INDEPENDENT AUDITORS' REPORT

**The Trustees and Plan Administrator
McNaughton-McKay Electric Company
Employee Stock Ownership Plan**

Opinion

We have audited the accompanying financial statements of the McNaughton-McKay Electric Company Employee Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the McNaughton-McKay Electric Company Employee Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for plan benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the McNaughton-McKay Electric Company Employee Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McNaughton-McKay Electric Company Employee Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McNaughton-McKay Electric Company Employee Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McNaughton-McKay Electric Company Employee Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held for Investment Purposes at End of Plan Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

McNAUGHTON-McKAY ELECTRIC COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2024 and 2023

1. PLAN DESCRIPTION

The following description of the McNaughton-McKay Electric Company Employee Ownership Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - McNaughton-McKay Electric Company (Sponsor or Company) established the Plan, effective as of January 1, 1985 (as amended), which operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) for employees. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by a committee appointed by the board of directors of the Company (Committee). Shares of Company stock are held by the Employee Stock Ownership Trust (Trust) established under the Plan. The trustee of the Trust is appointed by the board of directors.

Eligibility - Employees are generally eligible for an allocation of company contributions after one year of service, providing they worked at least 1,000 hours during such plan year, including the first and last day of the plan year, and have reached age 18.

Contributions - The Company may make annual discretionary contributions to the Plan in the form of cash or stock issuance, as approved by the Company's board of directors. Contributions are allocated to participants on a pro rata basis on annual compensation, as defined by the plan agreement. The Company contributed 40,000 shares to the ESOP during 2024 and 2023.

Payment of Benefits - No distributions from the Plan will be made until a participant retires, is eligible for a diversification of funds, becomes disabled, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distribution of a participant's vested account balance is generally paid in cash. The Company is required to repurchase their shares at the estimated fair value as of the most recent valuation date.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move a portion of the value of their investment in the Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of active participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution that can be rolled over into a qualified retirement investment account.

Tax Status - Effective January 1, 2007, the Company elected to be taxed as a Subchapter S Corporation with the Internal Revenue Service. Under this status, the Plan only allows distributions to be paid in cash, or at the discretion of the Plan Administrator in Company Stock which must immediately be sold to the Company.

McNAUGHTON-McKAY ELECTRIC COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. PLAN DESCRIPTION (continued)

Vesting - An employee becomes 100% vested after six years of service, upon reaching age 65, or upon termination resulting from death or disability. The non-vested portion of a participant's account will become a forfeiture as of the earlier of 1) the last day of the plan year in which the participant received a complete distribution of the vested interest in the account or 2) upon completion of a one-year break in service. The plan trustee holds forfeited nonvested shares in a forfeiture account. Forfeited shares are reallocated to active participants.

Voting Rights - All Company stock held by the Trust shall be voted by the trustee in accordance with instructions from the Committee. However, participants shall be entitled to direct the voting of any voting shares of Company stock allocated to their accounts with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of a trade or business, or other similar transaction. Any unallocated shares held by the Trust shall be voted by the trustee in accordance with instructions from the Committee.

Plan Termination - The Company reserves the right to terminate the Plan at any time, subject to the plan provisions. Upon such termination, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the Code. Upon termination of the Plan, the Committee shall direct the trustee to pay all liabilities and expenses of the trust fund. Participants should refer to the plan document for more complete information.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for plan benefits along with the changes in net assets available for plan benefits.

(b) Investment Valuation and Income Recognition

The common shares of the Company are valued at fair value on December 31, 2024 and 2023. Fair value is determined by annual independent appraisals. Purchases and sales of securities are recorded on a trade-date basis.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(d) Benefit Distributions

When employees retire or terminate from the Company or otherwise become eligible for a distribution from their ESOP account, eligible shares are either redeemed by the Company or recycled by the ESOP as annually determined by the board of directors. When shares are redeemed, the Company buys back shares from the participants and then retires the stock. When shares are recycled, the ESOP buys back shares and reallocates them to remaining ESOP participants based on provisions outlined in the ESOP's plan document.

In 2024, the Company redeemed 363,903 shares totaling \$102,984,559 and recycled 50 shares totaling \$10,869. In 2023 the Company redeemed 301,264 shares totaling \$64,922,304 and recycled 15 shares totaling \$2,545. The board of directors selects the method (or methods) that most appropriately assist the Company in achieving an annual desired level of retirement benefit for its employees.

3. INVESTMENTS

The Plan's investments for the years ended December 31, 2024 and 2023 are presented in the following table:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
McNaughton-McKay Electric Company common stock:				
Number of shares	3,223,895	1,073,197	3,473,976	1,147,019
Cost	\$ 591,976,391	\$192,431,411	\$477,767,523	\$156,593,834
Fair Value	\$1,163,826,069	\$387,424,152	\$983,135,137	\$324,606,465

4. EMPLOYER FUNDING OBLIGATION

The Company makes cash contributions to the Plan which enables the Plan to make its regularly scheduled payments of principal and interest due on its term loans along with benefit payments due to participants. These obligations can be met in the form of employer contributions, S Corporation distributions or cash loans to the Plan. As of December 31, 2024, the Company had met all of its employer funding obligations.

5. LOANS PAYABLE

On December 23, 2020, the Plan entered into a \$19,591,050 term loan agreement with the Company. The proceeds of the loan were used to purchase 901,649 shares of the Company's common stock, of which 704,696 shares remain unallocated and held in the Trust at December 31, 2024. The agreement provides for the loan to be repaid over 20 years, with annual principal payments of \$979,553 plus interest at 1.31% per annum and final payment due on December 23, 2040. As the Plan makes each payment of principal and interest, an appropriate percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the Code at December 31, 2024 and 2023, the outstanding balance on the loan totaled \$15,672,840 and \$16,652,392, respectively.

On April 29, 2016, the Plan entered into a \$30,000,000 term loan agreement with the Company. The proceeds of the loan were used to purchase 582,524 shares of the Company's common stock, of which 368,501 shares remain unallocated and held in the Trust at December 31, 2024. The agreement provides for the loan to be repaid over 25 years, with annual principal payments of \$1,200,000 plus interest at 2.25% per annum and final payment due on April 30, 2041. As the Plan makes each payment of principal and interest, an appropriate percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the Code. At December 31, 2024 and 2023, the outstanding balance on the loan totaled \$20,400,000 and \$21,600,000, respectively.

The borrowings are collateralized by the unallocated shares of stock. The Company has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan for the years ended December 31, 2024 and 2023 present separately the assets and liabilities and changes therein pertaining to:

- (a) The accounts of employees with rights in allocated stock (allocated)
- (b) Stock not yet allocated to employees (unallocated)

6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company in a letter dated June 8, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The determination letter is applicable for all plan amendments through January 26, 2016.

The plan administrator and the Plan's tax counsel do not anticipate that changes in the Plan since the January 26, 2016 amendment will affect the qualified and tax-exempt status of the Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, the plan administrator believes it is no longer subject to tax examinations for years prior to 2021.

7. ADMINISTRATION OF THE PLAN

The Company's common shares are held by the trustee of the Plan. Cash and cash equivalents are held and managed by the Committee. The trustee also administers the payment of interest and principal on the loan, which is funded through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses are absorbed by the Company.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan holds shares of the Company's common stock, with a market value of \$1,551,250,221 and \$1,307,741,602 at December 31, 2024 and 2023, respectively.

9. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

9. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

<u>Level 3</u>	<u>2024</u>	<u>2023</u>
Company common stock	\$1,551,250,221	\$1,307,741,602

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 6, 2025, the date on which the financial statements were available to be issued and determined there are no other items to disclose.
