INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Shuster's Employees' Profit Sharing 401(k) Plan
North Huntingdon, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Shuster's Employees' Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Shuster's Employees' Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The CPA. Never Underestimate The Value.®

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Shuster's Employees' Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Shuster's Employees' Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Shuster's Employees' Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Shuster's Employees' Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SHUSTER'S EMPLOYEES' PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1—DESCRIPTION OF PLAN

The following description of Shuster's Employees' Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, sponsored by Shuster's Builders Supplies, Inc. (the "Company"), is a contributory, participant-directed defined contribution plan covering non-union employees who have completed one year of relevant service. After completion of the service requirement, an employee may enter the Plan on the first day of the next Plan year or the first day of the seventh month of the Plan year, whichever is sooner. The Administrative Committee is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective August 1, 2018, the Plan was amended such that employer match contributions prior to December 31, 2001 are vested on a seven-year graded scale.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to contribute up to the maximum percentage of eligible compensation, as defined by the Plan agreement, subject to IRS dollar limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations as defined in the Plan agreement and as limited by statute.

The Company may elect to make a matching contribution of up to 25% of the first 5% of each participant's compensation, determined on an annual basis. No match is provided for catch-up contributions. The Company may also make additional discretionary profit-sharing contributions to the Plan at the option of the Company's Board of Directors. No profit-sharing contribution was approved for the Plan year.

A participant must complete 1,000 hours in the Plan year and be employed on the last day of the year to receive an allocation of the Company's contribution (discretionary match and profit-sharing contribution). Allocations are also made to participants who retire, become disabled, or die during the year.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings (losses) and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and actual earnings thereon. Participants become vested in the Company's contributions in accordance with the following vesting schedule (a year of service is defined as 1,000 hours):

<u>Years of Service</u>	<u>Employer Match</u>	<u>Employer Profit Sharing</u>
1 Year	0%	0%
2 Years	20%	20%
3 Years	40%	40%
4 Years	60%	60%
5 Years	80%	80%
6 Years	100%	100%

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits – Participants are eligible to receive distributions upon disability, death, or termination of employment with the Company. Distributions are paid via a lump-sum cash payment equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts – Any portion of a participant's account, which is not vested, is forfeited upon the participant's termination of service. Forfeitures of employer contributions are used to reduce employer contributions. Forfeitures available for use by the Plan were \$2,630 and \$7 as of December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, no forfeitures were used to reduce employer contributions.

Plan Expenses and Costs – Certain administrative expenses are paid for by the Company and are excluded from these financial statements, while others are paid for by the Plan. Fees related to the administration of participant accounts and benefit payments are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year as well as the current year change in unrealized appreciation and depreciation of investments held at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded as earned.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The plan has adopted a prototype non-standardized profit-sharing plan document with a cash or deferral arrangement sponsored by SDAdvantage Retirement Solutions LP. The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance

SHUSTER'S EMPLOYEES' PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from Federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax which, if incurred, would be recognized as a current expense. No such tax has been recognized as of December 31, 2024.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 3—INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The trustee of the Plan has certified that certain information disclosed in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2024 and 2023 in accordance with DOL Regulation 2520.103-5. Such information includes the composition, cost and current value of all investments held as of December 31, 2024 and 2023, as reported in the statements of net assets available for benefits and supplemental schedule, and the interest, dividends, and net appreciation (depreciation) in fair value of investments, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

NOTE 4—FAIR VALUE MEASUREMENTS (UNAUDITED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted Prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

SHUSTER'S EMPLOYEES' PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of the investments held by the fund at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the plan are considered to be actively traded.

Collective Trust Funds: The MetLife Stable Value Fund is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The fund invests primarily in the MetLife Group Annuity Contract 25053, which consists of separately managed investment portfolios directed by Reliance Trust Company. This fund is a bank collective trust fund for which Reliance Trust Company serves as the trustee and investment manager. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 30 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant redemption restrictions on these investments; the redemption period notice is only applicable to the Plan. The collective trust's primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. There are no unfunded commitments, and the redemption frequency is daily.

The Clearbridge Large Cap Growth Fund is designed to seek long-term capital growth. It is valued in the same fashion as the mutual funds described above.

The BlackRock Equity Index Fund is designed to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the S&P 500 Index. The Fund is invested solely in the BlackRock Equity Index Fund managed by BlackRock Institutional Trust Company, N.A. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The BlackRock Mid Cap Equity Index Fund is designed to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the S&P Midcap 400 Index. The Fund is invested solely in the BlackRock Mid Cap Equity Index Fund managed by BlackRock Institutional Trust Company, N.A. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The BlackRock MSCI ACWI ex-U.S. Index Fund is designed to achieve investment results that correspond generally to the price and yield performance, before fees and expenses, of the MSCI

SHUSTER'S EMPLOYEES' PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

ACWI ex-U.S. Net Dividend Return Index. The Fund is invested solely in the BlackRock MSCI ACWI ex-U.S. Index Fund managed by BlackRock Institutional Trust Company, N.A. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The BlackRock Russell 2000 Index Fund is designed to achieve investment results that are similar to the price and yield performance, before fees and expenses, of the Russell 2000 Index. The Fund is invested solely in the BlackRock Russell 2000 Index Fund managed by BlackRock Institutional Trust Company, N.A. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The Wilmington Trust flexPATH Emerging Markets Fund seeks capital appreciation through investing in emerging and developing market stocks. flexPATH Strategies, LLC has selected, and the Trustee has approved, the Invesco Emerging Markets Equity Trust T as the Underlying Fund. It is valued at the net asset value (NAV) of units of the collective trust as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value.

The PGIM Total Return Bond Fund is designed to outperform the Bloomberg Barclays U.S. Aggregate Bond Index. Units of each fee class of each Fund are valued each day on which the New York Stock Exchange ("NYSE") is open for trading in accordance with the valuation procedures established by the Trustee. The net asset value (NAV) per unit is calculated as of the close of trading on the NYSE. The NAV per unit is computed by dividing the total fair value of the assets of each Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in each Fund and included in the determination of unit values.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2024 and 2023:

NOTE 5—AMENDMENT AND TERMINATION

It is the intention of the Company to continue the Plan indefinitely and to make contributions as herein provided. The Company reserves the right, in its sole discretion by written action of the Plan sponsor, to amend the plan, terminate the plan, or to reduce or cease contributions at any time. Notwithstanding any other provision of this Plan, no action to amend or terminate the Plan may have the effect of decreasing, denying or otherwise adversely affecting any benefit to a participant that is a “protected benefit” within the meaning of Code Section 411(d)(6) and the Treasury Regulations thereunder. In the event of Plan termination, participants will become 100% vested in amounts attributed to the Company’s contributions.

The Plan was last amended and restated effective December 15, 2023.

NOTE 6—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others.

The Company's employees perform certain administrative functions on behalf of the Plan for which no fees are charged. Certain Plan investments are in the custody of Charles Schwab Trust Bank, the trustee of the Plan.

During the year ended December 31, 2024, administrative fees of \$46,703 were paid by the Plan to various service providers including the trustee, which qualify as party-in-interest transactions. The Plan sponsor also pays certain fees and expenses of the Plan.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8—SUBSEQUENT EVENTS

Management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements as of the date of the independent auditor's report, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustments to the financial statements or disclosures, as stated herein.
