INDEPENDENT AUDITOR'S REPORT

October 10, 2025

To the Plan Administrator of
Landmark College, Inc. Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Landmark College, Inc., Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Other Matter – Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LANDMARK COLLEGE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Landmark College, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Landmark College, Inc. (the College). The Plan is a 403(b) combination Annuity Contract Plan and Custodial Account Plan covering all employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) are the insurance companies and recordkeepers of the Plan. TIAA is an authorized agent of TIAA, FSB (through July 2023) and TIAA Trust, N.A. (from July 2023 through December 31, 2024), directed custodians of certain assets of the Plan.

Eligibility

All employees of the College are eligible to participate in the Plan except for student employees and employees who normally work less than 20 hours per week.

Contributions

Each year, participants may elect to defer compensation within Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The College contributes 6%, 7%, or 8% of a participant's compensation, depending on their years of service. The participant does not have to contribute to receive this contribution from the College.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the College's contributions, and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Plan Loans

Plan loans were issued directly from the funds owned by TIAA and CREF and were not issued from a participant's account. Accordingly, these loans are not presented as part of the plan assets on the statements of net assets available for benefits. An adequate portion of the participant's account is held on collateral to cover 110% of the outstanding loan in case of default. There were no plan loans outstanding at December 31, 2024. Total plan loans outstanding were \$1,076 at December 31, 2023. The Plan no longer offers collateralized Plan loans through TIAA and CREF.

Notes Receivable from Participants

Participants may borrow an amount of at least \$1,000, and not in excess of 50% of their vested account balance up to a maximum of \$50,000. Loans are repayable over not more than five years except in the case of a loan taken out for the purpose of purchasing a primary residence, which can have a repayment period up to ten years. All loans bear interest at a fixed interest rate of prime plus 1%. Principal and interest are paid back to the participant's retirement account based on his or her investment allocation for contributions through payroll deductions.

Vesting

Participants are vested immediately in their contributions and the College's contributions, plus actual earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over other allowed periods. Benefits are determined by the final value of the participant's account at the time of distribution. The normal retirement date is the date upon which a participant reaches age 65.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies.

Purchases and sales of securities are reflected on a trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurement - Definition and Hierarchy

Accounting Standards Codification (ASC) Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies: Valued using closing quoted prices in active markets.

Pooled separate accounts: A separate account invested in real estate properties and real estate related investments that are valued using closing quoted prices in active markets.

Non-benefit responsive fixed annuity contracts: Value is calculated as accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During 2023, the fully benefit responsive fixed annuity contract reported at contract value was removed from the fair value hierarchy. The Plan also reclassified pooled separate accounts that were previously valued at Level 3 to Level 1 within the fair value hierarchy.

These reclassifications were made due to a change in management's assessment and clarification of the inputs from the Plan's recordkeeper. There was, however, no change in the actual inputs utilized to value these investments. There were no changes in valuation methodologies used during 2024.

Risks and Uncertainties

The Plan assets are held in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit Payments

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENT INFORMATION

The following information was certified as accurate and complete by TIAA and CREF and is included in the accompanying financial statements and schedule:

	<u>2024</u>	<u>2023</u>
Investments	\$ <u>49,203,383</u>	\$ <u>44,728,751</u>
Net appreciation in fair value of investments	\$ <u>4,279,328</u>	\$ <u>4,685,405</u>

	<u>\$32,733,252</u>	<u>\$ -</u>	<u>\$10,270,410</u>	<u>\$ 43,003,662</u>

During the years ended December 31, 2024 and 2023, investments classified as Level 3 within the fair value hierarchy totaling \$72,615 and \$95,817, respectively, were purchased and investments totaling \$394,973 and \$623,372, respectively, were sold.

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy:

Quantitative Information about Level 3 Fair Value Measurements

	Fair Value at 12/31/24	Valuation Techniques	Unobservable Inputs	Range

* Unobservable inputs include discount rate applied.

5. FIXED ANNUITY CONTRACTS

The Plan's investment in fixed annuity contracts is comprised of guaranteed insurance contracts established between the Plan's participants and TIAA and CREF. These contracts guarantee the participants' principal and a minimum interest rate. In addition, participants have the opportunity to earn amounts in excess of the guaranteed rate.

5. FIXED ANNUITY CONTRACTS (Continued)

The Plan has non-benefit responsive fixed annuity contracts with TIAA and CREF totaling \$10,405,829 and \$10,270,410 at December 31, 2024 and 2023, respectively and fully benefit responsive fixed annuity contracts with TIAA and CREF totaling \$1,815,180 and \$1,725,089 at December 31, 2024 and 2023, respectively. TIAA and CREF maintains Plan contributions in separate accounts. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals.

The Plan utilizes Retirement Annuity (RA) contracts, which are included in the non-benefit responsive fixed annuity contracts on the statements of net assets available for benefits. TIAA maintains Plan contributions in separate accounts. RA contracts guarantee principal and a 3% minimum annual interest rate. Under RA contracts, lump-sum withdrawals are not permitted. Participant initiated transfers or withdrawals may only be made in 10 annual installments over a period of approximately nine years.

The Plan also utilizes Retirement Choice (RC) annuity contracts with TIAA, which are included in non-benefit responsive fixed annuity contracts on the statements of net assets available for benefits. TIAA maintains Plan contributions in separate accounts. RC contracts provide a floating guaranteed rate between 1-3% based on the 5-year Constant Maturity Treasury Rate less 125 basis points. Under RC contracts, lump-sum withdrawals are available from the TIAA Traditional account only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the account must be paid in 84 monthly installments (7 years). After termination of employment, additional income options available include income for life, interest-only payments, and Internal Revenue Service (IRS) required minimum distribution payments.

The Plan has fully benefit responsive fixed annuity contracts. TIAA maintains Plan contributions in separate accounts. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals. Earnings on the underlying investments are guaranteed by TIAA at a rate between 1-3%.

The fixed annuity contracts guaranteed minimum returns are supported by the TIAA and CREF General Account portfolio, which invests primarily in U.S. debt instruments and investment grade corporate bonds; however it is also permitted to invest in higher risk securities, including but not limited to, sub-investment grade corporate bonds, common stock, and real estate. The assets and earnings from this portfolio are used to pay the guaranteed interest rate associated with the annuity contracts, as well as, future annuity payments.

The plan administrator assesses the fair value measurements applied by TIAA and CREF, including those for Level 3 measurements, on a continuing basis. Periodically, the plan administrator, together with TIAA and CREF, determines if the current valuation techniques used in the fair value measurements are still appropriate.

6. TAX STATUS

The Plan has adopted a volume submitter plan document that has received an opinion letter from the IRS dated August 7, 2017, stating that the form of the volume submitter plan document was in accordance with applicable requirements of the IRC. Although the Plan has been amended since adopting the volume submitter plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and no provision for income tax has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

TIAA and CREF are the insurance companies and recordkeepers of the plan. TIAA, FSB (through July 2023) and TIAA Trust, N.A. (from July 2023 through December 31, 2024) are the directed custodians of certain assets of the Plan. As such, transactions between TIAA, CREF, TIAA, FSB, TIAA Trust, N.A., and the Plan qualify as party-in-interest transactions.

Notes receivable from participants and plan loans also qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, all participants' rights are fully vested.

9. RECONCILIATION TO FORM 5500
