INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Management of
the DelGrosso Foods Inc. 401(K) Plan
Tipton, PA 16684

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the DelGrosso Foods Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the DelGrosso Foods Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024, and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the DelGrosso Foods Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DelGrosso Foods Inc. Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the DelGrosso Foods Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DelGrosso Foods Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

(continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year (modified cash basis) for the Plan year ended December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the modified cash basis of accounting. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules(modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DELGROSSO FOODS INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF THE PLAN

The following description of DelGrosso Foods Inc. 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of DelGrosso Foods Inc. (the "Company") who are age twenty-one or older who meet a minimum service requirement of at least 1,000 hours during the 12-month period immediately following the date of hire. The Plan allows long-term/part-time employees to participate in the Plan and be eligible for employer deferrals under conditions defined in the Plan Summary Description. Employees must complete one year of service for employer contributions but are eligible for making elective deferral contributions after three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, (ERISA).

Contributions – Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A list of investments, which includes a selection of eligible mutual funds is supplied to the participants who select their options upon enrollment into the Plan. The Plan includes an automatic enrollment process whereby all newly eligible employees are automatically enrolled in the Plan once employee meets eligibility requirements if the employee does not affirmatively opt out of the Plan. Automatically enrolled participants have their deferral rate set to 5% of eligible compensation and their contributions invested in a designated mutual fund until changed by the participant. The Company will make a safe harbor matching contributions to a participant's account who satisfy the eligibility requirements of the Plan. During 2024 and 2023, the Company made safe harbor contributions equal to 100% of the amount the employee contributed to the Plan for each payroll period up to the first 3% of Plan compensation plus 50% of the amount the employee contributes to the Plan between 3% and 5% of Plan compensation. The matching Company contribution is invested in the various investments as directed by the employee's election options. Additional special matching Employer contributions may be contributed at the option of the Company's board of directors and are invested in the various investments as directed by the employee's election options. Contributions are subject to certain limitations prescribed by the IRS.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) individual participant account earnings, and charged with a direct allocation of administrative expenses attributable to the individual participant's investment options and allocated administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor contribution portion of their accounts plus actual earnings thereon is vested 100% immediately. However, other employer contributions may require up to 6 years of credited service to become 100% vested.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%. The loan interest rate is determined monthly and is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through semi-monthly payroll deductions.

DELGROSSO FOODS INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF THE PLAN - Continued

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Additionally, in the event of a participant's disability or retirement, participant may elect to receive their vested benefits as a distribution in the form of a series of installment payments. The Plan also allows for hardship withdrawals and in-service distributions when a participant meets certain eligibility requirements.

Other Required Distributions - If an employee is terminated for reasons other than death, disability or retirement and their vested interest in their account does not exceed \$1,000, then a distribution will be made to the employee regardless of whether they consented to it.

Forfeiture Account – At December 31, 2024 and 2023, there were no forfeitures recorded by the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting which is a special reporting framework other than generally accepted accounting principles. Under the modified cash basis of accounting, revenues and contributions are recorded when received and expenses are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Cash and cash equivalents are valued at cost which approximate fair value. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded daily upon receipt and credited to the respective individual participant accounts. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been accrued as of December 31, 2024 and 2023. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan Sponsor absorbs significant administrative expenses such as auditing fees, bonding insurance and recordkeeping fees. During the plan years ended December 31, 2024 and 2023, other significant administrative expenses for third party administrative and consulting fees were paid by the participants and charged to their respective accounts pro-rata based upon participants account balances as a percentage of total plan assets.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE D– INFORMATION PREPARED AND CERTIFIED BY TRUSTEES (unaudited)

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Observable inputs such as quoted prices in active markets.

Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 – Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds, Money Market Funds - are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets At Fair Value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 10,329,318	\$	\$	\$ 10,329,318
Money Market Funds	200,190			200,190
Total Assets in the fair value heirarchy	\$ 10,529,508	\$ 0	\$ 0	\$ 10,529,508

Assets At Fair Value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 9,524,739	\$	\$	\$ 9,524,739
Money Market Funds	304,521			304,521
Total Assets in the fair value heirarchy	\$ 9,829,260	\$ 0	\$ 0	\$ 9,829,260

NOTES TO FINANCIAL STATEMENTS

NOTE F – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2024, but not yet paid as of that date. As of December 31, 2024, there were no pending benefit claims unpaid by the Plan's year end.

NOTE G – TAX STATUS

For the period effective November 2, 2022, the Plan adopted a new prototype plan designed by Epic Advisors, Inc. The Internal Revenue Service Determination Letter issued to Epic Advisors Inc., the Plan's administrator, is effective as of June 30, 2020, for the Plan's prototype plan grants acceptable status under section 401 of the Internal Revenue Code for use by employer for the benefit of their employees. There have been no plan amendments since the adoption date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – PARTY IN INTEREST TRANSACTIONS

The Company uses a third party for the administration and record keeping of the plan. Additionally, a third-party Trustee is used to accept plan contributions and hold and manage the plan assets in trust for the participants. An investment advisor provides consulting services to the Company's Investment Committee related to performance monitoring and investment options of the Plan. The aforementioned third parties are parties-in-interest under ERISA.

NOTE J – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.
