## Independent Auditor's Report

Plan Administrator and Participants  
American College of Emergency Physicians 401(k) PS Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of the American College of Emergency Physicians 401(k) PS Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and the supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

American College of Emergency Physicians 401(k) PS Plan  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the American College of Emergency Physicians 401(k) PS Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by the American College of Emergency Physicians (the “Company”) under the provisions of Section 401(a) of the United States Internal Revenue Code (the “IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Substantially all employees of the Company are eligible to participate. There are no minimum service or age requirements. The Plan was adopted to enable eligible employees to defer compensation and share in employer contributions and to save and invest funds for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Plan Administration

The Plan is administered by the Retirement Committee appointed by the Company (the “Committee”). The duties of the Committee are to oversee the operations and administration of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the “Committee” has been granted discretionary authority concerning investment and management activities.

The Plan’s custodian, Delaware Charter Guarantee and Trust Company d/b/a Principal (“Principal” or the “Custodian”), is responsible for the custody and management of the Plan’s assets. The daily operations, record-keeping, investment management, and third-party administration of the Plan are monitored and performed by Principal or one of its affiliates.

Contributions

Each year, participants may contribute up to 75 percent of eligible compensation as defined in the Plan, subject to the limits under the IRC. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature whereby newly eligible employees will be automatically enrolled into the Plan with 3% of pre-tax compensation being automatically deducted and contributed to the Plan. The automatic enrollment deferral percentage increases by 1% on an annual basis up to a maximum of 6%. A participant who makes an affirmative election to defer, or who will be automatically enrolled into the Plan shall have his/her pre-tax elective deferral amount increased by 1% of compensation each year on September 1, unless the participant makes a contrary election. Participants can elect to stop or change the automatic contribution at any time.

The Company makes a matching contribution in an amount equal to 10% of elective participant contributions to each participant on the first 6% of a participant’s eligible compensation contributed to the Plan. Matching contributions are made each pay period for those participants that continue employment at the Company. The Company also makes a nonelective contribution to each participant based on 3% of a participant’s eligible compensation. The Company may contribute a profit-sharing contribution to the Plan, which is discretionary as determined by the Company’s board of directors. The Company made profit-sharing contributions of 4% during the year ended December 31, 2024. The Company made profit-sharing contributions of 7% from January 1, 2023 through June 30, 2023, and 4% from July 1, 2023 through December 31, 2023. Additional discretionary contributions may be made at the option of the Company’s board of directors.

American College of Emergency Physicians 401(k) PS Plan  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of investment income, administrative expenses, and any related distributions. Allocations are based on participant earnings or account balances as defined. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their account, as well as all earnings on those contributions, are vested based on years of vesting service. A participant is 100% vested after five years of credited service. A participant is fully vested in Company matching and discretionary contributions after five years of continuous service. A participant is fully vested in Company nonelective contributions after two years of continuous service. Full and immediate vesting will also occur upon death, total disability as defined, normal retirement age or termination of the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts. These borrowings must be for an amount not less than \$1,000 and not more than the lesser of (a) 50% of the participant's vested account balance, reduced by any outstanding loan balance, or (b) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Any loan must be repaid within five years except for loans used to acquire the participant's principal residence, which allows the term to be extended to 10 years. Only one loan may be outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with rates currently being charged by commercial lenders for loans made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a single lump-sum distribution equal to the participant's vested account balance or may elect to receive installments. If the total vested balance of the terminating participant's account is \$5,000 or less, the Plan Administrator will transfer the participant's balance into a rollover account or pay out the balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These accounts may be used to reduce future employer contributions or pay administrative expenses. Forfeiture account balances at December 31, 2024 and 2023 were \$1,391 and \$24,531, respectively. For the years ended December 31, 2024 and 2023, forfeitures of \$141,660 and \$148,389, respectively, were used to reduce employer contributions or pay administrative expenses.

American College of Emergency Physicians 401(k) PS Plan  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The Company pays the remaining administrative expenses. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan is under no obligation to reimburse the Company for expenses paid on its behalf. Fees related to the administration of distributions are charged directly to the participant’s account and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Participant loans are permitted by the provisions of the Plan. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the funds’ underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value (“NAV”) at year end. The NAV is based on the market value of the underlying investments and is supported by prices of actual purchase and sale transactions occurring as of or close to the financial statement date, or as determined by the Custodian. Units held in collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds’ underlying assets, which are principally marketable equity and fixed income securities with the investment managers specifying the sources to use for underlying investment asset prices. Units held in collective trusts are valued at the NAV as a practical expedient as reported by the investment managers at year end and as supported by the prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end.

American College of Emergency Physicians 401(k) PS Plan  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of levels 1, 2, or 3.

American College of Emergency Physicians 401(k) PS Plan  
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual funds:* Valued at the NAV of shares held by the Plan at year end.

*Common/Collective Trusts:* Valued, as a practical expedient, at the NAV of units held by the Plan at year end, as reported by the managers of the common/collective trusts. The underlying investments held in the collective trust funds consist of actively managed, highly diversified portfolio of investment grade, fixed and floating rate securities. These funds have no redemption restrictions or unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 23,358,520	\$ -	\$ -	\$ 23,358,520
Total assets in the fair value hierarchy	<u>\$ 23,358,520</u>	<u>\$ -</u>	<u>\$ -</u>	23,358,520
Common/collective trusts (a)				18,838,248
Total investments at fair value				<u>\$ 42,196,768</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 23,554,025	\$ -	\$ -	\$ 23,554,025
Total assets in the fair value hierarchy	<u>\$ 23,554,025</u>	<u>\$ -</u>	<u>\$ -</u>	23,554,025
Common/collective trusts (a)				18,763,480
Total investments at fair value				<u>\$ 42,317,505</u>

(a) These investments are valued using NAV as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the common/collective trust will sell the investment for an amount different from the reported NAV.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	<u>2024</u>	<u>2023</u>
Investments:		
Mutual funds	\$ 23,358,520	\$ 23,554,025

5. TAX STATUS

Effective July 1, 2023, the Company adopted the amended Principal Financial Group Non-Standardized Pre-Approved Profit Sharing Plan, together with the related Adoption Agreement. The United States Internal Revenue Service (“IRS”) has issued an opinion letter dated June 30, 2020 stating that the prototype plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan as adopted and amended, is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the Plan qualifies under Section 401 of the Code and continues to be tax-exempt. Accordingly, no provision for federal income taxes has been provided in the financial statements.

Plan management evaluates tax positions taken by the Plan and determines if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

6. PROHIBITED TRANSACTIONS

During the year ended December 31, 2024, the Company inadvertently failed to deposit \$644 of participant deferrals within the required time frame as stated by the DOL. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which is included in the supplemental information to these financial statements. The Company corrected the 2024 late deposits in January 2025. During the year ended December 31, 2023, there were no prohibited transactions.

During the year ended December 31, 2022, the Company inadvertently failed to deposit \$144 of participant deferrals within the required time frame as stated by the DOL. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which is included in the supplemental information to these financial statements. The Company corrected the 2022 late deposits in October 2024.

7. REPORTABLE TRANSACTIONS

During the years ended December 31, 2024 and 2023, there were no reportable transactions, investment assets both acquired and disposed of during the Plan year, or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons

American College of Emergency Physicians 401(k) PS Plan  
NOTES TO FINANCIAL STATEMENTS

8. PARTY-IN-INTEREST TRANSACTIONS (Continued)a

Certain Plan investments are managed by affiliates of the Custodian and the third-party administrator and, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. The Company provides certain administrative services at no cost to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. Upon termination, all participants would become 100 percent vested in their account balances and all benefits would be distributed to participants.

10. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70 ½ prior to 2020, then the prior rule of age 70 ½ applies. If a participant reaches the age of 70 ½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

11. SUBSEQUENT ACCOUNTING PRONOUNCEMENTS

Accounting Standards Update

In July 2025, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2025-05, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets*. The amendments in ASU 2025-05 provide (1) all entities with a practical expedient to assume that current conditions as of the balance sheet date do not change for the remaining life of the assets and (2) entities other than public business entities with an accounting policy election to consider collection activity after the balance sheet date when estimating expected credit losses for current accounts receivable and current contract assets arising from transactions accounted for under Topic 606. The guidance in ASU 2025-05 will be effective for fiscal years beginning after December 15, 2025. Early adoption is permitted.

The Plan is currently evaluating this recent pronouncement to determine the impact they will have on the financial statements.

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.
