Independent Auditor's Report

To the Plan Administrator
National Trust for Historic Preservation
in the U.S. 403(b) Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of National Trust for Historic Preservation in the U.S. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

National Trust for Historic Preservation in the U.S. 403(b) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the National Trust for Historic Preservation in the U.S. 403(b) Plan (the Plan) for the employees of the National Trust for Historic Preservation in the United States and, National Main Street Center, Inc., a nonprofit subsidiary (collectively, the Trust), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective November 1, 2024, the NT Green Fund, Inc, the Trust's newly established nonprofit subsidiary, was added to the Plan as a participating employer.

General

The Plan was established by the Trust in 2007 to provide retirement benefits to eligible employees, as described below. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Administration

The Trust is the administrator of the Plan. State Street Bank and Trust Company (SSB&T) is the trustee and Transamerica Retirement Solutions Corporation (TRSC) is the recordkeeper of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees are eligible to enter the Plan upon their date of hire for pre-tax and Roth deferral contributions. Employees are eligible to receive employer discretionary non-elective contributions upon completion of 1,000 hours of service, or equivalent, during the Plan year and attainment of 21 years of age.

Contributions

Under the Plan, employees may make pre-tax or after-tax Roth deferral contributions through bi-weekly payroll deductions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The maximum deferral percentage and/or amount is limited by Internal Revenue Service (the IRS) regulations. For 2024, the IRS maximum contribution is \$23,000, and participants who are 50 years or older during the Plan year may defer an additional \$7,500 as catch-up contributions for a maximum deferral of \$30,500.

The Plan includes an auto-enrollment provision whereby eligible employees who are hired on or after January 1, 2016 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Plan also includes a provision for a discretionary non-elective employer contribution for participants who are employed at the end of the year for which the contribution is made, or who have experienced one of the following events during the plan year: death, disability, or early

National Trust for Historic Preservation in the U.S. 403(b) Plan

Notes to Financial Statements

retirement. No discretionary non-elective employer contributions were made for the year ended December 31, 2024.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Vesting

Participants are immediately vested in their individual deferral, Roth, after-tax and rollover contributions and the allocated earnings thereon.

Discretionary non-elective employer contributions are subject to a separate vesting schedule as follows: participants are 20% vested after two years, 50% vested after three years, 75% vested after four years, and 100% vested after five years of credited service. Participants become fully vested in the event of early retirement, death, or termination due to disability.

Participant Accounts

Each participant's account is credited with their contributions including amounts rolled over from other qualified plans and Plan earnings and charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balances. Earnings/losses (net of investment expenses) are directly credited to participant accounts based on the participant's actual investment choices or according to the Qualified Default Investment Alternative, an investment used when an employee contributes to the Plan without specifying how the money should be invested. The benefit to which participants are entitled is the vested portion of their accounts.

Withdrawals

- ***General:*** A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account or annual installments. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. A mandatory distribution is made if the vested participant balance is over \$1,000, but no more than \$7,000, and the participant has not attained the later of age 62 or the normal retirement age under the Plan.

If the participant is under 59 ½ when making the withdrawal, a 10% penalty tax in addition to income taxes may apply. The Plan allows for penalty-free withdrawals for military reservists called into active duty who receive a qualified reservist distribution. If a participant reaches age 59 ½, they may withdraw all or a portion of their account balance without penalty.

- ***Financial Hardship:*** A participant may withdraw all or part of the salary deferral contributions and earnings in the case of financial hardship. The Plan defines hardship as an "immediate and heavy financial need" along with establishing the allowable reasons to receive such a withdrawal. The amount of the hardship withdrawal cannot exceed the amount needed to cover the financial need, plus any income taxes or penalties reasonably anticipated to result from the hardship withdrawal.

National Trust for Historic Preservation in the U.S. 403(b) Plan

Notes to Financial Statements

- *Rollovers:* A participant may withdraw all or a portion of their rollover contributions at any time.

Notes Receivable from Participants

A participant may borrow up to 50% of the vested account balance or \$50,000 (whichever is less), reduced by the highest outstanding loan balance in their account during the prior 12-month period. The minimum loan amount is \$1,000. Loans must be paid within a five-year period (up to 20 years if the loan is for the purchase of a primary residence). The notes are secured by the balance in each participant's account. Principal and interest are paid ratably through bi-weekly payroll deductions. Each participant may not have more than one loan outstanding at any time. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the Internal Revenue Code (IRC).

Forfeitures

Forfeitures may be used to pay for administrative expenses and reduce future discretionary non-elective employer contributions. Forfeitures that were used to pay for administrative expenses amounted to \$310 for the year ended December 31, 2024. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$21 and \$285, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Plan's direct investment in the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trust determines the Plan's valuation policies utilizing information provided by its investment advisor and custodian. See Note 6 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 5) is valued at contract value.

Purchases and sales of such investments are recorded on the trade date. Interest income is recorded on the accrual basis and dividend income is recorded as of the ex-dividend date. Net appreciation

National Trust for Historic Preservation in the U.S. 403(b) Plan

Notes to Financial Statements

in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are participant loans measured at the unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Trust. Expenses that are paid by the Trust are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. Audit fees are also charged to the participant's account.

3. Income Tax Status

The Plan uses a pre-approved plan provided by TRSC. The pre-approved plan received an opinion letter from the IRS on March 31, 2017, which states that the pre-approved plan, as then designed, satisfies the applicable provisions under Section 403(b) of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

4. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by SSB&T, a qualified institution.

5. Guaranteed Interest Contract

The New York Life Guaranteed Interest Account (NYL-GIA) is a fully benefit-responsive fixed annuity contract whose yield is determined by a rate formula detailed by the GIA group annuity contract.

National Trust for Historic Preservation in the U.S. 403(b) Plan

Notes to Financial Statements

Rates are set for each six-month period beginning on January 1 and July 1. During 2024, the rate was 3.0% from January 1, 2024 through June 30, 2024 and 3.25% from July 1, 2024 through December 31, 2024.

Changes in future interest crediting rates will not affect the amount reported on the statements of net assets available for benefits. Contract value is the amount plan sponsors would receive if they were to withdraw or transfer the funds within the Plan prior to their maturity.

As of December 31, 2024 and 2023, credit ratings for New York Life Insurance Company are A++ per A.M. Best and AAA per Fitch Ratings, Inc.

Certain events can limit the ability of the Plan to transact at contract value with the issuer. Such events include Plan termination, merger, and layoffs. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants have occurred or are probable of occurring.

Certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; or a material misrepresentation; a material amendment to the agreement without the consent of the issuer.

6. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3). The three levels of fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

National Trust for Historic Preservation in the U.S. 403(b) Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

Money market and mutual funds: Valued at the daily closing price as reported by the money market and mutual fund. They are open-end investments that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded (Level 1).

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair value hierarchy for the Plan's assets measured at fair value as of December 31, 2024:

| <i>Asset Category</i> | Level 1 | Level 2 | Level 3 | Total |
|--|----------------------|-------------|-------------|----------------------|
| Money market funds | \$ 10,614 | \$ - | \$ - | \$ 10,614 |
| Mutual funds | 24,116,941 | - | - | 24,116,941 |
| Total investments at fair value | \$ 24,127,555 | \$ - | \$ - | \$ 24,127,555 |

The following table presents the fair value hierarchy for the Plan's assets measured at fair value as of December 31, 2023:

| <i>Asset Category</i> | Level 1 | Level 2 | Level 3 | Total |
|--|----------------------|-------------|-------------|----------------------|
| Money market funds | \$ 3,317 | \$ - | \$ - | \$ 3,317 |
| Mutual funds | 21,777,240 | - | - | 21,777,240 |
| Total investments at fair value | \$ 21,780,557 | \$ - | \$ - | \$ 21,780,557 |

7. Plan Termination

Although it has not expressed any intent to do so, the Trust has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of full or partial termination of the Plan, the Trust will direct the distribution of the assets to participants in a manner that is consistent with the provisions of the Plan and ERISA. Distributions will be made in cash and, if permitted by the Plan, through the purchase of irrevocable nontransferable commitments from Transamerica Financial Life Insurance

National Trust for Historic Preservation in the U.S. 403(b) Plan

Notes to Financial Statements

Company. Except as permitted by IRS regulations, the termination of the Plan shall not result in any reduction of protected benefits. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by TRSC. Because of this relationship, transactions related to these investments qualify as party-in-interest transactions. Participant loan and distribution processing fees are paid to TRSC by participants. As described in Note 2, the Plan paid for investment advisory and recordkeeping fees which qualify as party-in-interest transactions.

The Plan also issues loans to participants which are secured by the vested balance of their participants' accounts. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investments in general are exposed to various risks, such as market, interest rate, credit, and overall market volatility risks. Due to the level of uncertainty related to changes in interest rate, market volatility and credit risk, it is reasonably possible that changes in these risks could materially affect the fair values of these investments and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 9, 2025, which is the date the financial statements were available to be issued. There are no matters requiring disclosures or recognition in the financial statements.
