**THE BUSINESS SOFTWARE, INC. 401(K)
PROFIT SHARING PLAN**

FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

INDEPENDENT AUDITORS' REPORT

To Management and the Administrative Committee of
The Business Software, Inc.
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of The Business Software, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Business Software, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Business Software, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Business Software, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Business Software, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Business Software, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted

auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 1. Description of the Plan

The following description of Business Software, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan that consists of profit sharing and 401(k) features. The profit sharing feature is a discretionary defined contribution profit sharing plan covering all eligible employees. The 401(k) feature includes elective employee salary deferrals and employer matching contribution features. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). Plan management oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions. Each year, participants may contribute a portion of pre or post tax annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The Company makes a discretionary matching contribution of 25 percent of the first 4 percent of base compensation that a participant contributes to the plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the Company. For the year ended December 31, 2024 the Company elected to make a profit sharing contribution of \$163,000 which was credited to the participants' accounts in 2025 and included in employer contribution receivable at December 31, 2024. For the year ended December 31, 2023 the Company elected to make a profit sharing contribution of \$155,234 which was credited to the participants' accounts in 2024 and included in employer contribution receivable at December 31, 2023. Contributions are subject to certain statutory limitations.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings (losses) and, (c) any administrative expenses paid by the plan. Allocations of the Company's profit sharing contributions are made in the ratio which each participant's compensation for the applicable Plan year bears to the total compensation of all participants for such Plan year. Allocation of Plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

See independent auditors' report.

BUSINESS SOFTWARE, INC 401(K)
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1. Description of the Plan (continued)

Eligibility. Effective May 1, 2024, after an employee has been with the Company for more than three months, and is at least 21 years old, the employee becomes eligible for the Plan on the first day of the following month. Prior to that date, after an employee had been with the Company for at least six months, had worked at least 83.3 hours each month and was at least 21 years old, the employee became eligible for the Plan on the first day of the following month.

Vesting. Participants are immediately vested in their deferral contributions plus actual earnings thereon. Prior to May 1, 2024 vesting in the Company's contribution portion of their accounts plus earnings thereon was based on each employee's length of service. Previously, a participant was 100% vested after six years of credited service. Effective May 1, 2024, participants are 100% vested at all times.

Notes Receivable from Participants. Participants may borrow from their fund accounts an amount not less than \$1,000 and not to exceed \$100,000 or one-half of the value of the vested portion of the participant's vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates of 4.25-9.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, participant's termination of employment, or Company termination of the Plan, the participant will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. Under the terms of the Plan, forfeitures of nonvested employer contributions are used to reduce future employer contributions and/or to pay administrative expenses. During the year ended December 31, 2024, forfeitures of \$4,228 were used to offset employer contributions or to pay administrative expenses. As of December 31, 2024 and 2023, the Plan had unused forfeitures of \$10,902 and \$5,147, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

See independent auditors' report.

**BUSINESS SOFTWARE, INC 401(K)
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 2. Summary of Significant Accounting Policies (continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan’s investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan’s valuation policies. See Note 5 for discussion of fair value measurements.

Payment of Benefits. Benefits are recorded when paid.

Plan Expenses. Certain expenses of maintaining the Plan are paid by the Plan or the Plan sponsor, as provided by the Plan document. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant’s account.

Transfer of Plan Assets. During the year ended December 31, 2024, the Plan transferred custody and recordkeeping of its assets from American Trust Company to Principal Life Insurance Company, effective May 1, 2024. All participant account balances and investment options were mapped or transferred in-kind, where applicable. The transfer was completed as part of a change in service providers to improve participant services and reduce administrative fees.

No loss or gain was recognized as a result of the transfer. The Plan's investment policies and participant rights under the Plan were not materially affected by the change in custodianship.

**BUSINESS SOFTWARE, INC 401(K)
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risk and Uncertainties. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events. The Plan has evaluated subsequent events through August 4, 2025, the date which the financial statements were available to be issued.

Note 3. Certified Investments

Information related to investments and notes receivable disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by American Trust Company (the custodian of the Plan prior to transfer of Plan assets) and by Principal Life Insurance Company (the custodian of the Plan subsequent to transfer of Plan assets).

Note 4. Investment in Fully Benefit-Responsive Investment Contract with Principal Life Insurance Company

As of December 31, 2024, the Plan held an investment contract (The Principal Life Insurance Fixed Income Guaranteed Option) with Principal Life Insurance Company ("Principal Life") through its general account, in the amount of \$5,903,623. This contract is a group annuity contract that meets the definition of a fully benefit-responsive investment contract and is therefore reported at contract value in the Statement of Net Assets Available for Benefits.

BUSINESS SOFTWARE, INC 401(K)
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 4. Investment in Fully Benefit-Responsive Investment Contract with Principal Life Insurance Company (continued)

Principal Life is contractually obligated to repay the principal and accrued interest at contract value to participants who initiate permitted plan transactions. The contract value represents participant contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of their account balances at contract value. Restrictions may apply in rare circumstances such as plan termination or sponsor bankruptcy; however, the Plan Sponsor does not consider such events probable.

Interest is credited to the contract balance based on a formula guaranteed not to be less than 0% established by Principal Life. The crediting rate was 4.75% as of December 31, 2024, and the average annual yield for the year was 4.70%. There are no reserves against the contract for credit risk or otherwise.

Note 5. Fair Value Measurements

The fair value measurement literature establishes a three-level hierarchy that prioritizes the inputs used to measure fair value. The levels of the fair value hierarchy are:

- **Level 1:** Quoted prices in active markets for identical assets
- **Level 2:** Observable inputs other than Level 1 quoted prices, such as quoted prices for similar assets or liabilities
- **Level 3:** Unobservable inputs based on the reporting entity's assumptions

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

See independent auditors' report

DECEMBER 31, 2024 AND 2023**

Note 5. Fair Value Measurements (continued)

Investments measured using the net asset value (NAV) per share as a practical expedient are not classified within the fair value hierarchy.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

Investment Type	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual funds	\$23,295,863	\$ -	\$ -	\$ 23,295,863
Total Investments in Hierarchy	<u>\$23,295,863</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,295,863</u>

Common Collective Trusts (CCTs): These funds invest primarily in equity or fixed income instruments. The fair value is estimated using NAV provided by the trustee or fund manager, based on the fair value of the underlying assets.

The following table sets forth the Plan's investments measured at Net Asset Value (NAV) at December 31, 2023:

	<u>Fair Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trusts	\$25,273,797	Daily	30 days
Total Investments at NAV	<u>\$25,273,797</u>		

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation in fair value of investments.

Note 6. Deemed Distribution of Note Receivable from Participant

During the year ending December 31, 2024, one note receivable from a participant in the amount of \$4,912 was deemed distributed. This amount was reported as a taxable distribution to the affected participant in the year ending December 31, 2024.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**BUSINESS SOFTWARE, INC 401(K)
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 8. Tax Status

The Plan is a tax-qualified retirement plan under Code Section 401(a), with a qualified cash or deferred arrangement under Code Section 401(k). The Plan is an adopted form of the Prototype Standardized Profit Sharing Plan with CODA (Volume Submitter Plan). The Volume Submitter Plan obtained an opinion letter from the IRS dated June 30, 2020, which stated that the language of the Volume Submitter Plan was in compliance with the applicable requirements of the Code. The Company believes that the Plan is currently being administered in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 9. Parties-in-Interest to the Plan

Parties in interest are defined under the Employee Retirement Income Security Act of 1974 (ERISA) as individuals or entities that have a relationship with the Plan. These include, but are not limited to, the Plan sponsor, custodians, plan fiduciaries, service providers, and employees.

During the year, the Plan engaged in transactions with parties in interest, including the following:

- **Plan Sponsor:** Certain administrative expenses of the Plan were paid by the Plan sponsor as permitted by the Plan document and ERISA.
- **Custodian:** The Plan's custodian through April 30, 2024, American Trust Company, was a party in interest. At December 31, 2023, the Plan held investments managed or issued by American Trust Company or its affiliates, including collective trusts. These transactions qualify as exempt party-in-interest transactions under ERISA Section 408(b)(8).
- **Insurance Company:** At December 31, 2024 the Plan holds a fully benefit-responsive fixed income insurance contract issued by Principal Life Insurance Company, which is a party in interest. The insurer is responsible for crediting interest to participant balances and ensuring benefit payments in accordance with the terms of the contract.

DECEMBER 31, 2024 AND 2023**

Note 9. Parties-in-Interest to the Plan (continued)

- **Investment Advisors:** The Plan engaged one or more registered investment advisors to provide fiduciary investment management or advisory services during the year. These advisors are parties in interest under ERISA and are compensated based on the terms of service agreements with the Plan or Plan sponsor. All fees paid to advisors are disclosed either directly or netted against investment returns, as applicable.

All transactions with parties in interest were made in the ordinary course of business and under terms that are believed to be reasonable and permitted by the Plan and ERISA.
