**Statement by Enrolled Actuary**  
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1)  Unmodified (2)  Qualified (3)  Disclaimer (4)  Adverse

**b** Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1)  DOL Regulation 2520.103-8 (2)  DOL Regulation 2520.103-12(d) (3)  neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CLARK NUBER, PS

(2) EIN: 91-1194016

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

|  | Yes | No | Amount   |
|--|-----|----|----------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? **Independent Auditor's Report**

**To the Employee Benefits Committee  
Univar Solutions Retirement Plan  
Downers Grove, Illinois**

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Univar Solutions Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits and accumulated plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedules Required by ERISA**

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## UNIVAR SOLUTIONS RETIREMENT PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

---

#### Note 1 - Plan Description

The following description of the Univar Solutions Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

**General** - The Plan is a noncontributory, defined benefit pension plan covering eligible employees of Univar Solutions USA LLC and certain affiliated companies (collectively referred to as Univar Solutions or the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Benefits Committee of Univar Solutions.

**Merger and Plan Amendments** - Effective June 30, 2004, the Plan was amended to preclude employees from entering the Plan as new participants and inactive participants from resuming active participation in the Plan. The amendment freezes the benefits accumulated by participants with less than five years of eligible service and provides for enhanced benefits in a defined contribution plan sponsored by Univar Solutions. Participants with five or more years of eligible service by June 30, 2004, were not affected by the change.

On April 19, 2007, the Company acquired CHEMCENTRAL Corporation. Effective January 1, 2008, the CHEMCENTRAL Corporation Consolidated Retirement Plan (LCC Plan) merged into the Plan. Although the merged plans constitute one plan on and after January 1, 2008, the Plan is administered as if it were still two separate plans. Employees who were participants in the Plan on December 31, 2007 (Legacy Univar participants) will be subject to different provisions than those employees who were participants in the LCC Plan on December 31, 2007 (Legacy CHEMCENTRAL participants). Effective December 31, 2007, the LCC Plan was closed to new participants, except for employees covered by certain collective bargaining agreements that met eligibility criteria defined in the LCC Plan.

Effective December 31, 2009, accrued benefits for all remaining participants under the Plan were frozen and no further benefits can be accrued under the Plan by any participant after December 31, 2009. The accrued benefit of any active participant on December 31, 2009, will be determined based only on years of credited service accumulated through December 31, 2009, and the participant's final average monthly earnings will be determined as of December 31, 2009, based only upon earnings received through December 31, 2009. Periods of service after December 31, 2009 will continue to be counted for purposes of determining eligibility for early retirement benefits. Participants employed with the Company on or after December 31, 2009, will automatically be made 100% vested in their accrued benefit.

There was a lump sum window for certain participants that terminated prior to July 31, 2017. Additionally, during 2018 and again in 2022, certain retirees and beneficiaries were part of an annuity purchase contract with an outside insurance company. As a result, this group of retirees and beneficiaries are no longer participants in the Plan.

#### Note 1 - Continued

#### Pension Benefits -

##### Legacy Univar Participants Pension Benefits

Effective for those participants who terminate employment with the Company on or after August 1, 1999 the accrued benefit, in the form of a monthly benefit payable as a single life annuity, for each participant shall equal the greater of: (i) \$20 multiplied by their credited service; or (ii) the following benefit: 1.2% of final average monthly earnings plus .5% of the final average monthly earnings in excess of the integration level multiplied by years of credited service.

For participants who terminated prior to August 1, 1999, the calculation of the aforementioned accrued monthly normal benefit for each participant retiring at age 65 limited the years of credited service to a maximum of 25 years plus .75% of final average monthly compensation multiplied by years of credited service in excess of 25 years.

Special monthly benefit provisions apply to certain former employees of McKesson Chemical Company, acquired by the Company in 1986, and employees who have transferred from foreign subsidiaries. Retirement benefits for participants electing early retirement will be reduced as defined by the Plan. Retirement benefits for participants electing deferred retirement are calculated the same as for normal retirement.

##### Legacy CHEMCENTRAL Participants Pension Benefits

An employee with three or more years of service is entitled to annual pension benefits beginning at normal retirement age (65). The Plan permits early retirement at ages 55-64 if 10 years of credited service have been completed.

Upon reaching normal retirement age, each salaried participant is entitled to an annual pension to be determined by application of a formula based upon final average compensation, years of service, and primary Social Security benefits under the Social Security Act in effect at the participant's retirement date. Participants with 10 years of service who retire early receive a reduced benefit. The employee's final average compensation is the higher of (a) the monthly average of earnings paid during the five consecutive calendar years for which earnings were highest within the last 10 calendar years immediately preceding the retirement date, or (b) the monthly average of earnings paid during the 60 consecutive calendar months immediately preceding the retirement date or earlier termination of employment. Each hourly participant is entitled to an annual pension determined by application of a formula based upon a fixed amount per month for each year of benefit service as stated in the plan document.

Participants terminating after completion of vesting requirements are entitled to receive retirement income commencing on their normal or early retirement date based on service prior to termination. Retirement benefits for participants electing deferred retirement are calculated the same as for normal retirement.

#### Note 1 - Continued

**Funding Policy** - the Company's funding policy is to make contributions under the Plan that meet or exceed the minimum funding standards of ERISA and the Internal Revenue Code (IRC). Contributions to the Plan by Univar Solutions is based on an actuarial determination. Minimum funding requirements of ERISA were met for the years ended December 31, 2024 and 2023.

**Vesting** - Legacy Univar participants become 100% vested after the completion of five years of service, or at age 65, if earlier. Legacy CHEMCENTRAL participants become 100% vested after completion of three years of service. Participants who were employed with the Company on or after December 31, 2009, are 100% vested in their accrued benefit.

**Benefit Payments** - Participants are not subject to federal income tax on their share of the employer contributions or income earned by the Plan until benefit payments are received. Payments of benefits under the Plan will result in ordinary income to the participant or beneficiary.

Participants may elect to have their benefits paid under one of several annuity payment options. If a participant's total vested benefit is less than or equal to \$5,000, payment of benefits will be made in a single lump-sum upon termination.

If a vested Legacy Univar participant dies and is vested, and the benefit has not been paid in a lump sum, the spouse or domestic partner will be entitled to a survivor benefit. The amount will be 87% of the single life annuity benefit the participant would have been entitled to, adjusted for early commencement, if applicable. If a vested Legacy CHEMCENTRAL participant dies prior to retirement, their surviving spouse will receive 100% of the amount calculated as if the participant had terminated on the date of death.

#### Note 2 - Summary of Significant Accounting Policies

**Basis of Accounting** - The accompanying financial statements have been prepared using the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits** - Benefits are recorded when paid.

## UNIVAR SOLUTIONS RETIREMENT PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

---

#### Note 2 - Continued

**Investment Management** - The Plan has entered into an agreement with an investment advisor whereby they have discretion in the investment decisions of the funds, subject to certain guidelines set forth by Univar Solutions. Several of the investment funds held by the Plan are subject to investment and administrative fees. Such fees may get charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

**Administrative Expenses** - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

**Subsequent Events** - The Plan's management has evaluated subsequent events through October 8, 2025, the date on which the Plan's financial statements were available to be issued.

#### Note 3 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## UNIVAR SOLUTIONS RETIREMENT PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

#### Note 3 - Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Collective Trust Funds - The value of the majority of the collective trust funds held by the Plan are based on the Net Asset Value (NAV) of the units held at year end. The NAV are based on the fair value of the underlying assets of the funds, minus their liabilities, and then divided by the number of units outstanding at the valuation date. The funds are traded on private markets that are not active; however, the unit price is based primarily on observable market data of the funds' underlying assets.

Two collective trust funds held by the Plan do not have a readily determinable fair value and use NAV as a practical expedient to measure fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

Mutual Fund - Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily NAV and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

|   | Fair Value Measurements as of December 31, 2024 |                      |             |                      |

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There were no unfunded commitments at December 31:

#### Note 4 - Certified Information

Certain information in the accompanying financial statements and supplementary information related to investments held as of December 31, 2024 and 2023, and investment income or loss for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Midwest Institutional Trust Company, a qualified institution. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Midwest Institutional Trust Company was established in 2023 through an initiative that acquired the line of business from BMO Harris Bank N.A.

#### Note 5 - Party-in-Interest Transactions

Certain plan investments are managed by Mercer. Mercer is the investment advisor for the Plan and, therefore, transactions with such investments are party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers. These transactions are party-in-interest transactions.

## UNIVAR SOLUTIONS RETIREMENT PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

#### Note 6 - Plan Termination

Although it has not expressed any intention to do so, Univar Solutions has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of termination of the Plan, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of an annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. government agency, up to the applicable limitations (discussed below).
- All other vested benefits.
- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. Whether all participants receive their benefits should the plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan's sponsor and the level of benefits guaranteed by the PBGC.

#### Note 7 - Actuarial Information

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable to the service that employees have rendered as of the valuation date as defined by the Plan. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of deceased employees, and (c) present employees or their beneficiaries. Benefits under the Plan for salaried employees are based primarily on an employee's years of service and compensation levels. Benefits for active hourly employees are generally based on a fixed amount per year of service. Benefits payable due to retirement, death, disability, and termination of employment are included to the extent they are deemed attributable to employee service rendered to the valuation date.

## UNIVAR SOLUTIONS RETIREMENT PLAN

### Notes to Financial Statements For the Year Ended December 31, 2024

---

#### Note 7 - Continued

The actuarial method of valuation used to calculate the cost of the Plan is the standard unit credit cost method. The actuarial valuations are made annually based on employee census data as of January 1 of the succeeding year. Had the valuations been performed as of December 31, there would be no material differences.

Significant actuarial assumptions used by the Plan's actuary in the valuations as of December 31, 2024 and 2023 were:

- Interest rate of 6.30% at December 31, 2024 and 2023.
- Life expectancy using the Pri-2012 mortality table with white collar adjustment and generational projections using Scale MP-2021 (2024 and 2023).

Interest rates used to discount the obligation as of December 31, 2024 and 2023 include a reduction of 70 basis points for assumed administrative expenses paid out of the Plan. There were no assumption changes since the prior valuation.

The forgoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

#### Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

#### Note 9 - Tax Status

The Plan obtained its latest determination letter on January 24, 2018, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

## Univar Solutions Retirement Plan

EIN: 91-1347935 PN: 001

### Retirement Age

Active Participants

See Table 1 (Adopted December 31, 2023)

Terminated Vested Participants

Participants eligible for an age 62 unreduced benefit are assumed to retire at age 62.

Participants not eligible for an age 62 unreduced benefit are assumed to retire at age 65. (Adopted December 31, 2023)

### Mortality Rates

Healthy and Disabled

IRS 2024 Generational Mortality Table.

### Withdrawal Rates

See Table 2 (Adopted December 31, 2023)

### Disability Rates

None

### Decrement Timing

Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)

### Benefit Commencement Timing for Retirement Eligible Termination

For participants eligible for an age 62 unreduced benefit, 75% immediate commencement and 25% deferred to terminated vested retirement ages. For participants not eligible for an age 62 unreduced benefit, 40% immediate commencement and 60% deferred to terminated vested retirement ages. (Adopted December 31, 2023)

### Surviving Spouse Benefit

It is assumed that 80% of males and 50% of females have an eligible spouse, and that males are two years older than their spouses. (Adopted December 31, 2023)

### Benefit Limits

Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000.

### Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

**Statement by Enrolled Actuary**  
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

## Univar Solutions Retirement Plan

EIN: 91-1347935 PN: 001

### Retirement Age

Active Participants

See Table 1 (Adopted December 31, 2023)

Terminated Vested Participants

Participants eligible for an age 62 unreduced benefit are assumed to retire at age 62.

Participants not eligible for an age 62 unreduced benefit are assumed to retire at age 65. (Adopted December 31, 2023)

### Mortality Rates

Healthy and Disabled

IRS 2024 Generational Mortality Table.

### Withdrawal Rates

See Table 2 (Adopted December 31, 2023)

### Disability Rates

None

### Decrement Timing

Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)

### Benefit Commencement Timing for Retirement Eligible Termination

For participants eligible for an age 62 unreduced benefit, 75% immediate commencement and 25% deferred to terminated vested retirement ages. For participants not eligible for an age 62 unreduced benefit, 40% immediate commencement and 60% deferred to terminated vested retirement ages. (Adopted December 31, 2023)

### Surviving Spouse Benefit

It is assumed that 80% of males and 50% of females have an eligible spouse, and that males are two years older than their spouses. (Adopted December 31, 2023)

### Benefit Limits

Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000.

### Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Upon being rehired on or after January 1, 2010, any previously non-vested participant will automatically become 100% vested in their accrued benefit as of January 1, 2010.

#### **Benefit Service**

One-twelfth of a year for each completed month of employment. Benefit service was frozen on June 30, 2004 for participants who had fewer than five years of benefit service as of that date. Benefit service was frozen as of December 31, 2009 for all remaining participants.

#### **Final Average Earnings**

The average monthly compensation during the highest five consecutive calendar years. For participants whose benefit was frozen as of June 30, 2004, final average compensation is determined based only on earnings received prior to July 1, 2004. For all remaining participants, final average compensation is determined based only on earnings received prior to January 1, 2010.

#### **Integration Level**

One thirty-sixth of the Social Security taxable wage base in the year of termination, provided that the integration level shall not exceed covered compensation as defined by regulation. For participants whose benefits were frozen in 2004 or 2009 due to plan changes at that time, the integration level will be based on the year of freeze (2004 or 2009, respectively).

## Univar Solutions Retirement Plan

EIN: 91-1347935 PN: 001

### Accrued Benefit

A monthly benefit equal to the maximum of:

- 1.2% of final average compensation plus 0.5% of final average compensation in excess of the integration level, times years of benefit service.
- \$20.00 multiplied by benefit service.

### Normal Retirement

Eligibility

Age 65

Benefit

Accrued benefit, payable as a single life annuity.

### Early Retirement

Eligibility

Attainment of age 55 and completion of five years of vesting service.

Benefit

Normal retirement benefit reduced for each month by which the early retirement benefit commencement date precedes normal retirement date as follows:

- If the participant has attained age 55 at termination of employment or has not attained age 55 at termination but has 20 or more years of vesting service, the reduction is  $\frac{1}{3}\%$  for each calendar month from age 55 to age 62. There is no reduction in benefit from age 62 to age 65.
- If the participant has not attained age 55 at termination of employment and has fewer than 20 years of vesting service, the reduction is  $\frac{1}{2}\%$  for each calendar month from age 55 to 65.

### Late Retirement

Benefit

Calculated the same as the normal retirement benefit but taking into account earnings and service to the date of retirement. The benefit will not be less than the participant's accrued benefit at their normal retirement date, actuarially increased to the late retirement date.

### Deferred Vested

Benefit

Participants who terminate prior to attainment of vested status shall receive no benefits under this plan.

Participants who terminate after attaining vested status shall be entitled to a normal retirement benefit or an early retirement benefit as described above.

EIN: 91-1347935 PN: 001

### Disability

Eligibility

Disabled on or before June 30, 2004.

Benefit

Accrued benefit is calculated including benefit service, up to 10 years, for the period from the date of disability to the actual retirement date.

### Preretirement Death

Eligibility

At the time of death, the participant is a current or former employee of Univar Solutions USA LLC, is vested, and the benefit has not been paid in a lump sum.

Surviving Spouse/Domestic Partner

The spouse or domestic partner will be entitled to a survivor benefit. The amount will be 87% of the single life annuity benefit the participant would have been entitled to, adjusted for early commencement, if applicable.

No Surviving Spouse/Domestic Partner

If the participant is single and has children under the age of 21, then the participant's children will be eligible for survivor benefits.

The amount will be computed in the same manner described in the situations above, depending on the circumstances at the time of death. The benefit shall commence immediately and will be divided equally among the surviving children. No reduction will be made to reflect immediate commencement of benefits.

Benefits will stop for a child upon attainment of age 21, at which time the benefits will be redivided among any remaining children under age 21. All benefits will cease when no more children remain under age 21.

### Forms of Benefits

Automatic Form for  
Unmarried Participants

Single life annuity

Automatic Form for Married Participants

100% joint and survivor annuity (calculated as 87% of the single life annuity amount).

Optional Forms

A single participant can choose a period certain and life annuity with certain period of 5, 10, 15, or 20 years.

A participant with a spouse or domestic partner can choose these forms, a 50% joint or survivor annuity, or a single life annuity.

### Legacy CHEMCENTRAL

#### **Covered Employees**

Employees of Univar Solutions USA LLC acquired through the acquisition of Chemcentral Corporation, and employees hired in certain union locations following the acquisition.

#### **Participation**

January 1 or July 1 following attainment of age 21 and completion of 1,000 hours of service in a 12-month consecutive period. Employees represented by a collective bargaining agreement are not eligible to participate unless the plan is extended to the group by collective bargaining. The plan was closed to new entrants (with certain union exceptions) effective December 31, 2007.

#### **Employee Contributions**

None

#### **Benefit Service**

One-twelfth of a year for each completed month of employment. Hourly employees must work 1,000 or more hours in a year (other than the year of hire or year of termination) to receive any benefit service for that year.

Benefit service was frozen on December 31, 2009 for participants, with the exception of any participants active on December 31, 2009 and represented by either Teamsters #406 in Grand Rapids, Michigan or Teamsters Local #375 in Buffalo, New York whose collective bargaining agreements provide for continuing benefit accruals. For Teamsters #406, accruals were frozen on March 31, 2011. For Teamsters Local #375, accruals were frozen January 31, 2012.

#### **Vesting Service**

Salaried Employees

One-twelfth of a year for each calendar month in which the employee worked.

Hourly Employees

One year for each plan year in which 1,000 or more hours are worked.

#### **Vesting**

100% vested after completion of three years of vesting service. As of December 31, 2009 all active participants are automatically 100% vested. Upon being rehired on or after January 1, 2010, any previously nonvested participant will automatically become 100% vested in their accrued benefit as of January 1, 2010.

### **Cost of Living Increase**

Annual increase equal to lesser of one-year change in Consumer Price Index (CPI-U) from prior August 1 and 3.00%, if the Consumer Price Index increased by at least 1.00%. The increase is applied to the initial benefit amount at retirement, up to a maximum of 140% of the original benefit amount. Cost-of-living increases only apply to salaried employees who were eligible for retirement at the time of their termination and to death benefits payable to the beneficiary of salaried employees.

### **Final Average Earnings**

The greater of (1) or (2) below:

- (1) The average of compensation paid during the five consecutive calendar years for which compensation was highest within the last 10 consecutive calendar years immediately preceding retirement or earlier termination of employment (or the average for the entire period of employment if such period is less than five years).
- (2) The average of compensation paid during the 60 consecutive calendar month period immediately preceding retirement or earlier termination of employment (or the average for the entire period of employment if such period is less than 60 months).

Effective December 31, 2009, final average salary is determined based only on earnings received prior to January 1, 2010.

### **Integration Level**

One thirty-sixth of the Social Security taxable wage base in the year of termination, provided that the integration level shall not exceed covered compensation as defined by regulation. For participants whose benefits were frozen in 2004 or 2009 due to plan changes at that time, the integration level will be based on the year of freeze (2004 or 2009, respectively).

### **Social Security Covered Earnings**

The average of a salaried participant's compensation for the three years immediately preceding the year of retirement or earlier termination of employment, but excluding compensation for any year in excess of the Social Security taxable wage base for that year. This amount is limited to the participant's Social Security covered compensation. Effective December 31, 2009, Social Security covered earnings is determined based only on earnings received prior to January 1, 2010, and the Social Security taxable wage base for years after 2009 will be assumed equal to the 2009 amount.

### **Accrued Benefit**

#### Salaried Participants

Monthly benefit equal to (1) – (2):

- (1) Final average salary multiplied by the lesser of (1) and (2):
  - (a)  $2.5\% \times$  years of benefit service before January 1, 1989 plus  $1.67\% \times$  years of benefit service after December 31, 1988
  - (b) 50%
- (2) The monthly Social Security Allowance (SSA), equal to the lesser of (c) and (d):
  - (c)  $0.45\% \times$  Social Security covered earnings  $\times$  years of benefit service (maximum 30 years)
  - (d) One half of (A) above but computed with the lesser of the participant's:
    - (i) Final average salary; or
    - (ii) Social Security covered earnings.

#### Hourly Participants

Monthly amount equal to \$67.00 multiplied by years of benefit service. This benefit must be no less than the participant's accrued benefit at December 31, 1988.

### **Normal Retirement**

#### Eligibility

Later of age 65 and third anniversary from initial participation date in the plan.

#### Benefit

Accrued benefit, payable as a single life annuity.

### **Early Retirement**

#### Eligibility

Attainment of age 55 and completion of 10 years of vesting service.

A participant is entitled to the largest of the early retirement factors in the above table provided he or she meets the eligibility requirements as listed below:

- Standard: Must be age 55 with 10 years of vesting service.
- Rule of 90: A Salaried participant age 55 or greater at time of termination whose sum of age and vesting service at benefit commencement is greater than or equal to 90.
- Full-Career 1: An hourly participant age 55 or greater with at least 20 years of vesting service and must be of the Grand Rapids, Toledo or Buffalo location.
- Full-Career 2: An hourly participant age 55 or greater with at least 20 years of service.
- Additionally, the benefit of salaried participant who is age 55 or greater at time of termination will not be reduced if he retires at 62 or greater with 30 or more years of vesting service.

### Late Retirement

#### Benefit

Calculated the same as the normal retirement benefit but taking into account earnings and service to the date of retirement. The benefit will not be less than the participant's accrued benefit at their normal retirement date, actuarially increased to the late retirement date.

### Deferred Vested

#### Benefit

Participants who terminate prior to attainment of vested status shall receive no benefits under this plan.

Participants who terminate after attaining vested status shall be entitled to a normal retirement benefit or an early retirement benefit as described above.

### Disability

#### Eligibility

A Salaried participant who becomes totally and permanently disabled prior to January 1, 2009, and who qualifies for long-term disability benefits under any insured program maintained by the employer may qualify for a disability retirement benefit.

There are no special disability benefits available to participants who become disabled on or after January 1, 2009.

#### Benefit

The period from date of disablement to the participant's age 65 shall be taken into account in calculating the participant's benefit service for the amount of benefit payable upon attainment of eligibility for commencement of retirement benefits. The calculation of the accrued benefit will be based on the participant's final average salary at date of disablement.

### Preretirement Death

#### Benefit

Benefits payable to the surviving spouse or domestic partner of an employee who dies prior to retirement are the largest of (1), (2), or (3) below:

- (1) Death after attaining eligibility for normal or early retirement — A death benefit of 100% of the amount of monthly retirement income calculated as if the participant had retired on the date of his death and elected a 100% joint and survivor annuity will be payable immediately to the spouse or domestic partner.

# Schedule SB Attachment (Form 5500) —2024 Plan Year

## Univar Solutions Retirement Plan

EIN: 91-1347935 PN: 001

- (2) Spouse and dependent child benefit — If a Salaried participant dies prior to attaining age 65 and had attained age 45 with 10 or more years of service, the benefit payable will be 47.5% (50% if the employee was at least 50 years of age) of the projected normal retirement benefit, assuming the same rate of earnings at death continue to age 65. The benefit will be payable to the spouse or domestic partner for life, and thereafter to any surviving dependent children, usually to age 19. An additional temporary benefit of \$79.17 per month (\$83.33 if the participant was at least 50) shall be payable to the spouse or domestic partner until age 62.
- (3) Death prior to early retirement eligibility — A death benefit will be payable if a participant satisfies the vesting requirements set forth by the plan at the time of death. The benefit will be 100% of the amount calculated as if the participant had terminated on the date of death and elected a 100% joint and survivor annuity. Payments will begin on the later of the participant's date of death or the date on which he or she would have attained age 55.

### Forms of Benefits

Automatic Form for Unmarried Participants

Salaried: Five-year certain and life annuity

Hourly: Single life annuity

Automatic Form for Participants With Spouses or Domestic Partners

100% joint and survivor annuity, actuarially equivalent to the above form for single participants.

Optional Forms

A single participant can choose a period certain and life annuity with certain period of 5, 10, or 15 years.

A participant with a spouse or domestic partner can choose these forms, a 50% joint and survivor annuity, or a single life annuity.

The optional forms of benefit are actuarially equivalent to the normal form of benefit using the following assumptions:

## Schedule SB, line 24 – Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the optional payment form election assumption such that 80 percent of males are assumed to elect a 100 percent Joint and Survivor benefit and the remaining 20 percent are assumed to elect a Single Life Annuity, while 50 percent of females are assumed to elect a 100 percent Joint and Survivor benefit and the remaining 50 percent are assumed to elect a Single Life Annuity.
- A change in the retirement and withdrawal rates for active participants.
- A change in the retirement age assumption for terminated vested participants.
- A change in the decrement timing assumption for retirement eligible participants who leave Univar Solutions such that for participants who are eligible for an age 62 unreduced benefit, 75 percent will commence immediately and 25 percent will defer commencement to terminated vested retirement age. For participants not eligible for an age 62 unreduced benefit, 40 percent will commence immediately and 60 percent will defer commencement to terminated vested retirement age.
- A change in the assumption that 65 percent of males and 30 percent of females are married to 80 percent of males and 50 percent of females are married.

For each economic and demographic assumption that has a significant effect on the measurement, the information and analysis used to support the actuary's determination that the assumption is reasonable, and that led to any change in the assumptions as summarized above, are described in more detail in the document entitled "Univar Solutions 2024 Funding Valuation Assumptions" and dated October 30, 2024."

### Legacy Univar

**Covered Employees**

Employees of Univar Solutions USA LLC and other companies affiliated with Univar Solutions USA LLC that elect to have their employees participate in the plan. Excludes those employees covered by Legacy Chemcentral provisions.

**Participation**

All employees shall become participants except employees covered by collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless there is an agreement that this plan shall cover these employees. The plan was closed to new entrants on June 30, 2004.

**Employee Contributions**

None

**Vesting Service**

Calculated on the same basis as benefit service but disregarding the freeze.

**Vesting**

100% vested after completion of five years of vesting service, or at age 65, if sooner. As of December 31, 2009 all active participants are automatically 100% vested. Upon being rehired on or after January 1, 2010, any previously non-vested participant will automatically become 100% vested in their accrued benefit as of January 1, 2010.

**Benefit Service**

One-twelfth of a year for each completed month of employment. Benefit service was frozen on June 30, 2004 for participants who had fewer than five years of benefit service as of that date. Benefit service was frozen as of December 31, 2009 for all remaining participants.

**Final Average Earnings**

The average monthly compensation during the highest five consecutive calendar years. For participants whose benefit was frozen as of June 30, 2004, final average compensation is determined based only on earnings received prior to July 1, 2004. For all remaining participants, final average compensation is determined based only on earnings received prior to January 1, 2010.

**Integration Level**

One thirty-sixth of the Social Security taxable wage base in the year of termination, provided that the integration level shall not exceed covered compensation as defined by regulation. For participants whose benefits were frozen in 2004 or 2009 due to plan changes at that time, the integration level will be based on the year of freeze (2004 or 2009, respectively).

### Accrued Benefit

A monthly benefit equal to the maximum of:

- 1.2% of final average compensation plus 0.5% of final average compensation in excess of the integration level, times years of benefit service.
- \$20.00 multiplied by benefit service.

### Normal Retirement

Eligibility

Age 65

Benefit

Accrued benefit, payable as a single life annuity.

### Early Retirement

Eligibility

Attainment of age 55 and completion of five years of vesting service.

Benefit

Normal retirement benefit reduced for each month by which the early retirement benefit commencement date precedes normal retirement date as follows:

- If the participant has attained age 55 at termination of employment or has not attained age 55 at termination but has 20 or more years of vesting service, the reduction is  $\frac{1}{3}\%$  for each calendar month from age 55 to age 62. There is no reduction in benefit from age 62 to age 65.
- If the participant has not attained age 55 at termination of employment and has fewer than 20 years of vesting service, the reduction is  $\frac{1}{2}\%$  for each calendar month from age 55 to 65.

### Late Retirement

Benefit

Calculated the same as the normal retirement benefit but taking into account earnings and service to the date of retirement. The benefit will not be less than the participant's accrued benefit at their normal retirement date, actuarially increased to the late retirement date.

### Deferred Vested

Benefit

Participants who terminate prior to attainment of vested status shall receive no benefits under this plan.

Participants who terminate after attaining vested status shall be entitled to a normal retirement benefit or an early retirement benefit as described above.

EIN: 91-1347935 PN: 001

### Disability

Eligibility

Disabled on or before June 30, 2004.

Benefit

Accrued benefit is calculated including benefit service, up to 10 years, for the period from the date of disability to the actual retirement date.

### Preretirement Death

Eligibility

At the time of death, the participant is a current or former employee of Univar Solutions USA LLC, is vested, and the benefit has not been paid in a lump sum.

Surviving Spouse/Domestic Partner

The spouse or domestic partner will be entitled to a survivor benefit. The amount will be 87% of the single life annuity benefit the participant would have been entitled to, adjusted for early commencement, if applicable.

No Surviving Spouse/Domestic Partner

If the participant is single and has children under the age of 21, then the participant's children will be eligible for survivor benefits.

The amount will be computed in the same manner described in the situations above, depending on the circumstances at the time of death. The benefit shall commence immediately and will be divided equally among the surviving children. No reduction will be made to reflect immediate commencement of benefits.

Benefits will stop for a child upon attainment of age 21, at which time the benefits will be redivided among any remaining children under age 21. All benefits will cease when no more children remain under age 21.

### Forms of Benefits

Automatic Form for  
Unmarried Participants

Single life annuity

Automatic Form for Married Participants

100% joint and survivor annuity (calculated as 87% of the single life annuity amount).

Optional Forms

A single participant can choose a period certain and life annuity with certain period of 5, 10, 15, or 20 years.

A participant with a spouse or domestic partner can choose these forms, a 50% joint or survivor annuity, or a single life annuity.

The following table of factors is used to determine the optional forms of benefit (factors applied to the single life annuity amount):

### Legacy CHEMCENTRAL

#### **Covered Employees**

Employees of Univar Solutions USA LLC acquired through the acquisition of Chemcentral Corporation, and employees hired in certain union locations following the acquisition.

#### **Participation**

January 1 or July 1 following attainment of age 21 and completion of 1,000 hours of service in a 12-month consecutive period. Employees represented by a collective bargaining agreement are not eligible to participate unless the plan is extended to the group by collective bargaining. The plan was closed to new entrants (with certain union exceptions) effective December 31, 2007.

#### **Employee Contributions**

None

#### **Benefit Service**

One-twelfth of a year for each completed month of employment. Hourly employees must work 1,000 or more hours in a year (other than the year of hire or year of termination) to receive any benefit service for that year.

Benefit service was frozen on December 31, 2009 for participants, with the exception of any participants active on December 31, 2009 and represented by either Teamsters #406 in Grand Rapids, Michigan or Teamsters Local #375 in Buffalo, New York whose collective bargaining agreements provide for continuing benefit accruals. For Teamsters #406, accruals were frozen on March 31, 2011. For Teamsters Local #375, accruals were frozen January 31, 2012.

#### **Vesting Service**

Salaried Employees

One-twelfth of a year for each calendar month in which the employee worked.

Hourly Employees

One year for each plan year in which 1,000 or more hours are worked.

#### **Vesting**

100% vested after completion of three years of vesting service. As of December 31, 2009 all active participants are automatically 100% vested. Upon being rehired on or after January 1, 2010, any previously nonvested participant will automatically become 100% vested in their accrued benefit as of January 1, 2010.

### **Cost of Living Increase**

Annual increase equal to lesser of one-year change in Consumer Price Index (CPI-U) from prior August 1 and 3.00%, if the Consumer Price Index increased by at least 1.00%. The increase is applied to the initial benefit amount at retirement, up to a maximum of 140% of the original benefit amount. Cost-of-living increases only apply to salaried employees who were eligible for retirement at the time of their termination and to death benefits payable to the beneficiary of salaried employees.

### **Final Average Earnings**

The greater of (1) or (2) below:

- (1) The average of compensation paid during the five consecutive calendar years for which compensation was highest within the last 10 consecutive calendar years immediately preceding retirement or earlier termination of employment (or the average for the entire period of employment if such period is less than five years).
- (2) The average of compensation paid during the 60 consecutive calendar month period immediately preceding retirement or earlier termination of employment (or the average for the entire period of employment if such period is less than 60 months).

Effective December 31, 2009, final average salary is determined based only on earnings received prior to January 1, 2010.

### **Integration Level**

One thirty-sixth of the Social Security taxable wage base in the year of termination, provided that the integration level shall not exceed covered compensation as defined by regulation. For participants whose benefits were frozen in 2004 or 2009 due to plan changes at that time, the integration level will be based on the year of freeze (2004 or 2009, respectively).

EIN: 91-1347935 PN: 001

### **Social Security Covered Earnings**

The average of a salaried participant's compensation for the three years immediately preceding the year of retirement or earlier termination of employment, but excluding compensation for any year in excess of the Social Security taxable wage base for that year. This amount is limited to the participant's Social Security covered compensation. Effective December 31, 2009, Social Security covered earnings is determined based only on earnings received prior to January 1, 2010, and the Social Security taxable wage base for years after 2009 will be assumed equal to the 2009 amount.

### **Accrued Benefit**

#### Salaried Participants

Monthly benefit equal to (1) – (2):

- (1) Final average salary multiplied by the lesser of (1) and (2):
  - (a)  $2.5\% \times$  years of benefit service before January 1, 1989 plus  $1.67\% \times$  years of benefit service after December 31, 1988
  - (b) 50%
- (2) The monthly Social Security Allowance (SSA), equal to the lesser of (c) and (d):
  - (c)  $0.45\% \times$  Social Security covered earnings  $\times$  years of benefit service (maximum 30 years)
  - (d) One half of (A) above but computed with the lesser of the participant's:
    - (i) Final average salary; or
    - (ii) Social Security covered earnings.

#### Hourly Participants

Monthly amount equal to \$67.00 multiplied by years of benefit service. This benefit must be no less than the participant's accrued benefit at December 31, 1988.

### **Normal Retirement**

#### Eligibility

Later of age 65 and third anniversary from initial participation date in the plan.

#### Benefit

Accrued benefit, payable as a single life annuity.

### **Early Retirement**

#### Eligibility

Attainment of age 55 and completion of 10 years of vesting service.

A participant is entitled to the largest of the early retirement factors in the above table provided he or she meets the eligibility requirements as listed below:

- Standard: Must be age 55 with 10 years of vesting service.
- Rule of 90: A Salaried participant age 55 or greater at time of termination whose sum of age and vesting service at benefit commencement is greater than or equal to 90.
- Full-Career 1: An hourly participant age 55 or greater with at least 20 years of vesting service and must be of the Grand Rapids, Toledo or Buffalo location.
- Full-Career 2: An hourly participant age 55 or greater with at least 20 years of service.
- Additionally, the benefit of salaried participant who is age 55 or greater at time of termination will not be reduced if he retires at 62 or greater with 30 or more years of vesting service.

### Late Retirement

#### Benefit

Calculated the same as the normal retirement benefit but taking into account earnings and service to the date of retirement. The benefit will not be less than the participant's accrued benefit at their normal retirement date, actuarially increased to the late retirement date.

## Univar Solutions Retirement Plan

EIN: 91-1347935 PN: 001

### Deferred Vested

#### Benefit

Participants who terminate prior to attainment of vested status shall receive no benefits under this plan.

Participants who terminate after attaining vested status shall be entitled to a normal retirement benefit or an early retirement benefit as described above.

### Disability

#### Eligibility

A Salaried participant who becomes totally and permanently disabled prior to January 1, 2009, and who qualifies for long-term disability benefits under any insured program maintained by the employer may qualify for a disability retirement benefit.

There are no special disability benefits available to participants who become disabled on or after January 1, 2009.

#### Benefit

The period from date of disablement to the participant's age 65 shall be taken into account in calculating the participant's benefit service for the amount of benefit payable upon attainment of eligibility for commencement of retirement benefits. The calculation of the accrued benefit will be based on the participant's final average salary at date of disablement.

### Preretirement Death

#### Benefit

Benefits payable to the surviving spouse or domestic partner of an employee who dies prior to retirement are the largest of (1), (2), or (3) below:

- (1) Death after attaining eligibility for normal or early retirement — A death benefit of 100% of the amount of monthly retirement income calculated as if the participant had retired on the date of his death and elected a 100% joint and survivor annuity will be payable immediately to the spouse or domestic partner.

## Univar Solutions Retirement Plan

EIN: 91-1347935 PN: 001

- (2) Spouse and dependent child benefit — If a Salaried participant dies prior to attaining age 65 and had attained age 45 with 10 or more years of service, the benefit payable will be 47.5% (50% if the employee was at least 50 years of age) of the projected normal retirement benefit, assuming the same rate of earnings at death continue to age 65. The benefit will be payable to the spouse or domestic partner for life, and thereafter to any surviving dependent children, usually to age 19. An additional temporary benefit of \$79.17 per month (\$83.33 if the participant was at least 50) shall be payable to the spouse or domestic partner until age 62.
- (3) Death prior to early retirement eligibility — A death benefit will be payable if a participant satisfies the vesting requirements set forth by the plan at the time of death. The benefit will be 100% of the amount calculated as if the participant had terminated on the date of death and elected a 100% joint and survivor annuity. Payments will begin on the later of the participant's date of death or the date on which he or she would have attained age 55.

### Forms of Benefits

Automatic Form for Unmarried  
Participants

Automatic Form for Participants  
With Spouses or Domestic Partners

Optional Forms

## Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the optional payment form election assumption such that 80 percent of males are assumed to elect a 100 percent Joint and Survivor benefit and the remaining 20 percent are assumed to elect a Single Life Annuity, while 50 percent of females are assumed to elect a 100 percent Joint and Survivor benefit and the remaining 50 percent are assumed to elect a Single Life Annuity.
- A change in the retirement and withdrawal rates for active participants.
- A change in the retirement age assumption for terminated vested participants.
- A change in the decrement timing assumption for retirement eligible participants who leave Univar Solutions such that for participants who are eligible for an age 62 unreduced benefit, 75 percent will commence immediately and 25 percent will defer commencement to terminated vested retirement age. For participants not eligible for an age 62 unreduced benefit, 40 percent will commence immediately and 60 percent will defer commencement to terminated vested retirement age.
- A change in the assumption that 65 percent of males and 30 percent of females are married to 80 percent of males and 50 percent of females are married.

For each economic and demographic assumption that has a significant effect on the measurement, the information and analysis used to support the actuary's determination that the assumption is reasonable, and that led to any change in the assumptions as summarized above, are described in more detail in the document entitled "Univar Solutions 2024 Funding Valuation Assumptions" and dated October 30, 2024."
