

If the participant elects an immediate lump sum distribution, then the distribution will be based on the PEP lump sum amount. If the participant elects the benefit as an annuity, then the annuity payments will be actuarially adjusted to reflect the commencement of benefits prior to normal retirement age.

Late Retirement

Eligibility

Retirement after normal retirement age.

Benefit

The greater of the accrued benefit as of the late retirement date and the accrued benefit as of the normal retirement date actuarially increased to the late retirement date.

Vested Termination

Eligibility

Three years of vesting service or age 55.

Benefit

If the participant elects an immediate lump sum distribution, then the distribution will be based on the PEP lump sum amount. If the participant elects the benefit as an annuity, then the annuity payments will be actuarially adjusted to reflect the commencement of benefits prior to normal retirement age.

Disability

Eligibility

Totally and permanently disabled with three years of vesting service.

Benefit

A totally and permanently disabled participant will continue to earn pay credits and compensation for those based on the greater of the amount of compensation received in the last full calendar year prior to becoming disabled or the rate of compensation at the time of disability. The employee will continue to earn the pay credits until the date of first payment or recovery.

Surviving Spouse

Eligibility

Three years of vesting service or age 55.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Benefit	A monthly benefit payable to the beneficiary equal to 100% of participant's account balance. If the lump sum value of the exceeds \$5,000, the beneficiary may elect to receive either a lump sum payment of account balance or an actuarially equivalent life annuity.
Normal Form of Annuity	
Without Spouse	Single life annuity.
With Spouse	50% Joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.
Optional Forms of Annuity	Single life annuity 10-year certain and life annuity 15-year certain and life annuity 100% joint and survivor annuity 75% joint and survivor annuity 50% joint and survivor annuity Lump sum Automatic lump sum if benefit is \$5,000 or less
Actuarial Equivalence	For lump sum distribution — The applicable interest rate is the average of the interest rates determined in accordance with the code section 417(e)(3) for the month of August, September and October of the year preceding the plan year that includes the distribution or determination date. The applicable mortality table is the mortality table described in code section 417(e)(3)(B). For all other distributions — Unisex Pension 1984 Mortality Table without age set back and 8% interest rate.
Benefit Service	A full year of benefit service is earned for each year of continuous employment with the company starting from the date of participation. All periods of employment before covered under the cash balance formula also recognized as benefit service.
Vesting Service	A full year of vesting service is earned for each year of continuous employment with the company starting from the date of hire.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

PEP Formula

Effective Date

January 1, 1989. Amended and restated effective January 1, 2016.

Eligibility for Participation

An active participant in PEP on December 31, 2015 and who made a choice window election to remain covered under PEP. All other salaried employees hired prior to July 1, 2003 eligible to participate in the plan if they scheduled to work at least 20 hours in a week or when they have worked at least 1,000 hours during a 12-month period.

Normal Retirement

Eligibility

Age 65.

Benefit

A lump sum amount equal to the sum of credit percentage based on age, service and final average pay.

The credit percentages are determined by the table below:

Age	PEP Base Credit Percentages For Final Average Pay	PEP Excess Credit Percentages for Final Average Pay Above Social Security Covered Compensation
Through 24	2.50%	0.00%
25 to 29	3.00%	0.00%
30 to 34	4.00%	0.50%
35 to 39	6.00%	1.00%
40 to 44	7.00%	1.00%
45 to 49	9.00%	2.00%
50 to 54	11.50%	3.00%
55 or more	12.50%	4.50%

Early Retirement

Eligibility

Age 55.

Benefit

If the participant elects an immediate lump sum distribution, then the distribution will be based on the PEP lump sum amount. If the participant elects the benefit as an annuity, then the annuity payments will be actuarially adjusted to reflect the commencement of benefits prior to normal retirement age.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Late Retirement

Eligibility	Retirement after normal retirement age.
Benefit	The greater of the accrued benefit as of the late retirement date and the accrued benefit as of the normal retirement date actuarially increased to the late retirement date.

Vested Termination

Eligibility	Three years of vesting service or age 55.
Benefit	If the participant elects an immediate lump sum distribution, then the distribution will be based on the PEP lump sum amount. If the participant elects the benefit as an annuity, then the annuity payments will be actuarially adjusted to reflect the commencement of benefits prior to normal retirement age.

Disability

Eligibility	Totally and permanently disabled with three years of vesting service.
Benefit	A totally and permanently disabled participant will continue to earn benefits under the PEP formula using the final average pay calculated as of the date the employee received the last paycheck and the credited service. The employee will continue to earn the credited service until the date of first payment or recovery.

Surviving Spouse

Eligibility	Three years of vesting service or age 55.
Benefit	If an active employee dies, the spouse will be entitled to receive the pre-retirement death benefit equal to 100% of PEP lumpsum amount. If the lump sum value of the benefit exceeds \$5,000, the spouse may elect to receive either a lump sum payment of PEP lump sum amount or a life annuity. If a deferred participant dies, a monthly benefit payable to the surviving spouse beginning at the employee's earliest retirement age equal to 50% of the amount payable if the participant had retired early with a 50% joint and survivor benefit.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Normal Form of Annuity

Without Spouse

Single life annuity.

With Spouse

50% Joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Forms of Annuity

Single life annuity
5-year certain and life annuity
10-year certain and life annuity
15-year certain and life annuity
20-year certain and life annuity
100% joint and survivor annuity
75% joint and survivor annuity
50% joint and survivor annuity
25% joint and survivor annuity
Social security level income annuity
Lump sum
Automatic lump sum if benefit is \$5,000 or less

Actuarial Equivalence

For lump sum distribution — The applicable interest rate is the average of the interest rates determined in accordance with the code section 417(e)(3) for the month of August, September and October of the year preceding the plan year that includes the distribution or determination date. The applicable mortality table is the mortality table described in code section 417(e)(3)(B).

For all other distributions — Unisex Pension 1984 Mortality Table without age set back and 8% interest rate.

Definitions

Final Average Pay

The final average pay is the greater of average annual pay in the highest 60 consecutive months out of last 120 months of employment or average annual pay during the five highest consecutive or non-consecutive complete calendar years in the last 10 years of employment.

Credited Service

On and after January 1, 1998, credited service is earned for each month the employee work at least one-hour service.

Vesting Service

The vesting service is earned for each month in which an hour of service is credited.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Traditional Formula

Effective Date	January 1, 1989. Amended and restated effective January 1, 2016.
Eligibility for Participation	Any employees hired prior to January 1, 2005 and had 10 years of service and were age 50 as of January 1, 2005 and did not elect to move to cash balance formula plan effective January 1, 2005.
Normal Retirement	
Eligibility	Age 65.
Benefit	A monthly amount equal to the sum of (1) and (2): (1) 1.1% of highest average compensation multiplied by benefit service limited to 35. (2) 0.6% of highest average compensation in excess of the covered compensation multiplied by benefit service limited to 35. If the participant was a member of a predecessor plan, the pension benefit will be never less than the benefit earned under the predecessor plan as of December 31, 1988. However, if the employee worked for certain employers acquired by the company and participated in a qualified retirement plan sponsored by one of these employers, all or portion of the benefit may be subject to reduction due to the benefit accrued under the other retirement plan.
Early Retirement	
Eligibility	Age 55.
Benefit	A monthly benefit equal to the normal retirement benefit reduced by 3% for each year the early retirement precedes the normal retirement. There is no reduction if the sum of the age and service is equal to or greater than 85. The benefit earned after December 31, 2003 will be actuarially reduced from age 65 to early retirement age for the highly compensated employees.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Late Retirement

Eligibility	Retirement after normal retirement age.
Benefit	The greater of the accrued benefit as of the late retirement date and the accrued benefit as of the normal retirement date actuarially increased to the late retirement date.

Vested Termination

Eligibility	Three years of vesting service or age 55.
Benefit	A monthly benefit equal to the normal retirement benefit reduced by 4% for each year the early retirement precedes the normal retirement.

Disability

Eligibility	Totally and permanently disabled with three years of vesting service.
Benefit	A totally and permanently disabled participant will continue to earn pay credits and compensation for those based on the greater of the amount of compensation received in the last full calendar year prior to becoming disabled or the rate of compensation at the time of disability. The employee will continue to earn the pay credits until the date of first payment or recovery.

Surviving Spouse

Eligibility	Three years of vesting service or age 55.
Benefit	A monthly benefit payable to the surviving spouse beginning at the employee's earliest retirement age equal to 50% of the amount payable if the participant had retired early with a 50% joint and survivor benefit. If the value of spouse's benefit is less than or equal to \$5,000, it will be automatically paid out in an immediate lump sum distribution.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Normal Form of Annuity

Without Spouse

Single life annuity.

With Spouse

50% Joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Forms of Annuity

Single life annuity
10-year certain and life annuity
15-year certain and life annuity
100% joint and survivor annuity
75% joint and survivor annuity
50% joint and survivor annuity

Actuarial Equivalence

Solvay Pension Plan and Reid-Rowel Pension Plan:
Unisex Pension 1984 Mortality Table without age set back and 8% interest rate.

Salsbury Laboratories Retirement Income Plan: Based on factors available under Group Contract GA 9372.

Kai-Chemie Corporation Pension Plan: Unisex Pension 1984 Mortality Table without age set back and 7% interest rate.

Unisex Pension 1984 Mortality Table set forward one year and 6.5% interest rate.

TMC Retirement Plan: Unisex Pension 1984 Mortality set forward one year for annuitants and backward four years for contingent annuitants and 7.5% interest rate.

Definitions

Highest Average Compensation

The highest average compensation is the average annual compensation received during the 60 highest paid consecutive months out of last 120 months.

Benefit Service

A full year of benefit service is earned for each year of continuous employment with the company starting from the date of participation.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Legacy Solvay Hourly Plan Formula

Effective Date

January 1, 1988. Amended and restated effective December 31, 2016.

Eligibility for Participation

An Hourly Union or Hourly Non-Union employee in a covered group (or location) shall become participant in this plan if he or she completes one year of service.

The plan is frozen to new hires in all locations after the freeze date shown below:

Covered Group/Location	Freeze Date
Hourly Non-Union	December 1, 2003
Baton Rouge, LA	November 1, 2003
Baytown, TX; Portland, OR; or Martinez, CA	July 1, 2003
Charleston, SC	September 1, 2007
Chicago Heights, IL	January 16, 2005
Houston, TX	March 1, 2005

Normal Retirement

Eligibility

Age 65.

Benefit

A monthly amount equal to 1% of Monthly Plan Compensation not in excess of \$9,600, plus 1.25% of the part of such compensation in excess of \$9,600, multiplied by credited service.

A monthly amount equal to 1.35% of Monthly Plan Compensation multiplied by credited service.

The effective date for each location is as follows:

Location	Effective Date
Baton Rouge, LA	November 1, 2000
Baytown, TX	September 1, 2001
Chicago Heights, IL	February 1, 2002
Houston, TX	April 1, 2002
Martinez, CA	September 1, 2001
Portland, OR	September 1, 2001

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

For the employees at Charleston, SC location (A&W), a monthly amount equal to the sum of (1) and (2):

- (1) 1.2% of Monthly Plan Compensation up to the Social Security Wage Base multiplied by credited service,
- (2) 1.25% of Monthly Plan Compensation in excess of the Social Security Wage Base multiplied by credited service.

The benefit calculated above is subject to a minimum annual benefit of \$90 multiplied by credited service and a maximum annual benefit of \$40,000.

On February 7, 2018, Solvay completed the divestiture of Charleston, South Carolina site and associated business to the German specialty chemicals company, Lanxess.

Early Retirement

Eligibility

Age 55 and five years of vesting service.

For the Charleston, SC location, age 55 and 15 years of credited service.

Benefit

A monthly benefit equal to the normal retirement benefit reduced by 5% for each year the early retirement precedes the normal retirement.

For Charleston, SC location, monthly benefit equal to the normal retirement benefit reduced by the factors shown below:

Age	Reduction Factor
55	56%
56	59%
57	62%
58	66%
59	70%
60	75%
61	80%
62	85%
63	90%
64	96%
65	100%

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Late Retirement

Eligibility	Retirement after normal retirement age.
Benefit	The accrued benefit as of the late retirement date.

Vested Termination

Eligibility	Five years of vesting service.
Benefit	The accrued benefit at the date of termination. The benefit will be reduced for early commencement by 5/9 of 1% for each month for the first 60 months and an additional 5/18 of 1% for each month in excess of 60 months the early retirement precedes age 65. The employees at Charleston, SC location reduced payments may begin any time after eligibility for early retirement based on the same reductions as early retirement from active status.

Disability

Eligibility	Age 50 and 15 years of vesting service. Age 40 and 10 years of credited service for employees at Baton Rouge — LA , Baytown — TX, Martinez — CA and Houston — TX locations. Age 45 and 10 years of vesting service for employees at Portland — OR location. Age 40 and 15 years of vesting service for employees at Chicago Heights — IL location.
Benefit	The accrued benefit at the date of disability plus a supplementary benefit payable to age 65, equal to 1/4 of 1% of the participant's average final compensation not in excess of \$9,600 multiplied by the years of credited service. For employees at Baton Rouge — LA location, the final average compensation is calculated using highest seven consecutive calendar years out of last 10 years. If the participant is receiving benefits under the long-term disability plan, then the participant continues to be an active participant of the plan and continues to accrue benefits at the rate of compensation in effect as of the date of long-term disability.

EIN: 923594273 PN: 001

Schedule SB, line 25 — Change in Method

Solvay Chemicals requested Internal Revenue Service (IRS) approval of the funding method change due to the November 1, 2023 spinoff of the group of participants from the Solvay & Cytex Companies Pension Plan that created the Solvay US Companies Pension Plan effective November 1, 2023. This request was submitted to the IRS on March 12, 2024, and approval from the IRS was received on February 21, 2025.

With the allocation of assets that occurred between the Syensqo USA Pension Plan and the Solvay U.S. Companies Pension Plan on November 1, 2023, the valuation of plan assets will continue to use the same asset method as was used by the plan prior to the spinoff. However, beginning with the plan year following the spinoff (i.e., 2024 plan year), the plan will apply the phase-in approach as outlined in Section 3.01(3) of Revenue Procedure 2017-56. In particular, the value of plan assets at January 1, 2024 is equal to the market value of assets at January 1, 2024. In 2025, the value of plan assets is equal to an average of the January 1, 2025 fair market value of assets and the January 1, 2024 fair market value of assets, adjusted for contributions, benefit payments, administrative expenses, and expected earnings during the 2024 plan year. The valuation of plan assets will be fully phased in to the current method at January 1, 2026. This method was approved by the Internal Revenue Service (IRS) in their letter dated February 21, 2025.

Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected rate of return on assets from 5.70 percent to 4.90 percent.
- A change in the assumed interest crediting rate for cash balance accounts from 3.75 percent to 3.50 percent.
- The assumed rate of inflation has been updated from 2.50 percent to 2.25 percent.
- The assumed salary increase rates have been updated to the rates shown in Table 1.
- The assumed retirement rates have been updated to the rates shown in Table 2.
- The assumed termination rates have been updated to the rates shown in Table 3.
- The assumed disability incidence rates have been updated to the rates shown in Table 4.
- The percent married and spousal age difference assumptions have been updated from assuming that 80 percent of males and females are married and that males are three years older than female to assuming that 85 percent of males and 55 percent of females are married and that males are two years older than females.
- For legacy PEP TVs (termed prior to January 1, 1998) the assumed optional form election at commencement has been updated from assuming all single participants elect a single life annuity and all married participants elect a 50 percent joint and survivor annuity to assuming that all single participants and 25 percent of married participant elect a single life annuity and 75 percent of married participants elect a 50 percent joint and survivor annuity.
- For other PEP and Cash Balance participants the assumed optional form election at commencement has been updated from a 100 percent lump sum assumption varying by years from termination and age at termination to assuming that 15 percent of single and 5 percent of married participants elect a single life annuity; 10 percent of married participants elect a 50 percent joint and survivor annuity and 85 percent of single and married participants elect a lump sum payment form. Of the 85 percent assumed to elect a lump sum 25 percent are assumed to commence immediately, 25 percent are assumed to commence in one year and the remaining 50 percent are assumed to commence at age 55.
- For current and future Traditional deferred vested participants, the commencement timing assumption has been updated from assuming that 50 percent commence at age 60 and 50 percent at age 65 to assuming 30 percent commence at age 60 and 70 percent at age 65. For these same participants, the assumed optional form elections at commencement have been updated from assuming that all married participants elect a 50 percent joint and survivor annuity to assuming that 25 percent of married participants elect a single life annuity and the remaining 75 percent elect a 50 percent joint and survivor annuity.
- For future Traditional retirees, the assumed optional form elections at commencement have been updated from assuming that all married participants elect a 50 percent joint and survivor annuity to assuming that 25 percent of married participants elect a single life annuity and the remaining 75 percent elect a 50 percent joint and survivor annuity.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Solvay US Companies Pension Plan
EIN: 923594273 PN: 001

- For current and future Hourly deferred vested participants, the assumed optional form elections at commencement have been updated from assuming that all married participants elect a 50 percent joint and survivor annuity to assuming that 25 percent of married participants elect a single life annuity (or 5-year certain and life annuity for A&W participants) and the remaining 75 percent elect a 50 percent joint and survivor annuity.
- For future Hourly retirees, the assumed optional form elections at commencement have been updated from assuming that all married participants elect a 50 percent joint and survivor annuity to assuming that 25 percent of married participants elect a single life annuity (or 5-year certain and life annuity for A&W participants) and the remaining 75 percent elect a 50 percent joint and survivor annuity.

These changes were made to better reflect the anticipated plan experience. These assumption changes did not reduce the funding shortfall; as such, approval of the Commissioner is not required.
