INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Standard Motor Products, Inc. Profit Sharing
401(k) Capital Accumulation Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Standard Motor Products, Inc. Profit Sharing 401(k) Capital Accumulation Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STANDARD MOTOR PRODUCTS, INC. PROFIT
SHARING 401(k) CAPITAL ACCUMULATION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – PLAN DESCRIPTION

The following description of the Standard Motor Products, Inc., Profit Sharing 401(k) Capital Accumulation Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan provides a program under which eligible employees may accumulate funds on a pre-tax and Roth basis for long term retirement savings. The Plan is a qualified profit sharing plan of Standard Motor Products, Inc. (the Company) with a cash or deferred arrangement (401(k)) in accordance with the provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees not covered by collective bargaining agreements between the Company and employee representatives, who are not hired as a member of a substitute workforce, based solely on the availability of work, for one or more specified projects or assignments, who are not non-resident aliens who have no earned income within the United States, are eligible for benefits under the Plan. Full-time employees who have completed 30 days of service with the Company and part-time employees that have completed 1,000 hours of service with the Company in a Plan year will become a participant on the first day of the following calendar quarter.

The Plan uses Fidelity Management Trust Company (Fidelity) to provide administrative, recordkeeping, and accounting services for the Plan.

Contributions: Each participant may elect to contribute an amount equal to not less than 2%, nor more than 90%, in whole percentages, of his or her compensation, as defined, as a voluntary contribution to the Plan, which is allocated to the participant's account. The maximum deferral contributions under the IRC limitations was \$23,000 for 2024 (\$30,500 for participants 50 years old or older). Employees are automatically enrolled at a 6% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. Participants who are automatically enrolled will have their contributions automatically increased by 2% each year up to 12% unless they communicate a change to this automatic increase.

For each Plan year, the Company makes non-elective contributions. These contributions are allocated among participants' accounts in an amount equal to 3% of the total eligible compensation of all participants, subject to the limitations of the IRC.

In addition, the Company may elect to make an annual profit-sharing contribution to the Plan. The amount of such contribution will be determined by the Board of Directors of the Company and allocated to participants in proportion to their eligible compensation. For the Plan year 2024, the Company's Board of Directors approved a profit-sharing contribution to the Plan of 3.5% of the total eligible compensation of all participants, subject to the limitations of the IRC.

Total Company contributions of \$9,856,525 were made to the Plan for the year ended December 31, 2024.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings (losses) and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

December 31, 2024 and 2023

NOTE 1 – PLAN DESCRIPTION (Continued)

Vesting: Participants are 100% vested at all times in elective participant contributions and non-elective Company contributions. A participant's vested interest in the profit-sharing discretionary contributions and earnings thereon will be 100% under any of the following conditions:

- (i) Death or disability of a member while employed by the Company;
- (ii) Termination of the Plan; or
- (iii) A participant reaching 65 years of age while employed by the Company.

Otherwise, participants vest in profit-sharing discretionary contributions over six years as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	-%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Benefits: Subject to certain restrictions in the Plan on termination of service, a Plan participant or his/her surviving spouse beneficiary may elect to receive a lump-sum amount equal to the value of the Plan participant's vested interest, or in installment payments over a period of 10 years. A Plan participant that has terminated service, including through retirement, or his/her surviving spouse beneficiary whose vested account balance is more than \$7,000 may elect to keep his/her account balance in the Plan until the year in which the Plan participant reaches/would have reached age 70½, or age 73 for participants born after July 1, 1949, at which point a minimum distribution is required. Participants that have terminated service, including through retirement, or his/her surviving spouse beneficiary, whose vested account balance is less than \$7,000 are required to take a distribution. Upon the death of a Plan participant with a non-spouse beneficiary, the distribution must be made within five years from the Plan participant's date of death in the form of a lump-sum payment or annual fixed period installments, provided that the number of installments does not extend beyond five years from the date of the Plan participant's death.

The Plan permits hardship withdrawals, limited to the lesser of the amount required to meet the need created by the hardship or the balance of the participant's elective contribution account. Permissible circumstances for hardship withdrawals include education, purchase of a principal residence, medical expenses, and to prevent foreclosure on a principal residence.

Forfeitures: At December 31, 2024 and 2023, forfeited non-vested accounts were \$556,290 and \$489,825, respectively. Forfeitures were used to reduce employer profit-sharing contributions.

Notes Receivable from Participants: A participant may borrow from his or her account subject to certain further restrictions in the Plan. Loans must be for a minimum of \$1,000 and may not exceed the lesser of 50% of the borrower's account, or \$50,000. Loans, together with the interest required to be paid thereon, must be repaid within five years unless the loan is used to acquire, construct, or rehabilitate a principal residence which shall be for a term of 25 years or less. The loans are secured by the balance in the

participant's account and bear interest at rates that are commensurate with market rates for similar loans. Principal and interest are paid ratably through payroll deductions in accordance with the terms of the loan agreement but not less frequently than quarterly. Loans are subject to a loan origination fee and maintenance fees, which are paid by the participants.

Termination: Although it has not expressed any intent to do so, the Company has reserved the right to amend or discontinue the Plan at any time, subject to the provisions of ERISA. A participant's interest in the profit-sharing discretionary contributions and earnings thereon will become 100% vested in their accounts upon termination of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP) as applied to employee benefit plans, and in accordance with the Plan agreement.

Use of Estimates: The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 3. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for current expected credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Administrative Expenses: Expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid by the Plan are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 30, 2025, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual Funds: Mutual funds (registered investment companies) are stated at fair value as determined by quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Separately Managed Account: The Plan is invested in the AllianceBernstein Concentrated US Growth Fund, which is a separately managed account valued taking into consideration its underlying assets, which consist of common stocks and a money market fund.

- Common stocks – The fair values of common stocks are determined by obtaining quoted prices quoted prices on nationally recognized securities exchanges (Level 1 inputs).
- Money market fund – Consists of a money market mutual fund, which is stated at fair value as determined by quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust: The Putnam Stable Value Fund, a collective trust, is valued based on the net asset value per unit as reported by the fund manager. There is no restriction on participant directed redemptions in the fund. There are no unfunded commitments related to the fund and investments can be redeemed on a daily basis.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds a money market mutual fund and certain mutual funds that are managed by an affiliate of Fidelity, trustee of the Plan. These transactions, as well as trustee fees, record keeping fees, investment management fees, and certain professional fees for the administration of the Plan that were paid either directly or indirectly by the Plan to Fidelity or its affiliates represent party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Company adopted a prototype plan document for which the prototype plan sponsor received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020. The trust established under the Plan is tax-exempt under the appropriate sections of the IRC. Although the Plan has been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan utilizes various investments. Investments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market risk, including global events. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such change could materially affect the amounts reported in the financial statements.
