INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Marathon Electrical Holdings, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Marathon Electrical Holdings, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Marathon Electrical Holdings, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marathon Electrical Holdings, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marathon Electrical Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marathon Electrical Holdings, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marathon Electrical Holdings, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Supplementary Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule h, line 4i – schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's

Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

1. DESCRIPTION OF PLAN

The following brief description of the Marathon Electrical Holdings, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

Marathon Electrical Holdings, Inc. (the Company or Sponsor) established the Plan effective as of January 1, 2023. The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company has authority to control and manage the operation and administration of the Plan and has all powers required to fulfill its responsibilities. The Company is responsible for oversight of the Plan. TI-Trust is the Plan's Trustee.

The Plan purchased Company common stock using the proceeds of a borrowing from the Company (see Note 5) and holds the common stock in a trust (the Trust) established under the Plan. The borrowing is to be repaid over a period of 25 years by fully deductible Sponsor contributions to the Trust. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC. Shares vest fully upon allocation.

The borrowing is collateralized by the unallocated shares of common stock. The Sponsor has no rights against shares of common stock once they are allocated under the provisions of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities, and changes therein, pertaining to:

1. the accounts of employees with vested rights in allocated common stock (allocated), and
2. common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan once they are age 18 or older and after completing one year of service, provided they are employed as of the end of the Plan year and worked at least 1,000 hours during the Plan year.

Contributions

The Company is obligated to make contributions in cash to the Plan, which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted.

Payment of Benefits

On termination of service due to death, disability, retirement, resignation or dismissal, distributions will be made based on the participant's vested account balance in accordance with the Plan document. Distributions due to retirement, death or disability will be distributed as soon as practicable in the first Plan year following the Plan year of the respective retirement, death or

MARATHON ELECTRICAL HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

disability. Other terminated participants' accounts will be distributed as soon as practicable in the first Plan year following the Plan year of the respective termination. If a participant terminates with a balance of \$5,000 or less, the balance shall be paid in a lump sum.

The Plan is structured to enable the purchase of Company stock from terminated participants. Any shares redeemed from terminated participants are to be recycled and allocated to remaining participants in accordance with the Plan document. No shares of Company stock were redeemed from terminated participants during 2024.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. In 2024, the Company paid the operating expenses for the Plan.

Voting Rights

Each participant is entitled to exercise limited voting rights attributable to the shares allocated to the participant's account. The Trustee shall vote any allocated Company stock for which no voting instructions have been received at the direction of the Plan administrator. The Trustee shall also vote any unallocated Company stock at the direction of the Plan administrator.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Company from the unallocated account. Only those participants who are eligible employees of the Company will receive an allocation. Allocations are based on a participant's eligible compensation relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

If a participant's employment with the Company ends for any reason other than disability or death, they will vest in the balances in their account based on total years of service with the Company. Participants vest 20% per year of service after completion of one year of service and are 100% vested after five years of creditable service.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. As noted in the Payment of Benefits section, the Company buys shares at their current value from terminated participants prior to distribution. Therefore, the put option provision is not currently being used.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elected to diversify may elect to (a) receive a cash distribution, (b) invest an amount equal to the value of the shares in one or more of three investment options, or (c) transfer an amount equal to the value of the shares to another qualified defined contribution plan that offers at least three investment options. Participants eligible to diversify make their election after year-end based on the number of shares of the Company's stock held in their account at year-end.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. No forfeitures were allocated to participants during 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities, and changes therein, pertaining to (1) the accounts of employees with rights in allocated stock (allocated), and (2) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

3. INVESTMENTS

The Plan's investments at December 31 are presented in the following table:

	<u>December 31, 2024</u>		<u>December 31, 2023</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>

Fair market value	<u>\$ 7,009,099</u>	<u>\$ 51,380,901</u>	<u>\$ 300,800</u>	<u>\$ 7,219,200</u>

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**MARATHON ELECTRICAL HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Common stock	\$ -	\$ -	\$ 58,390,000	\$ 58,390,000
Investment at fair value	\$ -	\$ -	\$ 58,390,000	\$ 58,390,000

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Common stock	\$ -	\$ -	\$ 7,520,000	\$ 7,520,000
Investment at fair value	\$ -	\$ -	\$ 7,520,000	\$ 7,520,000

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Marathon Electrical Holdings, Inc. common stock: Valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of valuation techniques as illustrated in the following table:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Marathon Electrical Holdings, Inc. Common Stock	\$58,390,000	Income	EBITDA, net income, weighted average, cost of capital, discount rate, discount for lack of marketability
		Market	Public comparables, revenue multiple, EBITDA multiple discount for lack of marketability

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the Trustee, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different

**MARATHON ELECTRICAL HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Balance, January 1	\$ 7,520,000	\$ 6,500,000
Total gains or losses (realized or unrealized) included in changes in net assets available for benefits	<u>50,870,000</u>	<u>1,020,000</u>
Balance, December 31	<u>\$ 58,390,000</u>	<u>\$ 7,520,000</u>

Gains and losses (realized and unrealized) included in changes in net assets available for the period above are reported in net unrealized appreciation in fair value of investments in the statement of changes in net assets available for benefits.

5. ESOP LOAN PAYABLE

On September 5, 2023, the Plan entered into a loan agreement with the Company for \$6,500,000. The proceeds of the loan were used to purchase all of the issued and outstanding common stock of the Company. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants when principal and interest payments are made. The loan bears interest at a fixed rate of 4.19%.

The number of shares released in any year will be the number of shares held as collateral, multiplied by the ratio of the current year's principal and interest payments, divided by the total of this year's principal and interest payments, plus all future years' principal and interest payments. This resulted in 80,039.374 shares being released and allocated in the Plan year ended December 31, 2024. The agreement provides for the loan to be repaid over 25 years. The outstanding balance on the loan as of December 31, 2024, was \$5,652,959.

**MARATHON ELECTRICAL HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Future maturities of the ESOP loan payable are as follows:

<u>For the Years Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>
2025	\$ 176,147	\$ 236,586
2026	183,528	229,478
2027	191,217	221,789
2028	199,299	213,777
2029	207,577	205,429
Thereafter	<u>4,695,190</u>	<u>1,815,814</u>
	<u>\$ 5,652,959</u>	<u>\$ 2,922,872</u>

The Company is obligated to make contributions in cash to the Plan equal to the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan payable.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has a loan payable to the Company. These are related party and party-in-interest transactions. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

Blue Ridge ESOP Associates provides recordkeeping services for the Plan, and therefore, qualify as a party-in-interest. As described in Note 1, fees related to the Plan's operations were paid by the Company directly to Blue Ridge ESOP Associates during 2024.

7. RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Plan's Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each

participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

9. TAX STATUS

The Plan has received a determination letter from the IRS dated June 30, 2020, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS; however, there are currently no audits for any tax periods in progress.

10. ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common shares, are held by the Trustee of the Plan. Company contributions are managed by the Trustee, which invests cash received and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administration expenses for the Trustee's fees are paid directly by the Company. The Company may, at its discretion, require the Plan to reimburse it for administration expenses.

11. SUBSEQUENT EVENT

Subsequent to year end, the Company restated the Plan effective January 1, 2025. The primary purpose of the restatement was to update the Plan's existing distribution policy. The revised policy provides increased flexibility for both the Plan and its participants. The restatement did not materially affect the financial position of the Plan or the Company's obligations under the Plan as of the report date.
