Independent Auditor's Report

RSM US LLP

Trustee
Champion Site Prep, Inc. Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Champion Site Prep, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of its knowledge.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Significant Concentration

As discussed in Notes 7 and 8, the financial statements include the Plan's investment in Champion Site Prep, Inc. common stock representing approximately 99% of total assets as of December 31, 2024 and 2023, whose fair value has been estimated by an independent appraisal, in the absence of a readily ascertainable fair value, with the assistance of management and approved by the trustee. Because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Champion Site Prep, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Champion Site Prep, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Champion Site Prep, Inc. (the Company) is organized as a S corporation and established the Plan effective January 1, 2013. The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the third-party administrator appointed by the Company's ESOP Committee and trustee.

The Plan purchased all issued and outstanding common shares of the Company from the former stockholder by issuing a loan payable (see Note 9) and holds the stock in a trust established under the Plan. As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with the terms of the ESOP.

The loan payable is secured by the unallocated shares of stock. The Company has no rights against shares once they are allocated to participants under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

- The accounts of employees with vested rights in allocated stock (allocated)
- Common stock not yet allocated to employees (unallocated)

Eligibility: Employees of the Company who are at least 21 years of age and have completed one year of service (at least 1,000 hours) are generally eligible to participate in the Plan. Entry into the Plan occurs on January 1 and July 1 of each plan year. Employees who do not have at least 1,000 hours of service during such plan year and who are not employed by the Company on the last day of the plan year are generally not eligible for an allocation of Company contributions at the end of the plan year.

Employer contributions: The Company makes annual contributions in an amount equal to the amount necessary to enable the Plan to make its regularly scheduled debt repayments. Additional contributions may be made at the discretion of the Company. All contributions received by the ESOP may be used to repay current loan obligations incurred to purchase Company stock. As the Plan makes each payment on the loan, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC. Employee contributions are not permitted.

Payment of benefits: On termination of service, death, permanent disability or retirement, a participant may elect to receive a lump-sum payment in the plan year following the event. Distribution for separation from service for any other reason shall commence no later than one year after the close of the fifth Plan year following the Plan year of the participant's separation of services. Shares of Company stock in employees' accounts are valued at fair market value as determined by an independent third-party appraisal as of December 31 in the year immediately before the date of distribution. ESOP benefits will be distributed in cash.

Champion Site Prep, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution or amounts are rolled over. The election to diversify is made subsequent to year-end based upon the shares of Company stock in the participant's account at year-end. For the year ended December 31, 2024, diversification distributions totaled \$281,247 and are included in benefit payments on the statement of changes in net assets available for benefits.

Administrative expenses: As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. Administrative expenses paid by the Company are excluded from these financial statements.

Voting rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account for those issues that require a pass-through vote and is notified by the trustee prior to the time that such rights are to be exercised. Any allocated shares with respect to which voting instructions are not received from participants and any shares held by the trust, which are not allocated to participants, shall be voted in the manner determined by the trustee.

Plan termination: The Company may withdraw from the provisions of the Plan at any time upon the expiration of 30 days after the delivery of written notice of its intent to do so to the trustee and shall thereupon cease to be a party to this Plan. In such event, the liability for further contributions for the employer shall cease. The money attributed to its participants shall either (a) be distributed to the participants, if the trustee elects to terminate the Plan, in the same manner as provided in the case of termination of the whole Plan or (b) be transferred to an independent successor plan and trust that it may establish for the benefit of its own employees, which shall be deemed a continuation of this Plan.

Participant accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a ratio of a participants' eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participants' account based on the ratio of the participants' account balance, relative to the Plan's total balance.

Vesting: Participants are vested in their accounts based on the number of years of credited service under the ESOP according to the following schedule:

Years of Credited Service	Vested Percentage
Less than 2 years	0%
At least 2 years, but less than 3 years	20%
At least 3 years, but less than 4 years	40%
At least 4 years, but less than 5 years	60%
At least 5 years, but less than 6 years	80%
6 years or more	100%

Note 1. Description of the Plan (Continued)

In addition, participants will become 100% vested in their accounts if they leave the Company after satisfying the requirements for retirement, or if they die or become permanently disabled while they are a Company employee.

Put option: Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Forfeitures: Plan forfeitures may be applied to the payment of Plan expenses. Any remaining forfeitures are allocated to each participant's account in the same way as contributions to the Plan are credited. Forfeitures of terminated nonvested account balances allocated to remaining eligible participants were 554 shares with a cost basis of \$2,935 and cash forfeitures of \$45 for the year ended December 31, 2024. There were no unallocated forfeitures at December 31, 2024 and 2023.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and uncertainties: The Plan's investments consist of the Company's common stock, which is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the 2024 statement of net assets available for benefits.

Investment valuation and income recognition: The shares of Company common stock are reported at fair value. See Note 8 for a discussion of the fair value measurements. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from common stock transactions are reported on the average-cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Allocations: The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Accrued allocated employer contributions as of December 31, 2023, totaling \$302,974 were applied to debt service in 2024. This is reported as a transfer from the allocated accounts to the unallocated accounts in the statement of changes in net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Company S corporation dividend income: The Company paid a dividend to the Plan of \$665,328 for the year ended December 31, 2024. Dividends on unallocated shares were transferred within the plan to be allocated to participants. This is reported as a transfer from the unallocated accounts to the allocated accounts in the statement of changes in net assets available for benefits. The dividend was allocated to participants in accordance with the Plan agreement.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by GreatBanc Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge by GreatBanc Trust Company, a qualified institution:

	December 31	
	2024	2023
Investments at fair value:		
Champion Site Prep, Inc. common stock	\$ 31,450,000	\$ 34,390,000
Money market account	21,024	19,976

GreatBanc Trust Company also certified to the completeness and accuracy to the best of their knowledge of \$2,940,000 of net unrealized depreciation in fair value of investments and \$1,039 of interest income related to the aforementioned plan assets for the year ended December 31, 2024.

Note 4. Tax Status

The Plan has been designed to qualify under section 4975(e)(7) of the IRC. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 15, 2018, that the Plan and related trust are designed in accordance with the applicable section of the IRC. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Administration of the Plan Assets

The Plan's assets, which consist of the Company's common stock, are held by the trustee of the Plan. The trustee may also invest funds in other investments or hold funds in cash. Employer contributions are held and managed by the trustee, who invests cash received and makes distributions to participants. The trustee also administers the payments of interest and principal of the loan payable, which is reimbursed to the trustee through contributions, as determined by the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company has historically paid the operating expenses for the Plan.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan invests in Company common stock and has indebtedness collateralized by the Company stock. These are related-party and party-in-interest transactions.

Note 7. Investments

The Plan's investments in Company common stock are as follows:

	December 31					
	2024			2023		
	Allocated	Unallocated	Total	Allocated	Unallocated	Total
Champion Site Prep, Inc. common stock:						
Number of shares	633,582	366,418	1,000,000	581,264	418,736	1,000,000
Cost	\$ 3,357,985	\$ 1,942,015	\$ 5,300,000	\$ 3,080,699	\$ 2,219,301	\$ 5,300,000
Market	\$ 19,926,193	\$ 11,523,807	\$ 31,450,000	\$ 19,989,709	\$ 14,400,291	\$ 34,390,000

Note 8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 8. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Champion Site Prep, Inc.				
Company common stock	\$ -	\$ -	\$ 31,450,000	\$ 31,450,000
Money market account	21,024	-	-	21,024
Total assets at fair value	<u>\$ 21,024</u>	<u>\$ -</u>	<u>\$ 31,450,000</u>	<u>\$ 31,471,024</u>
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Champion Site Prep, Inc.				
Company common stock	\$ -	\$ -	\$ 34,390,000	\$ 34,390,000
Money market account	19,976	-	-	19,976
Total assets at fair value	<u>\$ 19,976</u>	<u>\$ -</u>	<u>\$ 34,390,000</u>	<u>\$ 34,409,976</u>

There were no purchases, issuances, or transfers between levels during the year ended December 31, 2024.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

Balance at beginning of year	\$ 34,390,000
Unrealized depreciation relating to assets still held at the reporting date	<u>(2,940,000)</u>
Balance at end of year	<u>\$ 31,450,000</u>

Amount of total losses for the period included in changes in net assets attributable to the change in unrealized depreciation relating to the Company's common stock \$ (2,940,000)

Fair value measurements: Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Money market account: The money market account is a cash equivalent, which has a maturity of less than three months. The money market account's carrying amount approximates fair value due to the short maturity of such account.

Champion Site Prep, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 8. Fair Value Measurements (Continued)

Champion Site Prep, Inc. Company common stock: Company common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years, as illustrated in the following table:

Instrument	Fair Value at December 31		Principle Valuation Technique	Unobservable Inputs
	2024	2023		
Champion Site Prep, Inc.				
Company common stock	\$ 31,450,000	\$ 34,390,000	Income	Perpetual growth rate Discount rate EBITDA Net income Weighted average cost of capital Capitalized cash flow
			Market	Discount for lack of marketability Guideline company method LTM multiple EBITDA multiple Discount for lack of marketability

In the valuation process, Plan management accumulates the data for the contracted appraiser from historical and projected financial information of the Company. The appraiser prepares a report of the estimated per share value that a participant will receive upon distribution.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9. Loan Payable

In 2014, the Plan entered into a term loan agreement with the Company for a total of \$5,300,000. The proceeds of the loan were used to purchase Company common stock at a price of \$5.30 per share. The agreement provides for the loan to be repaid with annual payments by the trust over 20 years at a rate of 3.32%. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current-year payments, divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 52,318 shares being released and allocated for each of the Plan years ended December 31, 2024 and 2023.

The outstanding balance of the loan payable as of December 31, 2024 and 2023, totaled \$2,189,502 and \$2,463,235, respectively. The outstanding balance approximates fair value as of December 31, 2024 and 2023, as determined by using interest rates currently available for issuance of debt with similar terms, maturity dates and nonperformance risk.
