INDEPENDENT AUDITORS' REPORT

To the Administrator of the
Associated Space Design, Inc. Retirement Savings Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Associated Space Design, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Associated Space Design, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520-103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Associated Space Design, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Associated Space Design, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Associated Space Design, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Associated Space Design, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of plan:

The following description of the Associated Space Design, Inc. Retirement Savings Plan (the Plan), as amended and restated, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Associated Space Design, Inc. (the "Plan Administrator", "the Company", and "the Employer") established the Associated Space Design, Inc. Profit Sharing Plan ("Profit Sharing Plan") on July 26, 1973, to be effective as of January 1, 1973. The Profit Sharing Plan was subsequently amended and restated on various dates. The Profit Sharing Plan changed the name of the plan to the Associated Space Design, Inc. Profit Sharing Stock Plan (the "PSSP"). The Plan Administrator established the Associated Space Design, Inc. Employee Stock Ownership Plan ("ESOP I") on December 27, 1985, to be effective as of January 1, 1985. ESOP I was subsequently amended on various dates. The Plan Administrator established the Associated Space Design, Inc. Retirement Savings Plan (the "RSP") on December 28, 1986, to be effective January 1, 1986. Effective December 31, 1994, the PSSP and ESOP I were merged with and into the RSP to form the Plan. Effective January 1, 1994, the Plan Administrator amended and restated the Plan to include provisions for the establishment of a separate employee stock ownership plan account ("ESOP II") under the Plan, which was used to purchase a majority interest in the Company in a leveraged transaction.

The Plan Administrator subsequently amended and restated the Plan effective as of January 1, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Substantially all employees are eligible to participate in the Plan immediately upon their employment. Leased employees and collectively bargained employees are excluded from participation in the Plan.

Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan document, subject to IRS limits. Both pre-tax and Roth contributions are allowed. Participants who are age 50 or older are permitted to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 1 - Description of plan - continued:

Contributions - continued

The Company may make discretionary matching contributions to the Plan. During the year ended December 31, 2024, the Company matched 50% of the participants' total pre-tax and Roth contributions for employees that were employed as of December 31, 2024.

The Company may also make discretionary profit sharing cash and stock contributions to the Plan. The contributions are allocated to each participant who has completed 1,000 hours of service and is an employee as of the last day of the Plan year, in proportion to their compensation during the plan year to total compensation during the plan year for all such participants. For the year ended December 31, 2024, a total of \$250,000 was contributed to the Plan.

The Plan also provides that the Employer shall make ESOP contributions to the Plan in cash in an amount necessary to cover any principal and interest due on the ESOP Loan for that plan year. For the year ended December 31, 2024, there was no outstanding ESOP Loans, and therefore, no ESOP contributions were made.

Participant accounts

Each participant's non-Employer stock contribution account is credited with the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and is charged with an allocation of administrative expenses. Upon enrollment in the Plan, a participant may direct the investment of employee and employer contributions to any of the Plan's investment options. Participants may change their investment options daily.

Each participant's Employer stock account is credited with an allocation of earnings or losses, forfeited balances of terminated participant's non-vested accounts, and an allocation of any discretionary Employer profit sharing stock contribution. Any discretionary contributions or forfeitures are allocated to each participant based on the ratio of their compensation to the total compensation of all allocated participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of plan - continued:

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 65 (normal retirement age), termination of service, disability, or death. Upon attainment of age 59 1/2, a participant may elect to withdraw all or part of their deferral contributions and vested employer matching contributions if the participant is still employed by the Company. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship. Hardship withdrawals are limited to the lesser of the amount of the financial need or the amount of the participant's pre-tax and Roth contributions, and earnings thereon.

Benefit payments from a participant's ESOP or PSSP accounts are paid in cash based on the cash value of the participant's account using the most recent stock valuation price. The participant's fractional shares are exchanged for cash within the Plan by a transfer allocation from the remaining participants in the Plan to the participant receiving the benefit payment and the whole shares distributed by the Plan are retired by the Employer.

Diversification

Participants who have reached the age of 55 with at least 10 years of service may elect to diversify a portion of their ESOP accounts. Diversification is offered to each eligible participant over a six year period. There were \$346,560 of benefit payments related to diversification for the year ended December 31, 2024. Management estimates that the maximum potential liability due to diversification was approximately \$1,103,700 as of December 31, 2024.

Investment valuation and income recognition

The Plan's pooled separate accounts and common stock are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investment valuation and income recognition - continued

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

- Units of participation in pooled separate accounts, except for the stable value fund, are listed on national securities exchanges and are valued based on the year-end quoted market prices of the underlying investments held in the pooled separate accounts.
- Included in pooled separate accounts is a stable value fund which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The Plan has concluded that the net asset value denotes readily determinable fair value.
- Shares of common stock of Associated Space Design, Inc. are valued at fair value determined by an independent valuation consultant in relation to the market valuation of comparative companies and other internal factors such as the history of the Company, earnings capacity of the Company, and adjusted book value of the Company.
- Cash is valued at cost, which approximates fair value.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment valuation and income recognition - continued

During the year ended December 31, 2024, the Plan's investments (including gains and losses on investments bought and sold during the year as well as held during the year) appreciated in value by \$5,106,273 as follows:

Pooled separate accounts	\$	4,942,645
Associated Space Design, Inc. common stock		<u>163,628</u>
	\$	<u>5,106,273</u>

The Plan's investment in Associated Space Design, Inc. common stock at December 31, 2024 and 2023 consisted of 8,612 and 8,617 shares, respectively. All shares of common stock have been allocated to participants.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 8, 2025, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2024, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the custodian:

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian, John Hancock Life Insurance Company U.S.A.

Note 4 - Party-in-interest transactions:

The custodian performs services for the Plan, sell products to the Plan, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibited transaction rules.

Note 5 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Tax status:

The Plan Administrator has received a determination letter from the Internal Revenue Service (IRS) dated October 17, 2013 stating that the form of the individually designed Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7 - Concentrations of credit risk:

The Plan maintains its cash in bank deposits, which at times may exceed federally-insured limits. The Plan has not experienced any losses in such accounts.
