**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

Plan Administrator and Plan Participants and Employee Relations Committee  
Colgate-Palmolive Puerto Rico Savings and Investment Plan

**Opinion**

We have audited the financial statements of Colgate-Palmolive Puerto Rico Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

**Basis for opinion**

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**COLGATE-PALMOLIVE PUERTO RICO SAVINGS AND INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS**

**1. Description of the Plan**

The following description of the Colgate-Palmolive Puerto Rico Savings and Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

The Plan was created on February 1, 1994 to provide retirement benefits for eligible employees and is sponsored by Colgate-Palmolive Company Distr. LLC (the “Plan Sponsor” or the “Company”), a wholly-owned subsidiary of Colgate-Palmolive Company. Banco Popular de Puerto Rico is the trustee of the Plan. The recordkeeper of the Plan is Alight Solutions LLC. The Plan’s investments are contained within the Colgate-Palmolive Savings & Investment Plans Master Trust (the “Master Trust”) and the custodian of the Plan is the Bank of New York Mellon.

The Plan is a defined contribution retirement plan and is administered by the Colgate-Palmolive Company Employee Relations Committee (the “Committee”). The Plan is subject to the reporting and disclosure requirements, participation and vesting standards and fiduciary responsibility provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and to the Puerto Rico Internal Revenue Code of 2011, as amended (“Puerto Rico IRC”). Employees eligible to participate in the Plan must meet certain minimum hourly service requirements and be at least 21 years old.

Effective January 1, 2024, employees are eligible to participate in the Plan upon hire, regardless of their scheduled or completed hours. Prior to that, employees eligible to participate in the Plan were required to meet certain minimum hourly service requirements and be at least 21 years old.

As of December 31, 2024, the Plan maintained the following funds (all through the Master Trust):

<u>Name of Fund</u>	<u>Description of the type of investment</u>
Short Term Fixed Income Fund	Guaranteed investment contracts and cash reserve funds
Colgate Common Stock Fund	Colgate-Palmolive Company Common Stock and cash reserve funds
American Funds EuroPacific Growth Fund	Primarily invests in stocks of companies in Europe and the Pacific Basin
Baird Core Plus Bond Fund	Primarily invests its assets in a diversified portfolio of U.S. government, corporate, mortgage and asset-backed securities
Neuberger Berman Genesis Fund	Primarily invests in stocks of companies with total market value of less than \$2 billion at the time of the initial investment
BlackRock LifePath Funds	Funds whose investment mix across a range of asset classes becomes more conservative as the target or maturity date approaches

NOTES TO FINANCIAL STATEMENTS (continued)**

*Savings Program*

Participant Contributions

Employees can generally contribute to the Plan between 1% and 100% of their eligible compensation. Participants may generally begin, resume or suspend contributions, change their contribution rate and the allocation of their contributions between pre-tax and after-tax earnings on a daily basis. Participants are always fully vested in their contributions and related investment earnings. Under the Puerto Rico IRC the maximum allowable participant pre-tax contribution was \$15,000 for 2024. Participants who are expected to reach or are over the age of 50 during the Plan year and have made the maximum pre-tax contributions are eligible to make additional catch-up contributions. The maximum allowable catch-up contribution under the Puerto Rico IRC was \$1,500 for 2024, on a pre-tax basis.

Participants are also able to contribute to the Plan rollover distributions from other qualified benefit plans.

Employees participating in the Plan may direct the investment of their contributions into various investment options offered by the Plan and may change their investment direction on a daily basis. Participants may, on a daily basis, diversify/transfer their participant account balances among any of the investment funds in the Plan.

Company Matching Contributions

The Company matches participant pre-tax contributions at a rate of 50% or 75% of the participant's pre-tax contributions, up to a maximum of 6% of participant eligible compensation depending on years of service. Company matching contributions are initially invested in Colgate-Palmolive Company Common Stock and are diversifiable on a daily basis, immediately upon allocation, among any of the investment funds in the Plan. Vesting in the Company's matching contribution portion of participants' accounts is based on years of service. Participants are 50% vested in their matching contribution accounts after two years of service and fully vested after three years of service or, if while active, they reach age 55, become permanently disabled, or die, or in the event of Plan termination. Effective April 1, 2024, Company matching contributions are not available to interns.

*Company Retirement Contributions Program*

The Company allocates Basic Retirement Contributions ("BRCs") and Additional Basic Retirement Contributions ("ABRCs") to participants. BRCs are based on eligible compensation and number of years of service with the Company. Employees with less than 10 years of service will receive 4% of eligible compensation and employees with 10 or more years of service will receive 5% of eligible compensation. ABRCs in the amount of 1% of eligible compensation are made for employees hired prior to November 1, 2012. Employees do not need to make contributions to the Plan to receive BRCs/ABRCs.

Employees may direct the investment of these contributions into various investment options offered by the Plan and may change their investment direction on a daily basis. Participants may, on a daily basis, diversify/transfer these account balances among any of the investment funds in the Plan.

Vesting on the BRC and ABRC portion of the participants' accounts is based on years of service. Participants are 25% vested after 2 but less than 3 years of service, 50% vested after 3 but less than 4 years of service, 75% vested after 4 but less than 5 years of service, and 100% after 5 years, or, if while active, they reach 55, become permanently disabled, or die, or in the event of Plan termination.

*Participant Accounts*

An account is maintained for each participant, credited with the types of contributions described above as well as allocation of fund earnings or losses, and expenses. Depending on fund elections, certain participant investment accounts are also charged with monthly investment service fees. The benefit to which a participant is entitled upon termination of employment is the vested portion of the amount accumulated in the participant's account.

**COLGATE-PALMOLIVE PUERTO RICO SAVINGS AND INVESTMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

*Distributions*

Participating employees can receive a distribution from the Plan due to retirement, permanent disability, termination or death. Unvested balances will be forfeited in the event of termination. In-service withdrawals are available as specified by the Plan.

*Forfeitures*

After the earlier of the distribution of the terminated participant's vested account balances or the fifth anniversary of the participant's termination, nonvested account balances are considered forfeited and can be used to reduce Company contributions that are otherwise due under the Plan, with any remaining balances first used to restore account balances in accordance with the terms of the Plan and then used for any permissible purpose, including but not limited to payment of reasonable Plan expenses not otherwise paid by the Company (in its capacity as a settlor) or satisfied through other means. There were no forfeiture balances outstanding as of December 31, 2024 or 2023. During 2024, the Company used \$11,694 of forfeitures to reduce Company contributions.

*Plan Termination*

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and/or terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, the Committee shall compute and distribute the value of the accounts of the participants.

**2. Summary of Significant Accounting Policies**

*Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

*Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*Interest in Master Trust*

The investments of the Plan are maintained through the Master Trust. The Plan participates in the Master Trust along with the Colgate-Palmolive Company Employees Savings and Investment Plan. The value of the Plan's interest in the Master Trust is based on the beginning value of the Plan's interest in the Master Trust plus actual contributions and allocated net investment income (loss) less actual distributions and allocated administrative expenses. The Plan's allocated share of investment activities is based upon each plan's participation in investment options within the Master Trust.

*Investment Valuation and Income Recognition*

Investments maintained by the Master Trust, other than investments in collective trust funds and synthetic guaranteed investment contracts ("GICs"), are stated at fair value based on quoted market prices or as otherwise determined by the Bank of New York Mellon, the Master Trust custodian. Collective trust funds are stated at fair value using the net asset value ("NAV") per unit in each fund. The NAV is based on the fair value of the underlying investments owned, minus its liabilities, divided by the number of shares outstanding. The liabilities, which are primarily investment management fees due, are included as part of the Plan's interest in the Master Trust in the Statements of Net Assets Available for Benefits.

The plan maintains fully benefit-responsive synthetic GICs with insurance companies, banks and other financial institutions held as investments within the Master Trust at contract value. The synthetic GICs represent investments that have fixed income securities paired with benefit-responsive wrap contracts. Wrap contracts are issued by high-quality financial institutions with primarily the following objectives: to provide a fixed rate of interest for a specified period of time and to enable the fund to pay participant-initiated withdrawals at book value.

**COLGATE-PALMOLIVE PUERTO RICO SAVINGS AND INVESTMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

In certain circumstances, the amount withdrawn from the synthetic GICs would be payable at fair value rather than at contract value. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the Plan elects to withdraw from a contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the contract issuer's underwriting criteria for issuance of a similar contract.

The contract issuers could terminate the contract upon short notice at the fair value of the underlying investments in certain circumstances, including the Plan's loss of its qualified status, uncorrected material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. Such circumstances, resulting in the payment of benefits at market value rather than contract value, are not considered probable of occurring in the foreseeable future.

As of December 31, 2024 and 2023, there were no reserves against the wrap contracts' carrying values for credit risks of the issuers.

Purchases and sales are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend income is recorded on the ex-dividend date. The Plan's interest in the net investment income (loss) of the Master Trust includes the Plan's share of gains and losses on investments bought and sold as well as held during the year by the Master Trust and its share of interest and dividends earned by the Master Trust and is included in the Statements of Changes in Net Assets Available for Benefits.

*Benefit Payments*

Benefits paid directly to participants are recorded when paid.

*Administration*

The Plan is administered by the Committee for the benefit of the Plan participants and their beneficiaries. Administrative expenses are paid by the Company.

**3. Tax Status**

The Plan Sponsor adopted an individually designed plan for which the Plan Sponsor received a favorable opinion letter, dated May 2, 2016, from the Treasury Department of Puerto Rico. Accordingly, the Plan is exempt from United States income taxes under Section 1022(i)(1) of ERISA and from Puerto Rico income taxes under Sections 1081(a) and (d) of the Puerto Rico IRC. The effects of such qualification, maintained through the continued operations of the Plan, are to:

- Exempt the Plan's investment income from income taxes,
- Allow the Plan Sponsor to deduct annual contributions, made in accordance with the Plan, for income tax purposes, and
- Allow eligible employees (participants under the Plan) to exclude such contributions and income earned thereon, from their taxable income until distributed.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**4. Plan's Interest in Master Trust**

The Plan's investments are part of the Master Trust and the custodian of the Plan is the Bank of New York Mellon. The Plan's custodian and recordkeeper maintain a separate account for the associated Plan assets and liabilities held within the Master Trust.

As of December 31, 2024 and 2023, the Master Trust held investments in Colgate-Palmolive Company Common Stock, mutual funds, cash reserve funds, separately managed account funds, synthetic GICs and collective trust funds. Refer to Note 1, Description of the Plan, for additional discussion on the types of investments held within the Master Trust.

The value of the Plan's interest in the Master Trust is based on the beginning value of the Plan's interest in the Master Trust plus actual contributions and allocated net investment income (loss) less actual distributions and allocated administrative expenses.

## 5. Investments and Fair Value Measurements

### *Fair Value Measurements*

The Plan uses available market information and other valuation methodologies in assessing the fair value of financial instruments. Judgment is required in interpreting market data to develop the estimates of fair value and, accordingly, changes in assumptions or the estimation methodologies may affect the fair value estimates.

Assets and liabilities carried at fair value are classified as follows:

*Level 1:* Based upon quoted market prices in active markets for identical assets or liabilities.

*Level 2:* Based upon observable market-based inputs or unobservable inputs that are corroborated by market data.

*Level 3:* Based upon unobservable inputs reflecting the reporting entity's own assumptions.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies used for the Plan assets are as follows:

*Colgate-Palmolive Company Common Stock:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the NAV of units held by the Plan at year end based upon quoted market prices. The investments provide daily redemptions by the Plan with no advance notice requirements, and have redemption prices that are determined by the fund's net asset value per unit as of the redemption date.

*Cash reserve funds:* Valued at cost, which approximates fair value. The funds have no restrictions from redemption.

*Collective trust funds:* Valued using the NAV practical expedient per unit in each fund. The NAV practical expedient is based on the value of the underlying investments owned by each trust, minus its liabilities, divided by the number of shares outstanding. The investments provide daily redemptions by the Plan with no advance notice requirements, and have redemption prices that are determined by the fund's NAV practical expedient per unit as of the redemption date.

**6. Risks and Uncertainties**

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of these securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**COLGATE-PALMOLIVE PUERTO RICO SAVINGS AND INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS**

**7. Administrative Fees**

The trustee, recordkeeper and custodian administrative fees for the services performed under the Plan Agreements were paid by the Company.

**8. Related Party and Party-in-Interest Transactions**

As of December 31, 2024 and 2023, the Plan held shares of common stock of Colgate-Palmolive Company, the Plan Sponsor's parent company. Certain investments within the Employee Benefit Temporary Investment FD Fund are shares of funds managed by the Bank of New York Mellon, the custodian of the Plan. The Dreyfus Government Cash Management Fund is managed by the Bank of New York Mellon's affiliate, Dreyfus. As of December 31, 2024, the Plan had \$102,401 and \$2,324 invested in the Employee Benefit Temporary Investment FD Fund and Dreyfus Government Cash Management Fund, respectively. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

**9. Subsequent Events**

The Plan evaluated events occurring subsequent to December 31, 2024 and through June 25, 2025, the date the financial statements were available to be issued. There were no subsequent events that would require recognition or additional disclosure in the Plan's financial statements.
