INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Tech Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

TECH SYSTEMS, INC. 401(K) PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Tech Systems, Inc. 401(k) Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note (4) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note (2).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tech Systems, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note (2) of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note (2); this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tech Systems, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tech Systems, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tech Systems, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (modified cash basis) Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) (Modified Cash Basis) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions (Modified Cash Basis) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TECH SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

(1) Description of the Plan

The following description of Tech Systems, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Tech Systems, Inc. (the “Company”) who have one year of service and have attained the age of 21. Employees may enter the Plan on the first day of any month following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan was originally adopted as of January 1, 1997. Effective February 17, 2021, the Plan was amended and restated. Effective September 1, 2022, the Plan was amended to include the employees of Securitronics Company, Inc., a company acquired by the Plan Sponsor. The Plan allowed the service with Securitronics to count for eligibility, vesting and for purposes of applying any allocation conditions for Securitronics employees joining the Plan. The Plan was subsequently amended and restated effective June 1, 2023 to further define the treatment of rollover contributions.

Effective December 1, 2023, the Company engaged Principal Trust Company as the new trustee and amended and restated the Plan accordingly.

Contributions - Participants are subject to an auto enrollment at 2% of annual compensation for each payroll period, unless the employee elects to opt out of the Plan or elects a different deferral amount, subject to limitation amounts under the provisions of the Internal Revenue Code (“IRC”). Participants may contribute up to \$23,000 for 2024 and \$22,500 for 2023, of pretax annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed \$7,500 for 2024 and 2023. Participants may also “roll over” amounts representing distributions from other qualified plans. The Company may contribute additional amounts at the discretion of the Company's management. Employer discretionary matching contributions were \$645,848 in 2024 and \$560,640 in 2023.

Participant accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, (b) Plan earnings (losses) including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants’ non-vested accounts charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their elective contributions and rollover contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is subject to the following vesting schedule:

<u>Years of vested service</u>	<u>Vesting Percent</u>
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five	100%

TECH SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

(1) Description of the Plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 or (b) 50% of their vested account balance less their highest outstanding loan balance in the previous twelve months. Loan transactions are treated as a transfer between the respective participant's elected investment fund(s) and the participant's loans fund. The loans are secured by the balance in the participant's account and bear interest at the Prime interest rate plus 1%, determined at the time the loan is taken from the Plan. The interest rate ranged from 4.25% to 9.50% for the years ended December 31, 2024 and 2023. Loan terms range from 1-5 years and are generally repaid through payroll deductions. The Plan's participant loan policy limits the number of loans outstanding per participant to no more than two loans.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive an amount equal to the value of the vested interest in the participant's account. Participants with vested benefits in excess of \$5,000 may choose to receive their benefits in the form of a lump-sum payment or through installment payments, subject to Plan provisions.

Forfeitures - Distributions to terminated participants whose accounts are not 100% vested are reduced by forfeiture of the non-vested portion of their accounts. Forfeitures may be used to pay plan expenses or used to reduce the Company's contribution obligation. Forfeitures for the Plan were \$25,122 and \$52,410 for the years ended December 31, 2024 and 2023, respectively.

Investment options - The Plan offers several investment options, and participants may instruct the trustee how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan Administrator.

Administrative expenses - Fees or expenses related to the administration of the Plan are paid by the Plan Sponsor. Investment management fees associated with the investment of Plan assets are paid by the participants. Plan-related expenses not paid by the Plan Sponsor will generally be allocated to the accounts of participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan.

(2) Summary of significant accounting policies

Basis of accounting - The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under the cash basis of accounting, transactions are recorded when cash is received or paid. However, for these financial statements, the cash method is modified to report investments at fair market value, as required by the U.S. Department of Labor.

TECH SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - The Plan's investments are presented at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures* as more fully described in Note (3), based on the quoted market prices of the underlying securities within each fund at the Plan's year end. Shares of mutual funds and bond funds are valued at quoted market prices that represent the net asset value of shares and units held by the Plan at year end. The Plan follows FASB Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, and also follows FASB ASU 2018-09, *Codification Improvement*. The ASU 2018-09 amendment removes the stable value fund from the illustrative example in FASB ASC 962-325-55-17 to avoid the interpretation that such an investment would never have a readily determinable fair value and should always use the net asset value per share practical expedient. As a result of management's evaluation, the stable value fund has been classified as Level 2 investments, as discussed in Note (3).

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair market value of investments. Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

Estimates - The preparation of the financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflicts. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the valuation of investment securities will occur in the near term and those changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits (Modified Cash Basis).

NOTES TO FINANCIAL STATEMENTS

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: These investments consist of various publicly traded money market funds and mutual funds. The fair values are based on quoted market prices and are classified as Level 1 investments.

Common collective trust mutual funds: Common collective trust mutual funds are stated at fair value as determined by observable Level 1 quoted pricing inputs or by quoted prices for similar assets in active or non-active markets. While some common collective trust accounts may have publicly quoted pricing inputs (Level 1), the account values of common collective trusts are not publicly quoted and are therefore classified as Level 2 investments.

TECH SYSTEMS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(3) Fair value measurements (continued)

Stable value fund: This fund, which primarily holds investments in fully benefit-responsive contracts, is valued at the net asset value of units based on the fair value of the underlying net assets divided by the number of units outstanding. The net asset value per unit is a quoted price in a market that is not active; therefore, these investments are classified as Level 2 investments. There are no unfunded commitments related to the stable value fund and investments in the stable value fund can be redeemed on a daily basis without restriction.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,831,802	\$ -	\$ -	\$ 12,831,802

(4) Information prepared and certified by qualified institutions

The following investment information included in the accompanying financial statements and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) (Modified Cash Basis), was obtained from data that has been prepared and certified to as complete and accurate by Principal Trust Company, a qualified institution, as of December 31, 2024 and 2023, and for the period from December 1, 2023 to December 31, 2024, and by Matrix Trust Company, a qualified institution, for the period from January 1, 2023 to December 31, 2023.

Total investment income	\$ 2,677,208	\$ 2,466,933

(5) Tax status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the IRC and accordingly, the Trust's net investment income is exempt from income taxes. The restated Plan received a favorable tax determination letter from the Internal Revenue Service ("IRS") on June 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023

(6) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the rights of all participants to amounts credited to each participant's account will be 100% vested and nonforfeitable. As of the date of this report, the Company had no plans to terminate the Plan.

(7) Party-in-interest transactions

Effective December 1, 2023, the Plan engaged Principal Trust Company as the new trustee. Principal Trust Company held investments as of December 31, 2024 and executed investment transactions for the Plan during the period from December 1, 2023 to December 31, 2023, therefore, these transactions with the trustee qualify as party-in-interest transactions. Matrix Trust Company held investments as of December 31, 2023 and executed investment transactions for the Plan during the period from January 1, 2022 to December 31, 2023, therefore, these transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$46,294 and \$41,983 for the years ended December 31, 2024 and 2023, respectively.

(8) Fidelity bond

ERISA Code section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total plan assets as of the preceding plan year or \$500,000. The Plan had sufficient bond coverage as of December 31, 2024 and 2023.

(9) Subsequent events

Management has reviewed subsequent events through October 9, 2025, the date which the financial statements were available to be issued, and has determined that there were no subsequent events that require recognition or disclosure in the financial statements.
