INDEPENDENT AUDITORS' REPORT

SAVINGS INVESTMENT PLAN COMMITTEE
OF CALIFORNIA CASUALTY MANAGEMENT COMPANY
SAVINGS INVESTMENT PLAN FOR HOURLY EMPLOYEES

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of CALIFORNIA CASUALTY MANAGEMENT COMPANY SAVINGS INVESTMENT PLAN FOR HOURLY EMPLOYEES (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS INVESTMENT PLAN FOR HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 – PLAN DESCRIPTION

The following description of the California Casualty Management Company Savings Investment Plan for Hourly Employees (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan which was established on January 1, 2005, to provide retirement benefits for eligible employees of California Casualty Management Company (“CCMC”) who elect to participate in the Plan. Employees immediately become eligible to make pretax and after-tax contributions if they are not: 1) members of a collective bargaining agreement, 2) classified as CCMC salaried employees, or 3) independent contractors or leased employees. A temporary employee will be eligible to participate in the Plan if that participant is scheduled to work over 1,000 hours in a calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (the “Code”). The Plan administration, processing, and maintenance functions are managed by CCMC and overseen by the Savings Investment Plan Committee (the “Plan Committee”).

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regards to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

In connection with the amendments to the California Casualty Management Company Pension Plan (the “Pension Plan”), an affiliated plan, this Plan was amended and restated with an effective date of January 1, 2016. Benefit accruals under the Pension Plan were frozen, and active participants in the Pension Plan became eligible to receive service-based contributions in either this Plan or the California Casualty Management Company Saving Investment Plan for Salaried Employees (the “Salaried Plan”).

Employee Transfers – Employees of CCMC periodically change payroll status between hourly and salaried. When an employee changes status between hourly or salaried, their account balance is transferred between plans. During the years ended December 31, 2024 and 2023, \$302 and \$18,445, respectively, was transferred in from the Salaried Plan and \$236,125 and \$3,089, respectively, was transferred out to the Salaried Plan due to changes in employee payroll status.

NOTE 1 – PLAN DESCRIPTION (Continued)

Participant Contributions – Participants may voluntarily contribute up to 25% of their annual pretax compensation or up to 10% of their annual after tax compensation subject to limits imposed under the Code. The annual limit was \$23,000 for the year ended December 31, 2024 and \$22,500 for the year ended December 31, 2023. All eligible participants who attained 50 years of age before the end of the Plan year were eligible to make catch-up contributions in accordance with, and subject to the limitations of the Code. The catch-up contributions were limited to \$7,500 for the year ended December 31, 2024 and 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes automatic enrollment and escalation provisions whereby eligible employees who have not yet enrolled in the Plan are automatically enrolled within 45 days following the participant’s date of hire. The participant’s initial contribution is set at 4% of eligible compensation and increases by 1% annually (not to exceed 12%) unless the participant elects otherwise.

Employer Contributions – The Plan provides for CCMC’s matching contributions in each plan year. During the years ended December 31, 2024 and 2023, CCMC contributed an amount equal to 75% of each participant’s pretax contribution up to 4% of the participant’s qualified compensation. Also, the Plan provides additional service-based contributions for employees, who are employed by CCMC at the end of the year based upon their years of service. Effective January 1, 2023, the Plan was amended to make service-based employer contributions discretionary, at an amount determined annually by CCMC. For the period from January 1, 2020 to January 1, 2024, the service-based contribution percentage was based upon years of service according to the following schedule:

<u>Years of Service Completed as of December 31</u>	<u>Percentage of Compensation</u>
Less than 5	1.50%
At least 5 but less than 10	2.00%
At least 10 but less than 15	2.50%
At least 15 but less than 20	3.00%
20 or more	3.50%

NOTE 1 – PLAN DESCRIPTION (Continued)

Employer Contributions (Continued) – Prior to January 1, 2020, the service-based contribution percentage was based upon years of service according to the following schedule:

<u>Years of Service Completed as of</u> <u>December 31</u>	<u>Percentage of</u> <u>Compensation</u>
Less than 5	3%
At least 5 but less than 10	4%
At least 10 but less than 15	5%
At least 15 but less than 20	6%
20 or more	7%

Employer contributions receivable at December 31, 2024 represent serviced-based contributions which were remitted to the Plan in 2025. For the year ended December 31, 2023, CCMC elected to make no service-based contributions to the Plan.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant’s contributions and CCMC’s matching contributions, and allocations of CCMC’s service-based contributions and Plan investment earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Vesting in CCMC’s matching and service-based contributions is based on a five-year graded schedule, whereby a participant is 25% vested after two years of credited service, and continues vesting at a rate of 25% per year of credited service, becoming 100% vested after five years of credited service. Additionally, participants become immediately vested in matching and service-based contributions to the Plan upon reaching age 65, death or disability, or certain other conditions specified in the Plan document.

Participant Investment Account Options – All Plan assets underlying the Plan’s interest in the California Casualty Management Company Savings Investment Plan Master Trust (the “CCMC Master Trust”) are held by Fidelity Management Trust Company (“FMTC”) under a trust agreement. Participants may direct the investment of their contributions to any individual fund or combination of funds offered through FMTC as determined by the Plan Committee. CCMC’s matching contributions and service-based contributions are invested in the investment funds in the same proportion that the participant elects to have his or her contributions invested among such investment funds.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION (Continued)

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan’s eligibility requirements. The minimum note receivable amount is \$1,000 and the maximum amount is the lesser of one-half of the participant’s vested account balance or \$50,000. Note terms may not exceed five years, except for notes used to finance the purchase of a primary residence, in which case the term of the note may be for a period not to exceed 15 years, as determined by the Plan Committee. All notes shall bear a reasonable rate of interest commensurate with rates charged by creditors in similar circumstances. Principal and interest are collateralized by the participant’s remaining account balance and are repaid ratably through payroll deductions. Notes are due immediately upon termination of employment.

Payment of Benefits – Upon termination of service, a participant (or his or her beneficiary) may receive either a lump-sum payment or monthly installments over not more than 25 years with certain limitations in the event of death. If a terminated participant’s vested balance is greater than \$1,000 and less than or equal to \$7,000 and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account plan as designated by the Plan administrator. In 2023, the upper limit was \$5,000.

At the time of retirement, a participant may defer the distributions of his or her benefits. However, for all active or terminated participants, minimum required distributions must be made by the later of April 1st of the year following the year the participant retires or reaches 73 years of age.

Subject to approval by the Plan Committee, a participant may be permitted to withdraw all or part of their pretax contribution account to meet a financial hardship provided they file a request for withdrawal in accordance with rules established by the Plan Committee.

Forfeited Accounts – The non-vested portion of a terminated participant’s account balance is forfeited upon termination of employment for any reason other than retirement, death or total disability. Any such forfeited accounts are applied first to restore the forfeited portions of accounts of rehired participants. Any remaining forfeitures are maintained in an unallocated account, which may be invested in any investment fund at the discretion of the Plan Committee and applied to pay reasonable administrative expenses or reduce future matching contributions. As of December 31, 2024 and 2023, unallocated forfeited account balances amounted to \$84,283 and \$63,956, respectively. During the year ended December 31, 2024, the Plan used \$28,850 and \$987 from the forfeiture account to pay administrative expenses and fund employer contributions, respectively. During the year ended December 31, 2023, the Plan used \$54,411 and \$50,334 from the forfeiture account to pay administrative expenses and fund employer contributions, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan’s financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting periods. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan’s valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for further discussion of fair value measurements.

The Plan’s interest in CCMC Master Trust income includes interest income, dividend income, and net appreciation or depreciation of the fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Contributions – Contributions from Plan participants and the matching contributions from the Employer are recorded in the Plan year which coincides with the payroll pay date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – The Plan’s expenses are paid either by the Plan or CCMC, as provided by the Plan document. Expenses that are paid directly by CCMC are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are required to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

CCMC Master Trust: The fair value of the Plan's interest in the CCMC Master Trust is based on the actual shares owned of the underlying investments within the CCMC Master Trust (see Note 5). The underlying investments in the CCMC Master Trust consist of mutual funds and a collective trust fund.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the CCMC Master Trust are deemed to be actively traded.

CALIFORNIA CASUALTY MANAGEMENT COMPANY
SAVINGS INVESTMENT PLAN FOR HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Collective Trust Funds: Valued at the NAV of the units held by the CCMC Master Trust at year-end. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Investments using the NAV practical expedient are reported outside of the fair value hierarchy. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts: Self-directed brokerage accounts include cash, common stocks, mutual funds, and exchange traded funds, which are valued at the closing price reported on the active market on which the individual securities are traded, and cash equivalents are valued at cost which represents fair value.

The preceding valuation methods may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee of the Plan, has certified the completeness and accuracy of all investments, including the interest in the CCMC Master Trust, and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits, and as presented in Note 5, as of December 31, 2024 and 2023; the supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2024; and the related CCMC Master Trust investment income and interest income on notes receivable from participants reflected in the Statements of Changes in Net Assets Available for Benefits; and as presented in Note 5 for the years ended December 31, 2024 and 2023.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – MASTER TRUST

The Plan’s investments are held in the CCMC Master Trust, which was established to hold the Plan’s investment assets and those of the Salaried Plan.

Each participating retirement plan has an undivided interest in assets held by the CCMC Master Trust. FMTC is the custodian and trustee of the assets held by the CCMC Master Trust. At December 31, 2024 and 2023, the Plan’s interest in the investments of the CCMC Master Trust was approximately 16%. Investment income or loss, and administrative expenses relating to the CCMC Master Trust are allocated to the Plan based on the actual shares owned by the Plan.

The following tables set forth by level, within the fair value hierarchy, the investments held by the CCMC Master Trust at fair value at December 31:

NOTE 6 – PLAN TERMINATION

CCMC has established the Plan with the intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, CCMC reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will either be distributed to participants or delivered to the trustee or another qualified plan.

The Plan Committee determined that, due to restructuring of CCMC, a partial termination of the Plan occurred during the period February 1, 2007 to May 31, 2007. In connection with this partial termination, the Plan was amended effective January 1, 2007 to provide that any participants terminated during the partial termination automatically became 100% vested in their account balances.

NOTE 7 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the Code. A favorable determination letter from the Internal Revenue Service was received on September 15, 2017 regarding the qualified status of the Plan. Although the Plan has been amended since receiving the determination letter; the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes is reported in the Plan’s financial statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a collective trust fund managed by an affiliate of FMTC. FMTC is the custodian and trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to FMTC for administrative services, net of reimbursements discussed below, amounted to \$41,048 and \$65,335 for the years ended December 31, 2024 and 2023, respectively. Fees paid by the Plan for the investment management services are netted against net appreciation or depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. CCMC pays directly any other fees related to the Plan's operations.

The Company maintains a revenue credit agreement with FMTC to compensate for certain administrative services provided to the Plan. FMTC receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to FMTC for their administrative services to the Plan. Amounts received by FMTC in excess of administrative charges, if any, are credited to the Plan. The Plan did not receive excess revenues during the years ended December 31, 2024 and 2023.

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 9, 2025, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
