INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Phoenix Forge Group 401(k) Savings Plan
Reading, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Phoenix Forge Group 401(k) Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Phoenix Forge Group 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Phoenix Forge Group 401(k) Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Phoenix Forge Group 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Phoenix Forge Group 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

A. Description of Plan

The following description of The Phoenix Forge Group 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

- 1. General.** The Plan is a participant-directed, defined contribution pension plan covering employees of The Phoenix Forge Group LLC; Barco Industries, Inc.; Phoenix Hotform Company LLC; Capitol Manufacturing Company; JER Management, Inc.; and hourly union employees at Conduit Pipe Products Company (collectively referred to as the Plan Sponsor or Employer) who are 18 years of age and have completed one (1) year of service (1,000 hours). Effective February 1, 2023, Ocean Club Reservation Center, LTD was added as a participating employer in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.
- 2. Contributions.** Participants may contribute up to 100% of pretax annual compensation up to the maximum allowed by law or \$23,000 (in 2024; thereafter as adjusted by the U.S. Secretary of the Treasury) in a calendar year. Effective January 1, 2025, participants may also elect to make Roth after-tax deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Entry dates are semi-annual, each January 1 and July 1, following the eligibility requirements being met.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate investment accounts and one fixed account as investment options for participants.

The Plan Sponsor makes matching contributions of 90% of the first 4% of a participant's compensation contributed to the Plan. Effective January 1, 2025, the Plan Sponsor will make a safe harbor matching contribution equal to 100% of elective up to 4% of compensation. The Plan Sponsor may also make discretionary contributions as determined by the board of directors.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

- 3. Participant Accounts.** Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of any employer discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- 4. Vesting.** Participants are immediately 100% vested in their account balances, including employer contributions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

A. Description of Plan (continued)

- 5. Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years, other than for the purchase of the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest from 4.25% to 9.50%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.
- 6. Payment of Benefits.** On termination of service due to death, disability or retirement, participants (or their designated beneficiaries) who have a balance greater than \$5,000 may elect to receive the total vested balance in a lump sum distribution or may leave the balance in the Plan until a minimum distribution is required. A participant with a vested balance of less than \$5,000 will receive a mandatory lump sum distribution. A distribution of vested balances between \$1,000 to \$5,000 will be rolled over to an IRA unless the participant makes an affirmative election to either receive or roll over the distribution. Balances under \$1,000 will be paid as a lump sum distribution.

In-service distributions are allowed for participants upon attainment of age 70 $\frac{1}{2}$. Additionally, in-service distribution may be available to participants who are qualified members of the military service and meet certain conditions set forth in the Plan.

- 7. Forfeiture Accounts.** At December 31, 2024 and 2023, the forfeiture accounts included unallocated assets of \$7,460 and \$3,978, respectively. These accounts may be used by the Plan for several purposes, including the payment of Plan expenses. To the extent that amounts are not used to reduce Plan expenses, they may be used to reduce the employer's contribution. For the year ended December 31, 2024, no Plan expenses and no employer's contributions were funded from these forfeiture accounts.
- 8. ERISA Budget Account Agreement.** The Plan has an Expense Budget Account Agreement with Massachusetts Mutual Life Insurance Company (MassMutual). The Expense Budget Account (also referred to as an ERISA Budget Account (EBA) or Plan Expense Account (PEA)) is an unallocated Plan account holding assets that may be used by the Plan Administrator to pay reasonable Plan administrative expenses, subject to the terms of the Plan and applicable law. Pursuant to the instructions of the Plan Sponsor, the predetermined fee is applied monthly as an administrative expense percentage to each participant's account balance. Annual EBA credits are either deposited to the Plan's EBA on a quarterly basis and/or used to pay the approved service providers directly. Any unused credits may be allocated among the accounts of Plan participants by the end of each Plan year. For the year ended December 31, 2024, \$67,626 of the EBA funds were used to pay Plan expenses. At December 31, 2024 and 2023, the EBA balance was \$4,981 and \$4,746, respectively.

A. Description of Plan (continued)

9. Plan Amendments.

Effective February 1, 2023, the Plan was amended to include Ocean Club Reservation Center, LTD as a participating employer in the Plan and credit years of service with this predecessor employer for all purposes.

Effective January 1, 2025, the Plan was amended to update certain provisions for Plan administration, including permitting Roth after-tax deferral elections, electing safe harbor employer contributions and matching catch-up contributions.

SECURE 2.0 Act of 2022: The Plan Sponsor has implemented operational updates to comply with applicable provisions of the SECURE 2.0 Act, including the increase in the required minimum distribution age, expanded eligibility for long-term part-time employees, elimination of pre-death RMDs for Roth accounts, and Roth treatment of catch-up contributions for certain participants. Although the Plan has not yet been formally amended, the amendment is expected to be executed by December 31, 2026, in accordance with IRS guidance.

B. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note D for a discussion of fair value measurements.

Investment Valuation and Income Recognition (continued): Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

B. Summary of Significant Accounting Policies (continued)

Contributions Receivable and Allowance for Expected Credit Losses: In June 2016, the FASB issued Accounting Standards Update (ASU) 2016-13, Financial Instruments – Credit Losses (ASC Topic 326) Measurement of Credit Losses on Financial Instruments. ASC Topic 326 significantly changed how entities measure credit losses for most financial assets and certain other instruments that are not measured at fair value through net income. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Company that are subject to the guidance in ASC Topic 326 are notes receivable from participants and contributions receivable. The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the Plan's financial statements and primarily resulted in new and enhanced disclosures only. No allowance for current expected credit losses was considered necessary at December 31, 2024 and 2023.

Notes Receivable from Participants: Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Corrective Contributions: Corrective contributions include qualified nonelective contributions or other plan corrections and are generally recorded in the year of the event as 'other employer contributions' in the statement of changes in net assets available for benefits. Any associated receivable is presented as 'other employer contribution receivable' as of the Plan's year-end.

Corrective Distributions: Corrective distributions include Plan corrections that are generally recorded in the Plan year deemed payable to participants. Corrective distributions may also be required in the event that employee contributions exceed contribution limitations of the Plan. These amounts are netted against contributions in the statement of changes in net assets available for benefits and the associated liability is presented as 'excess contribution payable' as of the Plan's year-end.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Generally, the Plan's administrative fees and expenses are paid by the Plan and allocated to participant accounts. The Plan's individual account fees and expenses are charged directly to participant accounts. Investment-related expenses are included in net appreciation (depreciation) in the fair value of investments. Certain expenses of maintaining the Plan paid by the Plan Sponsor are excluded from these financial statements. See also Note A.8. ERISA Budget Account.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

C. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee and custodian of the Plan.

D. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic 820 (ASC Topic 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

D. Fair Value Measurements (continued)

Pooled Separate Investment Accounts: Pooled separate accounts are valued at NAV or equivalent based on units of the pooled separate accounts. The NAV, as provided by the administrative services provider, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. See note D.(a).

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)				34,345,526
Investments, at fair value				<u>\$34,345,526</u>

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)				28,175,292
Investments, at fair value				<u>\$28,175,292</u>

a. In accordance with ASC Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

D. Fair Value Measurements (continued)

Investments Measured Using the NAV per Share as a Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$34,345,526	N/A	Daily	90 days

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$28,175,292	N/A	Daily	90 days

E. Fixed Account

The Plan has a fully benefit-responsive investment contract with Talcott Resolution Life Insurance Company (TRLIC), formerly Hartford Life Insurance Company (Hartford Life). The contract issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Since the contract is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by TRLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

THE PHOENIX FORGE GROUP 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

E. Fixed Account (continued)

The contract issuer is contractually obligated to repay the principal and a specified interest rate, the declared interest rate, that is guaranteed to the Plan. The declared interest rate for 2024 and 2023 Plan years, was 2.80% and 2.15%, respectively.

F. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would already be 100% vested in their employer contributions under the Plan provisions.

G. Tax Status

Effective January 1, 2022, the Plan Sponsor has adopted the retirement plan under the Great-West Trust Company, LLC, Defined Contribution Pre-Approved Plan. A new IRS determination letter dated June 30, 2020, has been obtained for this Pre-Approved Plan.

The Plan Administrator has not sought an individual determination letter for the Plan and is relying on the opinion letter, as provided for in Revenue Procedure 2005-16. Although the Plan has been amended since receiving the applicable determination letters above, the Plan Administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2021.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Related Party Transactions and Party-In-Interest Transactions

Effective on December 31, 2020, Empower Retirement (Empower) acquired the MassMutual retirement business. Through this transaction, business written by MassMutual is reinsured by Great-West Life & Annuity Insurance Company (GWLA) and in New York by Great-West Life & Annuity Insurance Company of New York.

THE PHOENIX FORGE GROUP 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

I. Related Party Transactions and Party-In-Interest Transactions (continued)

Effective April 1, 2022, the Plan assets migrated from Reliance Trust Company, the directed trustee of the Plan to the Empower recordkeeping system and Empower Trust Company, LLC (also referred to as Great West Trust Company, LLC) became the successor trustee and custodian of the Plan.

During 2024 and 2023, the Plan had investments in a Group Variable Annuity Contract (Contract) with Talcott Resolution Life Insurance Company (TRLIC), (formally, Hartford Life Insurance Company). In connection to the acquisition of MassMutual retirement business by Empower, contracts issued by TRLIC are administered by MassMutual, a service that has been sub-contracted to Empower.

The financial statements include recordkeeping, trustee and advisory expenses paid by the Plan. Fees paid during the year for accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Plan issues notes to its participants, which are secured by the participants' balance.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.
