Independent Auditor's Report

To the Board of Trustees of
White's Farm Supply Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of White's Farm Supply Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of White's Farm Supply Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of White's Farm Supply Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about White's Farm Supply Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of White's Farm Supply Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about White's Farm Supply Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and

relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WHITE'S FARM SUPPLY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The White's Farm Supply Retirement Plan (the Plan) is a 401(k) deferred savings plan covering all employees of White's Farm Supply, Inc. (the Employer) who have met the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting

The financial statements of the Plan reflect the accrual basis of accounting in which revenue is recognized when earned or otherwise available, and expenses are recognized when incurred.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any unpaid accrued interest. Interest is recognized over the term of the loan. Delinquent participant loans are reclassified as "deemed distributions" when they meet the criteria described in the Plan document.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation in the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Distribution and loan fees are paid by the participants who receive the related distribution or loan. Substantially all other administrative expenses are paid by the Employer, unless forfeitures are available during the year to offset administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

WHITE'S FARM SUPPLY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 DESCRIPTION OF PLAN

The following description of White's Farm Supply Retirement Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Contributions

Employees become eligible to participate in the Plan upon attaining the age of 18 and completing three months of service. Employees may begin to participate in the Plan on the first day of the month coinciding with or next following the date they satisfy eligibility requirements. Participants are immediately eligible to make elective deferrals.

Each year, participants may contribute a pre-tax elective deferral up to 100% of eligible compensation, as defined by the Plan, subject to annual limitations established by the Internal Revenue Code. Participants who are over age 50 or have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Rollover contributions are also permitted.

Participants are eligible to receive employer matching, safe harbor and profit-sharing contributions after completing one year of service (1,000 hours). The entry date for employees to become eligible for contributions are quarterly. Participants must also be employed as of the last day of the Plan year to be eligible for profit-sharing contributions.

The Employer made a discretionary matching contribution of 20% of each 1% of elective deferrals, up to a total of 1% matching contribution during the years ended December 31, 2024 and 2023.

The Employer made a 3% non-elective safe harbor contribution to all participants during the years ended December 31, 2024 and 2023.

The Employer made a discretionary profit-sharing contribution of 1.24% and 1.31% of eligible wages at December 31, 2024 and 2023, respectively.

WHITE'S FARM SUPPLY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and employer matching, safe harbor, and profit-sharing contributions. All investments are directed by Plan Participants. Participants may choose from 25 fund accounts.

Vesting

Participants are immediately 100 percent vested in employee elective deferral, employer safe harbor, and rollover contributions. The Plan has a vesting period related to employer matching and profit-sharing contributions as follows:

<u>Years of Service</u>	<u>Vested Percentages</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

The non-vested portion of a terminated participant's account is forfeited, however, if they are rehired before incurring five one-year breaks in service, their account balance as of termination date will be restored. Forfeitures of unvested balances by terminated employees are used to offset administrative expenses of the Plan and/or employer contributions to the Plan. Forfeitures available to offset future administrative expenses and/or future employer contributions totaled \$0 at December 31, 2024 and 2023. Forfeitures used by the Plan to offset employer contributions were \$11,555 and \$6,275 at December 31, 2024 and 2023, respectively.

Payment of Benefits

On termination of service, disability, death, or retirement, a participant may elect to receive the vested value of his or her account. A participant's normal retirement age is 65 or their 5th anniversary of joining the plan, whichever is later. A participant's early retirement age is 55 and completion of 5 years of service. A participant may also be eligible to receive an in-service distribution upon reaching age 59 ½ and meeting other requirements.

Distributions are generally paid as a single lump-sum or installments over a period of not more than the participant's assumed life expectancy.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 DESCRIPTION OF PLAN (Continued)

Participant Loans

Participants may borrow from their accounts up to a maximum of the lesser of 50% of their vested account balance or \$50,000. A participant may not request a loan for less than \$1,000 and cannot have more than one outstanding loan at a time. All loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are to be paid ratably through payroll deduction. Participants also have the option to make additional principal payments on their loan via check or money order.

NOTE 3 INCOME TAX

The Plan is an adoption of a prototype standardized profit-sharing plan and is qualified under Section 401(a) of the Internal Revenue Code (IRC) and is not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan adopted the amendment and restatement of the previous prototype plan effective February 10, 2023.

The prototype plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account and the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

NOTE 5 FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board authoritative guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

WHITE'S FARM SUPPLY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 FAIR VALUE MEASUREMENTS (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Invested Cash – Valued at amortized cost which approximates fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All assets have been valued using a market approach.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

		2024		
		Fair Value Measurements at Reporting Date Using the Above Criteria		
Investments	Total	(Level 1)	(Level 2)	(Level 3)
Invested Cash	\$ 196,395	\$ 196,395	\$ 0	\$ 0
Mutual Funds	<u>9,734,966</u>	<u>9,734,966</u>	<u>0</u>	<u>0</u>
Total	<u>\$ 9,931,361</u>	<u>\$ 9,931,361</u>	<u>\$ 0</u>	<u>\$ 0</u>

		2023		
		Fair Value Measurements at Reporting Date Using the Above Criteria		
Investments	Total	(Level 1)	(Level 2)	(Level 3)
Invested Cash	\$ 183,540	\$ 183,540	\$ 0	\$ 0
Mutual Funds	<u>8,547,912</u>	<u>8,547,912</u>	<u>0</u>	<u>0</u>
Total	<u>\$ 8,731,452</u>	<u>\$ 8,731,452</u>	<u>\$ 0</u>	<u>\$ 0</u>

NOTE 6 SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total fair value of investments held in trust was \$9,931,361 and \$8,731,452 at December 31, 2024 and 2023, respectively. The total amount of notes receivable from participants held in trust was \$134,675 and \$122,993 at December 31, 2024 and 2023, respectively.

The Trustee, Reliance Trust Company, has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investments and notes receivable from participants assets, transactions, and income presented in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, and the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2024.

NOTE 7 RISKS AND UNCERTAINTIES

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8 PARTIES-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Plan assets are used to pay some expenses for administration of the Plan and the remaining administrative expenses are paid by the employer. Payments to such service providers by the Plan qualify as party-in-interest transactions. Certain Plan investments are managed by T. Rowe Price RPS, Inc. and T. Rowe Price RPS, Inc. also serves as the record keeper for the Plan. T. Rowe Price RPS, Inc. is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The investments managed by T. Rowe Price RPS, Inc. represent 98% of the Plan's net assets available for benefits as of December 31, 2024 and 2023, respectively. The fees paid to T. Rowe Price RPS, Inc. were \$2,425 and \$2,377 for the years ended December 31, 2024 and 2023, respectively.

NOTE 9 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 21, 2025, which is the date the financial statements were available to be issued.
