**Part I Asset and Liability Statement**

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1)  Unmodified (2)  Qualified (3)  Disclaimer (4)  Adverse

**b** Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1)  DOL Regulation 2520.103-8 (2)  DOL Regulation 2520.103-12(d) (3)  neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CHRISTENSON & ASSOCIATES, LLP**

(2) EIN: **33-0770910**

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

|  | Yes | No | Amount |
|--|-----|----|--------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)                 |     | X  |        |
| <b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? ## Independent Auditor's Report

To the Plan Administrator of Albert A. Webb Associates  
Profit Sharing and Salary Deferral Plan  
Riverside, California

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Albert A. Webb Associates Profit Sharing and Salary Deferral Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Albert A. Webb Associates Profit Sharing and Salary Deferral Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Albert A. Webb Associates Profit Sharing and Salary Deferral Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Albert A. Webb Associates Profit Sharing and Salary Deferral Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Albert A. Webb Associates Profit Sharing and Salary Deferral Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Albert A. Webb Associates Profit Sharing and Salary Deferral Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i; Schedule of Assets (Held at End of Year) as of December 31, 2024 on page 17 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**1. Description of the Plan**

The following description of the Albert A. Webb Associates Profit Sharing and Salary Deferral Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all employees of Albert A. Webb Associates and effective April 30, 2018, Webb Municipal Finance, LLC (collectively known as the "Employer"). The Plan is considered a multiple-employer plan. All of the Employer's employees are eligible to participate in the Plan upon attaining twenty-one years of age and completing 90 days of service. The Plan entry date for eligible employees is immediate upon meeting the eligibility requirements. The Plan includes a deferred compensation arrangement as described in Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Contributions**

Under the provisions of the Plan, the Employer's eligible participants may contribute up to 75% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis and post-tax (Roth) basis by salary reduction.

The Plan also allows eligible participants to contribute rollover contributions from other qualified plans.

The Employer may make a discretionary matching contribution and/or an additional discretionary contribution without regard to the Employer's current or accumulated profits as determined each year by the Employer. To be eligible for the Employer discretionary matching contributions, employees must be employed on the last day of the Plan year and must have completed 1,000 hours of service. To be eligible for the Employer discretionary contribution, employees must meet the general eligibility requirements of the Plan.

The Employer did not make any discretionary matching contributions; however, the Employer made an additional discretionary contribution for the year ended December 31, 2024. As part of the Employer additional discretionary contribution, the Employer contributes a "Safe Harbor" qualified non-elective contribution equal to 3% of eligible compensation for non-highly compensated employees. Additional discretionary contributions may be made each Plan year in an amount and allocation group determined by the Employer. The additional discretionary contributions are subject to certain limitations.

The Plan has an automatic enrollment feature whereby eligible participants are automatically enrolled in the Plan at a 6% deferral rate with automatic annual increases of 1% until a deferral rate of 10% is reached. Participants can opt out or change their deferral rates at their discretion.

Participants direct the investment of their contributions into various investment options offered by the Plan.

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**1. Description of the Plan** (continued)

**Participant Accounts**

An account is maintained for each participant. The participant's account is credited with the participant's voluntary contribution, Employer's non-elective contribution, participant's Plan earnings and losses, and an allocation of Employer's discretionary profit-sharing contribution. Allocation of Employer's non-elective contribution is based on participants' eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the employer contributions and earnings is also immediate.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the participant's vested interest in their account and bear interest at 8.0% through 8.5% which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest is paid ratably directly to the trustee or through bi-weekly payroll deductions.

**Unallocated Assets**

As of December 31, 2024 and 2023, the Plan had approximately \$428 and \$4,300 of unallocated assets available, respectively. Unallocated assets are created when the Employer makes an excess contribution to the Plan or when uncashed distributions are credited back to the Plan. The unallocated assets attributable to excess contributions may be used to reduce Employer contributions or to pay certain administrative expenses. The unallocated assets attributable to uncashed distribution checks are reserved until the related distribution is reissued. During the year ended December 31, 2024, unallocated assets totaling \$620 were used to reduce employer contributions.

**Administrative Expenses**

The Employer provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to participant requested services are charged directly to participants' accounts and are included in administrative fees. In addition, certain investment funds charge fees for exceeding short-term trading restrictions. These fees are also charged directly to the participants' accounts and are included in administrative fees. Certain record keeping fees are paid to the service provider through revenue sharing arrangements with the investment funds. These fees are included in the investment related expenses. Investment related expenses are included in net depreciation in fair value of investments.

**Safe Harbor Election**

The Plan has elected to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to employer contributions and investing schedules and meet the applicable "Safe Harbor" requirements. If the Plan meets the "Safe Harbor" requirements it is not subject to the ADP or ACP discrimination tests required by the IRC.

PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**1. Description of the Plan** (continued)

**Payment of Benefits**

Upon termination of service, death, disability, retirement or attaining the age of 59<sup>1</sup>/<sub>2</sub>, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account, or substantially equal installments over a certain period, the total of which is equal to the value of his or her account.

Upon financial hardship, a participant may receive all or a portion of the vested interest in their employee contribution account, subject to certain restrictions.

The Plan allows automatic rollover to an individual retirement account (“IRA”), if the terminated participant’s account balance exceeds \$1,000 but does not exceed \$5,000. Unless the terminated participant elects to rollover the account balance or to receive the distribution directly, the Plan administrator can distribute the entire balance to an IRA designated by the Plan administrator.

Automatic distributions will be given to terminated participants with account balances of \$1,000 or less.

**2. Summary of Accounting Policies**

**Basis of Accounting**

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unallocated assets (see Note 1), the net assets of the Plan are allocated entirely to individual participants’ accounts.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**2. Summary of Significant Accounting Policies** (continued)

**Unallocated Assets - Distributions Payable**

At December 31, 2024, the Plan had outstanding distribution checks totaling \$3,685 that had not been cashed by participants or beneficiaries. For Form 5500 reporting purposes, these uncashed checks are treated as a reduction to employer contributions. However, under generally accepted accounting principles, these amounts remain recorded as plan assets and as a liability for distributions payable until the checks are negotiated or otherwise resolved. As a result, there is a reconciling item between the net assets available for benefits reported in the audited financial statements and the net assets reported on Form 5500. The reconciliation is summarized in Note 9.

**Investment Valuation and Income Recognition**

The Plan's investments are carried at fair value or approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Contribution Funding**

The Employer makes contributions to the Plan for employee contributions in conjunction with each pay date. The Employer makes contributions to the Plan for Employer contributions, if any, on an annual basis.

**Non-distributed Benefits**

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

**Excess Contributions Payable**

There were no excess contributions payable for the years ended December 31, 2024 and 2023.

**Recently Issued Legislation**

In December 2022, Congress passed the Securing a Strong Retirement Act of 2022 (Secure 2.0). The act's provisions have a variety of effective dates from January 1, 2023 through January 1, 2026. Among many changes for retirement plans, the act includes an increase in required minimum distribution age, decreased penalties for missed required minimum distributions, Roth employer match option, penalty free withdrawals for terminal illness and emergency expenses, reduced service requirement for part-time, long-term employees, hardship withdrawal self-certification, age- and income-based catch-up contribution requirements, and automatic enrollment requirement for new plans.

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**2. Summary of Significant Accounting Policies** (continued)

**Recently Issued Legislation** (continued)

Employers may amend their plan to take into account Secure 2.0 Act provisions by December 31, 2026, provided their plan operates in accordance with such amendment as of its effective date. The Plan is reviewing the provisions of Secure 2.0. The optional features within the act are currently being assessed and some have been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

**3. Information Prepared and Certified by the Trustee**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan’s financial statements and supplemental schedule.

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of the date of the financial statements under audit and covered by the certification, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company:

**PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**4. Fair Value Measurements**

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

**Level 2** - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual funds and money market fund:* These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

*Participant directed brokerage accounts:* Investments included in the self-directed brokerage accounts include the following: 1) Interest-bearing cash and cash equivalents include money market funds and other highly liquid short-term investments and are valued at the closing quoted market price reported on the active market on which the public investment securities are traded, and 2) Mutual funds, corporate equities, corporate debt, government and agency obligations, preferred stock, unit investment trusts and other assets which are valued at the closing quoted market price reported on the active market on which the individual securities are traded.

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**4. Fair Value Measurements** (continued)

*Common/collective trust fund:* The investment is valued using Net Asset Value (“NAV”) as a practical expedient based on contract value, which represents invested principal plus accrued interest thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee’s trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value at which participants’ transactions are reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

The common/collective trust fund offered in the Plan is subject to a daily redemption frequency. The only other redemption restriction is that direct exchanges from this fund to a "competing" fund (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) is prohibited and instead, the participant must first exchange to a noncompeting fund for 90 days. There are no redemption notice requirements or unfunded commitments as of December 31, 2024 and 2023.

The following are the Plan’s financial instruments carried at fair value categorized by the fair value hierarchy as of December 31,

|   | <b>2024</b>       |                       |                       |                       |

**5. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**6. Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**7. Party-In-Interest Transactions**

Certain Plan investments are mutual funds and a money market fund held in the participant directed brokerage accounts managed by Fidelity Investments. Fidelity Investments is affiliated with Fidelity Management Trust Company, the trustee of the Plan.

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, other investment custodians and investment advisors.

Additionally, as noted in Note 1, certain administrative expenses related to participant-initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company. These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**8. Tax Status**

The Plan has adopted a volume submitter profit sharing plan which received an advisory letter dated March 31, 2014 from the Internal Revenue Service (“IRS”). The IRS advisory letter provides that an employer adopting the volume submitter plan document may rely on the advisory letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). Although the Plan has been amended since receiving the advisory letter, the plan sponsor and Fidelity believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified, and the trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan’s tax returns generally remain open for Federal tax audits for three years from the filing date.

**9. Reconciliation of Financial Statements to the Form 5500**

The differences between the Form 5500 and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

|   | <b>December 31,</b> |                     |

## Independent Auditor's Report

To the Plan Administrator of Albert A. Webb Associates  
Profit Sharing and Salary Deferral Plan  
Riverside, California

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Albert A. Webb Associates Profit Sharing and Salary Deferral Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Albert A. Webb Associates Profit Sharing and Salary Deferral Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Albert A. Webb Associates Profit Sharing and Salary Deferral Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Albert A. Webb Associates Profit Sharing and Salary Deferral Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Albert A. Webb Associates Profit Sharing and Salary Deferral Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Albert A. Webb Associates Profit Sharing and Salary Deferral Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i; Schedule of Assets (Held at End of Year) as of December 31, 2024 on page 17 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**1. Description of the Plan**

The following description of the Albert A. Webb Associates Profit Sharing and Salary Deferral Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all employees of Albert A. Webb Associates and effective April 30, 2018, Webb Municipal Finance, LLC (collectively known as the "Employer"). The Plan is considered a multiple-employer plan. All of the Employer's employees are eligible to participate in the Plan upon attaining twenty-one years of age and completing 90 days of service. The Plan entry date for eligible employees is immediate upon meeting the eligibility requirements. The Plan includes a deferred compensation arrangement as described in Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Contributions**

Under the provisions of the Plan, the Employer's eligible participants may contribute up to 75% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis and post-tax (Roth) basis by salary reduction.

The Plan also allows eligible participants to contribute rollover contributions from other qualified plans.

The Employer may make a discretionary matching contribution and/or an additional discretionary contribution without regard to the Employer's current or accumulated profits as determined each year by the Employer. To be eligible for the Employer discretionary matching contributions, employees must be employed on the last day of the Plan year and must have completed 1,000 hours of service. To be eligible for the Employer discretionary contribution, employees must meet the general eligibility requirements of the Plan.

The Employer did not make any discretionary matching contributions; however, the Employer made an additional discretionary contribution for the year ended December 31, 2024. As part of the Employer additional discretionary contribution, the Employer contributes a "Safe Harbor" qualified non-elective contribution equal to 3% of eligible compensation for non-highly compensated employees. Additional discretionary contributions may be made each Plan year in an amount and allocation group determined by the Employer. The additional discretionary contributions are subject to certain limitations.

The Plan has an automatic enrollment feature whereby eligible participants are automatically enrolled in the Plan at a 6% deferral rate with automatic annual increases of 1% until a deferral rate of 10% is reached. Participants can opt out or change their deferral rates at their discretion.

Participants direct the investment of their contributions into various investment options offered by the Plan.

PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**1. Description of the Plan** (continued)

**Participant Accounts**

An account is maintained for each participant. The participant's account is credited with the participant's voluntary contribution, Employer's non-elective contribution, participant's Plan earnings and losses, and an allocation of Employer's discretionary profit-sharing contribution. Allocation of Employer's non-elective contribution is based on participants' eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the employer contributions and earnings is also immediate.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the participant's vested interest in their account and bear interest at 8.0% through 8.5% which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest is paid ratably directly to the trustee or through bi-weekly payroll deductions.

**Unallocated Assets**

As of December 31, 2024 and 2023, the Plan had approximately \$428 and \$4,300 of unallocated assets available, respectively. Unallocated assets are created when the Employer makes an excess contribution to the Plan or when uncashed distributions are credited back to the Plan. The unallocated assets attributable to excess contributions may be used to reduce Employer contributions or to pay certain administrative expenses. The unallocated assets attributable to uncashed distribution checks are reserved until the related distribution is reissued. During the year ended December 31, 2024, unallocated assets totaling \$620 were used to reduce employer contributions.

**Administrative Expenses**

The Employer provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to participant requested services are charged directly to participants' accounts and are included in administrative fees. In addition, certain investment funds charge fees for exceeding short-term trading restrictions. These fees are also charged directly to the participants' accounts and are included in administrative fees. Certain record keeping fees are paid to the service provider through revenue sharing arrangements with the investment funds. These fees are included in the investment related expenses. Investment related expenses are included in net depreciation in fair value of investments.

**Safe Harbor Election**

The Plan has elected to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to employer contributions and investing schedules and meet the applicable "Safe Harbor" requirements. If the Plan meets the "Safe Harbor" requirements it is not subject to the ADP or ACP discrimination tests required by the IRC.

**Notes to Financial Statements**

**1. Description of the Plan** (continued)

**Payment of Benefits**

Upon termination of service, death, disability, retirement or attaining the age of 59<sup>1</sup>/<sub>2</sub>, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account, or substantially equal installments over a certain period, the total of which is equal to the value of his or her account.

Upon financial hardship, a participant may receive all or a portion of the vested interest in their employee contribution account, subject to certain restrictions.

The Plan allows automatic rollover to an individual retirement account (“IRA”), if the terminated participant’s account balance exceeds \$1,000 but does not exceed \$5,000. Unless the terminated participant elects to rollover the account balance or to receive the distribution directly, the Plan administrator can distribute the entire balance to an IRA designated by the Plan administrator.

Automatic distributions will be given to terminated participants with account balances of \$1,000 or less.

**2. Summary of Accounting Policies**

**Basis of Accounting**

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unallocated assets (see Note 1), the net assets of the Plan are allocated entirely to individual participants’ accounts.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**2. Summary of Significant Accounting Policies** (continued)

**Unallocated Assets - Distributions Payable**

At December 31, 2024, the Plan had outstanding distribution checks totaling \$3,685 that had not been cashed by participants or beneficiaries. For Form 5500 reporting purposes, these uncashed checks are treated as a reduction to employer contributions. However, under generally accepted accounting principles, these amounts remain recorded as plan assets and as a liability for distributions payable until the checks are negotiated or otherwise resolved. As a result, there is a reconciling item between the net assets available for benefits reported in the audited financial statements and the net assets reported on Form 5500. The reconciliation is summarized in Note 9.

**Investment Valuation and Income Recognition**

The Plan's investments are carried at fair value or approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Contribution Funding**

The Employer makes contributions to the Plan for employee contributions in conjunction with each pay date. The Employer makes contributions to the Plan for Employer contributions, if any, on an annual basis.

**Non-distributed Benefits**

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

**Excess Contributions Payable**

There were no excess contributions payable for the years ended December 31, 2024 and 2023.

**Recently Issued Legislation**

In December 2022, Congress passed the Securing a Strong Retirement Act of 2022 (Secure 2.0). The act's provisions have a variety of effective dates from January 1, 2023 through January 1, 2026. Among many changes for retirement plans, the act includes an increase in required minimum distribution age, decreased penalties for missed required minimum distributions, Roth employer match option, penalty free withdrawals for terminal illness and emergency expenses, reduced service requirement for part-time, long-term employees, hardship withdrawal self-certification, age- and income-based catch-up contribution requirements, and automatic enrollment requirement for new plans.

**2. Summary of Significant Accounting Policies** (continued)

**Recently Issued Legislation** (continued)

Employers may amend their plan to take into account Secure 2.0 Act provisions by December 31, 2026, provided their plan operates in accordance with such amendment as of its effective date. The Plan is reviewing the provisions of Secure 2.0. The optional features within the act are currently being assessed and some have been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

**3. Information Prepared and Certified by the Trustee**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan’s financial statements and supplemental schedule.

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of the date of the financial statements under audit and covered by the certification, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company:

**PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**4. Fair Value Measurements**

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

**Level 2** - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual funds and money market fund:* These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

*Participant directed brokerage accounts:* Investments included in the self-directed brokerage accounts include the following: 1) Interest-bearing cash and cash equivalents include money market funds and other highly liquid short-term investments and are valued at the closing quoted market price reported on the active market on which the public investment securities are traded, and 2) Mutual funds, corporate equities, corporate debt, government and agency obligations, preferred stock, unit investment trusts and other assets which are valued at the closing quoted market price reported on the active market on which the individual securities are traded.

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**4. Fair Value Measurements** (continued)

*Common/collective trust fund:* The investment is valued using Net Asset Value (“NAV”) as a practical expedient based on contract value, which represents invested principal plus accrued interest thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee’s trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value at which participants’ transactions are reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

The common/collective trust fund offered in the Plan is subject to a daily redemption frequency. The only other redemption restriction is that direct exchanges from this fund to a "competing" fund (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) is prohibited and instead, the participant must first exchange to a noncompeting fund for 90 days. There are no redemption notice requirements or unfunded commitments as of December 31, 2024 and 2023.

The following are the Plan’s financial instruments carried at fair value categorized by the fair value hierarchy as of December 31,

|   | <b>2024</b>       |                       |                       |                       |

**5. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**6. Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**7. Party-In-Interest Transactions**

Certain Plan investments are mutual funds and a money market fund held in the participant directed brokerage accounts managed by Fidelity Investments. Fidelity Investments is affiliated with Fidelity Management Trust Company, the trustee of the Plan.

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, other investment custodians and investment advisors.

Additionally, as noted in Note 1, certain administrative expenses related to participant-initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company. These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

**ALBERT A. WEBB ASSOCIATES  
PROFIT SHARING AND SALARY DEFERRAL PLAN**

**Notes to Financial Statements**

**8. Tax Status**

The Plan has adopted a volume submitter profit sharing plan which received an advisory letter dated March 31, 2014 from the Internal Revenue Service (“IRS”). The IRS advisory letter provides that an employer adopting the volume submitter plan document may rely on the advisory letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). Although the Plan has been amended since receiving the advisory letter, the plan sponsor and Fidelity believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified, and the trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan’s tax returns generally remain open for Federal tax audits for three years from the filing date.

**9. Reconciliation of Financial Statements to the Form 5500**

The differences between the Form 5500 and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

|   | <b>December 31,</b> |                     |

**9. Reconciliation of Financial Statements to the Form 5500** (continued)

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statement to the Form 5500 for the year ended December 31, 2024:

|   |                    |
|---|--------------------|
| Net increase in net assets available for benefits per the financial statement   | \$5,929,496        |

| Add: Employee contributions receivable at December 31, 2023                     | 21,978             |
| Less: Distributions payable at December 31, 2024                                | (3,685)            |
| Adjustment from market value to fair value for the common/collective trust fund | <u>5,181</u>       |
| Net increase in net assets available for benefits per the Form 5500             | <u>\$5,853,505</u> |

**10. Subsequent Events**

The Employer has evaluated all events subsequent to December 31, 2024, the date of the statements of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure.
