INDEPENDENT AUDITOR'S REPORT

October 9, 2025

To the Retirement Committee of
BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Opinion (Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(Continued)

INDEPENDENT AUDITOR'S REPORT
(Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan adopted by First Bank, the sponsor and trustee of the Plan ("Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The plan year begins January 1 and ends December 31.

The Plan is administered by the Sponsor's Retirement Committee ("Committee"), which consists of senior members of management of the Sponsor and reports to the Sponsor's Board of Directors. The Committee has overall responsibility for the operation and administration of the Plan, including determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Frozen Plan

On December 1, 1994, First Bank's Board of Directors resolved to freeze the benefits and participation under the Plan effective December 31, 1994. Therefore, no participants receive credit under the Plan for any additional compensation earned, no new participants are included, and no benefits are accrued subsequent to December 31, 1994. As a result of the Plan being frozen, all participants became 100% vested in their accrued benefits as of December 31, 1994.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement on an actuarial basis using the unit credit cost method to provide for future benefits to be paid under the Plan. The minimum funding requirements of ERISA were exceeded in 2024 and 2023. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

1. Description of Plan (Continued)

Pension benefits

Participants or their beneficiaries may receive benefit payments according to the following retirement dates and levels of service:

Date	Attainment
Normal retirement age	Age 65
Early retirement age	Age 55 with five or more years of service
Late retirement date (for those employed after the normal retirement date)	The earlier of the first day of the month which coincides with or next follows the retirement date, or the required beginning date, as defined in the Plan document
Disability retirement date	The date on which a participant incurs a permanent disability, as defined in the Plan document, at or after reaching age 25 with the completion of one year of service
Termination of employment	The earlier of the attainment of age 65, or the attainment of age 55 with five or more years of service
Death prior to retirement	Beneficiaries are eligible for benefits equivalent to those of early or normal retirement depending on age and years of service

Participants receiving normal retirement benefits receive a monthly benefit equal to one percent (1%) of their average monthly compensation, as defined in the Plan document, plus a half percent (.5%) of their average monthly compensation, each multiplied by the individual participant's years of credited service, not to exceed 35 years.

Participants receiving early retirement benefits with fewer than 10 years of service receive a monthly benefit equal to the actuarial equivalent of their accrued benefit determined as of the early retirement date. Participants receiving early retirement benefits with 10 or more years of service are paid a monthly benefit equal to their normal retirement benefit reduced by one-half of one percent (0.5%) for each month that the early retirement date precedes the participant's 65th birthdate.

BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan
Notes to Financial Statements

1. Description of Plan (Continued)

Pension benefits (Continued)

Participants receiving late retirement benefits receive a monthly benefit equal to the greater of the actuarial equivalent of their normal retirement benefit at the normal retirement date, or the amount based on the participant's normal retirement benefit at the normal retirement date using the years of benefit service and compensation through their late retirement dates.

Participants receiving disability retirement benefits receive a monthly benefit equal to 60% of the participants' average monthly compensation at the disability retirement date, reduced by 64% of the actual monthly disability benefit, if any, that the participants receive under the Social Security Act. In addition, the monthly disability retirement benefits payable on or after the normal retirement date for participants who have not recovered from their disability on the normal retirement date shall be equal to the amount the participant would have been entitled to if they had remained in the service of the employer (BancTEXAS Group Inc. and Subsidiaries) with no change in the last regular monthly rate of annual compensation under the normal retirement date.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan
Notes to Financial Statements

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Sponsor determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by the Plan and are recorded as deductions in the statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Under the terms of the Plan, the accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included to the extent they are attributable to employee service rendered to the valuation date. As discussed in Note 1, participation in the Plan was frozen effective December 31, 1994.

BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan
Notes to Financial Statements

3. Actuarial Present Value of Accumulated Plan Benefits (Continued)

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary, Milliman, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025 and 2024. Had the valuation been performed as of December 31, there would be no material difference. The significant actuarial assumptions used in the valuations were:

Assumption	December 31, 2024	December 31, 2023
Life expectancy of participants	Pri-2012 Mortality Table with Projection Scale MP-2021	Pri-2012 Mortality Table with Projection Scale MP-2021
Retirement age	Age 62 if ten or more years of service, Age 65 otherwise	Age 62 if ten or more years of service, Age 65 otherwise
Investment return	5.50% per annum compounded annually	5.50% per annum compounded annually
Marriage rates	Males - 80%; Females - 60%	Males - 80%; Females - 60%
Mortality table	Statutory tables for 2025	Statutory tables for 2024
ERISA funding interest rates	5.00% / 5.27% / 5.50%	4.75% / 4.96% / 5.59%
Plan expenses	\$64,844	\$73,109

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, ("ASC 820") provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Money market funds: Valued at the daily closing price as reported by the fund.

BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan
Notes to Financial Statements

4. Fair Value Measurements (Continued)

Mutual funds, bond funds, and exchange-traded funds (ETFs): Valued at the daily closing price as reported by the fund. Mutual funds, bond funds, and ETFs held by the Plan are open-ended funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate and municipal bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Total
Money market funds	\$ 71,083	\$ -	\$ 71,083
Mutual funds	2,487,855	-	2,487,855

The Plan held no Level 3 investments at December 31, 2024 and 2023.

5. Information Certified by Trustee

The Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, First Bank, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity of interest and dividends and net appreciation in fair value of investments reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

6. Related-Party and Party In Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the Sponsor, and certain others. The Plan's investments are held and managed by First Bank, the Sponsor and Trustee of the Plan, who invests interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan
Notes to Financial Statements

6. Related-Party and Party In Interest Transactions (Continued)

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. The Plan Sponsor may terminate the Plan at any time by notifying the Pension Benefit Guaranty Corporation ("PBGC") and the Retirement Committee.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan
Notes to Financial Statements

7. Plan Termination (Continued)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

8. Tax Status

The Plan adopted a volume submitter plan offered by FIS Business Systems LLC. The volume submitter plan received an IRS Determination Letter dated November 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the determination letter, and the Plan Sponsor believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan
Notes to Financial Statements

9. Risks and Uncertainties (Continued)

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. Subsequent Events

Subsequent events were evaluated through October 9, 2025, the date the financial statements were available to be issued.

Effective January 1, 2025, the Plan agreement was amended to comply with current Internal Revenue Service requirements. The amendment did not result in any changes to the provisions of the Plan, and no changes were made to the benefits provided to participants.

Plan Name: BancTEXAS Group Inc. and Subsidiaries Employees Retirement Plan **EIN:** 43-0231490

Plan Sponsor: First Bank

PN: 001

Summary of Actuarial Methods

The ultimate cost of a pension plan is the excess of actual benefits and administrative expenses paid over actual net investment return on plan assets during the plan's existence until the last payment has been made to the last participant. A plan's "actuarial cost method" determines the expected incidence of actuarial costs by allocating portions of the ultimate cost to each plan year. The cost method is thus a budgeting tool to help ensure that a plan will be adequately and systematically funded. Annual contributions are also affected by a plan's "asset valuation method" (as well as plan provisions, actuarial assumptions, and actual plan demographic and investment experience each year).

Actuarial Cost Method

The actuarial cost method used for determining the Plan's ERISA funding requirements and the FASB ASC Topic 960 values is the Unit Credit method. Under this method, an accrued benefit is determined at each active participant's assumed retirement age based on compensation and service at both the beginning and the end of the current year. The Plan's Normal Cost is the sum of the present value of the excess of each active participant's accrued benefit at the end of the current year over that at the beginning of the current year. The Plan's accrued liability is the sum of (a) the present value of each active participant's accrued benefit at the beginning of the current year plus (b) the present value of each inactive participant's benefits. This method is prescribed for ERISA funding requirements by the Pension Protection Act of 2006.

Asset Valuation Method

The Actuarial Value of Assets used for determining the Plan's ERISA funding requirements is equal to the Adjusted Market Value of Assets minus a decreasing fraction of the investment gain or loss for each of the two immediately preceding plan years, but it must be within 90% to 110% of the Adjusted Market Value of Assets. The expected investment return for a plan year is based on the lesser of the expected rate of return on plan assets (currently 5.50% per year) or the applicable statutory interest rate for the year.

Amortization Method

For the Plan's ERISA funding requirements, incremental Funding Shortfall amounts are amortized over a fifteen-year period, and the related shortfall amortization payment is determined on the first valuation date following the plan year in which it arises based on the segment rates used for ERISA minimum funding purposes on that date, as prescribed under IRC Section 430 and adjusted to reflect the applicable segment rate stabilization corridor (IJA).

CHANGES IN ACTUARIAL METHODS SINCE PRIOR VALUATION

None.

Summary of Actuarial Assumptions

ECONOMIC ASSUMPTIONS

Interest Rates

The current funding interest rates are as follows. The funding interest rates are prescribed under IRS regulations based on the Plan Sponsor's interest rate election.

	Minimum Funding	Maximum Deductible
Segment 1 (0–5 years)	4.75%	4.37%
Segment 2 (5–20 years)	4.96%	4.96%
Segment 3 (20+ years)	5.59%	4.95%
Effective Interest Rate	5.01%	4.87%

ERISA minimum funding: 24-month average segment rates, using a zero-month lookback period, adjusted to reflect the applicable segment rate stabilization corridor (IIJA).

Maximum Deductible Contribution: 24-month average segment rates, using a zero-month lookback period, but not adjusted to reflect segment rate stabilization.

Asset Returns

5.50% per year, compounded annually.

Administrative Expenses

An administrative expense load based on the prior year's expenses and adjusted for future expectations is added to the Target Normal Cost.

DEMOGRAPHIC ASSUMPTIONS

Except where noted, demographic assumptions are based on the actuary's judgment and continued review of experience.

Mortality

ERISA minimum funding and Maximum Deductible Contribution: IRS applicable mortality tables for 2024.

Termination

Not applicable.

Retirement

Participants are assumed to retire at age 62 with 10 or more years of service, or at age 65 otherwise.

PN: 001

Summary of Principal Plan Provisions

This summary of plan provisions is intended to only describe the essential features of the Plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

Definitions

Accrued Benefit

The Accrued Benefit for each Participant is determined under the Fractional Rule and is equal to that amount which is in the same proportion to the Participant's Normal Retirement Benefit as the Participant's Years of Accrual Service completed as of the date of determination bear to the total Years of Accrual Service the Participant would complete if he were to continue to participate until his Normal Retirement Date.

Notwithstanding the foregoing, the Accrued Benefit for each Participant is based upon Compensation and Years of Benefit Accrual Service through December 31, 1994. No additional benefits will accrue after December 31, 1994.

Actuarial Equivalent

Actuarial Equivalent means a form of benefit differing in time, period and/or manner of payment from another form of benefit but having the same value when computed based upon the following interest and mortality assumptions:

- **Interest:** 8.00% per annum, compounded annually.
- **Mortality:** 1984 Unisex Pension Mortality Table

Average Monthly Compensation

A Participant's Average Monthly Compensation, as of a given date, is determined by dividing the total Compensation he received during the 5 consecutive Compensation Periods (during the last 10 years of employment) for which his Compensation was highest by the number of months during such period for which he received Compensation. No fractional Compensation Periods will be taken into account.

A Participant's Excess Average Monthly Compensation is that portion, if any, of his Average Monthly Compensation which is in excess of his monthly Integration Level.

Compensation

Compensation reflects that compensation which is treated as FICA wages without regard to the Social Security taxable wage base, excluding bonuses and expense allowances.

Compensation also includes any amounts which are treated as salary reduction contributions and used to purchase non-taxable benefits under Section 125 or 401(k) of the Internal Revenue Code.

In accordance with Internal Revenue Code Section 401(a)(17), annual Compensation in excess of the inflation-adjusted limit is disregarded. For purposes of applying this compensation limit, a family member of a Highly Compensated Employee is subject to the single aggregate compensation limit imposed on the Highly

Compensated Employee if the family member is either the Employee's spouse or is a lineal descendant who has not attained the age of 19 by the end of the Plan Year.

The Compensation Period is the 12 month period which begins each January 1 and ends each December 31.

Effective Date

The Effective Date of the Plan is January 1, 1964.

Eligible Employee Classification

An Eligible Employee Classification is a classification of Employees, the members of which are eligible to participate in the Plan. The Plan covers all employee classifications except Leased Employees.

Entry Date

Entry Date means the date that the eligibility requirements are met.

Fiscal Year

Fiscal Year means the taxable year of the Employer. The Fiscal Year of the Employer is the 12 month period beginning January 1 and ending December 31.

Integration Level

Each participant's monthly Integration Level is equal to \$500.

Limitation Year

The Limitation Year is the 12 month period beginning January 1 and ending December 31.

Normal Retirement Age

A Participant's Normal Retirement Age is age 65 and attainment of the fifth anniversary of the time the Participant commenced participation in the Plan.

Normal Retirement Date

A Participant's Normal Retirement Date is the first day of the month which coincides with or next follows the date on which the Participant attains Normal Retirement Age.

One Year Break-in-Service

One Year Break-in-Service means a Plan Year during which an Employee does not complete at least 500 Hours of Service.

Plan Sponsor

The Plan Sponsor is First Bank. The Plan Administrator is the Retirement Committee.

Plan Year

The Plan Year is the 12 month period beginning January 1 and ending December 31.

Trustee

The Trustee is First Bank.

Vested Accrued Benefit

A Participant's Vested Accrued Benefit as of a given date is equal to the product of his Accrued Benefit multiplied by his Vested Percentage as of that same date.

Vesting Schedule

A Participant's Vested Percentage will be 100% upon the completion of 5 Years of Vesting Service. Prior to the completion of 5 Years of Vesting Service, a Participant's Vested Percentage is zero.

Notwithstanding the foregoing, in any Plan Year in which the Plan is determined to be a Top-Heavy Plan, the following Vesting Schedule will apply in lieu of the Vesting Schedule provided for above:

Years of Vesting Service	Vested Percentage
Less than 2 Years	0%
2 Years	20
3 Years	40
4 Years	60
5 Years	80
6 Years or more	100

If in any subsequent Plan Year the Plan ceases to be a Top-Heavy Plan, the above vesting schedule will continue to apply unless the Plan Sponsor elects, in writing, to revert to the original vesting schedule.

Years of Benefit Service

Years of Service for purposes of computing a Participant's Normal Retirement Benefit are referred to as Years of Credited Service and are determined using the Elapsed Time Method.

All of a Participant's Years of Credited Service are taken into account in determining his monthly benefit except:

- Service for which the Employee was not entitled to receive Compensation; and
- Service while the Employee was not in an Eligible Employee Classification.

Years of Eligibility Service

Years of Service for purposes of eligibility to participate in the Plan are referred to as Years of Eligibility Service and are determined using the Hours of Service Method.

A Year of Eligibility Service is credited for each Computation Period during which an Employee is credited with at least 1,000 Hours of Service. The initial Computation Period is the 12 consecutive month period beginning with the Employee's Employment Commencement Date. Thereafter, the Computation Period is the Plan Year beginning with the Plan Year in which the initial Computation Period ends.

All of an Employee's Years of Eligibility Service are taken into account in determining his eligibility to participate.

Years of Vesting Service

Years of Service for purposes of computing a Participant's Vested Percentage are referred to as Years of Vesting Service and are determined using the Elapsed Time Method.

All of a Participant's Years of Vesting Service are taken into account in determining his Vested Percentage.

Years of Accrual Service

Years of Service for purposes of computing a Participant's Accrued Benefit are referred to as Years of Accrual Service and are determined using the Elapsed Time Method.

All of a Participant's Years of Accrual Service are taken into account in determining his Accrued Benefit except:

- Service for which the Employee was not entitled to receive Compensation; and
- Service while the Employee was not in an Eligible Employee Classification.

Participation

An Employee will become a participant in the Plan on the date of the attainment of age 21 and the completion of one Year of Eligibility Service.

Normal Retirement

Each Participant who becomes eligible for a Normal Retirement Benefit under the plan will be entitled to receive a monthly retirement pension benefit beginning at the Participant's Normal Retirement Date and payable in the Normal Benefit Form.

Normal Retirement Benefit

A Participant's Normal Retirement Benefit is a monthly pension benefit commencing on his Normal Retirement Date payable in the Normal Benefit Form in an amount equal to:

- 1% of his Average Monthly Compensation, multiplied by his Years of Credited Service; plus
- 0.5% of his Excess Average Monthly Compensation, multiplied by his Years of Credited Service not to exceed 35 years.

Normal Benefit Form

Lifetime Pension, 10 Years Certain - Monthly pension benefit payable for the lifetime of the Participant with payments guaranteed for a minimum of 10 years. In the event of the Participant's death prior to the expiration of 10 years, the same monthly pension benefit will be continued to the Participant's Beneficiary for the remainder of the 10 year period.

Early Retirement

Early Retirement Date

A Participant's Early Retirement Date is the first day of the month so elected by the Participant which coincides with or next follows the date upon which the Participant satisfies the following requirements:

- Attainment of age 55; and
- Completion of 5 Years of Vesting Service.

Early Retirement Benefit

If at a Participant's Early Retirement Date, he has completed less than 10 Years of Vesting Service, then a Participant's Early Retirement Benefit is a monthly pension benefit equal to the Actuarial Equivalent of his Accrued Benefit determined as of his Early Retirement Date.

If at a Participant's Early Retirement Date, he has completed 10 or more Years of Vesting Service, then a Participant's Early Retirement Benefit is reduced by 1/2 of one percent for each month that the Early Retirement Date precedes the Participant's 60th birthday.

Late Retirement

An active Participant who continues his employment with the Employer beyond his Normal Retirement Date may begin to receive his Late Retirement Benefit or which he is entitled as of his Late Retirement Date.

Late Retirement Date

A Participant's Late Retirement Date is the first day of the month coincident with or next following the date he retires and requests the commencement of his Late Retirement Benefit after he has continued in the employ of the Employer beyond his Normal Retirement Date.

Late Retirement Benefit

A Participant's Late Retirement Benefit is equal to an amount which is the greater of (1) the Actuarial Equivalent of the single sum value of his Normal Retirement Benefit determined as of his Normal Retirement Date and accumulated with Actuarial Equivalent interest from his Normal Retirement Date to his Late Retirement Date or (2) the monthly benefit which is based on the Normal Retirement Benefit formula using the Participant's Years of Credited Service and Compensation through his Late Retirement Date.

Disability Retirement

Disability Retirement Date

A Participant's Disability Retirement Date is the first day of the month coincident with or next following the date of termination of his employment due to disability provided such Participant has been found to be eligible for a Disability Retirement Benefit.

An Active Participant will be eligible for a Disability Retirement Benefit under the Plan upon the occurrence of permanent disability coincident with or following the date upon which the Participant satisfies the following requirements:

- Attainment of age 25.

- Completion of 1 Years of Vesting Service.

Disability Retirement Benefit

An eligible Participant's Disability Retirement Benefit is equal to the monthly retirement benefit commencing on his Disability Retirement Date in an amount equal to (1) reduced by the amount in (2) and (3), where:

- (1) 60% of the Participant's Average Monthly Compensation at the date his service terminates due to Disability;
- (2) 64% of the accrual monthly disability benefit, if any, which the participant (and not his spouse or other dependents) is entitled to receive under the provision of the Social Security Act as in effect on the January 1st immediately preceding the date of commencement of his Disability retirement income payments; and
- (3) Monthly income provided by any disability income arrangement by the Employer.

If a Participant satisfies the requirements for a Disability Retirement Benefit and also satisfies the requirements for a Vested Accrued Benefit, the portion of his Disability Retirement Benefit which is the Actuarial Equivalent of his Vested Accrued Benefit will be payable in the Normal Benefit Form (or any optional benefit form) and will be subject to the joint and survivor annuity distribution requirements. The remaining portion, if any, of the Actuarial Equivalent of the Participant's Disability Retirement Benefit will be payable as a Lifetime Pension with a monthly benefit payable for the Participant's lifetime with payments terminating upon his death.

Permanent Disability

A Participant will be considered permanently disabled if, in the opinion of the Plan Administrator,

- he is prevented from performing the usual duties of his employment or any other employment for which he is reasonably suited as a result of his education, training and experience;
- such disability is likely to be both continuous and permanent;
- such disability occurs on or after the Effective Date of the Plan but prior to the Participant's Normal Retirement Date; and
- such disability is not, in the opinion of the Plan Administrator, the result of injury or disease sustained by the Participant which was diagnosed or discovered subsequent to the date his employment has terminated.

Termination

In the event of the termination of a Participant's employment for any reason other than death, disability or retirement, the Participant will become entitled to receive a monthly pension benefit commencing on his Normal Retirement Date equal to his Vested Accrued Benefit.

Preretirement Death

In the event of the death of a Participant prior to the date that he begins to receive a monthly pension benefit under the Plan, the Participant's Surviving Spouse, if any, will be entitled to receive a monthly pension benefit equal to 50% of the monthly pension benefit which would have been payable had the Participant retired on the day before his death and elected a Joint and 50% Contingent Survivor Pension. A Joint and 50% Contingent

Pension provides a monthly pension benefit payable for the lifetime of the Participant and, upon the Participant's death, if the Participant's Spouse survives the Participant, a monthly pension benefit will continue for the

remaining lifetime of the Surviving Spouse equal to 50% of the monthly pension benefit which was payable during the joint lifetime of the Participant and the Participant's Surviving Spouse.

Optional Benefit Forms

Optional Benefit Forms are available and equal to the Actuarial Equivalent of the Normal Benefit Form and may be in an amount more than or less than that provided by the Normal Benefit Form depending on the option selected. Such distribution may be in one or more of the following forms:

- Lifetime Pension - monthly pension benefit payable for the lifetime of the Participant with payments terminating upon the death of the Participant.
- Joint & 50% Contingent Survivor Pension - monthly pension benefit payable during the joint lifetime of the Participant and the Joint Annuitant; reduces to 50% of the original amount upon the death of the Participant.
- Joint & 2/3 Contingent Survivor Pension - monthly pension benefit payable during the joint lifetime of the Participant and the Joint Annuitant; reduces to 2/3 of the original amount upon the death of the Participant.
- Joint & 75% Contingent Survivor Pension - monthly pension benefit payable during the joint lifetime of the Participant and the Joint Annuitant; reduces to 75% of the original amount upon the death of the Participant.
- Joint & Survivor Pension - monthly pension benefit payable for as long as either the Participant or the Joint Annuitant is alive.

Cessation of Benefit Accrual

Benefit accruals under the Plan ceased as of December 31, 1994.

2017 Lump Sum Window

For those Participants who:

- Terminated employment with the Employer on or before April 30, 2017;
- Have a Vested Accrued Benefit under the Plan;
- As of May 1, 2017 have not yet begun to receive their plan benefit; and
- During the window election period of May 1, 2017 through July 31, 2017 make a one-time election in writing to immediately commence payment of their Vested Accrued Benefit no later than July 31, 2017.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
