## **Independent Auditors' Report**

To the Board of Directors  
Hall Contracting of Kentucky, Inc.  
Employee Stock Ownership Plan  
Louisville, Kentucky

### **Opinion**

We have audited the accompanying financial statements of Hall Contracting of Kentucky, Inc. Employee Stock Ownership Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Hall Contracting of Kentucky, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hall Contracting of Kentucky, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hall Contracting of Kentucky, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hall Contracting of Kentucky, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hall Contracting of Kentucky, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**HALL CONTRACTING OF KENTUCKY, INC.  
EMPLOYEE STOCK OWNERSHIP PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**Note 1. Plan Description and Basis of Presentation**

The following brief description of the Hall Contracting of Kentucky, Inc. Employee Stock Ownership Plan (Plan) is provided for general information purposes only. Participants should refer to the plan agreement for complete information.

Hall Contracting of Kentucky, Inc. (Company) established the Employee Stock Ownership Plan effective as of January 1, 2002. The Plan operates as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of ERISA. The Plan is administered by an ESOP Administrative Committee consisting of six employees appointed by the Company's board of directors. An independent third-party bank is the Plan's trustee.

The Plan purchased 200,000 shares of Company common stock in January 2003 in exchange for a promissory note. During 2012, the Company loaned the Plan \$4.2 million in the form of an interest-free loan. Both of these notes were repaid during 2013, resulting in the retirement of 23,036 shares and the remaining 176,964 shares were allocated under the ESOP.

Beginning in 2018, the Company has redeemed shares of Company common stock from the ESOP each year as repayment of the annual short-term liquidity loans issued by the Company to the Plan. The Plan then repurchases these shares of the Company common stock at the current value per share (see Note 9).

In June 2023, the Company redeemed 19,120 shares of Company common stock from the ESOP as repayment of the short-term liquidity loan issued by the Company to the Plan during 2022 (see Note 9). The Plan then purchased these 19,120 shares of the Company common stock for \$6,647,916.

In June 2024, the Company redeemed 13,253 shares of Company common stock from the ESOP as repayment of the short-term liquidity loan issued by the Company to the Plan during 2023 (see Note 9). The Plan then purchased these 13,253 shares of the Company common stock for \$4,458,133.

The purchases were funded by the proceeds of a loan by the Company. The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The Company has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023 present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of participants with rights in allocated common stock (allocated), and
- b. common stock not yet allocated to participants (unallocated).

## NOTES TO FINANCIAL STATEMENTS

### **Eligibility:**

Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such plan year and have attained age 21. Participants who do not have at least 1,000 hours of service during the plan year, have not attained age 21, or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

### **Contributions:**

The Company is obligated to make contributions to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount of cash needed to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan and to cover distributions from the Plan. Employee contributions are not permitted.

### **Payment of benefits:**

Generally, no distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Additionally, participants who have attained age 55 and ten years of participation in the Plan are eligible for diversification distributions. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. Distributions are made in cash. At December 31, 2024 and 2023, no distributions had been requested but not paid to participants.

### **Administrative expenses:**

As provided in the plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

### **Voting rights:**

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

## NOTES TO FINANCIAL STATEMENTS

### **Participant accounts:**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance at the beginning of the year to all participants' account balances at the beginning of the year.

### **Vesting:**

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest on the balances in his or her account based on total years of service with the Company. Effective through December 31, 2013, participants were vested 100% after five years of service with no vesting prior to that time. Effective January 1, 2014, the vesting schedule was changed to 100% vesting after three years of service with no vesting prior to that time.

### **Put option:**

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

### **Forfeitures:**

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2024 and 2023, totaled \$30,899 and \$47,298, respectively.

## NOTES TO FINANCIAL STATEMENTS

### **Diversification:**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

### **Note 2. Summary of Significant Accounting Policies**

This summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

#### **Basis of accounting:**

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### **Estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

#### **Investment valuation and income recognition:**

The shares of Company common stock are valued at estimated fair value. See Note 6 for discussion of fair value measurements. Fair value was determined by independent appraisal. At December 31, 2024 and 2023 the fair value of Hall Contracting of Kentucky, Inc.'s common stock was \$432.38 and \$422.55 per share, respectively.

Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains on investments held during the year.

## NOTES TO FINANCIAL STATEMENTS

### **Allocations:**

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) an (b) stock not yet allocated to employees (“unallocated”), including share that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

### **Payment of benefits:**

Benefits are recorded when paid.

### **Subsequent events:**

Subsequent events have been evaluated through October 9, 2025, which is the date the financial statements were available to be issued.

### **Note 3. Tax Status**

The Plan is a prototype plan offered by Dentons Bingham Greenebaum LLP. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC), and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 4. Administration of Plan Assets**

The Plan's assets, which consist principally of Hall Contracting of Kentucky, Inc. common stock, are held by the trustee of the Plan.

Company contributions are held and managed by the trustee, which invests cash received and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan. Administrative expenses are paid directly by the Company.

## NOTES TO FINANCIAL STATEMENTS

Market	<u>\$51,927,778</u>	<u>\$ 22,848,183</u>	<u>\$74,775,961</u>

### Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 or 2023.

The fair value of the Hall Contracting of Kentucky, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and fair value of company assets. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. The appraiser prepares a report of the estimated per share value that a participant will receive upon distribution.

The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Level 3	
	<u>2024</u>	<u>2023</u>
Hall Contracting of Kentucky, Inc. common stock	<u>\$76,515,513</u>	<u>\$74,775,961</u>

The following table sets forth a summary of activity of the Plan's Level 3 assets for the years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Purchases	\$4,458,133	\$6,647,916
Redemption of shares	(6,875,000)	(5,600,000)

## NOTES TO FINANCIAL STATEMENTS

### Note 7. Notes Payable

Notes payable consist of loan agreements entered in to for the purchase of shares of the Company's common stock. Unallocated shares are collateral for the loans. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 3,351 shares being released and allocated for the year ended December 31, 2024.

The loan agreements are as follows:

	<u>2024</u>	<u>2023</u>
Loan agreement to purchase 13,253 shares of the Company's common stock, \$276,686 due annually, including interest at 4.79%, through December 31, 2053. Certain Company stock is pledged as collateral on the note. There is no prepayment penalty on the loan.	\$ 4,289,097	
Loan agreement to purchase 19,290 shares of the Company's common stock, \$367,922 due annually, including interest at 3.79%, through December 31, 2052. Certain Company stock is pledged as collateral on the note. There is no prepayment penalty on the loan.	6,281,910	\$ 6,407,007

### **Note 8. Related Party and Party-in-Interest Transactions**

The Plan's investments consist entirely of shares of Hall Contracting of Kentucky, Inc. common stock. Hall Contracting of Kentucky, Inc. is the plan sponsor and, therefore, these transactions qualify as party-in-interest transactions. The Plan also entered into short-term liquidity loans with the Company in both 2024 and 2023 (see Note 9).

### **Note 9. Short-Term Liquidity Loans**

During 2022, the Company loaned the Plan \$8.35 million in the form of an interest-free unsecured loan for the purpose of making cash lump sum and diversification distributions in accordance with the terms of the ESOP. The loan is designed to comply with Prohibited Transaction Exemption 80-26, as amended, by the Employee Benefits Security Administration of the U.S. Department of Labor. Based on the December 31, 2022 valuation report, the fair value per share of \$391.95 would represent a redemption of shares in excess of the actual share adjustments made as a result of 2022 distributions. As such, the Company's Board of Directors approved forgiveness of \$855,822 of the loan balance in order to not exceed the share adjustments. The remaining balance of \$7,494,178 of this short-term loan was repaid to the Company in April 2023, in shares of common stock based on the current value per share of \$347.69.

## NOTES TO FINANCIAL STATEMENTS

During 2023, the Company loaned the Plan \$5.6 million in the form of an interest-free unsecured loan for the purpose of making cash lump sum and diversification distributions in accordance with the terms of the ESOP. The loan is designed to comply with Prohibited Transaction Exemption 80-26, as amended, by the Employee Benefits Security Administration of the U.S. Department of Labor. This short-term loan was repaid to the Company in April 2024, in shares of common stock based on the current value per share of \$336.39.

During 2024, the Company loaned the Plan \$6.875 million in the form of an interest-free unsecured loan for the purpose of making cash lump sum and diversification distributions in accordance with the terms of the ESOP. The loan is designed to comply with Prohibited Transaction Exemption 80-26, as amended, by the Employee Benefits Security Administration of the U.S. Department of Labor. This short-term loan will be repaid to the Company during the year ended December 31, 2025, in shares of common stock based on the current value per share.

### **Note 10. Plan Termination**

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the ESOP Administrative Committee should direct the trustee to pay all liabilities and expenses of the Plan. Upon such termination of the Plan, the interest of each participant in the trust fund will become fully vested and will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the Internal Revenue Code (IRC).

### **Note 11. Risks and Uncertainties**

The Plan investments consist of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

### **Note 12. Subsequent Events**

During 2025, the Company redeemed 15,900.3654 shares held by the Plan at the December 31, 2024 value of \$432.38 per share, for a total redemption amount of \$6,875,000. The proceeds of this redemption received by the Plan were used to repay the short-term liquidity loan due the Company (see Note 9). The shares were subsequently repurchased by the Plan at a price of \$345.54 per share, for a total repurchase amount of \$5,494,212. This repurchase amount, along with all prior notes payable were then consolidated into one note payable to the Company for \$26,066,492. This consolidated note is payable in fifty annual installments of \$998,455, including interest at 3.00%, beginning in December 2025.
