Independent Auditor's Report

The Plan Administrator
Inteplast Group Corporation Employees Savings Plan
Livingston, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Inteplast Group Corporation Employees Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Inteplast Group Corporation Employees Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Inteplast Group Corporation Employees Saving Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which became effective June 1, 1991, and covers substantially all employees of Inteplast Group Corporation (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility Requirements

All full-time salaried and hourly employees, except hourly employees in New Jersey, who have completed 30 days of continuous service with the Plan Sponsor, are eligible to participate on the first pay period after 30 days of employment, provided they are not leased employees or subject to a collective bargaining agreement. Temporary employees with a minimum of 1,000 hours of service in one year, as defined, are eligible to participate in the Plan effective on the enrollment date immediately following the completion of that one-year period.

Contributions

Eligible employees are automatically enrolled in the Plan at 5% of the employee's pre-tax wages unless the employee affirmatively elects not to participate. The contributions will be invested in a target fund date fund unless and until the participant chooses otherwise. Each year, participants may elect to defer between 1% and 30% of their annual pre-tax compensation, as defined, provided their contributions do not exceed maximum allowable amounts under the Internal Revenue Code (the Code). Roth and other after-tax contributions from 1% to 15% of annual compensation, as defined, are allowed. Rollovers from other qualified retirement plans and catch-up contributions are also allowed. Contributions for highly compensated participants, as defined, are limited to an amount set by the Plan administrator to permit the Plan to meet certain discrimination tests required by the Code.

The Plan provides a guaranteed matching contribution equal to 25% of the first 4% of the pretax salary deferred, as defined. The Plan also provides a discretionary profit-sharing contribution equal to 75% of the first 4% of pretax salary deferral elected plus 100% of the remaining salary reduction up to 1%. The sum of an employee's pretax salary deferral and employer matching and profit-sharing contributions cannot exceed the lesser of 100% of the employee's salary, as defined, or \$69,000 and \$66,000 for the years ended December 31, 2024 and 2023, respectively. During the years ended December 31, 2024 and 2023, the total of guaranteed matching contributions amounted to \$2,423,061 and \$2,203,266, respectively, and discretionary profit-sharing contributions amounted to \$8,597,779 and \$7,455,584, respectively.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching and discretionary profit-sharing contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants have a 100% vested interest in the value of their account attributable to both Company and participant contributions.

Payment of Benefits

Upon a participant's retirement, termination (prior to eligibility for retirement), or death, 100% of the value of the participant's account, as defined, will be distributed to the participant or the designated beneficiary in a lump sum. There were no significant requests by participants to withdraw their funds at December 31, 2024 and 2023 that were not paid by year-end. The participant may postpone the benefit distribution to a later date, provided the participant is not a 5% owner, as defined. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Notes Receivable from Participants

Participants have the ability to borrow against their account balance, up to the lesser of \$50,000 or 50% of their vested balance, with a minimum borrowing of \$1,000. Loans are secured by the participant's account and bear interest based upon the prime rate, as reported by the Wall Street Journal on the first business day of the month, plus 1%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless for the purchase a principal residence for which the repayment period may be longer. Participants may have up to two loans outstanding at a time and repayment of the entire balance is permitted at any time. As of December 31, 2024 and 2023, participant loans bore interest at rates from 4.25% to 10.50%.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Inteplast Group Corporation Employees Savings Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer in a liability in the principal or most advantageous make for the asset or liability in an orderly transaction between market participants on the measurement date (an exit price). See Note 4 for a discussion of the fair value of investments.

Purchases and sales of the investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Principal and interest are repaid through payroll deductions, and the notes are collateralized by the participants' account balances. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All costs and expenses of administering the Plan are paid by the Plan, except that they may be paid by the Plan Sponsor at its discretion. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. Direct compensation paid by the Plan as administrative expenses totaled \$226,696 and \$266,561 for the years ended December 31, 2024 and 2023, respectively, which consisted of third-party recordkeeping fees.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets

Inteplast Group Corporation Employees Savings Plan

Notes to Financial Statements

or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund - This fund is valued at the daily closing price as reported by the fund.

Mutual Funds - Mutual funds represent investments with various investment managers. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds - Common collective trust funds represent investments with various investment managers. Common collective trust funds are valued using the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies of these items held at December 31, 2024 and 2023.

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments That Calculate NAV

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Galliard Stable Return Fund X ^(a)	\$ 41,545,829	None	Daily	None
Blackrock US Debt Index FDW ^(c)	6,899,996	None	Daily	None

^(a) Galliard Stable Return Fund X invests in fixed income portfolios wrapped in stable value contracts. The fund also holds cash to maintain liquidity and may invest in traditional GICs. Galliard Stable Return Fund X's objective is to build a portfolio with realizable yield through fundamental research.

^(b) JPMCB Large Cap Growth CF-A seeks long-term capital appreciation by investing primarily in equity securities and attempts to outperform the Russell 1000 Growth Index over the full market cycle. JPMCB Large Cap Growth CF-A also seeks to invest in stocks that have potential to exceed market expectations for a prolonged period of time.

^(c) Black Rock US Debt Index FDW invests in a portfolio of debt securities to track the Bloomberg U.S. Aggregate Bond Index. The Black Rock US Debt Index FDW's objective is to approximate the total rate of return of the debt securities market.

5. Party-in-Interest and Related Party Transactions

Merrill Lynch, Pierce, Fenner and Smith, Inc., the investment manager, and Bank of America, N.A., the trustee, are parties-in-interest with respect to the Plan under the provisions of ERISA. Participant loan and distribution processing fees are paid to recordkeeper by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and participant account balances.

7. Plan Termination

While the Company has not expressed any intention to terminate or partially terminate the Plan, the Company reserves the right to amend or discontinue the Plan or its contributions at any time subject to the provisions set forth under ERISA. Upon termination of the Plan, the Company, at its discretion, may elect to terminate the trust agreement. In such event, each affected participant's individual account balance would remain 100% vested in their accounts.

Inteplast Group Corporation Employees Savings Plan

Notes to Financial Statements

8. Tax Status

Effective January 1, 2022, the Plan adopted a Non-Standardized Pre-Approved Profit-Sharing Plan (a Pre-Approved Plan) sponsored by Meredith J Sesser, A Professional Corporation. Meredith J Sesser, A Professional Corporation received an opinion letter from the Internal Revenue Services (IRS) dated June 30, 2020, which states that the Pre-Approved Plan document, as then designed, satisfies the applicable provisions of the Code. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued. Based on this evaluation, no material events were identified that would require adjustments or disclosure in these financial statements.
