Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GRANT THORNTON LLP**

(2) EIN: **36-6055558**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
International Motors, LLC Salaried Employees Pension Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of International Motors, LLC Salaried Employees Pension Plan (f/k/a Navistar, Inc. Salaried Employees Pension Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of reportable transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**International Motors, LLC Salaried Employees Pension Plan
(f/k/a Navistar, Inc. Salaried Employees Pension Plan)
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE A - DESCRIPTION OF THE PLAN

The following description of the International Motors, LLC Salaried Employees Pension Plan (f/k/a Navistar, Inc. Salaried Employees Pension Plan) (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined benefit pension plan sponsored by International Motors, LLC (f/k/a Navistar, Inc.) (the “Company”) that is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). In general, employees are considered eligible for the Plan at the date of employment if they were hired prior to January 1, 1996, not represented by a union and were considered either full-time or part-time employees.

Effective October 1, 2024, the Company’s name changed from Navistar, Inc. to International Motors, LLC. In addition, effective October 1, 2024, the Plan’s name changed from the Navistar, Inc. Salaried Employees Pension Plan to the International Motors, LLC Salaried Employees Pension Plan.

The Plan’s assets are held in the Navistar, Inc. Salaried Employees Pension Trust (the “Trust”). The Northern Trust Company (the “Trustee”) serves as the trustee of the Plan and the Trust. The Trustee is authorized to hold the assets of the Plan, to invest or reinvest the assets of the Trust, and to deposit monies in separate checking accounts for the payment of benefits or expenses of the Plan and the Trust in accordance with the instructions of the Company.

During October 2024, certain terminated participants in the Plan were offered the opportunity to receive their vested pension benefits in the form of a lump sum payment (“Lump Sum Program”). In general, the Lump Sum Program was limited to terminated employees who had not yet elected to receive their pension benefits prior to July 1, 2024. The window for eligible participants to make an election under the Lump Sum Program was October 9, 2024 through November 20, 2024. Payments totaling approximately \$17,300,000 were made in December 2024 to the participants who elected to participate and are included in benefits paid directly to participants or their beneficiaries. The Plan’s accumulated plan benefits were also reduced by approximately \$17,300,000 from the Lump Sum Program.

Effective September 13, 2023, the Plan purchased a group annuity contract from Fidelity & Guaranty Life Insurance Company (“F&G Contract”) for \$181,125,000 which assumed the pension liabilities of certain participants of the Plan (“2023 Annuitized Participants”). During 2024, the Plan received a refund of \$2,691,796 from the F&G Contract due to subsequent adjustments to the contract premium. In general, 2023 Annuitized Participants included participants who were receiving benefit payments from the Plan on or before June 1, 2023 in an amount below \$1,400 per month, had a right

future monthly benefit payments as of September 6, 2023, and did not reside in New York, Puerto Rico or outside the United States. After the purchase of the group annuity contract, the 2023 Annuitized Participants are no longer participants of the Plan and will receive all future benefits of the Plan from the F&G Contract. The Plan has no further obligation to the 2023 Annuitized Participants for benefits and the Plan's accumulated plan benefits were reduced by approximately \$193,957,000.

In 2022, the Plan purchased a group annuity contract from The Prudential Insurance Company of America ("Prudential Contract") which assumed the pension liabilities of certain participants of the Plan. During 2024 and 2023, the Plan received refunds of \$81,110 and \$3,614,424, respectively from the Prudential Contract due to subsequent adjustments to the contract premium.

Contributions

The Plan provides that the Company shall make annual contributions required under the minimum funding standards of the Internal Revenue Code (the "IRC") and ERISA. In no event, however, shall the Company be required to pay in any year an amount greater than the amount that is deductible for tax purposes in that year. Contributions of \$21,212,910 and \$23,671,603 to the Plan were required for the years ended December 31, 2024 and 2023, respectively. The Company's contributions met or exceeded the minimum requirements for 2024 and 2023. The Company elected to satisfy a portion of the 2024 minimum contribution and all of the 2023 minimum contribution from the Plan's prefunding balance. The balance of the 2024 minimum contribution was funded by the Company. Contributions funded by the Company are made directly to the Trustee.

Benefits

For periods prior to December 31, 2013, the Plan provides that eligible employees who retire on or after January 1, 1989, shall receive an annual benefit based on 2.4% of salary per year of service prior to January 1, 1989, and 1.7% of salary per year of service on or after January 1, 1989, to a maximum of 60% of the highest consecutive five-year average salary in the ten years preceding retirement. All participants have their benefits reduced by 1.7% per year of service to a maximum of 60% of Social Security benefits.

Employees who did not participate fully in the contributory portion of the Plan that was in effect prior to November 1, 1979, may have their benefits reduced based on the degree of such nonparticipation. For eligible employees who retired prior to January 1, 1989, but on or subsequent to November 1, 1979, the Plan provides benefits based on 60% of the highest three-year average salary in the five years preceding retirement and the employee's credited service, reduced by 65% of Social Security benefits.

**International Motors, LLC Salaried Employees Pension Plan
(f/k/a Navistar, Inc. Salaried Employees Pension Plan)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023**

In the event such benefits are less than the minimum benefit level equal to the sum of contributory benefits accrued prior to November 1, 1979, and noncontributory benefits based on the employee's credited service and monthly benefit rates, then a supplemental benefit shall be provided to attain the minimum benefit level.

The Plan also provides reduced early retirement benefits to eligible employees who retire on or after November 1, 1979, and have attained age 55 with ten or more years of credited service. Participants become fully vested in their accrued benefits upon completion of five years of vesting service.

Accrued benefits for participants were frozen effective December 31, 2013 (the freeze date). Thus, benefits of each participant of the Plan are limited to the accrued benefit on the freeze date calculated based on the participant's average annual earnings as of the freeze date and credited service as of the freeze date or for certain participants whose credited service was previously frozen, credited service as of December 31, 2004.

Administrative Expenses

All administrative expenses are paid from the Plan unless the Company, at its discretion, pays such expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably

**International Motors, LLC Salaried Employees Pension Plan
(f/k/a Navistar, Inc. Salaried Employees Pension Plan)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023**

possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis. Purchases and sales of securities are recorded on the trade-date basis. Net appreciation in fair value of investments includes realized and unrealized gains and losses incurred during the year.

The Plan follows guidance on accounting for fair value measurements, which:

- Defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date, and establishes a framework for measuring fair value;
- Establishes a hierarchy of fair value measurement based on the observability of inputs used to value assets and liabilities;
- Requires consideration of nonperformance risk; and
- Requires disclosures about the methods used to measure fair value.

The framework for measuring fair value establishes a three-level hierarchy of measurements based on the reliability of observable and unobservable inputs used to arrive at fair value. Observable inputs are independent market data, while unobservable inputs reflect the Plan management's assumptions about valuation. Depending on the inputs, the Plan classifies each fair value measurement as follows:

- Level 1 - based on unadjusted quoted prices for *identical* instruments in active markets;
- Level 2 - based on quoted prices for *similar* instruments, prices for identical or similar instruments in markets that are not active, or model-derived valuations, all of whose significant inputs are observable; and
- Level 3 - based on one or more significant unobservable inputs.

**International Motors, LLC Salaried Employees Pension Plan
(f/k/a Navistar, Inc. Salaried Employees Pension Plan)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023**

The following describes the methods and significant assumptions used to estimate fair value of the Plan's investments as of December 31, 2024 and 2023. There were no changes in the methodologies used at December 31, 2024 and 2023.

Cash and short-term investments - Valued at cost plus earnings from investments for the period, which approximates fair market value due to the short-term duration. Short-term investments are valued at net asset value ("NAV") as provided by the administrator of the fund.

Collective trusts - Valued at the NAV provided by the administrator of each trust. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

Hedge fund, private debt funds, private equity funds, insurance-linked securities funds, and real estate - Valued at the NAV as reported to the Trustee from the respective fund's manager and is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The following table presents the Plan's investments by level within the fair value hierarchy as of December 31, 2024 and 2023.

- (a) All of the collective trusts file an annual report on Form 5500 as a direct filing entity. Except for two collective trusts, redemption is permitted daily with 2 or 15 days' written notice. One collective trust that is an exception permits redemption quarterly with 105 days' notice and a 10% holdback is

applicable upon full liquidation. The other collective trust permits redemption monthly with 95 days' notice.

- (b) This fund does not file an annual report on Form 5500 as a direct filing entity. The investment strategy of the fund is to generate attractive returns over a full market cycle by investing in a range of alternative investment opportunities with sources of return that have a low correlation to the broader financial markets, while also seeking to preserve capital. The fund has a one year lock up period and thereafter, redemptions are permitted semi-annually at the end of June and December with 95 days' notice. Full redemptions are subject to a 10% holdback.
- (c) These funds are closed end funds and redemption is not permitted. One of the funds files an annual report on Form 5500 as a direct filing entity. The Plan is committed to invest \$27,000,000 in this fund, of which \$23,403,568 and \$22,560,430 has been funded as of December 31, 2024 and 2023, respectively.

The other fund does not file an annual report on Form 5500 as a direct filing entity. The investment strategy of the fund is to primarily focus on private credit and real estate lending, with an additional allocation to opportunistic credit. The fund has a lock up through the life of the fund, however, capital distributions will be made during the term. The Plan is committed to invest \$42,000,000 in this fund, of which \$31,010,251 has been funded as of December 31, 2024 and 2023.
- (d) These funds do not file an annual report on Form 5500 as direct filing entities. The investment strategy of these funds is to invest in other limited partnerships, limited liability companies and other pooled investment vehicles. Redemption is not permitted. In 2023, the funds began a wind down phase and cash distributions of the proceeds received from liquidating the funds' underlying portfolios, net of applicable expenses, were being made. The wind down was completed in 2024 and the Plan was released from its commitment and no longer holds the investments. The Plan was committed to invest \$70,000,000 in the partnerships, of which \$63,878,054 had been funded as of December 31, 2023.
- (e) These funds do not file an annual report on Form 5500 as a direct filing entity. These funds achieve their investment strategy by participating in collateralized reinsurance and retrocessional contracts or securities and other transactions which primarily provide exposure to risks traditionally associated with the insurance and reinsurance industry and, in particular catastrophe insurance risk across a number of different geographic regions and perils. Redemption from one of the funds was not permitted until the expiration of the one year lock up period, at which time the Plan elected to reinvest its redemptions into another class of shares within the fund. Both share classes have begun a wind down phase to distribute all assets in the portfolio in cash and normal redemptions are no longer permitted. Both share classes will be compulsorily redeemed pro rata as cash becomes available for distribution. Certain events may suspend or delay the payment of the redemption proceeds. The other fund has a one year lock up and requires redemption notice as outlined by the fund. The fund will make redemption payouts and distributions on a monthly basis if there is liquidity from underlying investments.
- (f) These funds do not file an annual report on Form 5500 as a direct filing entity. The funds are closed-end funds and redemption is not permitted. One of the funds pursues a high value-add and opportunistic investment strategy with respect to real estate and real estate-related investments primarily in North America and Europe. The Plan is committed to invest \$12,617,647 in this fund, of which \$5,984,234 and \$5,611,315 has been funded as of December 31, 2024 and 2023, respectively. The second fund seeks attractive opportunistic risk-adjusted returns by acquiring positions of control or significant influence in real estate and real estate companies globally capitalizing on market instabilities and volatility and assessing growth opportunities. The Plan is committed to invest \$16,500,000 in this fund, of which \$12,735,101 and \$12,985,125 has been funded as of December 31, 2024 and 2023, respectively.

Benefit Payments

Benefits are recorded when paid.

NOTE C - TAX STATUS

The Internal Revenue Service (“IRS”) issued a favorable determination letter, dated June 12, 2018, indicating that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the letter; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

The Plan holds certain investments that are subject to Unrelated Business Income Tax and therefore, the Plan may be required to pay income tax. The Plan did not pay income tax for the 2024 and 2023 Plan years.

NOTE D - PLAN TERMINATION

If the Plan is terminated, the net assets of the Plan will be distributed to the participants in an order of priority determined in accordance with ERISA and its applicable regulations, and with the Plan document. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (the “PBGC”) if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under covered plans, and the amount of benefit protection is subject to certain limitations.

The PBGC guarantees vested benefits at the level in effect on the date of Plan termination, subject to a statutory ceiling on the amount of an individual’s monthly benefit. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations, and may also

(f/k/a Navistar, Inc. Salaried Employees Pension Plan)
NOTES TO FINANCIAL STATEMENTS - CONTINUED

depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died and (3) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits was determined by actuaries from the Plan's independent actuary, Willis Towers Watson US LLC, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of accumulated plan benefits as of December 31, 2023 were (1) an interest rate of 5.00% (updated from 5.30% for 2022), (2) the life expectancy of healthy and disabled participants using 100% of Pri-2012 (white collar) projected generationally to 2037 using scale MP-2021 adjusted for year 2023 (unchanged from 2022), and (3) retirement rates varying by age and service with average expected retirement age of 62.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits at December 31, 2023, is as follows:

Vested benefits	
Participants and beneficiaries currently receiving benefits	\$576,785,931
Other participants	<u>106,438,128</u>
Total vested benefits	683,224,059
Nonvested benefits	<u>1,422,345</u>
Total actuarial present value of accumulated plan benefits	<u>\$684,646,404</u>

The net change in the actuarial present value of accumulated plan benefits for the year ended December 31, 2023, is as follows:

Balance as of December 31, 2022	\$900,919,948
Actuarial gains	(16,107,830)
Interest due to decrease in discount period	42,856,064
Annuity contracts purchased	(181,125,000)
Assumption changes	17,034,637
Benefits paid	<u>(78,931,415)</u>
Balance as of December 31, 2023	<u>\$684,646,404</u>

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The Plan paid fees to the Trustee for trustee and investment services. Aon serves as the Plan's investment advisor and the Plan paid Aon investment advisor fees. In addition, certain Plan investments are managed by the Trustee and Aon. Payments to the Trustee and Aon and investments managed by the Trustee and Aon qualify as party-in-interest transactions.

NOTE G - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate, except for \$4,274,272 and \$(1,830,313) that Plan management recorded to adjust certain alternative investments to fair value as of December 31, 2024 and 2023, respectively:

- Investments, accrued investment income, receivable for investments sold, and payable for investments purchased as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

SCHEDULE SB ATTACHMENTS

Spouse age	Wife three years younger than husband.
At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the life form of payment for single participants and the 55% QJSA for married participants.
Timing of benefit payments	Benefit payments are assumed to be made uniformly throughout the year.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year as required by regulations under IRC §430.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of fair value, including contributions receivable (discounted using the effective interest rate for the prior plan year). The method of computing the actuarial value of assets as selected by International Motors, LLC complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but are expected to fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term, considering PPA's smoothing rules, and Navistar's strategic asset investment allocation, a characteristic of this method is that it is more likely to produce an actuarial value of assets that is less than the market value of assets.

SCHEDULE SB ATTACHMENTS

The market value used to calculate the actuarial value includes an estimate of the present value of future dividends under John Hancock Group Annuity Contract #17. The same market value is used, where applicable, to determine the minimum required contribution and the maximum tax-deductible contribution.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with International Motors, LLC and, based on that review, is not aware any significant benefits required to be valued that are not.

Sources of Data and Other Information

The plan sponsor furnished participant data as of 1/1/2024. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available. All such assumptions are documented in the January 1, 2024 Valuation Data Diagnostics report. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate for funding

The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.

Plan-related expenses

As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust).

Assumed return for asset smoothing

The assumed return used for asset smoothing is the third segment rate. Although we have not explicitly determined an expected return on assets, based on Navistar's investment policy, they have selected an expected return on asset assumption above the third segment rate.

Assumptions Rationale - Significant Demographic Assumptions

Mortality for funding

Assumptions used for funding purposes are as prescribed by IRC §430(h).

Termination

Termination rates are selected by Navistar, based on a published table for pension participants believed to have similar characteristics

Plan Name: International Motors, LLC Salaried Employees Pension Plan

Plan Sponsor: International Motors, LLC

SCHEDULE SB ATTACHMENTS

to the plan population, blended with plan experience. The most recent experience study was conducted in 2020.

Termination rates for at-risk funding calculations are as required by IRC 430.

Retirement

Retirement rates are selected by International Motors, LLC based on plan experience, with consideration of whether any conditions have changed that would be expected to produce different results in the future. The most recent experience study was conducted in 2020.

Retirement rates for at-risk funding calculations are as required by IRC 430.

Benefit commencement date for deferred benefits

Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

Deferred vested participants who are eligible to grow-in to early retirement eligibility are assumed to commence at earliest retirement eligibility to capture the value of the subsidy.

Form of payment

The percentage of retiring participants assumed to take joint and survivor annuities, and the assumed survivor percentages, are intended to capture the value of the plan's subsidized QJSA.

Percent married

The assumed percentage married is based on expected marriage patterns of retirement age individuals in the future.

Spouse age

The assumed age difference for spouses is based on a blending of age differences of recent retirees and changes expected to occur in marriage patterns of retirement age individuals in the future.

Source of Prescribed Methods

Funding methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC 430.

Description of Weighted Average Retirement Age
as of January 1, 2024

For each active participant, an expected retirement age was calculated weighted in proportion to the probability (as shown in the retirement rates table below) that the individual would remain an active participant to each age and then retire at that age. The plan's weighted average retirement age of 63 is the arithmetic average of the expected retirement ages of all participants on January 1, 2024.

Definitions

Pensionable pay	Base Pay
Benefit Service	One year for each calendar year in which the employee completes at least 1,700 hours of service. A partial year of benefit service is earned for years in which an employee completes less than 1,700 hours of service.
Average earnings	Average of five highest successive years in last ten years.
Social Security benefit	The projected amount of the participant's primary Social Security benefit according to the law in effect at the date of termination of employment assuming continuation of then current earnings to age 65.
Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65 or five years of pension service.
Monthly pension benefit (MPB)	Formula 1: Non-sales employees: 2.4% of Average Pay per year of service prior to 1/1/89 plus 1.7% of Average Pay per year of service on or after 1/1/89 up to a maximum 60% of Average Pay less 1.7% of Social Security per year of service up to 35 years. Retail sales: 12/31/88 monthly accrued benefit plus 1% of average monthly earnings for each year after 1/1/89. Formula 2: Flat dollar level for each year of service. For most non-sales employees effective 1/1/99, the dollar per month level is \$33.40 per month. For retail sales employees, the dollar per month level is generally \$8.75 per month. The dollar per month level for layoffs is the level in the plan effective at the time of layoff.
