## *INDEPENDENT AUDITOR'S REPORT*

To the Pension Committee  
Rail Products International, Inc.  
Columbus, Ohio

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed an audit of the financial statements of the Rail Products International, Inc. Union Employees Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Rail Products International, Inc. Union Employees Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years ended then, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### *Basis of Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Rail Products International, Inc. Union Employees Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rail Products International, Inc. Union Employees Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibility for the Audit of the Financial Statements*

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rail Products International, Inc. Union Employees Pension Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rail Products International, Inc. Union Employees Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**DESCRIPTION OF THE PLAN**

The following brief description of the Rail Products International, Inc. Union Employees Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description.

**General**

The Plan is a single employer, noncontributory defined benefit plan sponsored by National Electric Coil, Inc. (Plan Sponsor). The Plan covers all union employees who have completed 1,000 hours of service.

**Benefits**

Participants are eligible for normal monthly benefit payments upon reaching the age of 65. Reduced benefits are payable upon reaching the age of 60 with a minimum of ten years of service, or at the age of 55 with a minimum of thirty years of service. The Plan also provides for certain benefits in instances of disability, retirement, termination or death.

Participants may elect to receive pension benefits in the form of a single life annuity, joint and survivor annuity, or actuarial equivalent (including lump-sum distributions). Monthly benefits for all future retirees are calculated based on the years of service multiplied by the applicable monthly benefit level corresponding to the participant's retirement date outlined below:

<b><u>If an employee retires on or after</u></b>	<b><u>Benefit level per month per each service year is</u></b>
Nov. 1, 1994, but before Jan. 1, 1995	\$ 15.50

Any participant who dies with a vested benefit under the Plan shall have a survivor's benefit payable to the participant's eligible spouse. Any unmarried participant who dies before pension commencement date shall forfeit benefits under the Plan. In the event a participant over the age of 55 becomes disabled after the completion of ten years of service, that participant is entitled to disability retirement benefits equal to the accrued benefit at the time of disability, actuarially reduced if payments commence prior to age 65.

---

***DESCRIPTION OF THE PLAN - Continued***

***Vesting***

The Plan provides for 100% vesting upon completion of five years of service. Employees terminating prior to completing 5 years of service forfeit the right to receive their accumulated plan benefits.

***Forfeitures***

During the year ended December 31, 2024, forfeited non vested accounts totaled \$18,194 which can be used to reduce future plan fees and expenses. During the year ended December 31, 2023, forfeited non vest accounts totaled \$11,013 which was used to reduce fees and expenses on the statement of changes in net assets available for benefit.

***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

The accompanying financial statements have been prepared on the accrual basis of accounting, whereby income is recorded in the accounting period it is earned and expenses in the accounting period the expense is incurred regardless of when the cash is received or paid. The Plan's more significant accounting policies are as follows:

***Investments***

Investments are reported at their fair values based on quoted prices published on public security exchanges. Dividend and interest income is recorded when earned. Realized gains and losses on sales of investments are determined using the average cost method.

***Contributions***

Contributions are recognized when the expense is incurred by the Plan Sponsor. The Plan Sponsor makes contributions to the Plan within the minimum and maximum amounts allowed by law as determined by the Plan's actuary.

***Benefit Payments***

Benefit payments are recognized when paid to the participants.

***Federal Income Tax Status***

The Internal Revenue Service (IRS) issued its latest determination letter on January 31, 2008, which stated that the Plan and its underlying trust qualify under the applicable provisions of the Internal Revenue Code and, therefore, are exempt from federal income taxes. The Plan Sponsor and trustees are not aware of any provision, action or event that has occurred that might affect the Plan's qualified status.

The Plan complies with Accounting Standards Codification (ASC) 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. Plan administration is not aware of any tax positions taken by the Plan that it considers to be uncertain. The Plan is no longer subject to examination by federal and state taxing authorities prior to 2021.

***Risks and Uncertainties***

The Plan invests in a variety of investment securities. These investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect the amounts reported in the statement of net assets available for plan benefits.

---

***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued***

***Fees and Expenses***

Fees and expenses are recognized when incurred. A portion of the fees and expenses connected with providing administrative services to the Plan are absorbed by the Plan Sponsor.

***Use of Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***INFORMATION CERTIFIED BY THE CUSTODIAN***

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock Life Insurance Company (U.S.A.) acts as custodian and holds the Plan's investments and executes all investment transactions.

Accordingly, John Hancock Life Insurance Company (U.S.A.) has certified to the completeness and accuracy of:

Investments reflected on the accompanying statements of net assets available for plan benefits.

Net appreciation/depreciation in fair value of investments, dividends, and interest, reflected on the accompanying statements of changes in net assets available for plan benefits for the years ended.

Investments reflected on the schedule of assets (held at end of year).

***PARTY-IN-INTEREST TRANSACTIONS***

Certain plan investments are provided by or managed by the Plan's investment advisor, as is customary in retirement plans. JHBenefits, Ltd. serves as the Plan's actuary and BHM CPA Group, Inc. serves as the Plan's auditor. As a result, transactions with these parties qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

**RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The beginning balance for contributions and net assets reported in the 2024 financial statements differ from the ending balances on the 2023 Form 5500 due to a timing difference in contribution reporting. A contribution of \$60,664 designated for the 2024 plan year was not included in the original 2023 Form 5500 ending balance but was subsequently added through an amended filing. This timing difference does not affect participant account balances or benefits. No reconciliation was necessary for 2024 and 2023.

**OBLIGATION FOR PENSION BENEFITS**

The Plan Sponsor's contributions are designed to fund the Plan's annual service costs on a current basis and to fund prior service costs and recognize the actuarial gains and losses over a twenty-year period.

Accumulated plan benefits are those future benefit payments attributable under the Plan's provisions to service that employees have rendered to date. The actuarial present value of accumulated plan benefits has been determined by an independent actuary, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the benefit information date and the expected payment dates. The effect of Plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The actuarial present value of accumulated plan benefits as of the beginning of the Plan year, January 1, 2024, was as follows:

	<b>2024</b>
Vested:	
Retired employees receiving benefits	\$ 5,224,792
Active and terminated employees not presently receiving benefits	3,141,403
Total actuarial present value of accumulated plan benefits	\$ 8,366,195

The following presents the changes in the actuarial present value of accumulated plan benefits as of the beginning of the Plan year, January 1, 2024, was as follows:

	<b>2024</b>
Actuarial present value of accumulated plan benefits at beginning of year	\$ 8,544,690
Benefits accumulated/decrease in discount period	520,984
Benefits paid	(558,169)
Additional benefits earned/experience gains	(141,310)
Net increase	(178,495)
Actuarial present value of accumulated plan benefits at end of year	\$ 8,366,195

**RAIL PRODUCTS INTERNATIONAL, INC.  
UNION EMPLOYEES PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2024 and 2023

---

***OBLIGATION FOR PENSION BENEFITS - Continued***

The more significant assumptions and methods underlying the actuarial valuations are as follows:

<u>Actuarial method</u>	<u>Unit Credit funding method</u>
Interest rate for funding purposes	Minimum funding segment rates 4.75% to 5.59%; maximum funding segment rates 3.82% to 4.63%
Discount rate for determining liability	6.00%
Mortality rate	SOA RP-2014 Total Dataset Mortality with Scale MP-2020
Retirement age	Normal retirement age (65)
Salary increase	N/A
Employee turnover	T-2 less GA51M withdrawal rates

The Plan Sponsor may terminate the Plan or discontinue contributions at any time, subject to the provisions set forth in ERISA and the collective bargaining agreement. Should the Plan be terminated at some future time, all participants become 100% vested in benefits earned as of the termination date. If the termination is the result of bankruptcy or near bankruptcy of the Plan Sponsor and the Plan's assets are not adequate to pay all benefits vested prior to the termination, the Pension Benefit Guaranty Corporation (PBGC) will take over the Plan and will apply those benefits which it guarantees. In this case, some participants may receive a smaller benefit than if the Plan had continued. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits (as described in the Plan) and the level of benefits guaranteed by the PBGC at that time.

If, however, the Plan is terminated for any reason other than the bankruptcy or near bankruptcy of the Plan Sponsor and the Plan has insufficient assets, the Plan Sponsor will be required to pay to the Plan an amount which, together with Plan assets, will satisfy all benefits accumulated to the date of the Plan termination.

***FAIR VALUE MEASUREMENTS***

The Plan complies with ASC 820, *Fair Value Measurements and Disclosures*, to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. The standard defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair values of certain assets are determined based on the fair value hierarchy established in this standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect assumptions market participants would use in pricing the asset or liability based on the best information available in the circumstances. The standard describes three levels within its hierarchy that may be used to measure fair value which are:

***Level 1***

Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

**RAIL PRODUCTS INTERNATIONAL, INC.  
UNION EMPLOYEES PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2024 and 2023

---

**FAIR VALUE MEASUREMENTS - Continued**

**Level 2**

Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3**

Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Fair Value</u>	<u>Fair Value Measurements Using:</u>		
		<u>Level (1)</u>	<u>Level (2)</u>	<u>Level (3)</u>
<b>December 31, 2024</b>				
Mutual funds	\$ 11,202,901	\$ 11,202,901	\$ -	\$ -
<b>December 31, 2023</b>				
Mutual funds	\$ 10,193,497	\$ 10,193,497	\$ -	\$ -

Mutual funds include debt and equity mutual funds. These funds are publicly traded and their fair value represents the closing price or net asset value as of December 31, 2024 and 2023. As a result, they are considered Level 1. The Plan did not have any transfers between levels in either year presented.

**SUBSEQUENT EVENTS**

Subsequent events were evaluated through October 8, 2025, which is the date the financial statements were available to be issued.

Summary of Actuarial Assumptions and Method

Plan Year: 1/1/2024 to 12/31/2024

Valuation Date: 1/1/2024

**Actuarial Cost Method**

The Unit Credit funding method was used as prescribed by the Pension Protection Act. This method sets the funding target equal to the present value of accrued benefits, and sets the normal cost equal to the present value of the benefit accrued in the current year.

An actuarial value of assets is used for funding purposes. This year the actuarial value of assets is 100.0% of the market value of assets.

**Rail Products International, Inc.**  
**Union Employees Pension Plan**

Weighted Average Retirement Age

Plan Year: 1/1/2024 to 12/31/2024

Valuation Date: 1/1/2024

Assumed Retirement Age - 100% of the participants are assumed to retire at the date the plan's normal retirement age is attained, which is defined as:

Attainment of age 65

Participants who have passed their Normal Retirement Date as defined above are assumed to retire on the valuation date.

Weighted average retirement age 66
