Report of Independent Auditors

To the Administrator of Spraying Systems Co. Employees' Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Spraying Systems Co. Employees' Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Spraying Systems Co. Employees' Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following brief description of the Spraying Systems Co. Employees' Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for more complete information.

General

The Plan was established effective February 7, 1951 and is a defined contribution plan covering all salaried and hourly employees (except those covered by a collective bargaining agreement or leased employees) of Spraying Systems Co. (the "Company") and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan includes both 401(k) and profit-sharing benefits.

Eligibility

Full-time employees become eligible to participate in the 401(k) portion of the Plan on the first day of the month coinciding with or immediately following the completion of one continuous month of employment. Part-time employees become eligible to participate in the 401(k) portion of the Plan on the first day of the month coinciding with or immediately following the completion of 1,000 hours of service in a twelve-month period. All eligible employees become eligible to participate in the profit-sharing portion of the Plan coinciding with the fiscal year end following the completion of two continuous years of employment.

Contributions

Eligible employees may elect to participate in the Plan and have the Company make before tax contributions on their behalf up to 80% of their total compensation, excluding amounts received as bonus during the year, subject to Internal Revenue Service ("IRS") prescribed limits.

The Company may make a discretionary 401(k) matching contribution to all participants. For the year ended December 31, 2024, the Company's discretionary 401(k) match was 3.8% of eligible compensation (base pay) not to exceed Internal Revenue Code limits and totaled \$2,740,596 to participants.

The Company can also make a discretionary profit-sharing contribution, which may be determined as either a uniform percentage of eligible compensation or as a uniform dollar amount. For the year ended December 31, 2024, the Company's discretionary profit-sharing contribution was \$2,250,000 for all employees except those in clearly defined departments. These departments, defined in the Plan, all received no contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and an allocation of Plan earnings (losses) and charged with an allocation of administrative expenses.

Participants self-direct the investments of the 401(k) portion of their account into registered investment company funds or collective trust funds offered by the Plan and are allowed to change their investment elections on a daily basis. The profit-sharing portion of participant accounts are nonparticipant directed and are invested at the discretion of the Plan's investment managers. During 2024, the profit-sharing portions of participant accounts have primarily been invested in a portfolio of publicly traded equity securities.

Spraying Systems Co. Employees' Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Vesting

Participants are immediately vested in their voluntary 401(k) contributions, the Company matching 401(k) and profit-sharing contributions, and actual earnings or losses thereon. As such there are no forfeitures associated with the Plan.

Administration

The Plan is administered by a committee of four individuals appointed by the Company's Board of Directors. Functions of the committee include oversight of the investment allocation of the Company's contributions to the Plan in accordance with the Plan document.

Notes Receivable From Participants

The Plan provides for participant loans of up to the lesser of 50% of the participant's account balance or \$50,000. Participant loans are permitted from both 401(k) and profit-sharing contributions. The participant loans are secured by the participant's vested interest in the Plan and by such other collateral, if any, which the employer deems necessary to adequately secure the loan. Such loans bear interest at rates ranging from 4.25% to 9.5% at December 31, 2024 and 2023. These rates are commensurate with current consumer lending interest rates at the time the loan is made. Loan repayment periods generally range from one to sixty months.

Benefit Payments

Upon termination of service by reason of retirement (normal retirement age of 65), early retirement (retirement on or after age 55), death, disability, resignation or dismissal, the distributable interest of such participant shall be 100 percent of the balance of the value of his/her account. A participant may elect to receive an amount equal to the value of the participant's account in a lump-sum amount. If a participant's account balance is \$5,000 or less, the participant will receive a lump-sum distribution. Participants may withdraw all or a portion of their participant contributions without penalty upon attainment of age 59½. Under Federal law, required minimum benefit payments must begin on April 1 of the calendar year following the year in which a participant reaches their applicable required beginning age — age 72 if the participant reached 72 on or before December 31, 2022, or age 73 if the participant reaches 72 after that date.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Spraying Systems Co. Employees' Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Security Transactions and Investment Income

Gains or losses on sales of securities are recorded as the difference between proceeds received and cost. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. During 2024, there were no delinquent participant loans.

Expenses of the Plan

All direct expenses incurred in the administration of the Plan are charged to and paid by the Plan.

Revenue Sharing

Revenue credits of \$59,650 were reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits. The revenue credit relates to a portion of fees paid by certain investment managers and is shared with the Plan record keeper and used to offset the normal costs of general Plan recordkeeping and administration. When those shared fees exceed the normal recordkeeping and administration costs, the record keeper returns those funds to the Plan in the form of a revenue credit, which may be used to pay for certain qualified expenses.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions by management that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

3. Non Participant Directed Net Assets

Information about the net assets as of December 31, 2024 and 2023 and the significant components of changes in net assets for the year ended December 31, 2024 related to the nonparticipant directed investments is as follows:

4. Fair Value Measurement

Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 820 – Fair Value Measurements and Disclosures established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Spraying Systems Co. Employees' Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in December 31, 2024 and 2023.

Mutual funds and money market fund: Valued at the net asset value ("NAV") per share using available inputs to measure fair value by such companies or funds as of the valuation dates held by the Plan at year end. Generally, mutual funds and registered money market funds have a quoted market price in an active market.

Collective trust funds: The fair market value of the Plan's interest in the collective trust fund has been determined using NAV and is used for expedience purposes. The NAV is based on the value of the underlying assets owned by the common collective trust fund.

The authority for monitoring the valuation process of all investments and selection of the investment advisors is delegated by the Board of Directors to the Spraying Systems Investment Committee ("Investment Committee"). The Investment Committee meets with investment advisers and performs quarterly reviews of the funds' fair value measurements with investment advisers comparing those valuations to similar funds' valuations outside of the Plan. Any changes in the fair value measurements are discussed between the investment advisers and the Investment Committee at their quarterly meetings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 183,551,476	\$ -	\$ -	\$ 183,551,476
Money market fund	3,742,100			3,742,100
Total assets in the fair value hierarchy	<u>\$ 187,293,576</u>	<u>\$ -</u>	<u>\$ -</u>	<u>187,293,576</u>
Investments measured at NAV as a practical expedient (1)				62,515,666
Total investments, at fair value				<u>\$ 249,809,242</u>

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 207,957,600	\$ -	\$ -	\$ 207,957,600
Money market fund	1,562,817			1,562,817
Total assets in the fair value hierarchy	<u>\$ 209,520,417</u>	<u>\$ -</u>	<u>\$ -</u>	<u>209,520,417</u>
Investments measured at NAV as a practical expedient (1)				24,943,182
Total investments, at fair value				<u>\$ 234,463,599</u>

(1) In accordance with ASC Update 2015-07, investments that are measured at fair value using the NAV per share as a practical expedient have not been categorized in the fair value hierarchy.

Spraying Systems Co. Employees' Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of investments, at fair value, included in the Statement of Net Assets Available for Benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no significant transfers between levels in 2024 or 2023.

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of December 31, 2024:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	\$ 62,515,666	N/A	Daily	None required

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of December 31, 2023:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	\$ 24,943,182	N/A	Daily	None required

5. Plan Termination

Although the Company has reserved the right to amend or terminate the Plan, it was established with the intention that the Plan and the payment of contributions will be indefinite. Upon termination of the Plan, the interest of each participant or beneficiary in the Plan will be determined and such amount will be distributed to participants as directed by the Plan administrator. Currently, management has no intentions of terminating the Plan.

6. Income Tax Status of the Plan

The IRS has determined and informed the Company by letter dated November 4, 2016, that the Plan is qualified in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended subsequent to the receipt of the most recent determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Plan and the IRS.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

Notes to Financial Statements

December 31, 2024 and 2023

7. Information Certified by the Plan's Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan.

8. Risks and Uncertainties

The Plan provides for investments in a money market fund, a limited partnership, collective trust funds and various mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or an international conflict. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in investment value in the near term will materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

9. Party-In-Interest Transactions

Plan investments are managed by Charles Schwab Trust Bank, who acted as trustee for investments of the Plan as of December 31, 2024 and 2023 and for the years then ended, and therefore these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest.

10. Subsequent Events

The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.
