## Independent Auditor's Report

To the Participants and Plan Administrator of the  
Heavy Construction Systems Specialists, Inc. Employee Stock Ownership Plan  
Sugar Land, Texas

### Opinion on the Financial Statements

We have audited the financial statements of Heavy Construction Systems Specialists, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the years ended December 31, 2024, and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) of the Plan as of December 31, 2024, and 2023, and the changes in its net assets available for benefits (in liquidation) for the years ended December 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 2 to the financial statements, Heavy Construction Systems Specialists, Inc. voted on November 16, 2021, to terminate the Plan and management determined liquidation is imminent. As a result, the financial statements have been prepared using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Employee Stock Ownership Plan**

### Notes to Financial Statements

#### **Note 1. Description of the Plan**

The following brief description of the Heavy Construction Systems Specialists, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

##### **General**

The Heavy Construction Systems Specialists, Inc. (the Company) established the Plan effective as of January 1, 1998. As of January 1, 2014, the Plan was amended and operates, in relevant part, as a non-leveraged employee stock ownership plan (ESOP) and is designed to comply with section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an Employee Benefits Administration Committee appointed by the Company's board of directors. Michael T. Rydin, CEO, Steve McGough, President, Thomas Webb III, Vice President, and Christopher Henry, COO of the Company, were the Plan's trustees at the time of termination.

The Plan was terminated effective November 16, 2021 following the sale of the Company to Pioneer Buyer, LLC, a Delaware limited liability company (the Buyer). The Buyer purchased all of the issued and outstanding shares of common stock of the Company owned by the participants of the Plan. The Company started the process in 2021 with notices sent to Plan participants, the IRS, and other regulatory agencies. As part of the original sale price, there were amounts held in escrow for certain time milestones after the sale. In 2024, there was a final release of escrowed funds totaling \$4,734,857, net of other receivables, to be distributed to all eligible participants. Payment of those funds to participants is expected by the end of 2025.

##### **Employee Stock Ownership Plan**

The Plan purchased common shares of the Company and held the stock in a trust established under the Plan. All trust assets acquired under this Plan as a result of contributions, income and other additions to the Plan will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan which is administered by the Committee for the exclusive benefit of participants in the Plan and their beneficiaries. The Plan is unleveraged and therefore all assets are considered allocated.

##### **Eligibility**

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours during such Plan year. Participants who do not have at least 1,000 hours of service during each Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

##### **Payment of Benefits**

Distributions on account of death, disability, or retirement are made in a lump sum in the Plan year following the event. Distributions for other separations from service commence as soon as administratively feasible following the separation from service. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional shares of common stock.

In accordance with the provisions of the sales agreement, the Plan shall make a distribution of the initial purchase price. The Plan shall make additional future distributions to the participants based on the earnout provisions of the sales agreement.

## **Employee Stock Ownership Plan**

### Notes to Financial Statements

#### **Administrative Expenses**

As provided by the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan. The Plan expenses paid by the Plan include any investment and banking fees.

#### **Participant Accounts**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company common stock released by the Trustee and forfeitures of terminated participant's nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance. As of December 31, 2024 and 2023, the Plan owns 0% of the stock of the Company.

#### **Vesting**

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20 percent per year of service after two years of service and are 100 percent vested after six years of service. Due to the termination of the Plan, all participants in the Plan as of January 1, 2021 became fully vested.

## **Note 2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

For the years ended December 31, 2024 and 2023, the financial statements have been prepared on the liquidation basis of accounting in conformity with GAAP.

#### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### **Cash and Cash Equivalents**

The Plan considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

#### **Investment Valuation and Income Recognition**

The shares of Company stock are reported at fair value. Dividend income is accrued on the ex-dividend date. S corporation distributions are recorded on the ex-distribution date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Employee Stock Ownership Plan

### Notes to Financial Statements

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Management's Review of Subsequent Events**

The Plan has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.

#### **Note 3. Related Party Transactions and Party in Interest Transactions**

The Plan invests in Company common stock. This results in related party and party in interest transactions. As described in Note 1, the Company pays most plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

#### **Note 4. Risks and Uncertainties**

The Plan is subject to a concentration of credit risk from cash deposits in the commercial account being in excess of federally insured limits. The plan administrator places this cash with a financial institution that is considered a high-quality financial institution by the plan administrator.

#### **Note 5. Plan Termination**

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustees to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

During 2021, the management of the Company began negotiations in response to an offer from a third party to purchase the shares of the Company, including all shares owned by the Plan. The Plan was frozen as of September 30, 2021 and the sale was completed in October 2021. The estimated share price was approximately \$998 per share. As part of the sale agreement, the Company elected to terminate the Plan effective November 16, 2021. All participants as of January 1, 2021 became fully vested in their account balance.

#### **Note 6. Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 12, 2015, stating that the Plan qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Employee Stock Ownership Plan**  
Notes to Financial Statements

**Note 7. Concentration Risk**

Financial instruments that potentially subject the Plan to concentrations of credit risk principally consist of cash. For the years ended December 31, 2024 and 2023, such investments may be in excess of federally insured limits.
