## Independent Auditors' Report

The Plan Administrator  
Bros Management 401(k) Plan:

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of the Bros Management 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

#### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# BROS MANAGEMENT 401(K) PLAN

## Notes to the Financial Statements

December 31, 2024 and 2023

### (1) Description of Plan

The following description of the Bros Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### (a) General

The Plan is a defined contribution plan which was adopted effective January 1, 2022 to provide retirement benefits for employees of Bros Management, Inc. (the "Plan Sponsor"). The Plan covers substantially all employees who are 18 years of age and have reached 3 months of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

#### (b) Contributions

Participants may voluntarily make qualified pretax or after tax annual retirement contributions to the Plan as permitted by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan automatically enrolls all employees at a deferral rate of 4%, unless the employee elects to not participate in the Plan or elects a different deferral percentage.

The Plan Sponsor may make a discretionary matching contribution equal to the percentage of each participant's salary deferral. The Plan Sponsor matched 25% of the participants' contributions up to 4% for a maximum of 1% of compensation. Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

#### (c) Participant accounts

Each participant's account is credited with the participant's contributions and the Plan Sponsor contributions as calculated above. Each participant's account is credited or charged with the actual earnings (losses) of investment options selected by the participant and an allocation of administrative expenses. Allocations are based on participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## Notes to the Financial Statements

December 31, 2024 and 2023

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching contribution is based on years of continuous service. Participants are 100% vested in the Plan Sponsor's contributions after three years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
One year	25%
Two years	50%
Three years	100%

Participants also become 100% vested upon reaching normal retirement age, disability, or death.

(e) Notes receivable from participants

The Plan does not permit participants to borrow from their accounts.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or installments equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures may be used to reduce the Plan Sponsor's contributions to the Plan or to reduce administrative expenses.

Forfeitures are determined at the earlier of (1) the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or (2) the distribution of the entire vested portion of the participant's account. Potential forfeited nonvested accounts totaled \$3,931 and \$1,132 at December 31, 2024 and 2023, respectively.

(h) Hardship withdrawals

The Plan does not permit hardship withdrawals.

## Notes to the Financial Statements

December 31, 2024 and 2023

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions or recordkeeping are included in administrative expenses and charged to the participant accounts. Investment related expenses are included in net appreciation in fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend income is recorded on the ex-dividend date.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## Notes to the Financial Statements

December 31, 2024 and 2023

(e) Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2024 and October 9, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments held at December 31, 2024 and 2023 and net appreciation in fair value of investments and dividends for the years then ended was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by Charles Schwab Trust Bank.

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3). The Plan does not have any fair value measurements using significant unobservable inputs (Level 3) as of December 31, 2024 and 2023.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets at fair value.

- (i) *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan holds mutual funds totaling \$525,929 and \$383,378 classified as level 1 investments as of December 31, 2024 and 2023, respectively.

## Notes to the Financial Statements

December 31, 2024 and 2023

(5) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the non-standardized pre-approved profit sharing plan is acceptable under the applicable sections of the IRC. The Plan itself has not received a determination letter. However, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and is therefore qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

As described in Note (1), the Plan paid expenses to various service providers which qualify as party-in-interest transactions.

(7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
