Independent Auditor's Report

Plan Administrator and Plan Participants
Marine Equipment and Supply Company Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Marine Equipment and Supply Company Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024, and of reportable transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Marine Equipment and Supply Company Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Marine Equipment and Supply Company Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a profit sharing plan established by Marine Equipment and Supply Company and Seacoast Distributors, LLC (collectively, the Company or Employer) for the benefit of eligible employees. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To become a Plan participant, employees must be 21 years of age or older and have at least two years of eligible service. A year of eligible service is defined as a 12-consecutive-month period during which a participant is credited with at least 1,000 hours of service. If these requirements are satisfied, the eligible employee will become a Plan participant effective January 1st of the plan year in which eligibility requirements were satisfied. In order to receive an allocation of the discretionary profit sharing contribution, participants must complete a year of service during the plan year unless they become deceased, disabled or retire during the plan year.

Contributions: Annual profit sharing contributions to the Plan are determined at the discretion of the Company's owners and management. The Company has a consistent policy and practice of making all Plan contributions by the due date of the Company's tax return. Employer contributions are allocated based upon the ratio of each participant's eligible compensation, as defined, plus compensation in excess of the integrated wage base, as defined, for the plan year to total eligible compensation plus total eligible compensation in excess of the integrated wage base of all participants for the plan year up to 5.7% for each participant. If the contribution exceeds 5.7%, the remainder is allocated to eligible participants based upon the ratio of each participant's eligible compensation to total eligible compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: The Plan Administrator, along with management of the Company, chooses funds from the Plan's available investment options. All contributions are invested proportionally among the Plan's investment funds according to the asset allocation target percentages as set by the Plan Administrator.

Participant accounts: Each participant's account is credited with the allocation of the Company's contribution and Plan earnings on an annual basis. Each participant's account is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in the Company's discretionary contribution plus actual earnings thereon.

Payment of benefits: In the case of normal retirement, retirement due to permanent disability, or termination of employment, participants may elect to receive the value of their accumulated benefits, in accordance with the provisions of the Plan, in a lump-sum distribution or in an alternative manner mutually agreed upon by the participant and the Plan Administrator. In the event that a participant dies, the beneficiary will receive the value of the participant's accumulated benefits in a lump-sum distribution or in an alternative manner mutually agreed upon by the beneficiary and the Plan Administrator.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for additional information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan's administrative expenses are paid by the Plan as provided by the Plan document. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2024) through September 24, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by The Bank of New York Mellon/BNY Mellon, N.A. (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge and belief by The Bank of New York Mellon/BNY Mellon, N.A, a qualified institution:

Note 3. Information Certified and Provided by The Bank of New York Mellon/BNY Mellon, N.A. (Trustee) (Continued)

The Bank of New York Mellon/BNY Mellon, N.A. also certified to the completeness and accuracy to the best of their knowledge and belief of \$3,819,912 of net appreciation in fair value of investments and \$2,500 of interest related to the aforementioned Plan's assets for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Common collective trusts: Valued at the net asset value (NAV) of shares in each account held by the Plan at year end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

In accordance with the Fair Value Measurements topic, all investments as of December 31, 2024 and 2023, were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy.

- (b) Funds constructed to mirror the Russel 2000 Index to provide long-term capital growth by investing in a portfolio of small capitalization equity securities.
- (c) Funds constructed to mirror the S&P Mid-cap 400 Index to provide long-term capital growth by investing in a portfolio of mid-capitalization equity securities.
- (d) Funds constructed to mirror the S&P 500 Index to provide long-term capital growth by investing in a portfolio of large capitalization equity securities.
- (e) Funds constructed to mirror the MSCI EAFE Index to provide long-term capital growth by investing in securities and a combination of other collective funds of international companies.
- (f) Short-term temporary cash held until invested.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate, amend, modify or suspend the Plan in whole or in part at any time subject to the provisions of ERISA.

Note 6. Tax Status

Effective June 30, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by FIS Business Systems LLC. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

The Bank of New York Mellon/BNY Mellon, N.A. is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Certain plan investments are managed by the trustee. Administrative expenses incurred by the Plan during 2024 totaled \$142,752. Administrative expenses unpaid and recorded in accrued administrative expenses at December 31, 2024 and 2023, were \$36,931 and \$32,494, respectively.
