INDEPENDENT AUDITORS' REPORT

To the Trustee and Plan Management of

ARS 401(k) AND PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **ARS 401(k) and Profit Sharing Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan

The following description of the **ARS 401(k) and Profit Sharing Plan** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is administered by a trustee and an administrator appointed by American Refrigeration Supplies, Inc. (the "Company"), the Plan's sponsor. The Company is part of a controlled group. However, the Company qualifies as a separate line of business and, as such, operates its own plan.

A. General - The Plan is a defined contribution plan covering all employees of the Company and its subsidiary who have completed at least 1,000 hours of service during a 12-month period. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions - Participants may elect to contribute up to 50% of eligible compensation, or the maximum dollar amount allowed by law, whichever is less, as a pretax deferral. The Company may make discretionary matching and profit sharing contributions to the Plan. For 2024, the Company authorized a discretionary profit sharing contribution equal to 1.5% of each participant's eligible compensation for 2024 who was employed on the last day of the Plan year. For 2024, the Company authorized a matching contribution equal to 50% of the first 5% of each participant's eligible compensation contributed to the Plan as a pretax deferral.

A special discretionary profit sharing bonus may also be paid to each eligible participant. Participants may elect to defer all, or a portion, of the bonus as an additional contribution to the Plan; if the election to defer is not made, participants receive the special discretionary profit sharing bonus in cash. For 2024, the profit sharing bonus was calculated as 3% of the participant's eligible compensation.

C. Participant accounts - Each participant's account is credited with the participant's contribution and Company matching contributions and allocations of (a) the Company's profit sharing contributions, (b) Plan earnings and (c) forfeitures. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Other than forfeitures discussed in Note 1.G., there were no unallocated assets at December 31, 2024 and 2023.

D. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions is based on years of service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>	
	<u>Matching Contributions</u>	<u>Profit Sharing Contributions</u>
Less than 2	0%	0%
2	20%	20%
3	40%	40%
4	60%	60%
5	80%	80%
6 or more	100%	100%

E. Notes receivable from participants - Participants may borrow against their vested account balances. The minimum loan allowed is \$1,000. The maximum is the lesser of \$50,000 reduced by the participant's highest outstanding loan balance during the preceding one year period or 50% of the participant's elective deferral account balance. Notes receivable are secured by the vested balance in the participant's account and bear interest at fixed rates commensurate with local prevailing rates at the time of origination as determined by the Plan administrator.

ARS 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan (continued)

F. Payment of benefits - On termination of service due to death, disability, or retirement, a participant or the participant's beneficiary becomes 100% vested in his or her account and receives a lump-sum distribution equal to the value of the participant's account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

G. Forfeitures - Forfeited employer matching and profit-sharing contributions may first be used to pay administrative expenses. Forfeitures not used to pay administrative expenses may be allocated to remaining participants or used to reduce employer contributions. Forfeiture balances are typically not allocated until the subsequent calendar year. Forfeiture balances, including earnings, totaled \$16,612 and \$14,313 at December 31, 2024 and 2023, respectively. During 2024, the forfeited employer contributions from 2023 of \$14,313 were reallocated among remaining participants.

H. Administrative expenses - Administrative expenses are paid by the Plan. There are certain expenses of the Plan paid for by the sponsor that are not expected to be reimbursed by the Plan.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements are prepared using the accrual method of accounting.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amount of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition - Investments in shares of the money market fund and mutual funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. Self-directed brokerage accounts consist of cash, mutual funds and securities that are publicly traded on a national exchange and are valued at the closing price reported on the active market on which the securities are traded. Investments in units of the common/collective trust are valued at the aggregate current fair value of the underlying assets in relation to the total number of units outstanding, or the equivalent of net asset value, which is a practical expedient for measuring fair value. These investments have no unfunded commitments and can be redeemed daily with no redemption notice period or other redemption restrictions. The purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants - Participant loans are measured at their unpaid principal balance plus accrued interest. Loans are deemed to be in default if principal or interest remains unpaid for 90 days after it is due.

Payment of benefits - Benefits are recorded when paid.

Subsequent events - The Plan's management has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

(3) Fair value measurement

FASB ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The inputs or methodologies used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 47,325	\$ -	\$ -	\$ 47,325
Mutual funds	18,240,927	-	-	18,240,927
Self-directed brokerage account	838,026	-	-	838,026
Common/collective trust*	-	-	-	109,662
Total	<u>\$ 19,126,278</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,235,940</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 33,113	\$ -	\$ -	\$ 33,113
Mutual funds	17,737,276	-	-	17,737,276

Total	<u>\$ 18,710,943</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,836,007</u>

*In accordance with ASC 2015-07, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(4) Information certified by the Plan's trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.108-3 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Party-in-interest transactions

Certain Plan investments were held in funds managed by the trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administrator services provided by the trustee amounted to \$32,655 for the year ended December 31, 2024.

Ashton Thomas Private Wealth provides investment advisory services to the Plan; therefore, transactions with this organization also qualify as party-in-interest transactions. Fees paid by the Plan to Ashton Thomas Private Wealth for investment advisory fees totaled \$36,414 for the year ended December 31, 2024.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(7) Tax status

The Plan adopted the Volume Submitter Defined Contribution Plan (Profit Sharing/401(k) Plan), a Fidelity Volume Submitter Plan, by execution of Adoption Agreement No. 1 for use with Fidelity Basic Plan Document No. 17 (the Volume Submitter Plan). Employers adopting the Volume Submitter Plan may rely on an advisory letter issued by the Internal Revenue Service as evidence that the Volume Submitter Plan is qualified under Internal Revenue Code Section 401 as provided in Section 19.02 of Revenue Procedure 2011.49. The Plan administrator and the Company believe that the Plan has been operated in compliance with those provisions and believe that the Plan was qualified and the related trust was tax-exempt as of and for the year ended December 31, 2024.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(8) Risks and uncertainties

The Plan provides for various investment fund options which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 19,919,428	\$ 19,225,925

INDEPENDENT AUDITORS' REPORT

To the Trustee and Plan Management of

ARS 401(k) AND PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **ARS 401(k) and Profit Sharing Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan

The following description of the **ARS 401(k) and Profit Sharing Plan** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is administered by a trustee and an administrator appointed by American Refrigeration Supplies, Inc. (the "Company"), the Plan's sponsor. The Company is part of a controlled group. However, the Company qualifies as a separate line of business and, as such, operates its own plan.

A. General - The Plan is a defined contribution plan covering all employees of the Company and its subsidiary who have completed at least 1,000 hours of service during a 12-month period. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions - Participants may elect to contribute up to 50% of eligible compensation, or the maximum dollar amount allowed by law, whichever is less, as a pretax deferral. The Company may make discretionary matching and profit sharing contributions to the Plan. For 2024, the Company authorized a discretionary profit sharing contribution equal to 1.5% of each participant's eligible compensation for 2024 who was employed on the last day of the Plan year. For 2024, the Company authorized a matching contribution equal to 50% of the first 5% of each participant's eligible compensation contributed to the Plan as a pretax deferral.

A special discretionary profit sharing bonus may also be paid to each eligible participant. Participants may elect to defer all, or a portion, of the bonus as an additional contribution to the Plan; if the election to defer is not made, participants receive the special discretionary profit sharing bonus in cash. For 2024, the profit sharing bonus was calculated as 3% of the participant's eligible compensation.

C. Participant accounts - Each participant's account is credited with the participant's contribution and Company matching contributions and allocations of (a) the Company's profit sharing contributions, (b) Plan earnings and (c) forfeitures. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Other than forfeitures discussed in Note 1.G., there were no unallocated assets at December 31, 2024 and 2023.

D. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions is based on years of service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>	
	<u>Matching Contributions</u>	<u>Profit Sharing Contributions</u>
Less than 2	0%	0%
2	20%	20%
3	40%	40%
4	60%	60%
5	80%	80%
6 or more	100%	100%

E. Notes receivable from participants - Participants may borrow against their vested account balances. The minimum loan allowed is \$1,000. The maximum is the lesser of \$50,000 reduced by the participant's highest outstanding loan balance during the preceding one year period or 50% of the participant's elective deferral account balance. Notes receivable are secured by the vested balance in the participant's account and bear interest at fixed rates commensurate with local prevailing rates at the time of origination as determined by the Plan administrator.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan (continued)

- F. Payment of benefits** - On termination of service due to death, disability, or retirement, a participant or the participant's beneficiary becomes 100% vested in his or her account and receives a lump-sum distribution equal to the value of the participant's account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- G. Forfeitures** - Forfeited employer matching and profit-sharing contributions may first be used to pay administrative expenses. Forfeitures not used to pay administrative expenses may be allocated to remaining participants or used to reduce employer contributions. Forfeiture balances are typically not allocated until the subsequent calendar year. Forfeiture balances, including earnings, totaled \$16,612 and \$14,313 at December 31, 2024 and 2023, respectively. During 2024, the forfeited employer contributions from 2023 of \$14,313 were reallocated among remaining participants.
- H. Administrative expenses** - Administrative expenses are paid by the Plan. There are certain expenses of the Plan paid for by the sponsor that are not expected to be reimbursed by the Plan.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements are prepared using the accrual method of accounting.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amount of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition - Investments in shares of the money market fund and mutual funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. Self-directed brokerage accounts consist of cash, mutual funds and securities that are publicly traded on a national exchange and are valued at the closing price reported on the active market on which the securities are traded. Investments in units of the common/collective trust are valued at the aggregate current fair value of the underlying assets in relation to the total number of units outstanding, or the equivalent of net asset value, which is a practical expedient for measuring fair value. These investments have no unfunded commitments and can be redeemed daily with no redemption notice period or other redemption restrictions. The purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants - Participant loans are measured at their unpaid principal balance plus accrued interest. Loans are deemed to be in default if principal or interest remains unpaid for 90 days after it is due.

Payment of benefits - Benefits are recorded when paid.

Subsequent events - The Plan's management has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

(3) Fair value measurement

FASB ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The inputs or methodologies used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 47,325	\$ -	\$ -	\$ 47,325
Mutual funds	18,240,927	-	-	18,240,927
Self-directed brokerage account	838,026	-	-	838,026
Common/collective trust*	-	-	-	109,662
Total	<u>\$ 19,126,278</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,235,940</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 33,113	\$ -	\$ -	\$ 33,113
Mutual funds	17,737,276	-	-	17,737,276
Self-directed brokerage account	940,554	-	-	940,554
Common/collective trust*	-	-	-	125,064
Total	<u>\$ 18,710,943</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,836,007</u>

*In accordance with ASC 2015-07, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(4) Information certified by the Plan's trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.108-3 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Party-in-interest transactions

Certain Plan investments were held in funds managed by the trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administrator services provided by the trustee amounted to \$32,655 for the year ended December 31, 2024.

Ashton Thomas Private Wealth provides investment advisory services to the Plan; therefore, transactions with this organization also qualify as party-in-interest transactions. Fees paid by the Plan to Ashton Thomas Private Wealth for investment advisory fees totaled \$36,414 for the year ended December 31, 2024.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(7) Tax status

The Plan adopted the Volume Submitter Defined Contribution Plan (Profit Sharing/401(k) Plan), a Fidelity Volume Submitter Plan, by execution of Adoption Agreement No. 1 for use with Fidelity Basic Plan Document No. 17 (the Volume Submitter Plan). Employers adopting the Volume Submitter Plan may rely on an advisory letter issued by the Internal Revenue Service as evidence that the Volume Submitter Plan is qualified under Internal Revenue Code Section 401 as provided in Section 19.02 of Revenue Procedure 2011.49. The Plan administrator and the Company believe that the Plan has been operated in compliance with those provisions and believe that the Plan was qualified and the related trust was tax-exempt as of and for the year ended December 31, 2024.

(8) Risks and uncertainties

The Plan provides for various investment fund options which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 19,919,428	\$ 19,225,925
Adjustment for the employer contributions receivable in 2024	(200,150)	-
