(1) Name: GRANT THORNTON LLP

(2) EIN: 36-6055558

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Participants, Administrative Committee and Trustees
McKinsey & Company, Inc. Profit-Sharing Retirement Plan

Opinion

We have audited the financial statements of McKinsey & Company, Inc. Profit-Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used

to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

McKinsey & Company, Inc.
Profit-Sharing Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the McKinsey & Company, Inc. Profit-Sharing Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering nearly all full and part-time employees of McKinsey & Company, Inc. and subsidiaries (the “Firm”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Participation

Eligible employees of the Firm become participants in the Plan immediately upon employment. Normal retirement is at age 65. Early retirement is at age 50.

Contributions

Firm contributions are made at the discretion of its Board of Directors. The Plan permits 401(k) pre-tax salary reduction, Roth 401(k) after-tax, and other voluntary after-tax contributions from a participant, subject to a combined limitation of 70% of a participant’s qualified compensation as defined under Section 401(a)(17) of the Internal Revenue Code (“IRC”). The limit on 401(k) and Roth 401(k) deductions combined was \$23,000 for 2024 and \$22,500 for 2023. The Plan’s qualified compensation limit for 2024 was \$345,000 for all U.S. participants. For 2023, the qualified compensation limit was \$330,000 for U.S. participants designated as Client Service Professionals and Partners, and \$206,250 for all other U.S. participants. Participants age 50 or older may make additional catch-up contributions of up to \$7,500 for 2024 and 2023, on a 401(k) pre-tax or Roth 401(k) after-tax basis. The maximum total allowed for participant and Firm contributions combined was \$69,000 and \$66,000 for 2024 and 2023, respectively. Participants (other than Summer Associates and Interns) who join or re-join the Plan in the U.S. are automatically enrolled in pre-tax 401(k) payroll contributions at a rate of 5% of eligible compensation, unless they elect not to participate. Contributions are subject to an automatic increase of 1% each year, up to a total contribution rate of 10%. Contributions are invested in an age-appropriate Target Retirement Fund.

In 2024, the Plan was amended to change the Firm contribution eligibility date from December 1 to December 31.

Investment Options and Trust (See Notes 6 and 7)

Plan assets are held in the McKinsey Retirement Trust (the “Trust”). The Trust also includes the investments of the McKinsey & Company, Inc. Money Purchase Pension Plan (“MPPP”) and the McKinsey & Company, Inc. Partner Cash Balance Plan (“PCBP”). Participant contributions and Firm contributions are invested in one or more of the investment portfolios (the “Portfolio Funds”) of the Trust as directed by Plan participants. Participants may transfer balances among the passively managed Portfolio Funds on a daily basis. Investments in the actively managed funds, while valued monthly, are only permitted to transfer during the semi-annual transfer periods. The plans do not own specific Trust assets unless the Administrative Committee has specified that an investment is allocated only to a specific plan; rather, the plans maintain individual beneficial interests in such assets. Investment income for each investment is allocated to each plan based on the relationship of each plan’s beneficial interest in the investment to the total beneficial interest of all plans in the investment. Details regarding the Trust and the Portfolio Funds are presented in Notes 6 and 7. The Trust is governed by trustees appointed by the Firm’s Board of Directors.

Vesting

Contributions are 100% vested at all times.

Withdrawals

Within limitations set forth in the Plan, participants may withdraw their voluntary contributions at any time. U.S. participants may also withdraw their Firm contributions, subject to limits if a participant is not age 59½. Other contributions, and earnings thereon, generally cannot be withdrawn until termination of service. However, the Plan allows for hardship withdrawals based on documented financial need. Participants may use their account balance to purchase life insurance policies as described in Note 7 under Qualified Plan Life Insurance. Participants may elect to receive the value of their accounts under a variety of options, including a life annuity or lump-sum distribution. Participants separated with the Firm or age 59½ can transfer their MPPP balance to the Plan.

Administration

The Plan is administered by the Administrative Committee appointed by the Trustees.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Firm's contribution and (b) Plan (losses) earnings, and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Plan participants have the right, within limitations, to obtain personal loans from the Plan, collateralized by their interest in the Plan. Participants may have a maximum of five loans outstanding at one time. Interest on these loans is charged at the prime rate and was between 7.75% and 8.50% for new loans in the Plan year 2024 and 7.00% and 8.50% for new loans in the Plan year 2023. Principal and interest are paid ratably through monthly payroll deductions. Notes receivables are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Loan terms range from one to five years.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained, and the financial statements have been prepared, on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy and specifies that a valuation technique used to measure fair value shall maximize the use of observable inputs and minimize the use of unobservable inputs. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level 3).

The levels of the fair value hierarchy under FASB ASC Topic 820 are as follows:

Level 1 - Price quotations in active markets/exchanges for identical securities.

Level 2 - Other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment spreads, loss severities, credit risks, and default rates) or other market-corroborated inputs).

Level 3 - Unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Firm’s own assumptions used in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Trust Investments (See Notes 6 and 7)

Securities listed on a securities exchange or traded over the counter are reported at fair value based upon published quotations. Certain commingled investment funds are reported at fair value based upon the published quotations for the equity and debt securities comprising these funds. Management of the Trust uses valuations, as determined in good faith by the general partners of the partnerships and the management of the corporations, to value its investments in limited partnerships and investment corporations. Certain commingled investment funds for which no quotations are readily available have been valued by management of the Trust using net asset value (“NAV”) as a practical expedient to fair value, as determined in good faith by the respective investment manager. The values assigned to the limited partnerships, investment corporations and certain commingled investment funds do not necessarily represent amounts which might be ultimately realized upon the sale or other disposition, since such amounts depend on future circumstances and cannot reasonably be determined until the actual liquidation occurs.

Because of the inherent uncertainty of such valuations, those estimated fair values may differ significantly from the values that would have been used had a ready market for the investments existed, and the differences could be material. Forward foreign currency contracts are carried as short-term investments at fair value, with gains and losses on these contracts recognized currently in the Trust’s financial statements. Futures contracts are carried at market value, with gains and losses on these contracts recognized currently in the Trust’s financial statements.

Profit-Sharing Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Security transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold, as well as held during the year.

Investment income (loss) and administrative expenses relating to the Trust are allocated to the Plan monthly for actively managed funds and daily for passively managed funds.

Payments of Benefits

Benefit payments are recorded when paid.

Expenses

Normal expenses incurred in connection with security transactions, investment management and custody fees are paid by the Trust. These expenses are deducted in arriving at the investment income that is allocated from the Trust to the Plan. Administrative expenses such as audit and record-keeping fees are paid by the Plan.

NOTE 3 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Firm by a letter dated December 23, 2013 that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes, other than for the allocated portion of unrelated business income tax of the Trust as discussed below, has been included in the Plan's financial statements.

The limited partnerships in which the Trust invests may incur debt to increase earnings. Earnings attributable to such borrowed funds subject the Trust to unrelated business income tax that, to the extent allocable to the Plan, is included in investment expense.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Administrative Committee has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 4 - PLAN TERMINATION

The Firm intends to continue the Plan indefinitely but reserves the right to amend or discontinue it at any time. If the Plan is terminated or contributions discontinued, Plan participants will be fully vested in their rights under the Plan and benefits will be distributed either in accordance with provisions of the Plan or as otherwise provided by the Firm's Board of Directors.

McKinsey & Company, Inc.
Profit-Sharing Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan provides for various Portfolio Fund investment options through the Trust as presented in Notes 6 and 7. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Some of the Trust's investments may be illiquid, and the Trust may not be able to vary the Portfolio Funds in response to changes in economic and other conditions. Some of the investments that are purchased and sold are traded in private, unregistered transactions and are therefore subject to restrictions on resale or otherwise have no established trading market. In addition, if the Trust is required to liquidate all or a portion of its portfolio quickly, the Trust may realize significantly less than the value at which it previously recorded those investments. The Trust may from time to time invest in derivative contracts traded over the counter, which are not traded in an organized public market and may be illiquid.

The Trust invests in, *inter alia*, commingled funds that are not registered under the Investment Company Act of 1940 and invests in and actively trades securities and other financial instruments using different strategies and investment techniques that may involve significant risks. Such risks include those related to the volatility of the equity, credit and currency markets, the use of leverage associated with certain fixed income strategies, derivative contracts, and in connection with short positions, the potential illiquidity of certain instruments and counterparty and broker arrangements.

The Portfolio Funds may invest a higher percentage of their assets in specific sectors of the market in order to achieve a potentially greater investment return. As a result, the Portfolio Funds may be more susceptible to economic, political and regulatory developments in a particular sector of the market, positive or negative, and may experience increased volatility of the Portfolio Funds' NAV.

The Portfolio Funds may invest in securities of foreign companies that involve special risks and considerations not typically associated with investments in the United States of America ("U.S."), due to concentrated investments in a limited number of countries or regions, which may vary throughout the year depending on the Portfolio Fund. Such concentrations may subject the Portfolio Funds to additional risks resulting from political or economic conditions in such countries or regions, and the possible imposition of adverse governmental laws or currency exchange restrictions could cause the securities and their markets to be less liquid and their prices to be more volatile than those of comparable U.S. securities.

The Trust's investments in certain commingled funds and limited partnerships not otherwise traded on a securities exchange are valued using NAV as the practical expedient based on the respective NAV reported by management of each investment held by the Trust rather than market transactions and other observable market data. The Trust also considers whether an adjustment to NAV reported is required based upon various factors including, but not limited to, the attributes of the interest in the investment held, including the rights and obligations, any restrictions on or illiquidity of such interest, and the fair value of such investments or other assets and liabilities. The significance of any redemption restrictions or significant adjustments will be assessed in determining if the investment should be categorized as Level 3 within the fair value hierarchy.

The investments that are measured at fair value using the NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Unfunded commitments are \$20,831,950 and \$18,541,690 at December 31, 2024 and December 31, 2023, respectively.

Fixed Income

Primarily a broadly diversified mix of corporate and government bonds and notes, securities backed by mortgages or other assets, short-term debt securities, as well as government bond futures, global inflation-indexed bonds of varying maturities issued or guaranteed by the U.S. or global governments, their agencies or other high-credit-quality issuers. In addition, a portion of the Portfolio may be invested in lower-quality bonds or notes (e.g., high-yield bonds) and in obligations denominated in currencies other than the U.S. dollar.

Equities

Global securities with readily available prices in the U.S. and in developed and emerging markets.

Multi-Strategy

Investments made in equities, credit, nominal and inflation-linked bonds, and commodities.

Private Equities

Investments with a long-term time horizon, including investments that are significantly illiquid in nature and investments that are not traded in public markets or that are subject to substantial lock-up periods.

Investments in Derivatives and Financial Instruments with Off-Balance Sheet Risk

The Trust may enter into forward currency contracts (obligations to purchase or sell non-U.S. currencies in the future on dates and at prices fixed at the time contracts are entered into) to hedge the Trust against fluctuations in the value of its assets or liabilities due to changes in the value of non-U.S. currencies. Each day the forward currency contract is open, changes in the value of the contract are recognized as unrealized gains or losses by "marking to market." When the delivery of the currency is made or taken, the Trust records a realized gain or loss equal to the difference between the cost of closing the transaction and the Trust's basis in the contract. The unrealized appreciation (depreciation) is included in the Trust's net appreciation (depreciation) in fair value of investments. The Trust is subject to off-balance sheet risk to the extent of the value of the contracts for purchases of non-U.S. currencies, and to the full extent of market value changes for sales of contracts of non-U.S. currencies. Collateral is held in the amount of \$18,431,396 and \$(2,336,882) at December 31, 2024 and 2023, respectively. The Trust had the following forward currency contracts open as of:

NOTE 7 - INVESTMENT FUNDS

A brief description of each Portfolio Fund in the Trust is as follows:

Money Markets

The Portfolio is primarily invested in money market and related securities with an average weighted maturity of three months or less, though the Portfolio may invest in money market and related securities whose average weighted maturity is one year or less. The Portfolio may invest in government prime money market funds.

Passive Inflation-Linked Bonds

The Portfolio Fund seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Bloomberg Barclays U.S. Treasury Inflation Protected Securities ("TIPS") Index over the long-term. Assets are invested primarily in inflation-indexed fixed income securities issued in the U.S.

Passive U.S. Bonds

The Portfolio Fund seeks an investment return that approximates as closely as practicable, before expenses, the performance of the Bloomberg Barclays U.S. Aggregate Bond Index in U.S. dollar terms. Assets are invested primarily in highly-rated corporate and government banks.

Special Situations (Actively Managed)

The Portfolio Fund is primarily invested in managed accounts, U.S. and non-U.S. limited partnerships and U.S. and non-U.S. investment corporations to provide a long-term return through specialized investment strategies. The Portfolio invests in (i) U.S. and other national government obligations, corporate bonds, commodities, equity securities, all of which may include (a) short positions, (b) derivative financial instruments including interest rate caps and swaps, options, futures and forward contracts for currencies, commodities and other financial instruments and (c) securities of troubled companies, undervalued issuers, and securities with limited markets, as well as leveraged buyouts and real estate related assets, and (ii) commingled investment funds, employing a multitude of strategies including private equity and venture capital. More than 10% of the Portfolio's total assets were invested in financial instruments pertaining to issuers in one non-U.S. jurisdictions as of December 31, 2024 and 2023.

December 31, 2024 and 2023

Special Situations Enhanced-Liquidity (Actively Managed)

The Portfolio Fund invests approximately 70% of its assets in the Special Situations Portfolio, and the remainder of the assets in liquid investments such as the Retirement Program's single-asset class Portfolios (including the passive equity Portfolios), cash-equivalent securities and other high-quality, liquid investments.

Passive Non-U.S. Equities

The Portfolio Fund seeks to achieve long-term capital appreciation by investing in a diversified portfolio of global stocks. The Portfolio seeks to achieve a return similar to the MSCI AC World ex USA Investable Market Index Net Total Return Index (MSCI ACWI ex USA Investable Market Index). This Index is a broad market index consisting of equity holdings across developed and emerging markets outside the U.S., weighted by their market capitalization.

Passive Global Equities (ESG-Focused)

The Portfolio Fund invests in U.S. and non-U.S. equity and equity-related securities, with the objective of approximating as closely as practicable the total rates of return of the MSCI ACWI ESG Focus Index. This Portfolio is designed to capture the market performance of large and mid-capitalization equities across certain developed and emerging markets exhibiting risk and return characteristics similar to those of the MSCI ACWI Index while maximizing exposure to positive environmental, social and governance factors which include, but are not limited to, human rights, labor standards, environmental sustainability, and anti-corruption standards.

Passive U.S. Equities

The Portfolio Fund seeks to provide capital growth and diversified participation in a broad range of companies in the U.S. stock market. This Portfolio Fund seeks to match the return and risk of the Dow Jones U.S. Total Stock Market Total Return Index. The Dow Jones U.S. Total Stock Market Index is a broad stock market index consisting of all U.S. equity securities with readily available prices, weighted by their market capitalization (stock price times shares outstanding).

Target Retirement Funds

The Target Retirement Funds are a set of funds each having a dynamic asset allocation strategy designed to meet the risk-return profile of a "typical" participant retiring at a certain time referred to as the "target retirement date" and available in five-year increments.

Qualified Plan Life Insurance

The Plan allows participants to transfer funds to acquire and pay premiums on qualifying life insurance policies covering the Plan's participants and/or any other person in whom the Plan participant has an insurable interest. The balance in the Portfolio at December 31, 2024 and 2023 represents the cash surrender value of life insurance policies assigned to the Plan.

Other Funds

The remaining assets in the Trust are invested for the benefit of participants within the Profit-Sharing Retirement Plan in Germany. The majority of such assets invested are not participant-directed. The assets are primarily invested in various types of bonds, commingled funds and currency forward contracts.
