INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
The O'Connell Companies, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of The O'Connell Companies, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The O'Connell Companies, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The O'Connell Companies, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The O'Connell Companies, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The O'Connell Companies, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The O'Connell Companies, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE O'CONNELL COMPANIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN:

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, restated and amended effective as of January 1, 2023. The Plan qualifies under Section 401(k) of the Internal Revenue Code, covering mostly all employees of The O'Connell Companies Inc., the Plan sponsor and certain subsidiaries. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and all requirements of Sections 401(k) of the Internal Revenue Code.

Eligibility

Employees of The O'Connell Companies, Inc. (the "Company") are automatically enrolled in the Plan and will have elective deferral contributions made to the Plan in the amount of a 4% of eligible compensation unless the employee affirmatively elects not to participate in the Plan. There is no age or service requirement.

Contributions

Effective January 1, 2021, participants may contribute up to 100% of their eligible compensation as defined in the Plan agreement, subject to certain limitations. The Plan provides for a safe-harbor matching contribution equal to 100% of a participant's elective deferral that does not exceed 4% of eligible compensation. The employer safe harbor contributions for the years ended December 31, 2024 and 2023 were \$822,212 and \$748,864, respectively. Contributions are subject to certain limitations.

In addition, the Plan also provides for a discretionary non-elective contribution subject to certain eligibility requirements and is allocated in accordance with the Plan agreement. Management has determined that no discretionary non-elective contribution would be made for years ended December 31, 2024 and 2023.

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers pooled trust funds or mutual funds and a guaranteed interest account maintained by T. Rowe Price Services as investment options for participants. Participants may change the accounts into which their salary deferrals or employer contributions are being invested and may transfer previously invested contributions among investment options on a daily basis.

Participant accounts

Participant accounts are credited with participant rollovers into the Plan, employee contributions, catch-up contributions for employees age 50 and over and employer safe harbor contributions and charged with certain administrative fees. Each participant's account may also be credited with an allocation of (a) any Company non-elective contribution, (b) Plan earnings (losses) and (c) forfeitures of terminated participants' nonvested accounts.

The participants' accounts are invested in pooled trust funds or mutual funds managed by the T. Rowe Price Investment Services, Inc. Each participant elects the fund or funds in which his or her account is invested.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN: (CONTINUED)

Vesting

Effective January 1, 2021, participants are 100% vested immediately in all contributions plus actual earnings thereon. Prior to this date, a portion of the Company contribution was vested over a three year period.

Forfeitures

Since participants became fully vested January 1, 2021, there were no forfeitures in 2024 and 2023 and there will be no future forfeitures. There were also no unallocated forfeiture balances.

Payment of benefits and withdrawals

A participant may elect to receive up to 33% of their share of the Company's annual non-elective profit-sharing contribution in cash. Active participants have very limited ability to withdraw from their accounts and may be subject to restrictions or penalties as defined in the Plan document.

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or installments over an agreed upon period of time.

Participant loans

Participants may borrow from the Plan in any amount greater than \$1,000 but less than 50% of the participant's vested account balance subject to certain limitations. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan account. In no event can the participant borrow more than \$50,000. Loans are for a period not exceeding five years (fifteen years if for the purchase of a principal residence) and bear interest based on prevailing market rates ranging from 3.25% to 8.50%. Principal and interest is paid ratably through payroll deductions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of presentation

The financial statements for The O'Connell Companies, Inc. 401(k) Plan (the "Plan") have been prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All investments are participant directed.

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 4 for further discussion of fair value measurements.

THE O'CONNELL COMPANIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Investment valuation and income recognition (continued)

In accordance with the policy of stating investments at fair value, net unrealized appreciation or (depreciation) for the year is reflected in the statements of changes in net assets available for benefits. The net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Purchase and sales of securities are recorded on a trade date basis. Interest and other investment income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date.

Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's account.

Participant loans receivable

Participant loans receivable are recorded at their unpaid balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at December 31, 2024 and 2023. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. For terminated participants with loans, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Risks and uncertainties

The Plan provides for various investment options in any combination of fixed income securities and mutual funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America and the Department of Labor (DOL) rules and regulations for reporting and disclosure under ERISA requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Operating expenses

The Company directly pays certain costs related to the operation of the Plan at no charge to the Plan. Certain administrative costs of the Plan were allocated to and paid by participants as a flat annual fee that is a reduction to their individual account balances and are included as expenses of the Plan.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Payment of benefits

Benefit payments are recorded when paid.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 (the "Act") was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not to be made until the end of the first plan year beginning on or after January 1, 2026, however, plans must operate in accordance with effective date of each new provision.

Major provisions of this Act that may effect the Plan include:

- Effective January 1, 2024, the limit for mandatory cash outs was raised from \$5,000 to \$7,000.
- Effective January 1, 2026, catch up contributions for any participants over age 50 who earn over \$145,000 are now required to be made on a Roth basis.

3. INFORMATION CERTIFIED BY TRUSTEE:

The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, T. Rowe Price Trust Company ("T. Rowe"), the trustee, certified to the Plan administrator the fair value and physical custody of investments and participant loans included in the statements of net assets available for benefits at December 31, 2024 and 2023 as well as dividends, interest income and appreciation in the fair value of investments and investment transactions included in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and information contained in Note 2 concerning valuation of investments, information included in Notes 4 and 5 and the information in the supplemental schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
- Level 3 Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

THE O'CONNELL COMPANIES, INC. 401(k) PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

4. FAIR VALUE MEASUREMENTS: (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are valued at the closing price recorded on the active market in which these individual securities are traded.

Shares of common trust: Valued at the net asset value (NAV) of the units of the common trust. The NAV is based upon the fair value of the underlying investments of the trust using prices for similar assets in active markets (see Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Fair Value Measurements at December 31, 2024				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 33,948,688	\$ 33,948,688	\$ -	\$ -
Common trust fund	6,313,026	-	6,313,026	-
Total investments at fair value	\$ 40,261,714	\$ 33,948,688	\$ 6,313,026	\$ -

Fair Value Measurements at December 31, 2023				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 30,800,329	\$ 30,800,329	\$ -	\$ -
Common trust fund	6,708,257	-	6,708,257	-
Total investments at fair value	\$ 37,508,586	\$ 30,800,329	\$ 6,708,257	\$ -

THE O'CONNELL COMPANIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

5. INVESTMENT CONTRACT:

The T. Rowe Price (TRP) Stable Value Common Trust Fund invests in a variety of investment contracts such as traditional guaranteed investment contracts issued by insurance companies and other financial institutions and other investment products with similar characteristics. The TRP Stable Value Common Trust Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. An investment contract is issued to provide a stated rate of return to the buyer of the contract for a specified period of time. All investment contracts held by the TRP Stable Value Common Trust Fund are affected directly between the TRP Stable Value Common Trust Fund and the issuer of the contract and are nontransferable. Participant transactions such as withdrawals for benefits, loans, or transfers to other funds within the Plan are allowed by the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates, net of management fees were approximately 2.82% and 2.50% in 2024 and 2023, respectively. The interest rates are reset at various times during the year.

6. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated August 19, 2020, that the Plan as established and as amended, is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

THE O'CONNELL COMPANIES, INC. 401(k) PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by T. Rowe, the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participant fees amounted to \$30,427 and \$29,792 for the years ended December 31, 2024 and 2023, respectively. Additionally, fees paid by the Plan for investment management services were included as a reduction of the return on each fund and reported in net appreciation in the fair value of investments in the statements of changes in net assets available for benefits.

Several members of the administrative committee are also participants in the Plan. Certain employees and officers of the Company, who may also be participants in the Plan perform administrative services at no cost to the Plan.

8. PLAN TO PLAN TRANSFER:

There were transfers out of the Plan during the year ended December 31, 2024 of \$17,534 for an employee who transferred to an affiliate's plan. There were no transfers out of the Plan during the year ended December 31, 2023.

9. SUBSEQUENT EVENTS:

The Plan sponsor has evaluated subsequent events through September 24, 2025, the date on which the financial statements were available to be issued.
