Independent Auditor's Report

The Plan Administrator
Boulder Valley Gastroenterology, Inc. Profit Sharing Plan
Louisville, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boulder Valley Gastroenterology, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H (Form 5500), Line 4a, Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

1. Plan Description

The following description of the Boulder Valley Gastroenterology, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Boulder Valley Gastroenterology, Inc. (the Plan Sponsor) and members of the controlled group who adopt the Plan (the Adopting Employers) (collectively, the Company) effective May 1, 1991. Adopting Employers may begin or cease participation in the Plan at any point.

The Plan is a defined contribution plan covering eligible employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee, Issuer, and Administration of the Plan

Empower Trust Company, LLC serves as the Trustee of the Plan, Empower Annuity Insurance Company of America is the issuer of the insurance products, and Empower Retirement serves as the recordkeeper of the Plan (collectively, Empower). The Company determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Effective January 1, 2023, the Plan was amended to change the entry for eligible participants to monthly. Each employee is eligible to become a participant in the Plan on the first day of the first month, coincident with or next following the date the participant attains age 21 and completes one month of service. Union employees, leased employees, non-resident aliens, and independent contractors are not eligible to participate in the Plan.

Contributions

Eligible participants may contribute, on a pre-tax or after-tax Roth basis, up to 100% of their qualifying annual compensation as elected in their salary deferral agreements. Participant contributions are subject to certain IRC limitations. The Plan also allows catch-up contributions for participants aged 50 or over subject to certain IRC limitations. Participants may contribute rollover contributions from other qualified retirement plans. Participants may change their contribution percentage and investment elections effective each pay period.

The Company makes a safe harbor non-elective contribution, on an annual basis, equal to 3% of eligible compensation.

Discretionary profit-sharing contributions may be made by the Plan on behalf of the participants. Generally, participants must have completed at least 1,000 hours of service during the year and be employed on the last day of the year; however, that may be waived in a particular year in order to meet certain new comparability testing requirements. For the year ended December 31, 2024, the

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

Company made a discretionary profit-sharing contribution of \$392,409 which is included in the employer contributions receivable.

Participants' Accounts

Participants' accounts are credited with participants' pre-tax, after-tax Roth, and catch-up contributions; Company safe harbor non-elective and discretionary profit-sharing contributions; rollover contributions, and an allocation of Plan earnings or losses. Participants' accounts are charged with certain administrative fees that are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various mutual funds and into a fixed-rate group annuity contract offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

Participants are immediately 100% vested in their participant deferral and rollover contributions, the Company safe harbor non-elective contributions, and the allocated earnings thereon. Discretionary profit-sharing contributions vest 20% per year after completion of the second year and are 100% vested after six years of service, as defined in the Plan document. Participants are also fully vested upon reaching normal retirement age (55), death, or disability.

All participants hired prior to January 1, 2022 are fully vested in their accounts and vesting schedules for all contributions vest 100% immediately.

Forfeitures of unvested accounts may be used to offset future employer contributions or pay administrative expenses. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$81 and \$17,961, respectively. During the year ended December 31, 2024, \$6,625 forfeitures were used to pay expenses and none were used to offset employer contributions.

Payment of Benefits

Upon termination of service due to death; separation of service; attainment of normal retirement age (55); or disability, as defined, a participant may elect to receive their benefit payment in the form of a lump-sum amount equal to the vested portion of the participant's account balance, remain in the Plan, or may roll over the amount to another qualified retirement plan or Individual Retirement Account (IRA). Immediate lump-sum distributions are to be made to terminated participants if the participant's vested balance is \$1,000 or less. Balances between \$1,001 and \$5,000 are rolled over to an IRA for the benefit of the participant. These mandatory distributions are only applicable if the participant does not elect another form of distribution. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments (except for the fully benefit-responsive investment contract), as detailed in the accompanying supplemental Schedule of Assets (Held at End of Year), are stated at fair value as further discussed in Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by Empower.

Interest income is recorded as earned on the accrual basis. Dividend income and reinvested capital gains are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. The net appreciation in the fair value of investments represents the realized and unrealized gains and losses on the investments and reinvested capital gains.

Contributions

Participant contributions are recognized in the period during which the Company makes the payroll deduction from the participant's compensation. Company safe harbor non-elective contributions and discretionary profit-sharing contributions are recognized when due to the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2024 or 2023.

Expenses of the Plan

Administrative expenses may be paid by the Company or the Plan. Fees, including administrative, distribution processing, and audit fees, are charged directly to the participant's account and are included in administrative expenses. Administrative fees of \$21,509 were paid by the Plan, \$23,991 of expenses were paid from revenue sharing, and certain investment expenses are net with investment earnings or losses of the investments. All other expenses of the Plan were paid by the Company and are excluded from these financial statements.

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

3. Accounting for Fully Benefit-Responsive Investment Contracts with Insurance Companies

The Plan entered into the Key Guaranteed Portfolio Fund with Empower, which is a fixed-rate group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0% and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value, including, but not limited to, premature termination of the contract by the Plan, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives. This could cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value; however, the Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value are probable of occurring.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments and interest and dividend income from participants as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment amounts included in the notes to financial statements.
- Investment information included in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, reading the disclosures relating to the

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the ERISA-required supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations whose inputs are observable or whose significant value drivers are observable). Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodology used at December 31, 2024 and 2023.

The following is a description of the valuation methodology used for assets measured at fair value:

Registered Investment Companies (Mutual Funds) - These are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,807,789	\$ -	\$ -	\$ 12,807,789

Mutual funds	\$ 12,009,359	\$ -	\$ -	\$ 12,009,359
Total Investments, at fair value	\$ 12,009,359	\$ -	\$ -	\$ 12,009,359

6. Related Party and Parties-in-Interest Transactions

The Plan invests in a fixed-rate group annuity contract managed by Empower. Certain investment fees are paid to Empower and reflected within the net investment loss for the year. Other charges paid directly by the Plan or participants to Empower totaled \$21,509 for 2024, and \$23,991 were paid to the investment advisor through revenue sharing. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Tax Status

Effective January 1, 2023, the Plan was amended and restated into a pre-approved profit-sharing plan and trust document, which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 indicating that the pre-approved profit-sharing plan and trust are designed in accordance with the applicable sections of the IRC. The Company believes that the Plan, as amended and restated, is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in value of investments securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits and participants' accounts.

There are three and two investments that individually represent more than 10% of investments held at December 31, 2024 and 2023, respectively. See the Schedule of Assets (Held at End of Year) as of December 31, 2024 for a complete listing of investments held.

Boulder Valley Gastroenterology, Inc. Profit Sharing Plan

Notes to Financial Statements

9. Delinquent Participant Contributions

The Company failed to timely remit certain participant contributions to the Plan in 2024 and 2023. The Company is in the process of correcting for any lost earnings and has corrected all late contributions in 2024 and 2025. See the accompanying supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2024.

10. Subsequent Events

The Plan has evaluated subsequent events through September 17, 2025, the date the financial statements were available to be issued. There were no events or transactions that required recognition or disclosure in the financial statements, except for the following.

Effective January 1, 2025, the Plan was amended to change the eligibility requirements and the non-elective employer contributions vesting schedule.

Each employee is eligible to become a participant in the Plan on the first day of the first month and seventh month, coincident with or next following the date the participant attains age 21 and completes 1,000 hours of service. All participants hired January 1, 2025 and later are subject to a 6-year vesting schedule for non-elective profit sharing contributions. Participants hired prior to January 1, 2025 are fully vested in their accounts.
