INDEPENDENT AUDITORS' REPORT

To the Plan Administrator  
Bureau Employees System for Thrift (BEST) Plan  
Philadelphia, Pennsylvania

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements**

We have performed an audit of the accompanying financial statements of Bureau Employees System for Thrift (BEST) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion on the 2024 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section—

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Bureau Employees System for Thrift (BEST) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bureau Employees System for Thrift (BEST) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bureau Employees System for Thrift (BEST) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bureau Employees System for Thrift (BEST) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - 2024 Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **Auditors' Report on the 2023 Financial Statements**

The financial statements of Bureau Employees System for Thrift (BEST) Plan as of December 31, 2023, were audited by Rainer & Company, P.C., whose owners became partners with PKF O'Connor Davies, LLP. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 7, 2024 indicated that in their opinion (a) the amounts of disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SYSTEM FOR THRIFT (BEST) PLAN**

Notes to Financial Statements  
December 31, 2024 and 2023

NOTE 1 - Description of Plan

The following description of the Bureau Employees System for Thrift (BEST) Plan (the "Plan") provides only general information. Participants should refer to the Plan document, as amended and restated, for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan covering all eligible full-time employees of the Pennsylvania Compensation Rating Bureau and Delaware Compensation Rating Bureau, Inc. (collectively, the "Company" or "Employer") who have completed one month of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Policy Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.
- B. Eligibility Requirements - Each employee is eligible to participate in the Plan when they have attained the age of twenty-one.
- C. Participant Contributions - Participants may elect to contribute to the Plan up to 60% of eligible compensation, as defined in the Plan document, as pre-tax or Roth contributions up to \$23,000 and \$22,500, which is the maximum dollar limit set by law for the years ended December 31, 2024 and 2023, respectively. Participants may elect to contribute up to 100% on an after-tax basis subject to the maximum amount allowable under the Internal Revenue Code ("IRC").

Participants who have attained age 50 before the end of the Plan year may also make catch-up contributions, as defined by the Plan document. For both years ended December 31, 2024 and 2023, the maximum catch-up contributions were \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

A participant may direct the investment of their contributions in 1% increments to any of the various investment options offered by the Plan. Participants may change their investment options daily, subject to certain limitations.

- D. Employer Contributions - The Company makes a non-discretionary matching contribution in an amount equal to 75% of employee contributions subject to a maximum of 5% of eligible compensation contributed by an employee.
- E. Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company matching contributions and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**BUREAU EMPLOYEES**  
**SYSTEM FOR THRIFT (BEST) PLAN**  
Notes to Financial Statements  
December 31, 2024 and 2023

**NOTE 1 - Description of Plan (Continued)**

- F. Payment of Benefits - A participant will receive a lump sum amount equal to the value of the individual's vested account upon termination of service due to death, disability, or upon attaining a Normal Retirement age or an early Retirement benefit if certain age and service requirements are met. Withdrawals from the Plan may also be granted based upon circumstances of financial hardship or attaining age 59 ½, in accordance with provisions specified in the Plan document. Participants with vested balances that do not exceed \$1,000 will receive a lump sum payment as soon as administratively feasible following termination.
- G. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants become immediately 100% vested in the Employer matching contributions in the event of death, disability or upon the attainment of normal retirement age.

Other than as stated above, vesting of the Employer matching contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3 years	0%
3 years or more	100%

- F. Income Tax Status - The Plan is structured and follows a prototype non-standardized cash or deferred profit sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated June 30, 2020, that the prototype non-standardized profit sharing plan is acceptable with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

- H. Forfeited Accounts - Any participant who terminates employment without being fully vested (100%) in their Employer contribution account forfeits their unvested portion of the Employer contribution. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$5 and \$1, respectively. These accounts will be used to reduce future Employer contributions or Plan expenses. In 2024 and 2023, \$12,778 and \$483 were used to reduce Employer contributions from forfeited nonvested accounts, respectively.

**NOTE 2 - Summary of Significant Accounting Policies**

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are a representation of the Plan's management, who is responsible for their integrity and objectivity. The accounting policies described below conform to accounting principles generally accepted in the United States of America and have been applied consistently in the preparation of the financial statements.

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications - Certain prior year amounts have been reclassified for consistency with the current year presentation. Such reclassifications had no effect on the previously reported change in net assets or net assets available for benefits.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Policy Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses for maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events - Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 7, 2025.

**NOTE 3 - Information Certified by the Fidelity Management Trust Company (Trustee)**

The December 31, 2024 and 2023 information summarized below was certified by Fidelity Management Trust Company. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2024 and 2023, that the information provided to the Plan administrator by the trustee is complete and accurate.

	2024	2023
Investments - at Fair Value:		
Shares of Registered Investment Companies	\$23,247,907	\$20,608,053
Investments Held in Common Collective Investment Trust	2,617,487	2,884,899
Notes Receivable from Participants	105,870	158,592
Investment Income	4,893,258	4,383,329
Interest Income - Notes Receivable from Participants	6,020	6,475

**NOTE 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023.

*Registered Investment Companies:* Valued at the daily closing price as reported by the fund (Level 1). Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/Collective Investment Trust (CCIT):* The Plan's investment in the Fidelity Managed Income Portfolio is valued at the NAV of the units in the CCIT. NAV is readily determinable fair value and is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. This practical expedient would be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Fair Value</u>	<u>Fair Value Measurements at the End of the Reporting Period Using:</u>	
		<u>Quoted Prices in Active Markets For Identical Assets (Level 1)</u>	<u>Other Investments Measured at NAV</u>

	<u>Fair Value</u>	<u>Fair Value Measurements at the End of the Reporting Period Using:</u>	
		<u>Quoted Prices in Active Markets For Identical Assets (Level 1)</u>	<u>Other Investments Measured at NAV</u>
<u>December 31, 2023</u>

Common Collective Investment Trust	<u>2,884,899</u>	<u>0</u>	<u>2,884,899</u>
	<u>\$23,492,952</u>	<u>\$20,608,053</u>	<u>\$ 2,884,899</u>

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statements of Net Assets Available for Benefits.

The common collective investment trust in which the Plan participates is maintained by Fidelity, the trustee of the Plan. Interests in the trust is represented by units, each of which represents an undivided pro-rata share of the net assets of a fund. Although similar in nature to mutual funds, the trust is not traded on an active market. Participant transactions (purchases and sales) may occur daily, without requiring notice or restrictions of redemption. The Plan has no unfunded commitments as of December 31, 2024 and 2023.

NOTE 5 - Related Party and Party-in-Interest Transactions

Certain Plan investments are administered by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan, and Fidelity Workplace Services, LLC is the record-keeper. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments for financial reporting purposes. Fees paid by the Plan for record keeping services amounted to \$781 and \$806 for the years ended December 31, 2024 and 2023, respectively. Certain administrative functions of the Plan are performed by officers or employees of the Company, at no charge to the Plan. The Company pays directly any other fees related to the Plan's operations.

Participants who are active employee may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of new assets available for benefits.

NOTE 6 - Plan Termination

Although it has not expressed intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

NOTE 7 - Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded when a distributable event occurs. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their nonforfeitable account balance. Loan transactions are treated as transfers between the investment fund and the participant notes fund. Loan terms range from one to five years, except for loans for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at 4.75%, which is commensurate with local prevailing rates as determined by the Plan's administrator. Principal and interest are paid ratably through biweekly payroll deductions. Balances outstanding at December 31, 2024 and 2023 were \$105,870 and \$158,592, respectively.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
