1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditors' Report

The Board of Trustees of Brunswick School

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Brunswick School Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from the qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

**The Board of Trustees of
Brunswick School**

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Brunswick School**

Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

Brunswick School has long believed in providing a retirement benefit to employees and supports that belief through the Brunswick School Defined Contribution Retirement Plan (the "Plan"). The following description is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Brunswick School (the "School"). Full-time employees, 21 years of age or older, excluding interns and teaching assistants, are required to participate in the Plan. The School's interns and teaching assistants are not eligible to participate in the Plan due to the short-term nature of these positions. A senior management official of the School is the Plan's administrator. The administrator has selected Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA and CREF") as the investment vendor and record-keeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Full-time employees, 21 years and older, become immediately eligible for the Plan upon commencement of employment and are required to make mandatory participant contributions in the amount of 5% of their compensation. Compensation is defined as a participant's base annual salary and excludes all or any portion of irregular or additional compensation including, but not limited to, any type of additional work performed outside their regular tour of duty, overtime, bonuses, stipends and additional summer pay. Compensation also excludes reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation and welfare benefits. The contributions are deducted on a "pre-tax" basis and are subject to certain Internal Revenue Code ("IRC") limits. Participants may also contribute amounts representing distributions from other qualified retirement plans.

For each year that a participant makes the mandatory contribution of 5% of their compensation, the School will make a 5% matching contribution. Upon completion of 4 years of service and attainment of age 32, the School's contribution will increase to 10% of employee compensation each year. Upon completion of 8 years of service and attainment of age 36, the School's contribution will increase to 13% per year.

Vesting

A participant is 100% vested in their contributions including allocated earnings thereon at all times. After two years of vested service, all prior and future employer matching contributions are 100% vested. A year of vesting service is defined as working at least 1,000 hours during each plan year.

1. Description of Plan (continued)

Participant Accounts and Investment Options

Participants direct the investments of their account amongst the various investment options offered by the Plan. Those options include: (1) the TIAA Traditional Annuity Account, (2) TIAA and CREF and CREF registered investment companies, (3) the TIAA Real Estate Account and (4) the Vanguard Treasury Money Market Investment Fund.

Each participant's account is credited with the participant's mandatory contributions, employer matching contributions and net investment earnings on their account. Investment earnings (losses) are credited to participant accounts net of investment expenses associated with the investments selected by the participant. The benefit to which a participant is entitled is the amount accumulated in the participant's vested account.

Payment of Benefits

Upon termination of service due to retirement, death, disability, or other reason, a participant is entitled to the value of the participant's vested interest in his or her account. Benefit payments from the Plan are taxable to the participant unless they are rolled over into a similar tax-exempt retirement account or other type of permitted retirement plan. Benefit payments may be spread out over future years or paid in a lump sum, with the exception of payments from the TIAA Traditional Annuity Account from which lump sum payments are typically not available.

Forfeitures

Participants who do not complete two years of vested service will forfeit the employer matching contributions in their account. Forfeitures resulting from non-vested portions of participants' account balances will be used to reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$19 and \$80. During 2024, forfeitures of \$8,001 were used to reduce employer contributions.

Other Income - Revenue Credit Account

TIAA returned \$99,632 to the Plan in the year ended December 31, 2024 representing the difference between plan administration fees charged by TIAA during the Plan year and the agreed-upon maximum fees under the "revenue sharing agreement" between the Plan and TIAA. This amount is reported as other income on the statement of changes in net assets available for benefits. The Plan may use revenue sharing amounts to offset Plan expenses paid by the School or may return amounts to participants. The Revenue Credit Account is an account within the Plan that accumulates revenue sharing amounts, pays expenses, if any, and distributes amounts to participants. The Revenue Credit Account balance was \$84 and \$23,500 at December 31, 2024 and 2023, respectively. During 2024 and 2023, none of the account balance was used to pay Plan expenses, and the Plan returned \$126,062 and \$206,061, respectively, to participants.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Fair Value Measurements

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. The categorization of an asset within the fair value hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to the Plan’s perceived risk of that asset.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value (“NAV”) per share as a practical expedient are not categorized within the fair value hierarchy.

Income Recognition

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan’s realized gains and losses on investments sold, and unrealized gains and losses on assets held at year end.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (*continued*)

Expenses

TIAA and CREF charge investment management fees, custody fees and record-keeping fees to each participant account based upon the value of the account and the type of investments within the account. TIAA and CREF fees amounted to \$364,295, or 0.32% of the average investment value of all participant accounts for the year ended December 31, 2024. TIAA and CREF fees are reported as a decrease in the net appreciation of investments on the statement of changes in net assets available for Benefits. TIAA and CREF fees are calculated commensurate with the efforts to manage the specific investments offered by the Plan. Certain investments require more active management than others. Fees are stated in the prospectus of each investment and are calculated quarterly and charged to participant accounts in arrears. The Plan entered into an agreement with TIAA and CREF to reduce the fees below the stated amounts in each prospectus. The Plan can use the fee reduction to pay other fees such as the annual Plan audit and tax return filing or it can return the funds back to participant accounts. During 2024, the Plan returned \$126,062 of fees to participant accounts, over 35% of fees charged to participant accounts by TIAA and CREF were returned to them by the Plan through the fee reduction, resulting in an average net fee of 0.24% charged to participant accounts.

Income Tax Status

The School adopted a restated prototype plan document effective January 1, 2010. The prototype plan document preparer received an opinion letter dated August 7, 2017 from the Internal Revenue Service ("IRS") stating that the form of the Plan was acceptable under section 403(b) of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed and currently being operated in accordance with applicable sections of the IRC. U.S. GAAP, which requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service; Plan management believes no such positions have been taken, accordingly no liabilities have been recognized. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is July 1, 2025.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF and TIAA Trust, N.A., qualified institutions.

TIAA and CREF has been authorized by TIAA Trust, N.A., to certify the investments and investment information for which TIAA Trust, N.A. is the directed trustee and custodian.

4. Investments (continued)

TIAA Traditional Annuity Account

The TIAA Traditional Annuity Account represents approximately 21% and 23% of the Plan's net assets available for benefits as of December 31, 2024 and 2023. The TIAA Traditional Annuity is a guaranteed fixed annuity offered to Plan participants through a contract with TIAA, an insurance company, and represents an obligation from TIAA to make future payments as they come due. The Plan offers two contract types: the Group Retirement Annuity ("GRA") and the Retirement Annuity ("RA"). The GRA and RA contracts are not benefit responsive, meaning they do not guarantee a contract value, and are reported at fair value, which is derived from a discounted cash flow analysis and other factors. Inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: GRA – 5.25%- 5.50% and RA – 5.25%-5.50%

The GRA and RA contract value includes participant contributions which purchase a specific amount of lifetime income based on the contractual rate in effect at the time the contributions is made. The contractual rate is set annually and has been 3% since the Plan's inception. Both contracts include guaranteed minimum contract rates of 3%. In addition, participants may receive additional amounts, which the TIAA Board of Trustees may declare on a year-by-year basis. These additional amounts represent a portion of the investment earnings TIAA earns on the assets supporting the account above the contract rate. Since the Plan's inception, participants have received additional amounts in every year.

A participant may choose various life-time income options and may also withdraw or make transfers to other investments according to the following restrictions: For the RA contracts, withdrawals and transfers are paid out over 10 years in ten equal installments. For the GRA contracts, lump-sum withdrawals are available within 120 days after termination of employment, subject to a 2.5% surrender charge; otherwise, all other withdrawals and transfers are paid out over 10 years in ten equal installments.

There are no reserves for the credit risk of TIAA, the issuer, or otherwise. The credit risk of TIAA was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of May 2025), Standard and Poor's (AA+ as of May 2024), A.M. Best Company (A++ as of July 2024), and Fitch Ratings (AAA as of August 2024).

TIAA Real Estate Account

The TIAA Real Estate Account generally invests in real estate properties and real estate-related investments. The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. While redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to once per quarter.

The TIAA Real Estate Account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The NAV based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

4. Investments (continued)

Net Investment income

Net investment income for the year ended December 31, 2024 consisted of the following:

	Interest & Dividends	Realized Gains	Unrealized Gains (Losses)	Total
TIAA Traditional Annuity Account	\$ 1,114,670	\$ -	\$ -	\$ 1,114,670
Registered Investment Companies	1,793,538	3,214,791	6,799,582	11,807,911
TIAA Real Estate Account	-	73,899	(214,795)	(140,896)
	\$ 2,908,208	\$ 3,288,690	\$ 6,584,787	\$ 12,781,685

5. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of plan termination, participants accounts will become 100% vested in any unvested employer matching contributions allocated to their accounts.

6. Party-in-Interest Transactions

TIAA and CREF are considered parties-in-interest of the plan since they manage most of the investments of the Plan and also provide additional services to the Plan. TIAA is the record-keeper of the Plan and TIAA and CREF both are custodians of the assets of the Plan. Party-in-interest transactions are permitted by ERISA and are considered common.

7. Risks and Uncertainties

Participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2024 are not reflected in these financial statements.
