## INDEPENDENT AUDITORS' REPORT

To the Trustees  
William A. Hazel, Inc. 401(k) Incentive Savings Plan  
Chantilly, Virginia

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of William A. Hazel, Inc. 401(k) Incentive Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the William A. Hazel, Inc. 401(k) Incentive Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of William A. Hazel, Inc. 401(k) Incentive Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about William A. Hazel, Inc. 401(k) Incentive Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of William A. Hazel, Inc. 401(k) Incentive Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about William A. Hazel, Inc. 401(k) Incentive Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) INCENTIVE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**1. DESCRIPTION OF PLAN**

The following description of the William A. Hazel, Inc. 401(k) Incentive Savings Plan (the Plan) provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

William A. Hazel, Inc. (the Corporation) established a 401(k) profit-sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC), effective January 1, 1985. The Plan covers all eligible employees of William A. Hazel, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan operates as a multiple-employer plan under ERISA and the IRC. Effective January 1, 2022, the Plan was amended and restated.

The WG Construction Company, Inc. 401(k) Profit Sharing Plan was merged with the Plan effective January 1, 2008, and employees are eligible to participate in the Corporation's 401(k) profit-sharing plan.

The Corporation has responsibility for remittance of participant and employer contributions, appointing an administrator to administer the Plan, and determining funds available for investment under the Plan. The Corporation pays a portion of the administrative expenses for the Plan.

The administrator administers the Plan on behalf of the participants and their beneficiaries, including interpreting the Plan, determining an employee's eligibility to participate, directing the investment of the trust funds, and determining and authorizing the payment of any benefits under the Plan. Fidelity Management Trust Company serves as trustee of the Plan.

**Eligibility Requirements**

Employees of the Corporations become eligible to participate in the Plan immediately following the completion of 6 months of service and the attainment of the age of 18.

**Contributions**

Each Plan participant may elect to contribute to the Plan through payroll deductions any percentage of total compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees are automatically enrolled in the Plan with a 3% contribution unless they elect not to participate. For employees that are automatically enrolled in the Plan, the Plan automatically increases each participant's deferral percentage by 1% per year. Participants are given the opportunity to decline participation or increase/decrease the percentage.

Participants direct the investment of their contributions, into various investment options offered by the Plan. The Plan currently offers self-managed accounts, various mutual funds and the Fidelity Managed Income Portfolio as investment options for participants.

The participant's contribution may be matched by the Corporation at a discretionary percentage and formula determined annually by the Board of Directors of William A. Hazel, Inc. The employer matching contribution was 40% and 30% of the elective deferral that does not exceed 6% of compensation for 2024 and 2023, respectively. Both participant and employer contributions are subject to the nondiscrimination requirements of the IRC.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

**401(k) INCENTIVE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**1. DESCRIPTION OF PLAN** (continued)

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Corporation's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants vest in their employer contribution account according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
0 - 2 years	0%
2 - 3 years	25%
3 - 4 years	50%
4 - 5 years	75%
5 or more years	100%

**Notes Receivable from Participants**

Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000, adjusted for loans outstanding during the previous year, with a minimum of \$500. The interest rates range from 4.25% to 9.50%. The maturity dates range through September 2051. Principal and interest is paid ratably through payroll deductions and is credited directly to a participant's account. Participants are allowed up to 2 loans at a time.

**Payment of Benefits**

A participant is entitled to payment of vested benefits in a lump-sum payment upon termination from service, or death, disability, retirement, event of financial hardship or other reasons.

**Forfeitures**

Forfeitures of unvested portions of employer contributions will be applied in the following order: to pay for a reinstatement of benefits for participants with a break in service, to pay Plan expenses not assumed by the employer, as an employer contribution and allocated in the same manner as employer contributions are allocated for the Plan year. The Plan provides that forfeitures of unvested portions of employer contributions will be applied to decrease employer contributions. Forfeitures in the amount of \$41,106 were used to offset Plan contributions in 2024. Forfeitures in the amount of \$12,241 were used to offset Plan contributions in 2023. The balance of the forfeitures account at December 31, 2024 and 2023 was \$9,794 and \$1,765, respectively.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting and reporting policies used in the financial statements conform to United States generally accepted accounting principles. The significant policies are summarized below.

**Method of Accounting**

The financial statements of the Plan are prepared under the accrual basis of accounting.

**WILLIAM A. HAZEL, INC.**  
**401(k) INCENTIVE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could vary from the estimates that were used.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As permitted by U.S. generally accepted accounting principles, the Plan uses net asset value (NAV) as a practical expedient to determine the fair value of certain investments, and these investments have not been classified in the fair value hierarchy.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Corporation. Expenses that are paid by the Corporation are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

**Income Taxes**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**WILLIAM A. HAZEL, INC.  
401(k) INCENTIVE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Subsequent Events**

The Plan has evaluated subsequent events through October 7, 2025, the date on which the financial statements were available to be issued.

**3. CERTIFIED INFORMATION**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the supplemental schedule of Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

**4. FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – inputs to the valuation methodology are based upon unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of three valuation techniques (market, cost, or income approach). The market approach evaluates prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The cost approach evaluates the amount that would be required to replace the service capacity of an asset (i.e., replacement cost). The income approach uses techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing models, and lattice models).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

4. **FAIR VALUE MEASUREMENTS** (continued)

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that pool the capital of many investors and invest it in stocks, bonds, short-term money market instruments, and other securities. Mutual funds are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-managed accounts:* Valued at the unadjusted quoted prices in the active market.

*Common/Collective trust:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			Total

**4. FAIR VALUE MEASUREMENTS** (continued)

The following tables summarize investments measured at fair value using the NAV per share practical expedient as of December 31, 2024 and 2023:

<u>2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

Common/Collective Trust - Fidelity Management Trust Company Managed Income Portfolio	\$ 7,703,188	N/A	Daily	N/A

The common/collective trust fund seeks to provide stable returns primarily through investing in a variety of high quality stable value contracts and cash and cash equivalents.

We evaluated the significance of transfers between the levels based upon the nature of the financial instrument and size of the transfer relative to the total investments. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of Levels 1, 2 or 3.

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

**5. RELATED PARTY TRANSACTIONS**

Plan assets include investments in funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan's custodian and third-party administrator and, as such, transactions with the custodian qualify as party-in-interest transactions under ERISA.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. The Plan made a direct payment to the third party administrator, which was not covered by revenue sharing, which is shown as administrative expenses on the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023. The Corporation pays directly any other fees related to the Plan's operations.

**6. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon the complete or partial termination of the Plan or the complete discontinuance of company contributions, the accounts of all affected participants shall become fully vested and nonforfeitable.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**7. TAX STATUS**

Effective January 1, 2022, the Plan adopted a pre-approved profit sharing/money purchase/CODA plan, which received an opinion letter on June 30, 2020 from the Internal Revenue Service stating that the Plan and its underlying Trust qualify under the applicable provisions of the IRC and are exempt from Federal income taxes.

The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**8. RISKS AND UNCERTAINTIES**

The Plan invests in a combination of investment securities that are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**9. CONCENTRATIONS**

The following table presents investments that represent 10% or more of the Plan's net assets at December 31:

	<u>2024</u>	<u>2023</u>
Fidelity Contrafund (Large Cap)	\$ 26,655,426	\$ 20,043,024

## INDEPENDENT AUDITORS' REPORT

To the Trustees  
William A. Hazel, Inc. 401(k) Incentive Savings Plan  
Chantilly, Virginia

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of William A. Hazel, Inc. 401(k) Incentive Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the William A. Hazel, Inc. 401(k) Incentive Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of William A. Hazel, Inc. 401(k) Incentive Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about William A. Hazel, Inc. 401(k) Incentive Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of William A. Hazel, Inc. 401(k) Incentive Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about William A. Hazel, Inc. 401(k) Incentive Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**WILLIAM A. HAZEL, INC.  
401(k) INCENTIVE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**1. DESCRIPTION OF PLAN**

The following description of the William A. Hazel, Inc. 401(k) Incentive Savings Plan (the Plan) provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

William A. Hazel, Inc. (the Corporation) established a 401(k) profit-sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC), effective January 1, 1985. The Plan covers all eligible employees of William A. Hazel, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan operates as a multiple-employer plan under ERISA and the IRC. Effective January 1, 2022, the Plan was amended and restated.

The WG Construction Company, Inc. 401(k) Profit Sharing Plan was merged with the Plan effective January 1, 2008, and employees are eligible to participate in the Corporation's 401(k) profit-sharing plan.

The Corporation has responsibility for remittance of participant and employer contributions, appointing an administrator to administer the Plan, and determining funds available for investment under the Plan. The Corporation pays a portion of the administrative expenses for the Plan.

The administrator administers the Plan on behalf of the participants and their beneficiaries, including interpreting the Plan, determining an employee's eligibility to participate, directing the investment of the trust funds, and determining and authorizing the payment of any benefits under the Plan. Fidelity Management Trust Company serves as trustee of the Plan.

**Eligibility Requirements**

Employees of the Corporations become eligible to participate in the Plan immediately following the completion of 6 months of service and the attainment of the age of 18.

**Contributions**

Each Plan participant may elect to contribute to the Plan through payroll deductions any percentage of total compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees are automatically enrolled in the Plan with a 3% contribution unless they elect not to participate. For employees that are automatically enrolled in the Plan, the Plan automatically increases each participant's deferral percentage by 1% per year. Participants are given the opportunity to decline participation or increase/decrease the percentage.

Participants direct the investment of their contributions, into various investment options offered by the Plan. The Plan currently offers self-managed accounts, various mutual funds and the Fidelity Managed Income Portfolio as investment options for participants.

The participant's contribution may be matched by the Corporation at a discretionary percentage and formula determined annually by the Board of Directors of William A. Hazel, Inc. The employer matching contribution was 40% and 30% of the elective deferral that does not exceed 6% of compensation for 2024 and 2023, respectively. Both participant and employer contributions are subject to the nondiscrimination requirements of the IRC.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

**WILLIAM A. HAZEL, INC.**  
**401(k) INCENTIVE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**1. DESCRIPTION OF PLAN** (continued)

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Corporation's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants vest in their employer contribution account according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
0 - 2 years	0%
2 - 3 years	25%
3 - 4 years	50%
4 - 5 years	75%
5 or more years	100%

**Notes Receivable from Participants**

Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000, adjusted for loans outstanding during the previous year, with a minimum of \$500. The interest rates range from 4.25% to 9.50%. The maturity dates range through September 2051. Principal and interest is paid ratably through payroll deductions and is credited directly to a participant's account. Participants are allowed up to 2 loans at a time.

**Payment of Benefits**

A participant is entitled to payment of vested benefits in a lump-sum payment upon termination from service, or death, disability, retirement, event of financial hardship or other reasons.

**Forfeitures**

Forfeitures of unvested portions of employer contributions will be applied in the following order: to pay for a reinstatement of benefits for participants with a break in service, to pay Plan expenses not assumed by the employer, as an employer contribution and allocated in the same manner as employer contributions are allocated for the Plan year. The Plan provides that forfeitures of unvested portions of employer contributions will be applied to decrease employer contributions. Forfeitures in the amount of \$41,106 were used to offset Plan contributions in 2024. Forfeitures in the amount of \$12,241 were used to offset Plan contributions in 2023. The balance of the forfeitures account at December 31, 2024 and 2023 was \$9,794 and \$1,765, respectively.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting and reporting policies used in the financial statements conform to United States generally accepted accounting principles. The significant policies are summarized below.

**Method of Accounting**

The financial statements of the Plan are prepared under the accrual basis of accounting.

**WILLIAM A. HAZEL, INC.  
401(k) INCENTIVE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could vary from the estimates that were used.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As permitted by U.S. generally accepted accounting principles, the Plan uses net asset value (NAV) as a practical expedient to determine the fair value of certain investments, and these investments have not been classified in the fair value hierarchy.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Corporation. Expenses that are paid by the Corporation are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

**Income Taxes**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**WILLIAM A. HAZEL, INC.**  
**401(k) INCENTIVE SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Subsequent Events**

The Plan has evaluated subsequent events through October 7, 2025, the date on which the financial statements were available to be issued.

**3. CERTIFIED INFORMATION**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the supplemental schedule of Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

**4. FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – inputs to the valuation methodology are based upon unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of three valuation techniques (market, cost, or income approach). The market approach evaluates prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The cost approach evaluates the amount that would be required to replace the service capacity of an asset (i.e., replacement cost). The income approach uses techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing models, and lattice models).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**4. FAIR VALUE MEASUREMENTS** (continued)

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that pool the capital of many investors and invest it in stocks, bonds, short-term money market instruments, and other securities. Mutual funds are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-managed accounts:* Valued at the unadjusted quoted prices in the active market.

*Common/Collective trust:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

**4. FAIR VALUE MEASUREMENTS** (continued)

The following tables summarize investments measured at fair value using the NAV per share practical expedient as of December 31, 2024 and 2023:

<u>2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/Collective Trust - Fidelity Management Trust Company Managed Income Portfolio	\$ 8,309,419	N/A	Daily	N/A

  

<u>2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/Collective Trust - Fidelity Management Trust Company Managed Income Portfolio	\$ 7,703,188	N/A	Daily	N/A

The common/collective trust fund seeks to provide stable returns primarily through investing in a variety of high quality stable value contracts and cash and cash equivalents.

We evaluated the significance of transfers between the levels based upon the nature of the financial instrument and size of the transfer relative to the total investments. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of Levels 1, 2 or 3.

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

**5. RELATED PARTY TRANSACTIONS**

Plan assets include investments in funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan's custodian and third-party administrator and, as such, transactions with the custodian qualify as party-in-interest transactions under ERISA.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. The Plan made a direct payment to the third party administrator, which was not covered by revenue sharing, which is shown as administrative expenses on the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023. The Corporation pays directly any other fees related to the Plan's operations.

**6. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon the complete or partial termination of the Plan or the complete discontinuance of company contributions, the accounts of all affected participants shall become fully vested and nonforfeitable.

**7. TAX STATUS**

Effective January 1, 2022, the Plan adopted a pre-approved profit sharing/money purchase/CODA plan, which received an opinion letter on June 30, 2020 from the Internal Revenue Service stating that the Plan and its underlying Trust qualify under the applicable provisions of the IRC and are exempt from Federal income taxes.

The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**8. RISKS AND UNCERTAINTIES**

The Plan invests in a combination of investment securities that are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**9. CONCENTRATIONS**

The following table presents investments that represent 10% or more of the Plan's net assets at December 31:

	<u>2024</u>	<u>2023</u>
Fidelity Contrafund (Large Cap)	\$ 26,655,426	\$ 20,043,024
Fidelity Growth Company Fund (Large Cap)	15,311,194	12,057,279
