Report of Independent Auditors

To the Retirement Plan Committee of the
Arbor Circle Retirement Plan
Grand Rapids, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Arbor Circle Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Arbor Circle Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Arbor Circle Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Arbor Circle Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Arbor Circle Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Arbor Circle Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves,

and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arbor Circle Retirement Plan

Notes to Financial Statements

December 31, 2024

1. Description of the Plan and Significant Accounting Policies

The following description of the Arbor Circle Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of Arbor Circle Corporation (Organization) who have completed one month of service (three months of service prior to February 1, 2023) and have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan was amended and restated on January 1, 2015 to conform with tax laws. The Plan was subsequently amended in 2019 and 2020 to reflect revised hardship distribution regulations. The Plan was amended and restated on January 1, 2022 to bring the plan into compliance with legislative and regulatory requirements.

In February 2023, the Plan was amended to reduce the eligibility service requirement from three months to one month. The amendment also modified the entry date from the first quarter after eligibility requirements are met to the first month coinciding with or next following the date the eligibility requirements are met.

Effective September 2024, the Plan was amended to add Mesirow Financial Investment Management, Inc. as a fiduciary for the Plan to provide investment monitoring and review services.

Trust

A trust has been established under the Plan to hold the Plan's assets. One individual has been appointed as trustee.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contributions, and (b) Plan earnings or losses. Allocations are based on participant earnings, years of service, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Each year, participants may contribute a portion of pre-tax and/or post-tax annual compensation, as defined in the Plan, subject to limits established in the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Organization may make matching contributions to the Plan which is determined annually. The matching contribution is calculated as a dollar-for-dollar match of participant contributions, up to a maximum of 4% of participants' compensation. The Organization may also make a discretionary contribution to the Plan which is allocated to participant accounts based on compensation during the year and on years of vested service. Participants who do not have at least 1,000 hours of credited service during the Plan year are generally not eligible to receive an allocation of the Organization's discretionary contribution for that year. There was \$382,317 of matching contributions made for the year ended December 31, 2024 (\$323,538 for the year ended December 31, 2023). No discretionary contributions were made for the years ended December 31, 2024 and 2023.

Participants direct the investment of their contributions and their allocated Organization contributions into various investment options offered by the Plan. The Plan currently offers a wide variety of mutual funds and a stable value fund as investment options for participants. Contributions are subject to certain limitations.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of participant accounts is based on years of continuous service. A participant is 100% vested after four years of credited service. All employee contributions, along with allocations of net investment earnings on these funds, are fully vested and nonforfeitable.

1. Description of the Plan and Significant Accounting Policies (continued)

Forfeited Accounts

Accounts of nonvested participants are forfeited in the year of termination. Forfeited nonvested accounts totaled \$4,452 as of December 31, 2024, and \$1,203 as of December 31, 2023. Forfeited balances are used to offset administrative expenses or to reduce employer contributions. During the year ended December 31, 2024, there were \$21,421 in forfeitures used to reduce employer contributions (\$8,382 for the year ended December 31, 2023).

Payments of Benefits

Participants are eligible to receive Plan distributions upon reaching the minimum retirement age or upon termination, death, disability, or retirement. Participants may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan. Expenses are paid to the third-party administrator of the Plan, American United Life Insurance Company (AUL), and the Plan's investment advisor, Kestra Investment Services, from participant accounts related to asset management and certain participant-initiated transactions. Certain expenses related to the overall administration of the Plan are paid by the Organization and are therefore excluded from these financial statements.

Termination of the Plan

Although it has not expressed an intent to do so, the Organization has the right to amend or terminate the Plan at any time. In the event the Plan is terminated, all participant account balances become fully vested and nonforfeitable.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, results could differ from those estimates.

1. Description of the Plan and Significant Accounting Policies (continued)

Basis of Accounting

The financial statements have been presented on the accrual basis of accounting in accordance with U.S. GAAP.

Valuation of Investments

The fair values of the investments held in mutual funds are determined by AUL, the custodian of the Plan, using quoted market values as of the last business day of the Plan year.

One of the investments held by the Plan is the AUL Stable Value Fund, which is an insurance company product and has been identified as a fully benefit-responsive investment contract (FBRIC). This investment consists of the general assets of the contract issuer and earns guaranteed interest at rates determined by the issuer. Contract value is the relevant measurement attribute for FBRICs because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Management and the Plan administrator believe contract value is a fair representation of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The difference between fair value and the cost of investments held is combined with realized gains and losses on the sale of investments and reported in the statements of changes in net assets available for benefits as net realized and unrealized appreciation or depreciation in the fair value of investments. Realized gains and losses on the sale of investments represent the difference between the proceeds received and the original cost of investments sold.

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair

Fair Value Measurements (continued)

values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

There have been no changes in the methodologies used as of December 31, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Reclassification

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements. Reclassifications had no effect on the prior year net change in net assets available for benefits or net assets available for benefits balances as of year end.

Subsequent Events

Plan management has evaluated subsequent events for potential recognition and disclosure in the financial statements through October 8, 2025, which is the date the financial statements were available to be issued.

Notes to Financial Statements

2. Federal Income Taxes

The Organization's Board of Directors adopted the AUL Defined Contribution Prototype Plan and Trust document. AUL received an opinion letter from the Internal Revenue Service dated August 19, 2020 stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the IRC and that any employer adopting this form of the Plan will be considered to have a Plan qualified under Section 401(a) of the IRC. The Plan has not requested or received an individual determination letter. The Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Generally, tax years 2021 through the current year remain open to examination. The Plan administrator does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

3. Information Certified by the Custodian (Unaudited)

AUL, the custodian of the Plan, held the investment assets and executed related transactions as of and for the years ended December 31, 2024 and 2023. Substantially all information pertaining to the Plan's investment balances, interest and dividend income, and net realized and unrealized appreciation/depreciation in fair value of investments included in the financial statements and supplemental schedule has been certified by them. This certified investment information has not been audited by independent accountants.

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2024				
Mutual funds	\$ 7,118,099	\$ –	\$ –	\$ 7,118,099
Total investments at fair value	\$ 7,118,099	\$ –	\$ –	\$ 7,118,099
	Level 1	Level 2	Level 3	Total

5. Investment Contract with Insurance Company

The Plan holds a FBRIC with AUL, the Plan custodian, with a contract value of \$489,547 as of December 31, 2024 and \$478,702 as of December 31, 2023. The Plan custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest rates are established and declared for new contributions that will be received in a calendar quarter. All contributions received during the quarter will earn that declared interest rate until the end of the calendar year next following the current year. Restrictions exist regarding transfers of assets out of this investment.

As described in Note 1, the contract value is the relevant measurement attribute for the FBRIC portion of the net assets available for benefits attributable to this investment. Contract value, as reported to the Plan by AUL, represents the principal invested plus interest earned. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by Plan participants, and can only be initiated by the Plan Trustee upon termination of the Plan or complete termination of the contract. All benefit-responsive Plan benefit payments made prior to contract liquidation are made at book value (principal invested plus interest earned).

6. Transactions with Parties-in-Interest

Certain administrative functions related to the Plan are performed by employees of the Organization. No such employee receives compensation from the Plan. The Organization paid certain administrative expenses on behalf of the Plan for the years ended December 31, 2024 and 2023. Administrative expenses paid by the Organization include payments to the Plan's third-party administrator (AUL), investment advisors (Kestra Investment Services and Mesirow Financial Investment Management, Inc.), and auditor for services to the Plan. The Organization does not expect reimbursement from the Plan for these expenses; therefore, such expenses are excluded from these financial statements. These administrative expenses are considered party-in-interest transactions.

The Plan holds investments in certain managed funds of the custodian. These funds totaled \$489,547 as of December 31, 2024 and \$478,702 as of December 31, 2023 in a FBRIC managed by AUL.

7. Risks and Uncertainties

The Plan invests in various investment securities. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
