## Independent Auditors' Report

To the Plan Administrator  
of M-Files 401(k) Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the M-Files 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules of Assets Held for Investment Purposes at End of Year as of December 31, 2024 and Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**M-Files 401(k) Plan**  
Notes to Financial Statements  
December 31, 2024 and 2023

**Note 1 – Description of the Plan**

The following description of the M-Files 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

**General**

M-Files, Inc. (the “Plan Sponsor”) adopted the Plan effective November 1, 2014. The Plan is a defined contribution plan covering all eligible employees of the Plan Sponsor, as defined by the Plan Document, with exception of certain classes of employees identified in the Plan Document. Effective April 1, 2023, the Plan was amended to allow participants to make Roth elective deferrals, which are made on an after-tax basis, in addition to pre-tax elective contributions.

**Eligibility**

There is no age or service requirement for entrance into the Plan. Employees covered by a collective bargaining agreement and certain nonresident aliens are not eligible to participate in the Plan. Entry into the Plan begins on the first day of each month coinciding with or next following the date the eligibility conditions are satisfied.

**Administration**

The Plan is administered by the Plan Sponsor (the “Plan Administrator”). Plan assets are held by Reliance Trust Company (the “Trustee”).

**Participant Contributions**

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant’s elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may make pre-tax and Roth 401(k) contributions to the Plan up to the statutory limit, as permitted by the Internal Revenue Code of 1986, as amended (“IRC”). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

**Employer Contributions**

The Plan provides for Plan Sponsor discretionary matching contributions. The Plan Sponsor is permitted to change the amount or percentage of matching contributions when needed. For the year ended December 31, 2024, the Plan Sponsor made discretionary matching contributions of 25% of the participant contribution to the Plan.

**Participant Accounts**

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Plan Sponsor’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**M-Files 401(k) Plan**  
Notes to Financial Statements  
December 31, 2024 and 2023

**Note 1 – Description of the Plan (continued)**

**Rollovers and Transfers**

Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

**Forfeited Accounts**

Forfeited non-vested accounts totaled \$1,175 and \$26,412 as of December 31, 2024 and 2023, respectively. These accounts may be used to reduce future Plan administrative expenses and employer contributions. The non-vested portion of terminated participants' account balances become forfeitures on the earlier of a requested distribution or five consecutive years without credit service at the Plan Sponsor, not on the date of termination. In 2024, \$61,537 of forfeited non-vested accounts were utilized to reduce employer contributions.

**Vesting**

Participants are immediately and fully vested in their contributions plus actual earnings thereon. The participants are vested in the Plan Sponsor contributions and earnings in accordance with the following schedule:

<b>Years of Service</b>	<b>Vesting Percentage</b>
less than 1	0%
1	25%
2	50%
3	75%
4	100%

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. The notes receivables are secured by the balance in the participant's account. The rate of interest on the note will be determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Only one note receivable may be outstanding at a time.

All notes must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of the principal residence in which case the note repayment period may be longer as determined by the Plan administrator.

**Payment of Benefits**

Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants' spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

A participant may receive the value of the vested balance in his or her account as a lump-sum distribution, installment distributions, or may roll the amount over into another qualified plan. Vested account balances less than \$1,000 are automatically paid out either through lump-sum distribution or rollover into another qualified plan. Participants are permitted to remain in the Plan if their account balance exceeds \$1,000.

**M-Files 401(k) Plan**  
Notes to Financial Statements  
December 31, 2024 and 2023

**Note 1 – Description of the Plan (continued)**

The benefits can be left in the Plan until the participant retires. Benefits cease to vest upon termination of employment. Non-vested benefits will be forfeited on such date. Participants are required to begin receiving distributions in accordance with the minimum distribution requirements of Internal Revenue Code section 401(a)(9).

Active participants can withdraw benefits once they reach 59 ½ years of age. In-service distributions are permitted due to hardship, as defined in the Plan and subject to the satisfaction of the Plan Administrator.

**Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and distributions would be made as soon as administratively practical after the Plan terminates.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

**Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

Benefits are recorded when paid.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

**M-Files 401(k) Plan**  
Notes to Financial Statements  
December 31, 2024 and 2023

**Note 2 – Summary of Significant Accounting Policies (continued)**

**Expenses**

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

**Risks and Uncertainties**

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Subsequent Events**

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

**Recent Accounting Standards**

The SECURE 2.0 Act of 2022, enacted on December 29, 2022, includes a wide range of provisions affecting retirement plans, with effective dates spanning from 2023 through 2026. Plan management has implemented operational changes necessary to comply with applicable provisions effective for the years ended December 31, 2024 and 2023. The Plan has until December 31, 2025 to adopt formal amendments. Plan management continues to evaluate the impact of SECURE 2.0 on future periods. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

**Note 3 – Information certified by the Trustee**

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2024 and 2023, and for the year ended December 31, 2024.

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2024.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

**M-Files 401(k) Plan**  
Notes to Financial Statements  
December 31, 2024 and 2023

**Note 4 – Tax Status**

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service (“IRS”) to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a non-standardized pre-approved profit-sharing plan with cash or deferred option from DTS Retirement Solutions LLC, which received an IRS advisory letter dated June 30, 2020. The non-standardized pre-approved profit-sharing plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is subject to income tax examinations for three years.

**Note 5 – Fair Value Measurements**

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money Market Account:* Fair value is estimated to be carrying value.

**Note 5 – Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market account	\$ 205,623	\$ -	\$ -	\$ 205,623
Mutual funds	11,488,424	-	-	11,488,424
Total Plan investments	\$ 11,694,047	\$ -	\$ -	\$ 11,694,047

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market account	\$ 180,124	\$ -	\$ -	\$ 180,124
Mutual Funds	9,506,454	-	-	9,506,454
Total Plan investments	\$ 9,686,578	\$ -	\$ -	\$ 9,686,578

**Note 6 – Related-Party and Parties in Interest Transactions**

Certain Plan investments are shares of mutual funds managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net appreciation in fair value of investments. Certain fees incurred by the Plan for recordkeeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan’s operations.

**Note 7 – Excess Contribution Refund**

During the year ended December 31, 2023, the Plan received contributions of \$7,849 in excess of certain IRC code sections. The excess contributions to the Plan were from certain highly compensated participants and were forfeited from the accounts and returned to the employees on March 15, 2024. The amounts are reported as excess contributions payable in the statement of net assets available for benefits as of December 31, 2023.

**Note 8 – Prohibited Transactions**

During 2022, the Plan Sponsor failed to remit participant contributions in a timely manner. The Plan Sponsor identified two instances during the year ended December 31, 2022, where \$13,851 in participant contributions were remitted to the Plan in violation of Department of Labor (“DOL”) regulations. The Plan Sponsor submitted the missing earnings and interest to the Plan in accordance with the DOL’s Self Correction Program in August 2025.

A summary of nonexempt prohibited transactions related to delinquent remittances is shown in the attached supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 and 2023.

**Note 9 – Corrective Employer Contribution**

During 2024, the Plan Sponsor identified five instances where eligible participating employees did not receive the earned employer matching contribution due to an administrative error. The Plan Sponsor remitted the missed discretionary employer match contributions, including the related lost earnings and interest, on behalf of the affected participants in amount of \$5,356 in July 2025 using the IRS Employee Plans Compliance Resolution System. The Plan recorded corrective employer contributions receivable of \$5,356 as of December 31, 2024
