## Independent Auditors' Report

To the Plan Administrator of the  
Foursquare Labs, Inc. 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Foursquare Labs, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Independent Auditors' Report (continued)

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## Independent Auditors' Report (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

## Independent Auditors' Report (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Foursquare Labs, Inc. 401(k) Plan Notes to Financial Statements

December 31, 2024 and 2023

## **1. Description of Plan**

The following description of the Foursquare Labs, Inc. 401(k) Plan (the Plan) is provided for general purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### **General**

The Plan, which became effective on April 1, 2016, is a restatement of an existing Plan which originally started on January 1, 2010 and is a defined contribution plan under Internal Revenue Code (IRC) Section 401(k). The Plan is available to all employees of Foursquare Labs, Inc. (the Company) who have met the eligibility requirements stipulated by the Plan.

The Plan is administered by the management of the Company, the Plan Administrator, and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Ascensus Trust Company is the Custodian. The Vanguard Group, Inc. (Vanguard) is the Recordkeeper of the Plan and has retained Ascensus, Inc. as a subcontractor to provide recordkeeping services to the Plan.

### **Eligibility**

In accordance with the provisions of the Plan, all full-time employees of the Company who are age 21 or older will become eligible immediately to participate in the Plan. Temporary and intern employees are excluded unless such individuals attain age 21 and complete at least 1,000 hours of service during a 12-month period beginning on the employee's date of hire.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan within 90 days of eligibility. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. The Plan also has an escalation feature whereby the deferral rate will increase each year by 1% up to a maximum of 12% for new and existing employees.

Foursquare Labs, Inc. 401(k) Plan  
Notes to Financial Statements (continued)

**1. Description of Plan (continued)**

**Contributions**

Participant contributions are subject to limitations imposed by the Internal Revenue Code (IRC), which were \$23,000 and \$22,500 for 2024 and 2023, respectively (plus \$7,500 and \$7,500 for 2024 and 2023 in respect of eligible catch-up contributions made by participants of the age of 50 and older), and are also limited to 85% of pre-tax annual compensation, as defined by the Plan. Participants may also designate any portion of their contributions as Roth contributions, which are taxable to the participant at the time of deferral.

The Plan implemented an employer match beginning in January 2020. The Company matches 20% up to the first 4% of base compensation, as defined in the Plan, with a subsequent increase to 25% of the first 4% effective March 2020 onwards and with a further increase to 30% on the first 4% effective October 2020. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

**Participant Accounts and Forfeitures**

Each participant's account is credited with the participant's elective deferrals (pre-tax and/or Roth segregated), rollover contributions, employer matching contributions, and Plan earnings (losses). Participant accounts may also be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant directed transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan. All of the assets of the Plan are held by Ascensus Trust Company, the Plan's Custodian.

During the years ended December 31, 2024 and 2023, there were forfeitures of \$1,416 and \$15,050, and the Company used \$0 and \$5,793 in forfeitures to reduce employer contributions or administrative expenses, respectively. At December 31, 2024 and 2023, there were unallocated forfeitures and related earnings thereon of \$10,696 and \$9,280, respectively.

**Vesting**

Participants are immediately vested in their salary deferrals, including Roth 401(k) deferrals and catch-up contributions, and rollovers, plus actual earnings thereon. Participants are 100% vested in their employer match contributions after one year of credited service.

Foursquare Labs, Inc. 401(k) Plan  
Notes to Financial Statements (continued)

**1. Description of Plan (continued)**

**Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowances for credit losses have been recorded as of and for the years ended December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, and a minimum of \$1,000, and may only have one loan outstanding at a time. Loans must be repaid over a period of no more than 5 years except in the case of a loan used to acquire a principal residence, in which case the Plan Administrator may permit a longer repayment term, up to 30 years. Payments of principal and interest are made through payroll deductions over the loan period. A loan is secured by the vested balance in the participant's account. The loan bears interest at a rate of prime plus 1% and is fixed over the life of the note. The interest rate on participant loans outstanding as of December 31, 2024 ranged from 6.50% to 9.50%. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan documents. Related fees are recorded as administrative expenses and are expenses when they are incurred.

**Payment of Benefits**

Upon a participant's separation from service due to death, disability, termination, or retirement, benefits may be distributed to them in a single lump sum amount equal to the vested value of their account or through installments over a certain period at the participant's election not to exceed the joint life expectancy of the participant and their beneficiary. Active participants may also withdraw funds from their accounts under certain hardship conditions. In addition, participants may request a distribution of their elective deferrals from the Plan if they are still working and reach the age of 59 ½.

**Administrative Expenses**

Substantially all expenses, with the exception of fees related to notes receivable from participants and distributions, incurred in connection with the administration of the Plan, are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

**Plan Termination**

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Foursquare Labs, Inc. 401(k) Plan  
Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Benefit Payments**

Benefits are recorded when they have been approved for payment and paid by the Plan.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, which is presented in the statements of changes in net assets available for benefits.

Foursquare Labs, Inc. 401(k) Plan  
Notes to Financial Statements (continued)

### 3. Information Prepared and Certified by the Custodian

The Plan's investments are held and administered by the Custodian, Ascensus Trust Company, as of December 31, 2024 and 2023 and for the years then ended. All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2024 and 2023, notes receivable from participants as of December 31, 2024 and 2023, and interest income, dividends and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2024 and 2023, was obtained and certified as complete and accurate by Ascensus Trust Company.

### 4. Fair Value Measurements

The Plan uses a framework that provides for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value; there have been no changes in the methodologies used at December 31, 2024 and 2023. Mutual funds and money market funds are valued at the value of such shares as of the close of business at the end of the year based on quoted active market prices of the underlying investments, and as such, are classified as Level 1 investments. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**4. Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31:

Description	Level 1	Level 2	Level 3	Total
<b>2024</b>				
<i>Investments</i>				
Mutual funds	\$ 38,179,350	\$ -	\$ -	\$ 38,179,350
Money market fund	260,252	-	-	260,252
Total investments at fair value	<u>\$ 38,439,602</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 38,439,602</u>
<b>2023</b>				
<i>Investments</i>				
Mutual funds	\$ 36,175,875	\$ -	\$ -	\$ 36,175,875
Money market fund	247,417	-	-	247,417
Total investments at fair value	<u>\$ 36,423,292</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 36,423,292</u>

**5. Party-in-Interest and Related Party Transactions**

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds, notes receivable and interest on notes, which are managed by Vanguard, the Recordkeeper as defined by the Plan, and Ascensus Trust Company, the Custodian as defined by Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

**6. Income Tax Status**

The Plan adopted a Defined Contributions Basic Plan Document. In accordance with Revenue Procedure 2005-16, the Company has chosen to rely on the advisory opinion letter dated April 1, 2016. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to opinion letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

**6. Income Tax Status (continued)**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021 to maintain its qualification. The Plan has been amended since receiving the advisory.

**7. Risks and Uncertainties**

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**8. Subsequent Events**

The Plan has evaluated events occurring between December 31, 2024 and October 7, 2025, the date the financial statements were available to be issued.
