## INDEPENDENT AUDITOR'S REPORT

To the Trustees of  
The RAND Corporation 401 (a)  
Qualified Retirement Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of The RAND Corporation 401(a) Qualified Retirement Plan, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplementary Schedule Required by ERISA**

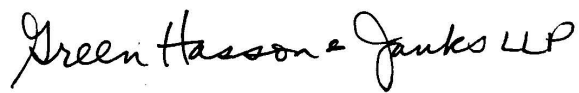

The supplementary Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Trustees of  
The RAND Corporation 401 (a)  
Qualified Retirement Plan  
Page 4

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The financial statements of the Plan are prepared under the accrual method of accounting.

**(b) USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

**(c) RISKS AND UNCERTAINTIES**

The Plan utilizes various investment instruments, including mutual funds and annuities. Investment instruments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment instruments, it is reasonably possible that changes in the values of investment instruments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**(d) INVESTMENT VALUATION AND INCOME RECOGNITION**

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Contract value is the price at which plan participants would transact in the contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 and 5, respectively, for discussion of fair value measurements and contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**(e) SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through October 8, 2025 the date the financial statements were available to be issued. There were no items that would have a material impact to the financial statements except as otherwise disclosed in the notes to the financial statements.

**NOTE 3 - INVESTMENTS**

Participants may elect that contributions be made to the mutual funds held by Vanguard Fiduciary Trust Company (Vanguard). The plan also holds non-selectable investments held by College Retirement Equities Funds (CREF) and Teachers Insurance and Annuity Association (TIAA) or TIAA Real Estate Fund.

Plan funds are credited (debited) with actual earnings (losses) on the underlying investments and charged for Plan withdrawals and administration fees by Vanguard, CREF and TIAA. The Plan's funds in the financial statements are the fair values as reported to the Plan by Vanguard, CREF and TIAA. Net appreciation/depreciation in fair value of investments includes realized and unrealized gains or losses.

Participants may change their investment options on a daily basis.

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

### NOTE 3 - INVESTMENTS (continued)

The following were certified as to being complete and accurate by Vanguard, TIAA and CREF as of and for the years ended December 31, 2024 and 2023, respectively:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Dividend income, interest income, and net appreciation in fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Supplemental schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the statements of net assets available for benefits and changes in net assets available for benefits and the supplemental schedule of assets (held at end of year).

### NOTE 4 - FAIR VALUE MEASUREMENT

The Plan adopted a fair value measurement accounting standard for those assets that are re-measured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements. This standard applies to fair value measurements already required or permitted by existing standards.

Under the guidance, fair value is defined as the price that would be received to sell an asset (or paid to transfer a liability), or the "exit price." The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into levels:

Level 1 - Quoted prices for identical instruments in active markets.

Level 2 - Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or other inputs that are observable or whose significant value drivers are observable.

Level 3 - Significant inputs are supported by little or no market activity and are thus unobservable.

**THE RAND CORPORATION 401(a) Qualified  
Retirement Plan**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

**NOTE 4 - FAIR VALUE MEASUREMENT** (continued)

Investments for which fair value is measured using the Net Asset Value (NAV) per share (or its equivalent) as a practical expedient shall not be categorized using the aforementioned levels. These investments will be classified in a separate NAV category.

As required by the guidance, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of particular inputs to the fair value measurement requires judgment and may affect the selection of the hierarchy level and the valuation itself. The Plan's own creditworthiness has been considered in the fair value measurements contained herein.

The Plan's portfolio of investments consists of mutual funds, real estate funds, and annuities that are guaranteed investment contracts. Quoted market prices are used to determine the fair value for mutual funds and real estate funds when available. Mutual funds are considered to be Level 1 while the real estate fund is considered Level 2. Annuity investments are not actively traded, and identical or similar instruments are difficult to identify as underlying investment components may not be publicly available, therefore are considered Level 3.

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis at December 31, 2024 and 2023, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's Level 3 investments, the non-benefit-responsive (NBR) portion of TIAA Traditional Annuity, the valuation techniques used to measure the fair value of those investments and the significant unobservable inputs and ranges of values for those inputs at December 31:

The following table presents disclosures about the Plan's NAV investments for the year ended December 31, 2024.

Unfunded commitments	None
Redemption frequency	Daily
Redemption Restrictions/ Notice period	None
Investment strategy	The common/ collective trusts invest primarily in mutual funds, domestic and international stocks, fixed income securities and guaranteed investment contracts, and these investments are valued at the NAV of units of the common/ collective trust. The trusts use an asset allocation strategy designed for investors planning to retire or leave the workforce in or within a few years of the target year.

**NOTE 5 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES**

The Plan participated in a guaranteed investment contracts (GIC's) with TIAA-CREF and New York Life Insurance Company (NYL) during the years ended December 31, 2024 and 2023. TIAA-CREF maintains the contributions in the TIAA Traditional Annuity Account (TIAA Traditional). NYL maintains the contributions in the NYL Guaranteed Interest Account.

TIAA Traditional Annuity is an unallocated fixed-annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a guaranteed minimum of 3% interest, and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the plan and does not represent an obligation of the Plan. A portion of the Plan's TIAA Traditional balance is fully benefit-responsive.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

**NOTE 5 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES** (continued)

The NYL Guaranteed Interest Account is a general account annuity contract, with guaranteed principal and accumulated interest by NYL, subject to the terms of the contract. Participants may deposit and withdraw funds from the contract on a daily basis at contract value. The contract provides a guaranteed minimum of 1% interest.

Certain events limit the ability of the Plan to transact at contract value with the issuers. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring. The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity date.

**NOTE 6 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain investment instruments are managed by Vanguard, TIAA and CREF. They are considered custodians as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

**NOTE 7 - TAX STATUS**

The Plan obtained its latest determination letter on January 1, 2024, in which the Internal Revenue Service stated that the Plan, as then designed and amended, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 8 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, participants become 100% vested in employer contributions, without regard to their period of service.
