REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Elevate Credit, Inc. 401(k) Committee
Elevate Credit, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Elevate Credit, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Elevate Credit, Inc. 401(k) Plan

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures

Elevate Credit, Inc. 401(k) Plan

- responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
 - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Elevate Credit, Inc. 401(k) Plan

In our opinion

- The form and content of the supplemental schedule (or, schedules), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Elevate Credit, Inc. 401(k) Plan

NOTE A - DESCRIPTION OF PLAN

The following description of the Elevate Credit, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General

The Plan, which began on June 1, 2014, is a defined contribution plan covering all United States employees of Elevate Credit, Inc. (the “Company”) who have completed one month of service, as defined in the plan document, and are at least 21 years of age. The Company’s employees are employed by Elevate Credit Service, LLC (the “Employer” or “Plan Sponsor”), a wholly-owned subsidiary of Elevate Credit, Inc. The Plan is a safe harbor matching contribution plan, where employees are automatically 100% vested in the employer match. The Plan is a qualified profit sharing plan with cash or deferred arrangements and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Company’s 401(k) committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Effective September 24, 2024, the Plan was amended to allow participants to make voluntary, non-deductible, after-tax contributions, in accordance with the Plan document. Additionally, the amendment allows participants that are still employed by the Plan Sponsor at the time or request to initiate in-plan Roth rollover contributions.

Fidelity Workplace Services LLC serves as the Plan’s recordkeeper and Fidelity Management Trust Company (the “Trustee”) serves as the Plan’s trustee.

Contributions

Participants may contribute 1% to 70% of their eligible annual compensation, subject to certain limitations (\$23,000 limit for 2024 for pre-tax and Roth deferral contributions). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (\$7,500 limit for 2024). All Participants that have satisfied the Plan’s eligibility and entry date requirements may elect to contribute a portion of their eligible compensation on an after-tax basis, which cannot exceed the 70% limit when combined with any deferral contributions. These after-tax contributions are subject to special Internal Revenue Code rules. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer provides safe harbor matching contributions equal to 100% of each participant’s elective deferral not to exceed 5% of the participant’s eligible annual compensation.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants automatically enrolled have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until they are changed by the participants.

Additionally, the Plan allows for discretionary profit-sharing contributions and qualified non-elective contributions (“QNEC”) by the Employer. For the fiscal year ended December 31, 2024, there were no discretionary profit-sharing contributions or QNEC contributions made.

Participant’s Accounts

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan as well as allocation of Plan losses, if any. Allocations are based on participant earnings, account balance, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their elective deferrals, after-tax contributions, rollovers, and employer matching contributions immediately. Any employer contributions made for discretionary profit sharing or QNEC vest according to the following schedule:

Less than 1 year	0%
At least 1 year, but less than 2	20%
At least 2 year, but less than 3	40%
At least 3 year, but less than 4	60%
At least 4 year, but less than 5	80%
5 years or more	100%

Participants become fully vested in all employer contributions made for discretionary profit sharing or QNEC at the normal retirement age or upon death or disability, while an active employee, regardless of years of service.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance held under the Plan during the previous 12-month period. Participants may have only one loan outstanding at any time. All loans bear a reasonable rate of interest as determined by the Plan Administrator, based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The repayment period of the loan cannot exceed five years, except for loans relating to the purchase of a primary residence for which the repayment period is a maximum of 10 years. The loans are secured by the remaining balance in the participant's account. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to disability or retirement, a participant may elect to receive either (i) a lump sum amount or (ii) installment payments. Upon death, the participant's vested balance will be distributed in a lump sum payment. The Plan allows participants to make hardship and in-service withdrawals, subject to certain limitations, as defined in the Plan document.

Required minimum distributions cannot be deferred later than April 1 of the year following the year in which an employee attains the age of 73, beginning in 2023. These required minimum distributions may be taken as a lump sum or in installments.

Forfeited Accounts

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

Forfeitures are applied to reduce the amount of future employer contributions otherwise required to be paid and to pay plan expenses. In 2024, no forfeitures were used to reduce employer contributions or to pay plan expenses. At December 31, 2024 and 2023, forfeiture account balances totaled \$1,130 and \$634, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The preparation of the financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). The financial statements of the Plan are prepared in accordance with the Plan agreement. A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

Investment Valuation and Income (Loss) Recognition

Investment are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2024 and 2023, there were no amounts due to participants who had elected to withdraw from the Plan and requested payment of benefits but had not yet been paid.

Administrative Expenses

Administrative expenses charged by the Trustee for maintaining the Plan are paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

NOTE D - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1—Valuation is based upon quoted prices (unadjusted) for identical assets and liabilities in active exchange markets that the Plan has the ability to access at the measurement date.

Level 2—Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques with significant assumptions and inputs that are observable in the market or can be derived principally from or corroborated by observable market data.

Level 3—Valuation is derived from model-based techniques that use inputs and significant assumptions that are supported by little or no observable market data. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of pricing models, discounted cash flow models and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust: The Federated Capital Preservation IP Fund, a collective investment fund that primarily holds investments in fully benefit-responsive contracts, is valued at net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

There are no redemption restrictions on any of the Plan's investments. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value at December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 64,038,423	—	—	\$ 64,038,423
Investment measured at NAV				638,040
Investments at fair value				\$ 64,676,463

Investments at Fair Value at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 53,026,857	—	—	\$ 53,026,857
Investment measured at NAV				1,438,980
Investments at fair value				\$ 54,465,837

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31,		Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2024	2023				
Collective investment trust:						
Federated Capital Preservation IP Fund	\$ 638,040	\$ 1,438,980	\$ —	Daily	None	12 months

NOTE E - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable for participants in the Plan are considered party-in-interest transactions. In addition, fees paid by the Plan to the Trustee for administrative fees related to disbursements and loans totaled \$14,800 for the year ended December 31, 2024. Certain investments are managed by an affiliate of the Trustee and qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan terminations, participants would become 100% vested in their non-elective contributions.

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

NOTE G - TAX STATUS

The Plan is based on a prototype plan which has received an opinion letter dated June 30, 2020, which stated the prototype plan is a qualified plan in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The price of securities held by the Plan may decline in response to certain events, including conditions affecting the general economy; overall market changes; local, regional, or global political, social or economic instability; cyber incidents; and currency, interest rate and commodity price fluctuations.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in securities of U.S. Companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE I - OPERATIONAL ERROR

The Company has identified an operational error during the year ended December 31, 2024 related to the calculation of eligible compensation incorrectly including the final payout of personal time off pay for terminated employees since the inception of the Plan. The Company intends to retroactively amend the plan to consider this compensation eligible and has consulted with their ERISA attorney to determine that the corrective action is not expected to be significant to the Plan. The Company believes that the resolution of the errors will have no impact on the Plan's tax status.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Elevate Credit, Inc. 401(k) Committee
Elevate Credit, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Elevate Credit, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Elevate Credit, Inc. 401(k) Plan

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures

Elevate Credit, Inc. 401(k) Plan

- responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
 - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Elevate Credit, Inc. 401(k) Plan

In our opinion

- The form and content of the supplemental schedule (or, schedules), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Elevate Credit, Inc. 401(k) Plan

NOTE A - DESCRIPTION OF PLAN

The following description of the Elevate Credit, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General

The Plan, which began on June 1, 2014, is a defined contribution plan covering all United States employees of Elevate Credit, Inc. (the “Company”) who have completed one month of service, as defined in the plan document, and are at least 21 years of age. The Company’s employees are employed by Elevate Credit Service, LLC (the “Employer” or “Plan Sponsor”), a wholly-owned subsidiary of Elevate Credit, Inc. The Plan is a safe harbor matching contribution plan, where employees are automatically 100% vested in the employer match. The Plan is a qualified profit sharing plan with cash or deferred arrangements and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Company’s 401(k) committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Effective September 24, 2024, the Plan was amended to allow participants to make voluntary, non-deductible, after-tax contributions, in accordance with the Plan document. Additionally, the amendment allows participants that are still employed by the Plan Sponsor at the time or request to initiate in-plan Roth rollover contributions.

Fidelity Workplace Services LLC serves as the Plan’s recordkeeper and Fidelity Management Trust Company (the “Trustee”) serves as the Plan’s trustee.

Contributions

Participants may contribute 1% to 70% of their eligible annual compensation, subject to certain limitations (\$23,000 limit for 2024 for pre-tax and Roth deferral contributions). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (\$7,500 limit for 2024). All Participants that have satisfied the Plan’s eligibility and entry date requirements may elect to contribute a portion of their eligible compensation on an after-tax basis, which cannot exceed the 70% limit when combined with any deferral contributions. These after-tax contributions are subject to special Internal Revenue Code rules. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer provides safe harbor matching contributions equal to 100% of each participant’s elective deferral not to exceed 5% of the participant’s eligible annual compensation.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants automatically enrolled have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until they are changed by the participants.

Additionally, the Plan allows for discretionary profit-sharing contributions and qualified non-elective contributions (“QNEC”) by the Employer. For the fiscal year ended December 31, 2024, there were no discretionary profit-sharing contributions or QNEC contributions made.

Participant’s Accounts

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan as well as allocation of Plan losses, if any. Allocations are based on participant earnings, account balance, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their elective deferrals, after-tax contributions, rollovers, and employer matching contributions immediately. Any employer contributions made for discretionary profit sharing or QNEC vest according to the following schedule:

Less than 1 year	0%
At least 1 year, but less than 2	20%
At least 2 year, but less than 3	40%
At least 3 year, but less than 4	60%
At least 4 year, but less than 5	80%
5 years or more	100%

Participants become fully vested in all employer contributions made for discretionary profit sharing or QNEC at the normal retirement age or upon death or disability, while an active employee, regardless of years of service.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance held under the Plan during the previous 12-month period. Participants may have only one loan outstanding at any time. All loans bear a reasonable rate of interest as determined by the Plan Administrator, based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The repayment period of the loan cannot exceed five years, except for loans relating to the purchase of a primary residence for which the repayment period is a maximum of 10 years. The loans are secured by the remaining balance in the participant's account. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to disability or retirement, a participant may elect to receive either (i) a lump sum amount or (ii) installment payments. Upon death, the participant's vested balance will be distributed in a lump sum payment. The Plan allows participants to make hardship and in-service withdrawals, subject to certain limitations, as defined in the Plan document.

Required minimum distributions cannot be deferred later than April 1 of the year following the year in which an employee attains the age of 73, beginning in 2023. These required minimum distributions may be taken as a lump sum or in installments.

Forfeited Accounts

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

Forfeitures are applied to reduce the amount of future employer contributions otherwise required to be paid and to pay plan expenses. In 2024, no forfeitures were used to reduce employer contributions or to pay plan expenses. At December 31, 2024 and 2023, forfeiture account balances totaled \$1,130 and \$634, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The preparation of the financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). The financial statements of the Plan are prepared in accordance with the Plan agreement. A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

Investment Valuation and Income (Loss) Recognition

Investment are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2024 and 2023, there were no amounts due to participants who had elected to withdraw from the Plan and requested payment of benefits but had not yet been paid.

Administrative Expenses

Administrative expenses charged by the Trustee for maintaining the Plan are paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

NOTE D - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1—Valuation is based upon quoted prices (unadjusted) for identical assets and liabilities in active exchange markets that the Plan has the ability to access at the measurement date.

Level 2—Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques with significant assumptions and inputs that are observable in the market or can be derived principally from or corroborated by observable market data.

Level 3—Valuation is derived from model-based techniques that use inputs and significant assumptions that are supported by little or no observable market data. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of pricing models, discounted cash flow models and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust: The Federated Capital Preservation IP Fund, a collective investment fund that primarily holds investments in fully benefit-responsive contracts, is valued at net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

There are no redemption restrictions on any of the Plan's investments. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value at December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 64,038,423	—	—	\$ 64,038,423
Investment measured at NAV				638,040
Investments at fair value				\$ 64,676,463

Investments at Fair Value at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 53,026,857	—	—	\$ 53,026,857
Investment measured at NAV				1,438,980
Investments at fair value				\$ 54,465,837

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31,		Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2024	2023				
Collective investment trust:						
Federated Capital Preservation IP Fund	\$ 638,040	\$ 1,438,980	\$ —	Daily	None	12 months

NOTE E - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable for participants in the Plan are considered party-in-interest transactions. In addition, fees paid by the Plan to the Trustee for administrative fees related to disbursements and loans totaled \$14,800 for the year ended December 31, 2024. Certain investments are managed by an affiliate of the Trustee and qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan terminations, participants would become 100% vested in their non-elective contributions.

Elevate Credit, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2024 AND 2023

NOTE G - TAX STATUS

The Plan is based on a prototype plan which has received an opinion letter dated June 30, 2020, which stated the prototype plan is a qualified plan in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The price of securities held by the Plan may decline in response to certain events, including conditions affecting the general economy; overall market changes; local, regional, or global political, social or economic instability; cyber incidents; and currency, interest rate and commodity price fluctuations.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in securities of U.S. Companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE I - OPERATIONAL ERROR

The Company has identified an operational error during the year ended December 31, 2024 related to the calculation of eligible compensation incorrectly including the final payout of personal time off pay for terminated employees since the inception of the Plan. The Company intends to retroactively amend the plan to consider this compensation eligible and has consulted with their ERISA attorney to determine that the corrective action is not expected to be significant to the Plan. The Company believes that the resolution of the errors will have no impact on the Plan's tax status.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued.
