| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

(1)  DOL Regulation 2520.103-8 (2)  DOL Regulation 2520.103-12(d) (3)  neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: RSM US LLP

(2) EIN: 42-0714325

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

|  | Yes | No | Amount |
|--|-----|----|--------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)                 |     | X  |        |
| <b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? ## Independent Auditor's Report

Participants and Board of Directors  
D. B. Roberts, Inc. 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of D. B. Roberts, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

## D. B. Roberts, Inc. 401(k) Plan

### Notes to Financial Statements

---

#### Note 1. Description of Plan

The following description of the D. B. Roberts, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all the employees of D. B. Roberts, Inc. (the Company or D. B. Roberts). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity or Trustee) serves as the trustee. An employee of the Company serves as the Plan Administrator.

**Eligibility:** All employees of the Company who are not covered by a collective bargaining agreement or who are nonresident aliens who do not receive any earned income from the Company, are eligible to participate in the Plan upon completion of one month of service. Eligible employees are enrolled on the first day of the month, coinciding with the first day of the month following attainment of eligibility requirements. Employees become eligible for an employer matching contribution after satisfying one year of service consisting of at least 1,000 hours. To receive employer matching contributions, eligible employees must be employed by the Company on the last day of the year.

**Contributions:** For the plan year ended December 31, 2024, participants may elect to contribute up to 60% of pretax annual compensation as defined in the plan document, subject to the annual deferral limit defined by the Internal Revenue Code (IRC). Employer matching contributions are discretionary and determined by the Company. For the plan year ended December 31, 2024, the Company approved the employer matching contribution at a rate of 50% of each participant's deferral contributions, to the extent that such deferral contributions are not in excess of 6% of the participant's compensation or \$5,000.

**Participant accounts:** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer matching contribution plus actual earnings thereon is based on years of continuous service as follows:

| Years of Service     | Percentage |
|----------------------|------------|
| Less than 2 years    | 0%         |
| 2 years              | 20%        |
| 3 years              | 40%        |
| 4 years              | 60%        |
| 5 years              | 80%        |
| Greater than 6 years | 100%       |

**Investment options:** Each participant shall direct the investment of their account among a money market fund and a selection of mutual funds. Contributions may be diversified among one or more of the funds in increments of 1%. Participants may also invest in a self-directed brokerage account.

#### Note 1. Description of Plan (Continued)

**Notes receivable from participants:** The Plan allows participants to take loans subject to certain statutory limits. The Plan permits its participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of their vested account balance. Loan terms range from one to five years. For the purchase of a primary residence, loan terms range up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time of the loan. As of December 31, 2024, these rates ranged from 3.25% to 8.50% and the loans mature through 2029.

**Payment of benefits:** The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. On termination of service due to death, disability or retirement, a participant, or the applicable beneficiary, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or monthly, quarterly, semiannual or annual installments over a period of several years, as defined. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

**Forfeited accounts:** Forfeitures represent the nonvested portion of terminated participants' account balances. Forfeitures will occur when a participant terminates employment and is not reemployed before the end of the plan year in which he or she incurs a one-year break in service. Forfeited accounts can be used to reduce future employer contributions or pay administrative expenses of the Plan. During the year ended December 31, 2024, amounts forfeited totaled \$1,201 and forfeitures of \$5,000 were used to offset the employer matching contribution. As of December 31, 2024 and 2023, unallocated forfeiture amounts available were \$7,798 and \$11,597, respectively.

**Transfers between qualified plans:** Transfers of participant-level assets between the Plan and the Heilind Electronics, Inc. 401(k) Plan occur as the Company and Heilind Electronics Inc. are related parties due to common ownership. Transfers are recorded when a participant changes employment between Heilind Electronics Inc. and the Company and are reflected on the statement of changes in net assets available for benefits in the plan year incurred. During the year ended December 31, 2024, total net transfers into the Plan were \$68,486.

#### Note 2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

**Basis of accounting:** The financial statements have been prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (FASB ASC).

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## D. B. Roberts, Inc. 401(k) Plan

### Notes to Financial Statements

---

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Investment valuation and income recognition:** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized gains and losses and unrealized gains and losses on those investments.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. As of December 31, 2024 and 2023, there were no delinquent loans outstanding.

**Payments of benefits:** Benefits are recorded when paid.

**Administrative costs:** Certain expenses incurred in the administration of the Plan may be paid by the Company and are excluded from these financial statements. Investment-related expenses are allocated to participant accounts pro rata based on the ratio of each participant's balance in each investment.

**Excess contributions payable:** Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to participants' contributions. The Plan distributed the 2024 excess deferrals to the applicable participants in 2025. The Plan distributed the 2023 excess deferrals to the applicable participants in 2024.

**Income taxes:** U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2021.

#### Note 3. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## D. B. Roberts, Inc. 401(k) Plan

### Notes to Financial Statements

---

#### Note 3. Fair Value Measurements (Continued)

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liabilities have a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies during the year ended December 31, 2024.

**Mutual funds:** Mutual funds are valued at quoted prices in active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

**Fidelity brokerage link:** Fair value of investments in the Fidelity Brokerage Link includes mutual funds, common stocks and money market funds which are determined by quoted prices in active markets. Mutual funds, money market funds and common stock are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

**Money market funds:** Money market funds are valued at quoted prices in active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### Note 4. Excess Contributions Payable

As of December 31, 2024 and 2023, a liability of \$5,505 and \$9,847, respectively, is recorded for amounts to be refunded by the Plan to participants for contributions made in excess of amounts allowed by the IRS.

#### Note 5. Information Prepared and Certified by Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

|                                    | 2024                 | 2023                 |

| Notes receivable from participants | <u>\$ 498,715</u>    | <u>\$ 343,665</u>    |

The Trustee also certified to the completeness and accuracy of \$1,390,179 of net appreciation in fair value of investments, \$806,220 of interest and dividends on investments and \$27,273 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2024.

#### Note 6. Income Tax Status

The Plan adopted a Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust (Pre-Approved Plan) which received a favorable opinion letter from the IRS on June 30, 2020, which stated, as then designed, that the Pre-Approved Plan is in compliance with applicable sections of the IRC.

Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

#### Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

#### Note 8. Party-in-Interest Transactions

The Plan's investments consist of certain mutual funds, money market funds, and the Fidelity Brokerage Link managed by Fidelity. Therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. The Plan also issues notes receivable from participants, which are secured by the balances in the participant's account, and constitute party-in-interest transactions.

#### Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits.

#### Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2024 and 2023, to the Form 5500:

|   | <u>2024</u>          | <u>2023</u>          |

### Notes to Financial Statements

---

#### Note 10. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for plan benefits for the year ended December 31, 2024, per the financial statements to the Form 5500:

|  |                     |
|--|---------------------|
| Net increase in net assets available for benefits per the financial statements | \$ 1,863,452        |
| Change in excess contributions payable reported on financial statements        | (4,342)             |
| Change in employer contributions receivable reported on financial statements   | (1,319)             |
| Change in deemed distributions of participant loans reported on the 5500       | (7,335)             |
| Net increase per the Form 5500   | <u>\$ 1,850,456</u> |

#### Note 11. Subsequent Events

The Plan has performed a review of events subsequent to the statements of net assets through October 6, 2025, the date the financial statements were available to be issued.

On October 1, 2025, the D.B. Roberts, Inc. 401(k) Plan was merged with the Heilind Electronics, Inc. 401(k) Plan. As a result, net assets of \$22,638,726 were transferred to the control of the Heilind Electronics, Inc. 401(k) Plan. The merger does not impact participant benefits as the benefit provisions were incorporated into the Heilind Electronics, Inc. 401(k) Plan.

## Independent Auditor's Report

Participants and Board of Directors  
D. B. Roberts, Inc. 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of D. B. Roberts, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

#### Note 1. Description of Plan

The following description of the D. B. Roberts, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all the employees of D. B. Roberts, Inc. (the Company or D. B. Roberts). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity or Trustee) serves as the trustee. An employee of the Company serves as the Plan Administrator.

**Eligibility:** All employees of the Company who are not covered by a collective bargaining agreement or who are nonresident aliens who do not receive any earned income from the Company, are eligible to participate in the Plan upon completion of one month of service. Eligible employees are enrolled on the first day of the month, coinciding with the first day of the month following attainment of eligibility requirements. Employees become eligible for an employer matching contribution after satisfying one year of service consisting of at least 1,000 hours. To receive employer matching contributions, eligible employees must be employed by the Company on the last day of the year.

**Contributions:** For the plan year ended December 31, 2024, participants may elect to contribute up to 60% of pretax annual compensation as defined in the plan document, subject to the annual deferral limit defined by the Internal Revenue Code (IRC). Employer matching contributions are discretionary and determined by the Company. For the plan year ended December 31, 2024, the Company approved the employer matching contribution at a rate of 50% of each participant's deferral contributions, to the extent that such deferral contributions are not in excess of 6% of the participant's compensation or \$5,000.

**Participant accounts:** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer matching contribution plus actual earnings thereon is based on years of continuous service as follows:

| Years of Service     | Percentage |
|----------------------|------------|
| Less than 2 years    | 0%         |
| 2 years              | 20%        |
| 3 years              | 40%        |
| 4 years              | 60%        |
| 5 years              | 80%        |
| Greater than 6 years | 100%       |

**Investment options:** Each participant shall direct the investment of their account among a money market fund and a selection of mutual funds. Contributions may be diversified among one or more of the funds in increments of 1%. Participants may also invest in a self-directed brokerage account.

#### Note 1. Description of Plan (Continued)

**Notes receivable from participants:** The Plan allows participants to take loans subject to certain statutory limits. The Plan permits its participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of their vested account balance. Loan terms range from one to five years. For the purchase of a primary residence, loan terms range up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time of the loan. As of December 31, 2024, these rates ranged from 3.25% to 8.50% and the loans mature through 2029.

**Payment of benefits:** The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. On termination of service due to death, disability or retirement, a participant, or the applicable beneficiary, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or monthly, quarterly, semiannual or annual installments over a period of several years, as defined. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

**Forfeited accounts:** Forfeitures represent the nonvested portion of terminated participants' account balances. Forfeitures will occur when a participant terminates employment and is not reemployed before the end of the plan year in which he or she incurs a one-year break in service. Forfeited accounts can be used to reduce future employer contributions or pay administrative expenses of the Plan. During the year ended December 31, 2024, amounts forfeited totaled \$1,201 and forfeitures of \$5,000 were used to offset the employer matching contribution. As of December 31, 2024 and 2023, unallocated forfeiture amounts available were \$7,798 and \$11,597, respectively.

**Transfers between qualified plans:** Transfers of participant-level assets between the Plan and the Heilind Electronics, Inc. 401(k) Plan occur as the Company and Heilind Electronics Inc. are related parties due to common ownership. Transfers are recorded when a participant changes employment between Heilind Electronics Inc. and the Company and are reflected on the statement of changes in net assets available for benefits in the plan year incurred. During the year ended December 31, 2024, total net transfers into the Plan were \$68,486.

#### Note 2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

**Basis of accounting:** The financial statements have been prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (FASB ASC).

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Investment valuation and income recognition:** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized gains and losses and unrealized gains and losses on those investments.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. As of December 31, 2024 and 2023, there were no delinquent loans outstanding.

**Payments of benefits:** Benefits are recorded when paid.

**Administrative costs:** Certain expenses incurred in the administration of the Plan may be paid by the Company and are excluded from these financial statements. Investment-related expenses are allocated to participant accounts pro rata based on the ratio of each participant's balance in each investment.

**Excess contributions payable:** Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to participants' contributions. The Plan distributed the 2024 excess deferrals to the applicable participants in 2025. The Plan distributed the 2023 excess deferrals to the applicable participants in 2024.

**Income taxes:** U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2021.

#### Note 3. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## D. B. Roberts, Inc. 401(k) Plan

### Notes to Financial Statements

---

#### Note 3. Fair Value Measurements (Continued)

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liabilities have a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies during the year ended December 31, 2024.

**Mutual funds:** Mutual funds are valued at quoted prices in active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

**Fidelity brokerage link:** Fair value of investments in the Fidelity Brokerage Link includes mutual funds, common stocks and money market funds which are determined by quoted prices in active markets. Mutual funds, money market funds and common stock are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

**Money market funds:** Money market funds are valued at quoted prices in active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### Note 4. Excess Contributions Payable

As of December 31, 2024 and 2023, a liability of \$5,505 and \$9,847, respectively, is recorded for amounts to be refunded by the Plan to participants for contributions made in excess of amounts allowed by the IRS.

#### Note 5. Information Prepared and Certified by Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

|                                    | 2024                 | 2023                 |

| Notes receivable from participants | <u>\$ 498,715</u>    | <u>\$ 343,665</u>    |

The Trustee also certified to the completeness and accuracy of \$1,390,179 of net appreciation in fair value of investments, \$806,220 of interest and dividends on investments and \$27,273 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2024.

## D. B. Roberts, Inc. 401(k) Plan

#### Note 6. Income Tax Status

The Plan adopted a Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust (Pre-Approved Plan) which received a favorable opinion letter from the IRS on June 30, 2020, which stated, as then designed, that the Pre-Approved Plan is in compliance with applicable sections of the IRC.

Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

#### Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

#### Note 8. Party-in-Interest Transactions

The Plan's investments consist of certain mutual funds, money market funds, and the Fidelity Brokerage Link managed by Fidelity. Therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. The Plan also issues notes receivable from participants, which are secured by the balances in the participant's account, and constitute party-in-interest transactions.

#### Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits.

#### Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2024 and 2023, to the Form 5500:

|   | <u>2024</u>          | <u>2023</u>          |

#### Note 10. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for plan benefits for the year ended December 31, 2024, per the financial statements to the Form 5500:

|  |                     |
|--|---------------------|
| Net increase in net assets available for benefits per the financial statements | \$ 1,863,452        |
| Change in excess contributions payable reported on financial statements        | (4,342)             |
| Change in employer contributions receivable reported on financial statements   | (1,319)             |
| Change in deemed distributions of participant loans reported on the 5500       | (7,335)             |
| Net increase per the Form 5500   | <u>\$ 1,850,456</u> |

#### Note 11. Subsequent Events

The Plan has performed a review of events subsequent to the statements of net assets through October 6, 2025, the date the financial statements were available to be issued.

On October 1, 2025, the D.B. Roberts, Inc. 401(k) Plan was merged with the Heilind Electronics, Inc. 401(k) Plan. As a result, net assets of \$22,638,726 were transferred to the control of the Heilind Electronics, Inc. 401(k) Plan. The merger does not impact participant benefits as the benefit provisions were incorporated into the Heilind Electronics, Inc. 401(k) Plan.
