INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Try-It Distributing Co., Inc. & Subsidiaries
Cash or Deferred Plan
Lancaster, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Try-It Distributing Co., Inc. & Subsidiaries Cash or Deferred Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRY-IT DISTRIBUTING CO., INC. & SUBSIDIARIES CASH OR DEFERRED PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. PLAN DESCRIPTION

The following is a brief description of the Try-It Distributing Co., Inc. & Subsidiaries Cash or Deferred Plan (the “Plan”) provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is funded by employee and employer contributions and covers substantially all full-time and regular part-time employees of Try-It Distributing Co., Inc. (the “Company” or “Plan Sponsor”), its wholly-owned subsidiaries Balkan Beverage, LLC, Saratoga Eagle Sales & Service, Inc., and PIVO Partners, LLC, and its affiliates Eagle Associates of WNY, Inc. and Eagle Associates of Niagara Frontier, Inc., who are at least 21 years of age and have completed one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s administrative expenses are substantially paid by the Plan Sponsor.

Contributions – Participants may make contributions to the Plan in the form of salary deductions of up to 75% of their compensation. Participant contributions are limited by the maximum allowable contribution under the IRC. Effective January 1, 2024 participants may elect to make Roth deferrals. Newly eligible employees are automatically enrolled in the Plan at 5% of eligible compensation increasing annually by 1% to a maximum of 10%, unless they affirmatively elect not to participate. The Plan also has a provision for employer discretionary matching contributions, whereby the Company will match 50% of employee contributions up to \$1,500. Effective January 1, 2023, for union employees, the maximum contribution may be increased based upon a calculation of the unused employer matching contribution from the previous year. Participants may also contribute rollover amounts representing distributions from other defined contribution plans. The Company may also make a discretionary profit-sharing contribution, which is determined at year-end by the Board of Directors. The Company did not declare profit sharing contributions for the years ended December 31, 2024 or 2023. In order to share in the discretionary contribution, an employee must be employed on the last day of the Plan year and have completed one year of service as defined by the Plan.

Vesting – Participants are immediately vested in both their voluntary contributions and Company discretionary matching contributions and the earnings thereon. Vesting in the discretionary profit-sharing contributions, and earnings thereon, are based on a graded vesting schedule with participants 100% vested after six years.

Notes Receivable from Participants – Effective January 1, 2024, participants may borrow from their fund accounts a minimum of \$1,000 or up to 50% of their vested account balance up to \$50,000. Notes range from six months to five years. Loans are secured by the vested balance in the participant’s account and bear interest at the prime rate plus 2%. Interest rates ranged from 9.75% to 10.50% at December 31, 2024 with maturity dates through December 2029. Principal and interest are paid ratably through regular payroll deductions. The Plan also allows for payments on loans to occur through personal checks from participants that have separated from service.

1. **PLAN DESCRIPTION (continued)**

Forfeitures – Forfeitures for profit sharing contributions may first be used to reduce employer contributions, then used to pay administrative expenses of the Plan which would otherwise be paid by the Company, and then allocated to participants in the ratio which the compensation of each participant for the plan year bears to the total compensation for the plan year of all participants otherwise entitled to share in the employer contributions. The Plan had \$220,835 and \$109,135 in forfeitures available as of December 31, 2024 and 2023, respectively. Forfeitures of \$473 and \$7,608 were utilized during the year ended December 31, 2024 to reduce employer contributions and plan expenses, respectively. Forfeitures of \$58 were utilized during the year ended December 31, 2023 to reduce the 2022 profit-sharing contribution remitted in 2023.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and an allocation of the employer contributions and Plan earnings. Allocations of earnings are based on participant account balances.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall become 100% vested and entitled to the amount of their account at the date of such termination.

Payment of Benefits – Employees are eligible for retirement at normal retirement age of 65 or early retirement age of 55. Benefits are determined by the final value of the participant’s account at the time of retirement, termination or death. Various payment options are available upon retirement including lump-sum cash or minimum distribution installments.

Unless a participant elects otherwise, distributions will be made as soon as practical after a participant’s normal retirement date or actual retirement date. Distributions are also permitted in the event of financial hardship, as defined by the Plan. In addition, in-service distributions may be made from any of the participant’s vested accounts at any time upon or after the participant attains age 59 ½.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments – The Plan establishes a fair value based on a hierarchy which identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2024 and 2023:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Mutual funds: Valued based on quoted market prices, which represent the net asset values (“NAV”) of the shares held by the Plan.

Common collective trusts: Are fully benefit-responsive and are valued based on the NAV of the underlying investments. The common collective trusts have been valued based on the NAV of the shares held by the Plan at year-end using NAV contract value, and generally have no redemption restrictions or unfunded capital commitments.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission and deemed to be actively traded. The fund is required to publish a daily NAV and to transact at that price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through August 31, 2025, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value, with the exception of the common collective trusts that are measured at fair value using the NAV practical expedient. The fair value of the common collective trusts is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

	2024	2023
<i>Level 1:</i>		
Mutual funds	\$ 39,634,106	\$ 38,506,220
Money market fund	66,292	-
<i>Investments measured at net asset value:</i>		
Common collective trusts	<u>8,030,361</u>	<u>8,582,728</u>
Total investments at fair value	<u>\$ 47,730,759</u>	<u>\$ 47,088,948</u>

4. INCOME TAX STATUS

The Plan Sponsor has adopted the Merrill Lynch Prototype Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement (the "Prototype Plan"). The Prototype Plan received an Opinion Letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Accordingly, no provision has been made for Federal income taxes in the accompanying financial statements.

5. CERTIFIED INVESTMENT INFORMATION

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules.
